

HONDA

2012

Accord

SEDAN & COUPE

It's a higher level of sophistication.

THE 2012 ACCORD SEDAN. With its aggressive stance and flawless aerodynamics, it's everything an advanced sedan should be. It features one of the most powerful yet fuel-efficient engines you'll find in a Honda, and with a surplus of innovative standard safety features, it leaves nothing to chance. The Accord Sedan has it all and a little bit more.

It makes a powerful first impression.

WILL OWNING AN ACCORD HELP MAKE YOU A BETTER DRIVER? IT'S POSSIBLE. After all, the Accord was engineered to enhance your confidence, connection and comfort on the road in ways only an Accord Sedan can. From the sophisticated luxury of its lavish interior to the incredible balance of horsepower and fuel efficiency, the Accord delivers on its promises. So whether the Accord makes you a better driver or not, it certainly makes for a better experience for you and your four extremely privileged passengers.

It be nimble, it be quick.

Available 17-inch aluminum-alloy wheels / Front-wheel drive / Variable gear ratio (VGR) rack-and-pinion steering / Vehicle Stability Assist (VSA) with Traction Control / Tilt and telescopic steering column

LOOK UNDER THE HOOD OF THE ACCORD SEDAN AND YOU'LL FIND ONE OF THREE EXHILARATING I-VTEC® ENGINES. There's a quick 2.4-litre, i-VTEC 4-cylinder engine that puts out 177 horsepower and 161 lb.-ft. of torque. There's a quicker 2.4-litre, i-VTEC 4-cylinder engine that puts out 190 horsepower and 162 lb.-ft. of torque. And there's an ultra-quick 3.5-litre, i-VTEC V6 engine that takes it to the next level with an exciting 271 horsepower and 254 lb.-ft. of torque.

What's more, Accord Sedan V6 models feature a next-generation Variable Cylinder Management® (VCM®) system. Now, whether you're accelerating, cruising or idling, this innovative system activates or deactivates the engine's operating cylinders from 6- to 4- to 3-cylinder mode to deliver maximum fuel efficiency.

All that power is nothing without agility. Sporting a wide stance and balanced power-to-weight ratio, the Accord is ready to handle almost any twist, turn or fork in the road. Its variable gear ratio (VGR) steering system provides you with a precise, on-centre feel at high speed and greater vehicle agility and increased low-speed maneuverability. And with the Accord's Vehicle Stability Assist (VSA) helping to correct any oversteering or understeering scenarios, every turn, curve or corner you take will be a confident one.

It's more than just a pretty face.

WHY DOES DRIVING AN ACCORD FEEL SO RIGHT? It's probably because the Accord's legendary, smooth signature ride has been enhanced by a sport-tuned, high-mount double-wishbone suspension, making it more stable and responsive. And, you'll experience an overwhelming feeling of oneness with the road.

- 1> The independent double-wishbone front suspension delivers added control and flat, stable cornering.
- 2> The multi-link double-wishbone rear suspension's compact in-wheel design helps improve your overall handling and reduces vehicle roll when cornering.
- 3> Both the front and rear suspension systems are attached to the Accord's subframe and unit body to help isolate road noise and absorb any vibration.
- 4> The Accord's power-assisted, ventilated front disc and solid rear disc brakes provide you with smooth, fade-resistant stopping power when you need it.

It's a classy entertainer.

IS THE ACCORD BIG ON LUXURY? SOPHISTICATION? COMFORT? Yes, yes and yes – and in a largest-interior-in-its-class sort of way. From the available leather-trimmed heated front seats to the available dual-zone automatic climate control with air-filtration system, the Accord likes to pamper its passengers.

Once you're settled comfortably, the entertainment continues with a standard 7-speaker, 270-watt Premium audio system, boasting a 6-disc in-dash CD changer, MP3/Windows Media® Audio playback capability as well as a standard HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface, XM® Satellite Radio and an available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition. Like the drive itself wasn't entertaining enough already.

- > **Driver's seat with 8-way power adjustment, including power-adjustable lumbar support / Available front passenger's seat with 4-way power adjustment**
- > **Available leather-wrapped steering wheel / Illuminated steering wheel-mounted audio controls / Steering wheel-mounted cruise control**
- > **XM® Satellite Radio* / MP3/Auxiliary input jack / Available HomeLink® remote system / Remote entry system with electronic trunk release and power window control**

*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca.

We took a special car and made it even special-er.

SPECIAL EDITION

INTRODUCING THE 2012 ACCORD SEDAN SE. We've boosted the comfort and sophistication you expect with more of the standard features you want. 16" aluminum-alloy wheels complete the stylish exterior, while a standard 7-speaker, 270-watt AM/FM/CD/MP3/WMA Premium audio system and standard Bluetooth® wireless phone interface complete the interior. Together, they'll keep all your senses engaged, whether you're driving with the family or out on a solo mission. If you thought the Accord was special before, wait until you get a load of the Accord Special Edition.

