

LINCOLN MKX 2011

LINCOLN  
MAKE YOUR MARK

**LUXURIOUSLY CRAFTED. TECHNOLOGICALLY ILLUMINATING.**

A dramatic split-wing chrome grille signals the bold renewal of the 2011 Lincoln MKX. Behind the fresh face, a **new 3.7L Ti-VCT V6 engine** gives you the best standard horsepower and torque in its class<sup>1</sup> (305 hp and 280 lb.-ft. of torque). Along with 8.8L/100 km hwy.<sup>2</sup> Inside, the changes are even more dramatic. The focus of its all-new, luxuriously crafted interior is the revolutionary **MyLincoln Touch™ driver connect technology**, which personalizes your settings and simplifies operation of vehicle functions like never before. Standard **Intelligent Access with push-button start** and remote start get you inside, and moving, quickly. Maintain that momentum with new available features like adaptive cruise control and BLIS® (Blind Spot Information System) with class-exclusive cross-traffic alert. Provocative new design. Sensory-driven technology. Must be the new 2011 Lincoln MKX.

<sup>1</sup>Class is Luxury Midsize Crossovers. <sup>2</sup>12.2L/100 km city and 8.8L/100 km hwy. (23 mpg city/32 hwy.). Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption may vary.

Ingot Silver Metallic. Available equipment shown.

LINCOLN  
MAKE YOUR MARK

Dual 4.2-in. LCD screens

Brilliant 8-in. colour LCD touch screen

Class-exclusive fingertip sliders

Easy 5-way controls

## INTRODUCING ALL-NEW MYLINCOLN TOUCH.

Brilliant graphics. Personal touch. Unparalleled ease. You just jumped light-years ahead in Lincoln MKX. With all-new **MyLincoln Touch™ driver connect technology**, simple commands and effortless touch make operating vehicle features seamless and intuitive. Entertainment, phone, navigation<sup>1</sup> and climate settings are controlled by touch or by voice, and displayed in colour-coded menus on a **brilliant 8-in. LCD touch screen**. Vehicle and multimedia information is found on **2 centrally located LCD screens** in the gauge cluster. **Five-way controls** on the steering wheel, similar to those on mobile phones and MP3 players, control these 4.2-in. screens and make the system intuitively easy to operate – allowing you to keep your hands on the wheel and your eyes on the road. MyLincoln Touch. No knobs. No dials. No turning back.

<sup>1</sup>When equipped with available Navigation System.

LINCOLN MKX 2011

[lincolncanada.com](http://lincolncanada.com)

#### HANDS-FREE CALLING

**Voice-activated Lincoln SYNC®** provides hands-free calling with the touch of a button and simple voice commands. Plus, your phone book contact photos are now displayed so you can “see” who you’re calling. SYNC with 911 Assist™ can even make an emergency call from your mobile phone if any airbag deploys.<sup>1</sup> Unlike other systems that send you to a call centre first, SYNC connects you directly to a 911 operator. You talk, SYNC listens.<sup>TM</sup>

#### VOICE-ACTIVATED NAVIGATION<sup>2</sup>

The available **Navigation System** is a convenient SD-card upgrade that provides **voice-guided turn-by-turn directions** as well as colourful maps that you can **zoom and scroll**. More accurate visual information includes new **3D landmarks**<sup>3</sup>

#### EASY ACCESS TO ENTERTAINMENT

However your music is stored (CD, USB, MP3), SYNC will play it through MyLincoln Touch.<sup>TM</sup> Access your digital media player by voice activation, and browse its contents by album art in a convenient **rotating display**.<sup>4</sup> You can even play videos<sup>5</sup> from your iPod® or iPod touch® on the luminous 8-in. colour touch screen when Lincoln MKX is parked.

#### CLIMATE CONTROLLED

A single touch of the **MyTemp button** recalls your specific temperature setting. Heated and cooled seats and other climate-related functions are easily accessible from the climate screen.

#### TOUCH TO ACTIVATE

Glide your finger along these **class-exclusive slider controls** to raise or lower the fan speed or volume. An LED chaser light confirms activation.

