THE ALL-NEW 7 PASSENGER 2013

SANTAFE XL

NEW THINKING. NEW POSSIBILITIES.

Every year Hyundai vehicles continue to exceed expectations, surprising and delighting critics and car owners alike. Challenging the status quo is the essence of progress, and it's exactly why Hyundai is an emerging leader in the automotive industry. It's this striving for the highest quality and innovation in engineering that keeps us propelling forward. Focused on building the most innovative technology in the industry – this is how we create New Thinking. New Possibilities.

ONE SIZE NEVER FITS ALL.

That's where the all-new 2013 Santa Fe XL comes in. It's for the family who wants to ride in comfort. Whether that entails ample storage capacity for your adventures, seating space for up to seven passengers, or premium comfort and convenience amenities – the 2013 Santa Fe XL is a true standout when you want space and style.

STANDOUT DESIGN.

There's no question the Santa Fe XL is an impressively large family mover, but space and storage capacity are not the only features that stay top of mind. Embraced by Hyundai's fluidic design principles, the ferocity and strength of nature is the inspiration behind the dynamic body lines and bold shape of the Santa Fe XL. Featuring sculpted headlights with LED accents, sporty dual chrome exhaust tips and available 19" alloy wheels – you get big, beautiful and powerful.

EXTRA LARGE SPACE.

When it comes to space and versatility, this 7-seater aims to please (6-seat configuration on Limited model). The intelligent design allows you to transform the Santa Fe XL from the ultimate comfort zone to the ultimate cargo hauler. Reclining second row seats split-fold 40/20/40, feature remote release from the cargo area and slide forward for flexible storage options, while third row seats split-fold 50/50 to further enhance cargo utility. All this sounds even better with the available power lift tailgate that makes it that much more convenient to load and unload cargo. And while the Santa Fe XL adapts to your lifestyle needs, it also enhances your travels with features like standard Bluetooth®, heated front seats, YES Essentials® stain protection for cloth seating, and available memory driver's seating – just one more control at your fingertips.

POWER AND CONTROL.

The mover in family mover gets its strength from a truly powerful engine. It's a strapping 3.3L GDI V6 engine, delivering 290 horsepower and 252 lb-ft of torque with a confident 5,000 lbs. towing capacity. The best part about the performance is just how efficient the power is. Mated to a 6-speed automatic transmission with SHIFTRONIC® manual shift mode, with the press of a button you can switch the Santa XL into Active ECO mode to modify engine and transmission control to help improve fuel efficiency.

SAFETY DRIVEN.

The Santa Fe XL is primed to take on the everyday and even the odd day out. Steep inclines and declines are no match with the standard Hillstart Assist Control (HAC) and Downhill Brake Control (DBC). HAC detects inclines and engages the Santa Fe XL to prevent rollback, while DBC helps maintain a consistent speed while traveling downhill. The list of standard safety is as long as it is impressive. It also includes features like Electronic Stability Control with Traction Control System, Anti-lock Braking System with Electronic Brake-force distribution and Brake Assist.

AVAILABLE REARVIEW CAMERA

STEERING WHEEL AUDIO AND BLUETOOTH® CONTROLS

7 STANDARD AIRBAGS*

7 Standard Airbags¹.

All models come standard with seven airbags: two advanced front airbags, two seat-mounted side-impact airbags, two side-curtain roof-mounted with roll-over sensors, and a driver knee airbag.

Standard Bluetooth[®].

Keep your eyes forward and hands on the wheel with a Bluetooth[®] Hands Free[®] mobile phone interface. As an added convenience, cruise control and audio controls are also conveniently mounted on the steering wheel, a standard feature on all models.

LED Taillights.

Give drivers who trail behind the pleasure of viewing the Santa Fe XL's available, unique LED taillights that not only look great, but also dramatically increase visibility both day and night (available on Limited models).

Heated Seats.

For hot days and cold nights, keep your family feeling just right with standard front heated seats and available ventilated seats. Your rear seat passengers will thank you for the luxury of the available heated second row seats.

Memory Driver's Seat.

The Santa Fe XL comes equipped with an available integrated memory driver's seat, allowing you to switch from two profiles that affect not just the driver seat, but also the corresponding exterior mirror positions. The seat itself is powered to adjust in 12 different ways to make sure the positioning feels perfectly comfortable.

Navigation System with Rearview Camera.

To help you spot hard to see items behind you, the Santa Fe XL Luxury model is equipped with a 4.3" colour touch-screen display, to help make backing up easier. Step up to the Limited model for an enormous 8" touch-screen (image shown) with rearview camera and navigation system as well, to help you get from point A to B with ease.

HID Headlights with LED accents.

The available Xenon HID headlights illuminate the road with bright electric arcs of light. The standard LED headlight accent adds a touch of sophistication and is one more small detail in a long list of features that shows the Santa Fe XL's attention to style.

19" Alloy Wheels.

The big Santa Fe XL has big wheels to propel it forward. The large, available, 19" aluminum alloy wheels add a touch of elegance and sport.

All-Wheel Drive (AWD).

The 2013 Santa Fe XL has been engineered with an available, advanced All-Wheel Drive system which features Active Cornering Control. Managing vehicles acceleration by adjusting the inside rear wheel speed during a turn, Active Cornering Control helps improve vehicle stability and helps to reduce over/under steer in adverse driving conditions.

THERE'S NO SUBSTITUTE FOR PEACE OF MIND.

The quality of our vehicles is equally matched by the quality of our warranty. Rest assured, we stand proudly and confidently behind our vehicles to give you the ultimate peace of mind with a 5 year/100,000km comprehensive limited warranty, one of the best backed warranties in Canada. We also provide a 3 year/Unlimited km Roadside Assistance Program** featuring flat tire changing, lockout service and more. Just one toll-free call away, 24 hours a day. You're covered with Hyundai.