ACCORD SEDAN SE

- > 16" aluminum-alloy wheels
- > Multi-reflector halogen headlights with auto-on/off
- > HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface
- > 270-watt AM/FM/CD Premium audio system with 6-disc in-dash CD changer, MP3/Windows Media® Audio playback capability and 7 speakers, including subwoofer
- > XM® Satellite Radio

Fewer doors. More woohoos.

INTRODUCING THE 2012 ACCORD COUPE. As bold as it is beautiful and as powerful as it is efficient, it's a stylish two-door declaration of your driving independence come to life. From its low, wide, aggressive stance and smooth aerodynamic lines to a little something called the "most powerful Accord engine ever," the Accord Coupe is driving confidence and exhilaration in one futuristic package.

Why does it render so many drivers speechless? Simple. Inside every Accord Coupe, you'll find more than 50 years of Honda's competitive racing and all the innovative engineering that resulted from it. You can see it in the sporty, aerodynamic exterior design and raked front-to-rear body style. You'll experience it accelerating off the line or through a sweeping corner. You'll feel it in every quick-shifting gear. And you'll delight in every kilometre the road has to offer.

It's a track-proven take on exhilaration.

WHY ARE SOME COUPES QUICKER THAN OTHERS? It's all in the numbers. Take 190 and 162, for example. That's the amount of horsepower and lb.-ft. of torque produced by the 2.4-litre, 16-valve, i-VTEC® 4-cylinder engine. For a more powerful example, take 271 and 254. That's the amount of horsepower and lb.-ft. of torque produced by the available 3.5-litre, 24-valve, i-VTEC V6 engine. And for the ultimate performance example, step up to the 6-speed manual transmission and jaw-dropping power, response and acceleration.

Plus, like the Sedan, the Accord Coupe EX-L V6 Navi automatic transmission model features the Variable Cylinder Management (VCM) system. So depending on whether you're accelerating, cruising or idling, the system activates or deactivates the engine's operating cylinders from 6- to 4- to 3-cylinder mode, offering you optimized fuel efficiency without compromising performance.

It turns obstacles into opportunities.

WHERE DOES THE ACCORD COUPE GET ITS PRECISION HANDLING FROM? It comes from a wide stance. It comes from a balanced power-to-weight ratio. And it comes from a sport-tuned, high-mount double-wishbone suspension. But it also comes from something called variable gear ratio (VGR) steering. This innovative system provides you with a precise, on-centre feel at high speeds and the kind of low-speed maneuverability and agility you might expect from a smaller vehicle. And just to be safe, Vehicle Stability Assist (VSA®) helps to correct any oversteering or understeering in corners, so you'll be ready for whatever twist, turn or curve the road throws at you.

- > The independent double-wishbone front suspension helps ensure your tires are always in contact with the road for added control and flat, stable cornering.
- > The multi-link double-wishbone rear suspension's compact in-wheel design helps improve your overall handling and reduces vehicle roll to ensure that nice, flat-cornering feel.
- > Available 18-inch aluminum-alloy wheels / Tire Pressure Monitoring System (TPMS) / Variable gear ratio (VGR) rack-and-pinion steering / Vehicle Stability Assist (VSA) with Traction Control.
- > Both the front and rear suspension systems are attached to the Accord's subframe and unit body to help isolate road noise, absorb any vibration and maximize vehicle control.
- > The Accord's power-assisted, ventilated front disc and solid rear disc brakes provide you with smooth, fade-resistant stopping power when you need it.

It's refined in every way.

IN WHAT WAY IS THE ACCORD COUPE'S INTERIOR LIKE A COCKPIT? IN EVERY WAY.

From the sculpted, form-fitting comfort of the available leather-trimmed seats to the intuitively located switches and easy-to-read instrument panel, command and control abound. And there are fun features too, such as the 270-watt AM/FM/CD Premium audio system with 6-disc in-dash CD changer and MP3/Windows Media® Audio playback capability and standard XM® Satellite Radio. There's also the available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition, standard HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface and USB device connector.

- > Available driver's seat position memory / Available driver's seat with 8-way power adjustment, including power-adjustable lumbar support
- > Available leather-wrapped shift knob and steering wheel / Illuminated steering wheel-mounted audio controls / Steering wheel-mounted cruise control
- > MP3/auxiliary input jack / Available HomeLink® remote system / Remote entry system with electronic trunk release and power window control / Available Honda Satellite-Linked Navigation System with bilingual Voice Recognition

Accord. It's solid on safety.