<sup>1</sup>The vehicle’s electrical system (including the battery), the wireless service provider’s signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 feature enabled, in order for 911 to be dialed. <sup>2</sup>When equipped with available Navigation System. <sup>3</sup>Some features are only available when the vehicle is in Park. <sup>4</sup>Only available when the vehicle is in Park or moving less than 4 km/h. <sup>5</sup>Accessory cable required. Cable not included with MyLincoln Touch system. <sup>6</sup>Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use mobile phones/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out when the vehicle is in gear.

### AMAZINGLY CAPABLE. UNIQUELY YOURS.

Powered by the latest version of the award-winning Lincoln SYNC voice-activated, in-vehicle connectivity system<sup>6</sup> this visually stunning command centre delivers more than you ever thought possible (we’ve listed just a few of its capabilities here). The system’s 4 main categories – **entertainment, phone, navigation<sup>2</sup>, climate** – are colour coded and instantly accessible by touching a corner from any screen or by using the right 5-way control on the steering wheel. Fill your home screen with a personal snapshot, or set it to display hot-button shortcuts to the features you use most. MyLincoln Touch driver connect technology. It’s everything you need it to be. And nothing you don’t.

LINCOLN MKX 2011

[lincolncanada.com](http://lincolncanada.com)

## SHINE WITH BEST-IN-CLASS STANDARD HORSEPOWER.

**305 standard horsepower.** And best-in-class standard torque (280 lb.-ft.). When it comes to performance, the 2011 Lincoln MKX won't leave you in the dark. With **twin independent variable camshaft timing (Ti-VCT)**, its new 3.7L V6 engine can operate at optimum settings for peak power output or fuel efficiency, as conditions demand. Extremely precise, variable control of valve overlap provides the low-speed torque you'll need for acceleration, passing and merging performance. A sophisticated **6-speed SelectShift Automatic®** transmission enables "match-rev" downshifts to hold your manually selected gears. Add the available **Class II Trailer Tow Package**, and Lincoln MKX can tow up to 1,588 kg (3,500 lbs.). If trailer sway is detected, **trailer sway control** reacts by selectively braking, helping you maintain control of Lincoln MKX and the trailer.<sup>1</sup> To reduce rollback on hills, **hill start assist** engages automatically. And thanks in part to contributions from a fully independent suspension, Lincoln MKX delivers precise response to driver inputs and exceptional body control in the curves.

To further enhance your driving experience, **all-wheel drive (AWD)** delivers the appropriate torque to all 4 wheels, working before wheel slippage can even occur. While providing greater handling finesse on dry pavement, AWD really shines in rain, snow and on uneven roads. There, it reacts instantly, seamlessly distributing torque to the wheel or wheels with the best grip. In fact, AWD utilizes AdvanceTrac® with RSC® (Roll Stability Control™) to help keep Lincoln MKX moving even if only one wheel has traction. Across town. Up the driveway. Home.

<sup>1</sup>Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. Ingot Silver Metallic. Available equipment shown.

LINCOLN MKX 2011

[lincolncanada.com](http://lincolncanada.com)

LINCOLN  
MAKE YOUR MARK

ENLIGHTEN YOUR PATH.

Available **adaptive cruise control** and collision warning with brake support maintains one of 4 preset gaps between Lincoln MKX and the vehicle in front of it. If radar-based sensors detect that the lead vehicle has slowed, Lincoln MKX slows down. When sensors detect the gap has widened, Lincoln MKX returns to its preset speed. Whether adaptive cruise control is activated or not, **collision warning with brake support** is active and ready to respond. If sensors detect a potential collision with the vehicle in front of you, the system chimes and flashes a red warning light in the heads-up display. If you fail to respond immediately, brake support pre-charges brake pressure so you have full responsiveness when you brake.

- 28 metres – Sporty Driving
- 42 or 53 metres – Normal Driving
- 64 metres – Comfort Driving

Based on a speed of 100 km/h.

When radar waves from the available **BLIS® (Blind Spot Information System)** with cross-traffic alert<sup>1</sup> detect a vehicle in one of your blind spot zones, an amber warning light illuminates in your sideview mirror (shown) – alerting you to stay where you are until it's clear.

