

HONDA

2013
CR-V

YEAH, IT DOES THAT.

FROM DAILY DEEDS TO WEEKEND TRIPS TO WEEKLONG ADVENTURES, THE CR-V DOES NEARLY EVERYTHING YOU WANT OR NEED IT TO DO.

The style of big city sophistication? It has that. The fuel-economy of a powerful Honda i-VTEC® engine to get you far away from the city? It also has that. The versatile cargo space to handle everything from a trip to the store to a camping trek across the country? It was built for that.

Tech-savvy features that let you sync your smartphone with your CR-V? It has those, too. And how about even more driving control? That's what we call Real Time AWD™. We could go on, but you've got things to do. And whatever those things are, the CR-V was designed to do, well, pretty much all of them.

STYLING

IT'S ALREADY PACKED.

THE FIRST THING YOU'LL NOTICE ABOUT THE 2013 CR-V IS THE SCULPTED FORM.

At first sight, it doesn't just turn your head. It radiates sophistication and strength with modern curves and a dynamic front grille. It's sleek on the outside, roomy and versatile on the inside. So you can glide your way through city gridlock or pack in every last piece of camping gear. And because it was built for going places, there's a touch of luxury with available leather trimmed seats, plus a ton of space in the interior. The available power adjustable driver's seat, heated front seats and illuminated steering wheel-mounted controls make for the perfect mix of leisure and lavishness. And if you step up to the Touring trim with chrome door handles, roof rails and voice-activated navigation system, the feature list goes from packed to jam-packed.

PREFERRED SEATING

Driver and passenger alike will take comfort in the standard heated seats and abundant leg and headroom. The driver's seat with available 10-way power adjustment gives you total control so you can always make yourself feel comfortable.

FIRST CLASS FOR ALL

Sometimes it's the simple things in life that make the difference. That's why we took the time to ensure every inch of the interior has an exceptional fit, finish and feel. We even employed technology that reduces cabin noise, so you can better hear yourself bragging to your passengers about it.

SWEET 17

The CR-V has style from the bottom up, thanks to the available 17-inch aluminum alloy wheels. Whether you keep them polished and shiny or covered in mud, they're a solid foundation to start any journey.

GO ON TOUR

The Touring trim takes the CR-V's sophisticated design and adds even more stylish features. Chrome door handles, roof rails, auto-dimming rearview mirror and Honda Satellite-Linked Navigation System™ with trilingual Voice Recognition all come standard. All of these features combine to make for great drive after great drive.

VERSATILITY

BUILT FOR MAKING MULTIPLE CHOICES.

THE CR-V WAS BUILT FOR MULTI-TASKING.

Go from picking up groceries to picking up a group of friends with a quick touch of the easy fold-down 60/40 split rear seatback. Or take advantage of the extensive cargo space by loading up for a journey with no set return date. You can even get things done without taking your hands off the wheel: Bluetooth® HandsFreeLink™ lets you stay in touch with family and friends. Whether you're going from A to B, or from city to country, the CR-V is an "all of the above" type of vehicle.

MAKE THE BACKSEAT DISAPPEAR

Go from legroom to mega room with the CR-V's easy fold-down 60/40 split rear seatback. Simply use the one-pull lever or strap, and each rear seat smoothly folds down so you're ready to take on any kind of load.

THE LOWEST YOU CAN GO

The CR-V has the lowest cargo floor in its class, so you can pack loads of stuff and still see out the rear window. Plus, it makes loading and unloading all your gear that much easier.

YOU NEED YOUR SPACE

The roomy CR-V design makes for easy entry and exit, so you can load packages, and people, of all shapes and sizes.

DON'T HOLD THE PHONE

How's a hands-free phone for a handy feature? Standard on all CR-V trims, the HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface connects with your compatible smartphone so you can make or answer calls without taking your hands off the wheel. Plus, Bluetooth® Streaming Audio plays music from your compatible device wirelessly through the vehicle's audio system.