SAFETY FOR EVERYONE is Honda's commitment to providing one of the highest levels of standard safety features to help ensure occupant safety and protection.* And through real-world research, Honda is also focusing on developing unequalled measures of protection to enhance the safety of occupants in other vehicles and even pedestrians – an innovative idea that is quickly becoming a reality.

*Based on tests conducted by the National Highway Traffic Safety Administration (NHTSA).

ACE™ Body Structure. The highly innovative Advanced Compatibility Engineering™ (ACE) body structure disperses frontal impact energy, increasing occupant protection.

Additionally, the ACE frame design allows for collision compatibility between vehicles of different weights and sizes.

Anti-lock Brakes. For safe stopping, the 4-wheel Anti-lock Braking System (ABS) helps you maintain control under hard braking conditions, while Electronic Brake Distribution (EBD) with Brake Assist optimizes braking power based on weight distribution inside the vehicle.

Vehicle Stability Assist (VSA). Vehicle Stability Assist with Traction Control senses and corrects oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control helps ensure grip during acceleration on loose or slippery surfaces.

Six Standard Airbags. Six airbags line the Accord Sedan and Coupe interiors, including the revolutionary passenger-side Occupant Position Detection System (OPDS) airbag that will not deploy if the system detects a smaller-sized or out-of-position occupant. Plus, rear seat Lower Anchors and Tethers for Children (LATCH) offer secure child-seat restraints.

Head Restraints. Active front seat head restraints provide the driver and passenger with excellent neck protection in the event of a rear collision.

Safety Research. Advanced safety research and development is conducted at Honda's crash-testing facility in Tochigi, Japan, one of the largest of its kind in the world.

WITHOUT VSA: LOSS OF CONTROL

WITH VSA: CONTROL MAINTAINED

Pedestrian Safety. Innovative pedestrian safety features include energy-absorbing hood and front fenders and breakaway wiper pivots.

Tire Pressure Monitoring System. For added safety and enhanced fuel efficiency, a Tire Pressure Monitoring System (TPMS) continually monitors the air pressure in each tire. If pressure drops in any tire, an alert appears on the driver's instrument panel.

THE POWER OF DREAMS, IN ALL THEIR FORMS. At Honda, we're committed to being a leader in innovative thinking, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help make the world around us a bit brighter and a little more fun. We continually strive to do things others think can't be done, because true innovation comes from daring to dream. Here are just some of the technically ingenious things Honda has brought to life through The Power of Dreams.

- 1> ASIMO™, THE ADVANCED LIFE-ASSISTING ROBOT
- 2> INNOVATIVE PRODUCTS LIKE THE HONDAJET
- 3> OVER 5.3 MILLION VEHICLES ASSEMBLED AT OUR CANADIAN MANUFACTURING FACILITIES
- 4> 10 NORTH AMERICAN HONDA PLANTS ARE SENDING ZERO WASTE TO LANDFILL
- 5> 2,736 TREES SPARED IN CANADA BY PRODUCING DIGITAL BROCHURES
- 6> BLUE SKIES FOR OUR CHILDREN IS HONDA'S ENVIRONMENTAL VISION FOR CANADA AND BEYOND
- 7> 25 YEARS PRODUCING HONDA VEHICLES AT OUR PLANT IN ALLISTON, ONTARIO
- 8> THE HONDA HEAD OFFICE IN MARKHAM, ONTARIO IS CERTIFIED LEED GOLD

WHEN IT COMES TO ENGINEERING, WE DON'T KNOW WHEN TO STOP. There's a lot more to Honda than our reliable cars and trucks. As a company founded on dreams, it's no surprise you can find our innovative engineering in everything from motorcycles to ATVs to power equipment and Marine. For almost anything you need to do, there's a Honda that can help you get the job done.

- 1> Snowblowers
- 2> Generators
- 3> Marine
- 4> Lawn and Garden
- 5> ATVs
- 6> Off-Road
- 7> Side-by-Side
- 8> Motorcycles

WE'RE HERE. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

Quality Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

We're ready to help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or anyone else driving your vehicle, 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boosting and lockout assistance plus many other helpful services. Ask your dealer for more information.

Get the latest photos, MSRPs, features, accessories, specs and more at

Specifications, features, illustrations and equipment shown in this catalogue are based on the latest available information at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Honda Canada Inc. reserves the right to make changes at any time, without notice or obligation, in colours, specifications, accessories, materials and models. Some vehicles are shown with optional equipment. Some vehicles shown are U.S. models. Canadian specifications may vary. Map Database of the Honda Satellite-Linked Navigation System covers major metropolitan areas in southern Canada and the 48 contiguous U.S. states.