**Cross-traffic alert** also uses radar to watch for traffic as you slowly back out of your parking spot. When it detects vehicles approaching from either side up to 13 metres away, the system sends an audible warning, a message centre alert and a visual display in the corresponding mirror.

<sup>1</sup>BLIS replaces standard integrated blind spot mirrors.

LINCOLN MKX 2011

**LINCOLN**  
MAKE YOUR MARK

## BRIGHTEN YOUR OUTLOOK.

Sunlight. Starry skies. Fresh air. Get your encouragement on the go with the available **panoramic Vista Roof.**® Dual power sunshades help keep glare to a minimum. Enjoy the view in **10-way power, heated and cooled leather-trimmed front seats**, surrounded by burnished Bronze-coloured accents and aluminum trim. The available **Wood Package** replaces the aluminum trim with olive ash or walnut swirl (shown) wood accents on the instrument panel and door trim panels, and includes a wood insert on the heated steering wheel. To up the ante even further, the available Limited Edition Package features new premium **Bronze Metallic-coloured leather-trimmed seating surfaces**, 20-in. polished aluminum wheels and more. The new Lincoln MKX. One enlightening space.

Charcoal Black leather. Walnut swirl wood accents. Available equipment shown.

The standard **MyKey™ owner controls feature** lets you program your key fob transmitter. Use it to set the low-fuel warning to chime earlier, prohibit the shutoff of key collision-avoidance features like AdvanceTrac® with RSC® (Roll Stability Control™), or to remind other drivers to buckle up or travel at appropriate speeds.

LINCOLN MKX 2011

**LINCOLN**  
MAKE YOUR MARK

Ingot Silver Metallic. Available equipment shown.

## INSPIRE CONFIDENCE OUT THERE.

Strength emanates from deep within the 2011 Lincoln MKX. Bumper-to-bumper flow-through rails. Side-intrusion door beams. Energy-absorbing door-trim panels. Along with **AdvanceTrac® with RSC® (Roll Stability Control™)**,<sup>1</sup> which works automatically to help keep all 4 wheels firmly planted. It's the only brake-based electronic stability control system in the class to utilize a roll-rate sensor, monitoring the vehicle's roll motion at least 100 times per second.

Inside, **6 standard airbags** enhance occupant protection for outboard passengers. Driver and front-passenger coverage includes dual-stage front airbags and front-seat side airbags. And all outboard passengers benefit from the side-curtain airbags of the **Safety Canopy® System**. Also standard is the next-generation **SOS Post-Crash Alert System™**,<sup>2</sup> which becomes operational in the event of airbag deployment or safety belt pretensioner activation. If either of these occurs, the doors automatically unlock, the hazard lights flash and the horn sounds. In this case, drawing attention is a very good thing.

<sup>1</sup>Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. <sup>2</sup>SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.

LINCOLN  
MAKE YOUR MARK

An **integrated media hub** adds to the extreme versatility of MyLincoln Touch™, with 2 USB ports, an SD card reader and audio/video input jacks. Use them to access music, photos and video. Want to see the latest event you captured on your camcorder? Just plug it in (shown) and watch the action on the 8-in. touch screen! Passengers can even **surf the Web** on their own portable devices while you're on the road. Just plug your Wi-Fi® air card into a USB port and they can visit their favourite websites.

<sup>1</sup>Only available when Lincoln MKX is in Park.

Standard **heated rear-outboard seats** offer 2 levels of warmth – and are activated by the touch of a button.

New this year, a **heated steering wheel** is included as well. Activate through MyLincoln Touch.

An available **panoramic Vista Roof®** improves upon the already open and spacious feel inside Lincoln MKX. The large, forward panel creates an expansive opening, while a wind diffuser that raises automatically helps keep the moment serene. A fixed rear panel gives passengers an outside view as well. When not in use, dual power sunshades help keep the cabin cool and protected from the sun.

