

2013 Mazda2

mazda

WHAT DO YOU DRIVE?

Is it inspiring?

What were the people who built your car thinking?

*Are they just another behemoth car maker following the rules?
Or do they break them?*

*Do they push the boundaries of tradition and habit
to achieve the unachieved?*

*Are they insightful craftsmen,
obsessing over the details with a crazed passion?*

*Building less - building better -
for a discerning few?*

*Are you one of the few
who cares about what you drive,
how it drives
and the way it makes you feel?*

We're with you.

*Because we believe if it's not worth driving,
it's not worth building.*

We build Mazdas.

What do you drive?

ZOOM-ZOOM

How do you shave 100 kg off a car? *With some very sharp minds.*

Building a lighter vehicle without compromising structural rigidity or crash performance requires a wealth of knowledge and an obsession for detail. As any Mazda engineer will tell you, dropping 100 kg (220 lbs) can only happen gram by gram. That's why Mazda engineers developed the "Gram Strategy" - a process that meticulously analyzes every element of the MAZDA2 and re-engineers to lighten each part by at least one gram. The net gain of this weight loss is improved performance, reduced emissions and increased fun. Plus, the MAZDA2's "Triple H" construction uses a lighter, stronger high-tensile steel. The result: A leaner, meaner MAZDA2.

Real sports cars have curves. Aerodynamic ones that is.

The 2013 MAZDA2's sleek, sporty style is a bold union of form, function and fun. Every line enhances aerodynamic performance. Every curve accentuates its spirited good looks. The MAZDA2: As functional as it is beautiful.

Mazda engineers make good things in small packages.

Razor-sharp handling and an impressive power-to-weight ratio put fun front and centre on the MAZDA2. Add your choice of award-winning 5-speed manual or 4-speed automatic transmissions, and it all adds up to a subcompact car that drives nothing like one. It's no wonder the MAZDA2 won numerous "Car of the Year" awards and over 50 other international honours.

Wide headlights and taillights, and available halogen fog lights (GS model) give the MAZDA2 an athletic appearance while increasing air flow over the back and around sides.

A sporty silhouette and convenient fifth door conceal a surprising amount of cargo space.

A sculpted exterior cuts down on wind resistance while catching light - for an alluring look from any angle.

An available race-inspired rear roof spoiler (GS model) reduces turbulence, providing further proof that the MAZDA2 is one subcompact with the soul of a sports car.

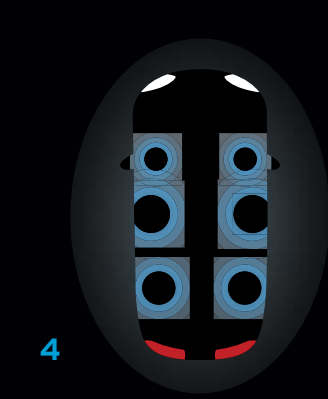

You + 4 + More. Don't let its subcompact size fool you. This car has seating for five or up to 787 L of cargo* room with the 60/40-split rear seatbacks folded down. The adjustable driver's seat and deep cargo floor allow for even more custom storage solutions. Multiple cup holders, cell phone/iPod holder and other hidden storage areas help to create a custom-fit experience. All this - and more - make the MAZDA2 multi-functional, flexible and a fun way to move people and cargo.

*Please remember to properly secure all cargo.

Fully equipped with everything you need. And a little extra.

- 1 Power windows with driver's one-touch up and down feature
- 2 USB and auxiliary audio input jack
- 3 AM/FM CD player with MP3 functionality
- 4 Available 6-speaker audio system†
- 5 Fixed-intermittent front and rear windshield wipers
- 6 Available air conditioning*
- 7 Available remote keyless entry‡
- 8 Speedometer, tachometer, fuel gauge and dual trip odometers
- 9 Driver's manual seat lifter
- 10 Available steering-wheel-mounted audio controls‡
- 11 Dual power side mirrors
- 12 Available cloth-trimmed seats with red piping‡
...the only thing missing is the kitchen sink.

*Optional on the GX model. Standard on the GS model.
 †Standard on the GS model.
 ‡Available with the Convenience Package on the GX model. Standard on the GS model.

We trimmed the weight, not the peace of mind.

Mazda engineers rigorously challenge the common misconception that strength comes from weight. The MAZDA2 is proof that light yet strong materials provide the ultimate in safety engineering. Starting with "Triple H" body construction, strength, power and proficiency are distinctive traits of its light-weight, high-tensile steel. Reinforced driver's and passenger's compartments provide protection on all sides. A standard collapsible steering column absorbs energy in the event of a heavy frontal impact, while a foldaway brake assembly reduces the risk of serious injuries to the ankle and leg. Additional spot welds and specialized adhesives between panels help improve body strength where it counts and impact absorption where needed. Bottom line: A light ride can be a safe one, and the MAZDA2 is proof of that.

Leave the subcompact class in the dust.

Why is it that cars getting 6.8 L/100 km (42 mpg)* take forever to get up to 60 km/h? At Mazda, we believe subcompact cars shouldn't be restricted to the slow lane. Built with an MZR 1.5 L, DOHC, 16-valve, 100-hp engine with variable valve timing, with an award-winning manual transmission or available 4-speed automatic transmission, the MAZDA2 gets up to 5.6 L/100 km (50 mpg) highway* without sacrificing a single drop of excitement. Factor in rpm-sensing variable power assist steering and a shorter, more responsive shift throw, and you have control that matches speed. Light, fast and fuel-efficient, the MAZDA2 is tuned and toned to burn a lot of things fast, but fuel isn't one of them.

