2012 VERACRUZ

## EXTERIOR

---

**High style meets sporty performance.** The Veracruz takes a bold step forward and its refined profile will be the first thing to catch your eye. Contrasting rocker panels lend a rugged edge, while its chrome grille surround and window mouldings, body colour door handles (chrome on Limited), roof-mounted micro antenna, and 18-inch alloy wheels (GLS and Limited) are a preview of the quality within. The Veracruz is the perfect balance of style and sport utility.

Not exactly as shown.

## INTERIOR

---

**An appreciation for beautiful space.** From the thoughtful layout of the dash and instrument panel to the intelligently designed audio and climate controls, the quality craftsmanship of the Veracruz is undeniable. Clean, crisp and insightful design is the cornerstone of the Veracruz. Superb attention to detail is apparent – from the available leather wrapped steering wheel, 2<sup>nd</sup> row heated seats, and plush leather seating, to the power sunroof (GLS and Limited) making access to the great outdoors only a touch of a button away. But best of all, it seats 7. So find 6 of your closest friends and family and enjoy the ride.

## PERFORMANCE

---

**The power to perform.** Equipped with a 3.8L, DOHC V6 Engine with 260 horsepower and 257 lb-ft of torque, combined with a 6-speed automatic transmission with SHIFTRONIC<sup>®</sup> manual shift mode, the Veracruz is as powerful as it is smart. Continuously Variable Valve Timing coupled with a Variable Intake System delivers fuel efficiency without compromising power. Veracruz offers an available automatic all-wheel drive system with a convenient differential lock that can provide up to 50/50 torque split to redistribute power between the front and rear wheels as required, delivering surefooted traction when it matters most.