**Vehicle and driver-assist settings** can be adjusted on the vibrant LCD screen to the left of the speedometer. With the left 5-way control on the steering wheel, choose your display language, check your distance to empty, set system preferences and so much more, all with your hands on the wheel. The most frequently used features of the MyLincoln Touch system are repeated on the LCD screen to the right of the speedometer. Use the 5-way control on the right side of the steering wheel, or voice commands if you prefer, to **make adjustments while keeping your eyes on the road.**

The available **THX® II Certified Audio System** brings home-theatre sound to Lincoln MKX on the open road. Fourteen strategically aimed and focused speakers ensure a high-impact listening experience. In this acoustically engineered cabin, bass notes thump, drum beats pop, and vocals are presented with astounding clarity. DTS Neural Surround™ delivers surround sound experience from CDs, as well as digital music stored on MP3 players and mobile phones.

Based on steering wheel angle and vehicle speed, **adaptive HID headlamps** turn in the same direction as Lincoln MKX – rotating 7° inboard and 15° outboard. This simple swivelling action makes more roadway visible around a curve.

## STANDARD LUXURY FEATURES

### ENGINE

3.7L Ti-VCT 24-valve aluminum V6  
305 hp @ 6,500 rpm/280 lb.-ft. of torque @ 4,000 rpm  
10.5:1 compression ratio  
Stainless steel exhaust system with dual oval chrome exhaust tips with rolled edges  
2011 estimated fuel consumption<sup>1</sup>  
AWD 12.2L/100 km city and 8.8L/100 km hwy.  
(23 mpg city/32 hwy.)  
76-litre capacity

### DRIVETRAIN

All-wheel drive (AWD)  
6-speed SelectShift Automatic® transmission

### WHEELS | TIRES

18-in. polished aluminum wheels  
P245/60R18 all-season BSW tires

### BRAKES

Hill start assist  
Power 4-wheel disc brakes with Anti-Lock Brake System (ABS)

### SUSPENSION | STEERING

Front and rear stabilizer bars  
Front independent suspension with MacPherson struts and L-shaped lower control arms with isolated subframe  
Rear 4-link independent suspension with trailing blades, integrated knuckle and lateral links, and isolated subframe  
Power rack-and-pinion steering

### EXTERIOR

Adaptive HID headlamps with autolamp feature and wiper activation  
Bi-colour combination tail lamps with LED redundant lamp  
Black lower door cladding with chrome accent strip  
Black-painted spoiler  
Centre high-mounted stop lamp on liftgate spoiler  
Chrome door handles and beltline moulding  
Easy Fuel® capless fuel filler  
Fog lamps  
Lincoln split-wing chrome grille  
Lincoln Star fender badges  
Power, heated, body-colour sideview mirrors with memory, security approach lamps, auto-dimming driver's side and integrated blind spot mirrors  
Power liftgate  
Rear view camera  
Reverse Sensing System  
Speed-sensitive intermittent windshield wipers

### INSTRUMENTATION | DRIVER CONTROLS

Accessory timed delays with theatre-dimming lighting  
Auto-dimming rearview mirror  
Intelligent Access with push-button start (2 remote key fobs)  
MyLincoln Touch™ with 2 driver-configurable LCD displays in cluster; 8-in. LCD touch screen in centre stack; media hub with 2 USB ports, audio/video input jacks and an SD card reader; and 5-way controls located on steering wheel  
Power tilt/telescoping steering column  
Power windows with global open and one-touch-open/-close for driver and front passenger  
Remote start  
Steering wheel-mounted cruise, secondary audio and MyLincoln Touch 5-way controls  
Universal garage door opener

### SEATING

Leather-trimmed, heated and cooled front seats with tuxedo stripe and piping, 10-way power including lumbar support and driver's side memory, and easy-entry features  
Leather-trimmed 60/40 split-folding, reclining rear seats with 2-way outboard head restraints and fold-forward centre head restraint with armrest (with 2 cupholders)  
EasyFold® rear seat back release