*Estimated fuel economy on the manual transmission. Actual results may vary. MPG is listed in Imperial gallons.

ACTIVE SAFETY

Dynamic Stability Control* modulates the throttle and brakes when a sudden loss of traction is detected to help keep the vehicle stable during a turn. The Traction Control System detects any loss of traction, then adjusts the throttle to provide the drive wheels with a better grip on the road and more sure-footed acceleration during difficult driving conditions.

TRACTION CONTROL SYSTEM

DYNAMIC STABILITY CONTROL

AIR BAGS

Six air bags† come standard on every MAZDA2. Advanced dual front air bags utilize inflators with both crash-zone and driver's and passenger's seat weight sensors. Dual side air bags and dual side air curtains provide coverage for front and rear passengers.

BRAKES

Every MAZDA2 comes equipped with a wide range of standard braking features. The Anti-lock Brake System pulses the brakes several hundred times a second, preventing wheel lock so the driver can make controlled stops. Electronic Brake Force Distribution monitors pedal pressure and vehicle weight to determine how much force to apply to the front and rear brakes, while Brake Assist automatically increases braking pressure, thereby reducing stopping distance in emergency situations.

ADVANCED BRAKING SYSTEM

ELECTRONIC BRAKE FORCE DISTRIBUTION

*Dynamic Stability Control (DSC) is not a substitute for safe driving practices. †Always wear your seat belt and secure children in the rear seats in appropriate child restraints.

Visit mazda.ca for Accessory Options.

MAZDA WARRANTY The basic warranty on MAZDA2 covers all parts found to be factory defective for 3 years or 80,000 km, whichever comes first. Additional warranties cover powertrain components for a period of 5 years or 100,000 km, whichever comes first, body sheet metal perforation for 8 years and unlimited mileage and specific emission control components for up to 8 years or 128,000 km. Exclusions from coverage are limited to maintenance items or adjustments (repairs not requiring parts replacement) on vehicles over 12 months old and repairs due to normal wear and tear. Ask your Mazda Dealer for additional information.

ROADSIDE ASSISTANCE PROGRAM As part of our commitment to your total satisfaction, 2013 MAZDA2 owners are automatically enrolled in our Roadside Assistance Program. Roadside Assistance protects your MAZDA2 for the duration of the 3-year basic limited warranty. Should you require assistance during this period, our service will help to get your vehicle back on the road and minimize any inconvenience. For complete details on this program, see your Mazda Dealer.

MAZDA MOBILITY ASSISTANCE PROGRAM Mazda Canada believes that vehicle access is vital for everyone. Under this program, physically challenged customers who purchase or lease a new, unused Mazda vehicle may be eligible to receive assistance from Mazda Canada Inc. to aid with the cost of acquiring and installing adaptive driving aids on their vehicle. For complete details on this program, see your Mazda Dealer.

MAZDA TEST-DRIVE EXPERIENCE Exhilaration begins with the Mazda Test-Drive Experience - a uniquely designed road trip engineered to take you miles beyond the ordinary test-drive. Down local streets, on-ramps, highways and off-ramps. Through straightaways, S-curves and corners. It's all about putting a Mazda to the test under real-world conditions. It's about discovering the superb acceleration, braking, steering, handling and ride quality that every Mazda offers. And rediscovering that fun, connected-to-the-road feeling we call Zoom-Zoom.

READY TO ROLL Our pre-delivery commitment means every new Mazda is checked out, gassed up and fitted with floor mats.

FINANCING WITHOUT THE FUSS Whether you're buying or leasing a new Mazda, or a used vehicle, Mazda Financial Services can help make the financing process more convenient and satisfying. Mazda Financial Services is known for first-class customer service, a wide range of financing options and highly competitive rates. To find out which purchase or lease plan is right for you, talk with your Mazda Dealer, or visit mazda.ca.

For peace-of-mind motoring, we've created the Mazda Added Protection Plan (M.A.P.). M.A.P. complements your Mazda Limited Warranty for up to 7 years or 160,000 km, and protects you from unexpected repair expenses and the rising cost of repairs. All M.A.P. plans include Personal Budget and Repair Inflation Protection. In addition, all M.A.P. plans include Premium Roadside Assistance, Tire Road Hazard coverage and OEM Collision Part Coverage. Premium Roadside Assistance extends the roadside assistance coverage offered during the new-vehicle limited-warranty period throughout the M.A.P. term. The Premium Roadside Assistance offers Towing, Winching, Battery Boost, Out-of-Fuel Coverage, Tire Service, Lockout Service,

Emergency Travel Expense Reimbursement and Travel Planning and Dealer Locator. Should you ever decide to sell your Mazda vehicle, M.A.P. is transferable to future owners and will enhance the resale value of your vehicle. The Mazda Added Protection Plan is fully backed and administered by Mazda Canada Inc. For more information, please contact your Mazda Dealer.

Ask your dealer about Mazda's competitive program for recent university and college graduates.

Product changes and options availability: Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Mazda Dealer is your best source for up-to-date information. Mazda reserves the right to change product specifications at any time without incurring obligations. Options and accessories shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations. E. & O. E.

Get more detailed information on your MAZDA2. Check out our website at mazda.ca for specifications and features, option packages, pricing, financing, to get a quote and find a dealer near you.
