Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible. The colours shown throughout this brochure may vary slightly from the actual hue. See your dealer for model applications and to view the Hyundai Colour Selector. *Fuel economy figures are based on Energuide fuel ratings and are used for comparison purposes only. Actual fuel efficiency may vary based on driving conditions and the addition of certain vehicle accessories. **Horsepower comparison based on 2012 Sonata Hybrid and 2012 Toyota Camry Hybrid, 2012 Toyota Prius Hybrid, 2012 Ford Fusion Hybrid, 2012 Lincoln MKZ Hybrid, 2011 Nissan Altima Hybrid, and 2011 Lexus HS 250h. The 2012 Sonata Hybrid can travel up to 1,354 kilometres on the highway on a single tank of gas based on manufacturer's testing. †Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. **Includes fuel delivery service, flat tire changing, lock-out service, towing service and more. Just one toll-free call away, 24 hours a day. †††Hybrid System includes Hybrid Battery Pack Assembly, Hybrid Starter and Generator, Hybrid Power Control Unit, Auto Transmission including Traction Motor. †The Supplemental Restraint (Airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which must still be worn at all times. Children under the age of 13 should be securely restrained in the rear seat. NEVER place a child-seat in the front seat of a Hyundai vehicle. †Electronic Stability Control (ESC) and Traction Control System (TCS) are meant to enhance conscientious driving habits and are not a substitute for safe driving practices. ††CAN/ULC S338-98 compliant immobilizer may reduce insurance costs in some instances. †When equipped with optional navigation package, Bluetooth® Hands Free and the navigation system only recognize English voice commands. Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., HomeLink is a registered trademark of Johnson Controls, Inc., iPod® is a registered trademark of Apple, Inc., and any use of such marks by Hyundai is under license. THE DRIVE TO DO BETTER

That's what inspired us to create the Sonata Hybrid. Featuring the first hybrid with a lithium-ion polymer battery, it's the smallest, lightest and most advanced hybrid battery in the world. Then we added a full parallel hybrid drive system, advanced safety features and sleek, aerodynamic design, creating the perfect blend of style, luxury and fuel-efficiency.

HYBRID TECHNOLOGY

A powerfully efficient Hybrid.

The 2.4L Atkinson Cycle Theta II is a surprisingly powerful yet highly efficient engine. The Hybrid System produces 206 combined horsepower utilizing Dual CVVT technology. When combined with an interior-permanent magnet synchronous electric motor and lithium-ion polymer battery technology, the Sonata Hybrid is able to achieve class-leading horsepower* and impressive fuel economy. It's not your typical hybrid.

Lithium-ion Polymer Battery

Lithium-ion polymer is better.

The Sonata Hybrid's lithium-ion polymer battery is a marvel of technology. It has numerous advantages over nickel-metal hydride batteries found in other hybrid models, including greater power density and lower weight. Compared to these batteries, lithium-ion polymer technology has 25% less weight, 40% less volume and is 10% more efficient, making for a lighter, smaller, smarter and stronger power source.

STANDARD EQUIPMENT INCLUDES:

- 6-speed Automatic Transmission
- 16" Alloy Wheels
- 2.4L Atkinson Cycle 4-cylinder Engine
- 270V Lithium-ion Polymer Battery
- ABS with Electronic Brake-force Distribution and Brake Assist
- AM/FM/XM®/CD/MP3 Audio System with 6 Speakers
- Automatic Headlights
- Chrome Bodyside Inserts
- Chrome Exterior Door Handles
- Dual-zone Automatic Temperature Control

- Dual Front Airbags¹, Seat-Mounted Front Side-Impact and Roof-Mounted Side Curtain Airbags
- Electroluminescent Instrument Cluster (Supervision)
- Electronic Stability Control² with Traction Control System
- Floor Console Mounted Rear Vents
- Front Active Head Restraints
- Front Fog Lights
- Headlight LED Accents
- Heated Front Seats