### INTERIOR

Aluminum accents on instrument panel and door inserts  
Ambient lighting  
Below-floor Rear Cargo Management System  
Burnished Bronze Metallic accents on centre stack  
Chrome door handles  
Dual-zone electronic automatic temperature control  
Front centre console with floor shifter, dual sliding armrest, 2 cupholders and tray  
Illuminated front scuff plates  
Leather-wrapped shift knob and heated steering wheel  
Overhead console with front-seat map lighting and sunglasses storage  
Particulate air filtration system  
Powerpoints (4)  
Rear cargo hooks  
Reversible cargo mat  
Sun visors with illuminated visor vanity mirrors

### AUDIO | COMMUNICATION SYSTEMS

AM/FM audio system with single-CD player, MP3 capability and 10 speakers  
Lincoln SYNC® voice-activated, in-vehicle connectivity system  
SIRIUS® Satellite Radio, including SIRIUS Satellite Radio receiver and 6-month prepaid subscription

### SAFETY | SECURITY

Personal Safety System™ for driver and front passenger with dual-stage front airbags<sup>2</sup>; safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver's seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System  
AdvanceTrac® with RSC® (Roll Stability Control™)  
Belt-Minder™ front safety belt reminder  
Child-safety rear door locks  
Front-seat side airbags<sup>2</sup>  
Lower anchors and tether anchors for child-safety seats (LATCH) in all rear seating positions  
MyKey™ owner controls feature  
Perimeter alarm  
Remote Keyless Entry System  
Safety Canopy® System with side-curtain airbags<sup>2</sup> for front and rear outboard passengers, and rollover sensor  
SecuriCode™ keyless entry keypad  
SecuriLock® Passive Anti-Theft Engine Immobilizer System  
Side-intrusion door beams  
SOS Post-Crash Alert System™  
Tire Pressure Monitoring System (excludes spare)

<sup>1</sup>Fuel consumption ratings based on Transport Canada approved test methods. Actual fuel consumption may vary.

<sup>2</sup>Always wear your safety belt and secure children in the rear seat.

AVAILABLE LUXURY PACKAGES:

**Limited Edition Package**

- 20-in. polished aluminum wheels
- Etched Lincoln Star in headlamp lenses
- "LIMITED EDITION" badging
- Premium carpeted floor mats
- Premium leather-trimmed seating surfaces in Bronze Metallic with Tuxedo stripe and Charcoal Black piping
- Unique aluminum accents on instrument panel and door inserts

**Cargo Package**

- Bumper protector
- Cargo area protector

**Class II Trailer Tow Package**

- Class II hitch receiver
- Trailer sway control
- Upgraded cooling fan and larger radiator
- Wiring harness with 4-pin connector

**Sight and Sound Package**

- BLIS® (Blind Spot Information System) with cross-traffic alert
- Panoramic Vista Roof® with dual power sunshades
- THX® II Certified Audio System with AM/FM stereo/ single-CD player with MP3 capability, 14 speakers (including 8-in. subwoofer), 600 watts of power and 12 amplifier channels
- Voice-activated Navigation System with SD card for map and POI storage

**Wood Package<sup>1</sup>**

- Wood appliques in olive ash or walnut swirl on instrument panel, door inserts and steering wheel

AVAILABLE EQUIPMENT

- 20-in. chrome-clad aluminum wheels
- Adaptive cruise control and collision warning with brake support
- Engine block heater
- Headrest-Mounted DVD Family Entertainment System
- Panoramic Vista Roof with dual power sunshades
- Roof-rack side rails (Black)<sup>2</sup>
- THX II Certified Audio System with AM/FM stereo/ single-CD player with MP3 capability, 14 speakers (including 8-in. subwoofer), 600 watts of power and 12 amplifier channels
- Voice-activated Navigation System with SD card for map and POI storage (requires THX II Certified Audio System)

AVAILABLE CUSTOM ACCESSORIES

- Dual Headrest DVD by INVISION™<sup>3</sup>
- Vehicle security system
- Portable navigation systems by Garmin®<sup>3</sup>
- Roof rails and crossbars
- Racks and carriers by THULE®<sup>3</sup>
- Rear bumper protector
- Side window deflectors
- Sport pedals
- All-weather floor mats
- Cargo-Logic® System
- Cargo area protector and organizers