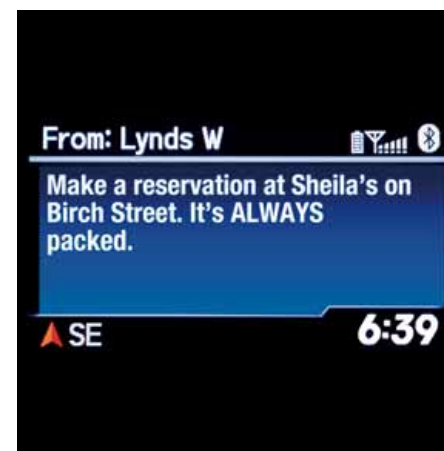

TECHNOLOGY

TECH, PLEASE.

THE CR-V IS LOADED WITH ADVANCED FEATURES THAT LET YOU GET THINGS DONE.

But that's no excuse to take your hands off the wheel, so go ahead, make calls and receive text messages with the push of a wheel-mounted button. Get precise turn-by-turn directions from the i-MID with the available navigation system. Stream music from your MP3 player. Personalize your own wallpaper on the i-MID. Watch your back with the standard multi-angle rearview camera. Or really pump up the volume with an available 7-speaker, 360-watt audio system. We've done a lot with the CR-V's technology so you can do a lot with your CR-V.

CENTRE YOUR ATTENTION

The i-MID (intelligent Multi-Information Display) is the centre from which all of the CR-V's technology flows. It's where you pick your tunes, check your rearview camera, see and customize vehicle info and settings, and view turn-by-turn directions, if equipped with the available navigation system. You can even add your own wallpaper display.

LEAVE THE MAP AT HOME

The available Honda Satellite-Linked Navigation System™ with trilingual Voice Recognition is the future of finding your way. It can recognize numbers, street names and cities, along with 700 other commands. Turn-by-turn directions are displayed on the colour i-MID display and spoken over the audio system, making every trip easy and exciting.

U GOT TXTS

The CR-V is equipped with a convenient feature that lets you receive text messages from your compatible smartphone*. The i-MID screen notifies you of a new text. From there, you can choose to have the message read aloud, select from six preset replies, or call the sender.

*Only compatible with certain devices.

WE'VE GOT YOUR BACK

A multi-angle rearview camera comes standard, so you'll always be able to watch your back.* Choose from three different views that are displayed on the i-MID screen or available navigation display, and use the guidelines to know when you're getting too close for comfort. Plus, the expanded view driver's mirror allows for more visibility.

*Does not replace the driver's responsibility to exercise due care while driving. Rearview camera shown on Navigation display on Touring model.

MUSIC TO EVERY EAR

The CR-V's available 360-watt AM/FM/CD 7-speaker audio system, including subwoofer, lets you make the most of your music. Available SiriusXM® Canada Satellite Radio*, a USB audio interface and MP3 input jack mean there's a playlist for every passenger.

*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca or www.sirius.ca.

FUEL ECONOMY

MAKE A CLEANER GETAWAY.

WITH THE CR-V, STOPPING AT THE PUMPS WON'T BE SOMETHING YOU DO AS OFTEN.

Not only is the powerful 2.4-litre, 16 valve i-VTEC® engine one of the most fuel-efficient in its class, it now has the added benefit of the Eco Assist™ and ECON Button features. So now you literally can go the extra kilometre. And you'll be eager to take those longer journeys with the CR-V's smooth handling and solid ride. Wherever you're going and whatever you're doing, the CR-V does it all, with less.

THE LEAST IT CAN DO

One of the many reasons the CR-V is up for more adventures is because it runs on less gas. It's one of the most fuel-efficient vehicles in its class, with fuel economy as low as 6.4 litres per 100 km (Hwy.) using regular fuel. So you don't have to think twice before embarking on that last minute trip.

PERFORMANCE ENHANCEMENT

The CR-V's exceptional fuel economy isn't achieved at the expense of legendary Honda performance. Lying quietly beneath the hood is the 2.4-litre 16-valve, i-VTEC® 4-cylinder engine with 185 horsepower, making for the perfect balancing act of efficiency and power.

IT'S GOT A BIT OF A GREEN STREAK

To help make you better friends with the environment, the CR-V has two key features: Eco Assist™ and the ECON button. Eco Assist has illuminated arcs beside the speedometer that indicate how efficiently you're driving. Or with the push of a button, go into ECON mode, which helps enhance the fuel efficiency of the CR-V by automatically adjusting the engine and non-essential functions.