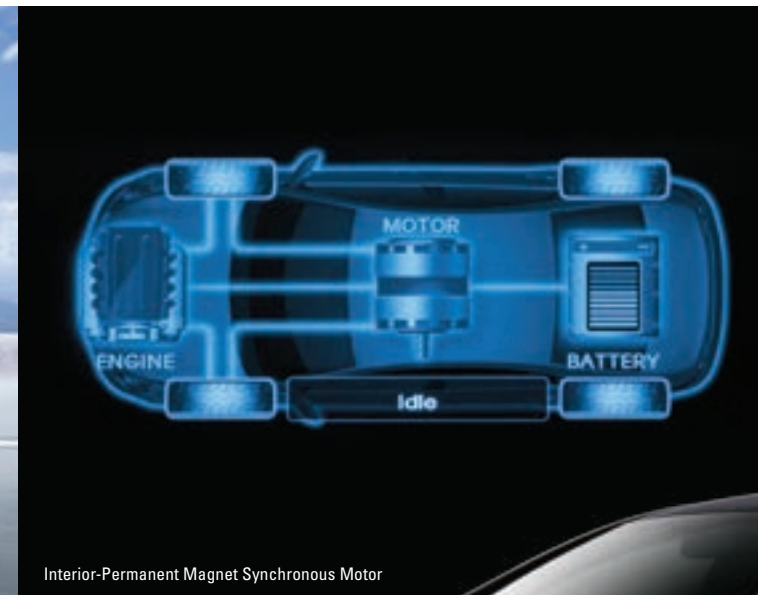

- Bluetooth® Hands Free Phone System³
- iPod®/USB and Auxiliary Input Jacks
- Leather-wrapped Steering Wheel and Gear Shift Knob
- Leather Seating Surfaces
- LED Taillights
- LCD Advanced Trip Computer with Hybrid Technology Display
- Power Driver Seat with Lumbar Support
- Proximity Key with Push-button Start
- Side Mirror Turn Signal Indicators

PREMIUM PACKAGE:

- 17" Alloy Wheels
- Auto-dimming Rearview Mirror with HomeLink® and compass
- Heated Rear Seats
- Infinity® Audio System with 7 Speakers and External Amplifier
- Navigation System⁴ with High-resolution Touch-screen Display and Rearview Camera
- Panoramic Sunroof
- Premium Door Sill Plates

Not exactly as shown.

Interior-Permanent Magnet Synchronous Motor

Theta II Engine

EXTERIOR

The Sonata Hybrid's modern, wind-cheating design means air now flows easily around the body with less resistance, resulting in a 0.25 coefficient of drag that bests many sports cars. The huge central air intake delivers the perfect marriage of form and function, while LED front positioning lights and taillights provide a durable and energy-efficient lighting system. The signature chrome accent on the side enhances the Sonata's fluidity, delivering the overall impression of a long, low, light sedan that blends aerodynamic design with elegance.

INTERIOR

The Sonata Hybrid unlocks the future with the press of a button on the door handle. Once inside, an upscale ambience featuring advanced technology such as an LCD advanced trip computer, Supervision IP cluster (with Eco guide gauge) and Hybrid technology display add a bold sense of individuality, style and efficiency. In fact, right down to the award-winning, renewable source soy-based foam padding used for seat support, in every sense, the Sonata Hybrid is a refreshing breath of fresh air.

PERFORMANCE

Whether you're going across town or across the country, the Sonata Hybrid offers exceptional performance and efficiency all the way. With 4.8L/100km highway fuel economy, it provides a significant benefit to hybrid owners on highway commutes, while also offering outstanding 5.7L/100km city fuel economy. This is a direct result of the parallel hybrid system configuration that allows the car to run on a gasoline internal combustion engine, on an electric motor, or both, creating the perfect blend of power and efficiency. No matter where you're going, you'll get there with elegance and efficiency in the Sonata Hybrid.