TAKE YOUR TURNS

We figured you'd probably be driving your CR-V quite a lot, so we might as well make it fun to drive, like every Honda. Enjoy car-like handling and maneuverability with the MacPherson strut front and multi-link rear suspensions, while taking advantage of the advanced electronics of the Drive-By-Wire Throttle System™ for heightened response between pedal and engine.

SAFETY

THERE'S SAFETY IN A NUMBER OF FEATURES.

THE VERSATILITY OF THE CR-V CAN BE FOUND FROM BUMPER TO BUMPER, WHICH IS ESPECIALLY TRUE WHEN IT COMES TO SAFETY.

It's a Honda, after all. The ability to go anywhere and do anything is nothing without the confidence that comes from high safety standards. Take Real Time AWD™ (Intelligent Control System™), for instance. It's a completely automatic feature that increases handling and control, whether you're on dry road, in the rain, dashing through snow or driving on loose gravel. The system also supports high fuel efficiency and better all-around drivability. Then there's the added confidence of Hill Start Assist, which automatically keeps your CR-V from rolling backwards when you're switching from brakes to gas on steeper hills. These innovative features are backed by the rest of the advanced standard safety equipment for which every Honda is known.

Image shown with accessories.

GRIP THE ROAD

For drivers who want the four-season confidence of all-wheel drive, the available Real Time AWD™ (Intelligent Control System™) helps to give you traction in low-grip driving conditions such as snow, rain and unpaved road surfaces, and provides a faster, more intuitive initial response when a loss of traction is detected.

INNER STRENGTH

Exclusive to Honda, the Advanced Compatibility Engineering™ (ACE™) body structure disperses frontal impact energy to increase occupant protection. The ACE frame design also allows for collision compatibility between vehicles of different weights and sizes.

FULL OF SOFT AIR

The CR-V's cabin is lined with six standard airbags, including side curtain airbags with rollover sensor. The passenger-side Occupant Position Detection System (OPDS) airbag won't deploy if it detects a smaller-sized or out-of-position passenger.

CONTROLLED BRAKING

To assist with safe stopping, the 4-wheel Anti-lock Braking System (ABS) helps you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist further improves braking performance by applying full brake pressure when a panic stop is detected.

STEADY AS CR-V GOES

Vehicle Stability Assist (VSA®) with Traction Control senses and corrects oversteer and understeer scenarios to help enhance handling and cornering stability, while Traction Control helps to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence. And Motion Adaptive Electric Power-Assisted Rack-and-Pinion Steering (EPS) provides an added level of control.

ACCESSORIES

PACKAGES AND KITS

CR-V UTILITY PACKAGE

- > Running boards
- > Roof rack cross bars
- > Roof rack rails (if required)

CR-V PROTECTION PACKAGE

- > All-weather floor mats
- > Cargo tray

REMOTE ENGINE STARTER PACKAGE WITH SECURITY

- > Remote engine starter system
- > Remote engine starter attachment

CR-V TOWING PACKAGE

- > Trailer hitch
- > Trailer hitch harness
- > Trailer hitch ball – 1 7/8" or 2"

CR-V SHOWROOM PACKAGE

- > Roof rack rails (if required)
- > Running boards
- > Hood edge deflector
- > All-weather floor mats
- > Cargo tray

OTHER ACCESSORIES AVAILABLE

- > 17" alloy wheels
- > Ashtray
- > Automatic day/night rearview mirror without compass
- > Bicycle attachment
- > Body side moulding
- > Cargo organizer
- > Door edge guards
- > Engine block heater
- > Fog light kit
- > Full nose mask
- > Locking wheel nuts
- > Moonroof visor
- > Rear back up sensors
- > Second-row seat cover
- > Ski attachment
- > Skid plate garnish, rear
- > Tent
- > Trunk edge and bumper protector

1 ALL-WEATHER FLOOR MATS

2 SKID PLATE GARNISH, FRONT

THE POWER OF DREAMS, IN ALL THEIR FORMS.

AT HONDA, WE'RE COMMITTED TO BEING A LEADER IN INNOVATIVE THINKING,

from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help make the world around us a bit brighter and a little more fun. We continually strive to do things others think can't be done, because true innovation comes from daring to dream. Here are just some of the technically ingenious things Honda has brought to life through The Power of Dreams.
