

THE ALL-NEW 2014 SILVERADO

STRONG.
FOR ALL THE ROADS AHEAD.

THE ALL-NEW SILVERADO.

STRONGER, SMARTER AND MORE CAPABLE THAN EVER.

In a world constantly asking us to compromise, we introduce a truck that simply refuses to. After 95 years of legendary truck building and millions of road-tested kilometres, the 2014 Silverado is new from its sculpted hood, through its new Double Cab and all the way to its available class-leading trailering¹ at the hitch. For 2014, Silverado combines proven power with unparalleled V8 fuel efficiency in its class,² and unsurpassed full-size pickup quietness with tough-as-nails ruggedness.

Silverado takes truck capability to a powerfully efficient place with the EcoTec3 engine family—our most advanced truck engines ever. The result is an available 5.3L V8 generating 355 hp with 8.7L/100 km hwy,² for the best fuel consumption of any V8 pickup. You'll also find new unexpected solitude—there isn't a quieter full-size pickup on the road. It's raising the bar yet again for what the most dependable, longest-lasting full-size pickup can help you accomplish. We call it the 2014 Silverado. You'll call it your next truck.

¹Requires Silverado Double Cab 2WD with available 5.3L EcoTec3 engine and Max Trailering Package. Max Trailering Package available fall 2013. Comparison based on [wardsauto.com](#) 2013 Large Pickup segment and latest competitive data available at the time of printing. Excludes other GM vehicles. ²Available 2014 Silverado 1500 5.3L EcoTec3 engine equipped with a 6-speed automatic transmission has a fuel-consumption rating of 13.0L/100 km city and 8.7L/100 km hwy 2WD and 13.3L/100 km city and 9.0L/100 km hwy 4WD. 4.3L EcoTec3 engine has a fuel-consumption rating of 11.9L/100 km city and 8.4L/100 km hwy 2WD and 12.6L/100 km city and 9.0L/100 km hwy 4WD. Ratings for 6.2L EcoTec3 engine not yet available. Fuel consumption based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary. Comparison based on [wardsauto.com](#) 2013 Large Pickup segment and latest competitive data available at the time of printing. Excludes other GM vehicles.

YOUR NEW TRUCK IS READY. CHOOSE IT IN
REGULAR, CREW OR **NEW DOUBLE CAB.**

/ YOUR NEW HOME **ON THE RANGE.**

**SIT BACK
AND RELAX:
THERE ISN'T
A QUIETER
FULL-SIZE
PICKUP.**

The 2014 Silverado sets new standards for how functional, smart and quiet a truck can be. You won't find a quieter full-size pickup—thanks to sculpted exterior aerodynamics, inlaid and triple-seal doors, sound-absorbing materials, engine exhaust valving and even active noise cancellation on 6.2L V8 models (available fall 2013). You'll also find that LT and LTZ models surround you with attractive, durable materials, like door trim panels built to look good and stand up to everyday wear and tear.

A / ALL-DAY COMFORT SEATS

Silverado is all about room. Choose bench or bucket seats for five or six passengers on Double Cab and Crew Cab models. New contoured seats provide lasting comfort. Resilient, dual-firmness foam ensures the seats retain their support over time, reducing driver and passenger fatigue. Optional leather-appointed, perforated heated and cooled front seating further heightens your comfort. Configure the driver seat the way you like it with 10-way power adjustments on LTZ (available on LT) models.

B / CENTRE FLOOR CONSOLE STORAGE

The new available centre floor console provides the ultimate flexibility with two cavernous storage bins, offering plenty of room for your laptop or other mobile devices. You'll also appreciate the convenience of easy "grab and go" storage pockets integrated into the doors so everything is at your fingertips.

C / REAR-SEAT ACCESS AND STORAGE

Rear-seat access, comfort and storage are improved with nearly 51 mm (2 in.) of extra leg room on Crew Cab models. Getting in and out of the rear seat of the new Double Cab is also easier in tight places, thanks to new forward-hinged rear doors. Both models feature bigger rear doors for easier entry and exit.

D / UPPER AND LOWER GLOVE BOXES

New glove boxes give you and fellow companions your own personal storage areas, all within easy reach.

POWER-SLIDING REAR WINDOW

The available power-sliding rear window now features a new defrost function to aid in visibility.

A / ALL-DAY COMFORT SEATS **B / CENTRE FLOOR CONSOLE STORAGE**

C / REAR-SEAT ACCESS AND STORAGE

D / UPPER AND LOWER GLOVE BOXES

INFORMATION AT *YOUR GLOVE TIPS.*

Silverado's all-new instrument panel features a six-gauge cluster and integrated centre control display. All knobs and buttons are larger to accommodate gloved hands, while gauges are easier to read and are LED back-lit for at-a-glance viewing.

**TECHNOLOGY
THAT
CONNECTS,
PROTECTS
AND
ENTERTAINS.**

A / DRIVER INFORMATION CENTRE

Silverado's new available 107 mm (4.2-in.) diagonal colour-enhanced Driver Information Centre (DIC) offers improved gauge placement, making important information easy to comprehend at a glance. It displays your truck's vital stats like trailer brake settings and transmission fluid temperature and can be navigated with steering-wheel controls.

B / CONNECTIVITY

Depending on the model you choose, you'll never be far from a convenient power supply: up to six USB ports,¹ an SD card slot, four auxiliary power outlets and a new 110-volt outlet keep first- and second-row passengers connected and powered up.

C / DRIVER ALERT PACKAGE

Unlike its competitors, Silverado offers the new available Driver Alert Package. It includes Forward Collision Alert (FCA) to warn you when you're rapidly approaching another vehicle and a collision is imminent. Lane Departure Warning (LDW) alerts you if you wander from your lane without using your turn signal. Both provide a visual alert and a choice of audible signals, or the new Safety Alert Driver Seat uses vibrations to warn you.

D / COLOUR TOUCH RADIO WITH MYLINK

Silverado offers the new available centre-mounted 203 mm (8-in.) diagonal Colour Touch Radio with MyLink.² Gain hands-free, voice-activated control of your communication choices. Available Bluetooth^{®1} wireless technology allows you to easily sync your compatible phone with Silverado's audio system. Make phone calls, play music or navigate stored destinations just by saying the word. From the centre-mounted full-colour touch-screen, easily access the features you use most by customizing MyLink's home screen; no need to navigate a complicated menu. You can even pair up to 10 different devices in the truck.

E / FINGERTIP CONTROLS

Keep your eyes on the road while activating available Bluetooth phone functions using steering-wheel-mounted controls. The system links your compatible device to Silverado's audio system. You can also play audio, change songs, set the cruise control and activate the available heated steering wheel.

F / NAVIGATION SYSTEM

Using voice or touch commands, Silverado's available Navigation System³ uses the 203 mm (8-in.) diagonal centre-mounted touch-screen to display 2-D or 3-D map graphics.

B / CONNECTIVITY

C / DRIVER ALERT PACKAGE

D / COLOUR TOUCH RADIO

E / FINGERTIP CONTROLS

F / NAVIGATION SYSTEM

¹Not compatible with all devices. ²MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit mylink.chevrolet.ca for details. ³At time of printing, detailed map coverage is available for most urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

/ THE STRONGER, MORE SILENT TYPE.

**TURNS AIR
INTO A
POWERFUL
ALLY.**

For 2014, Silverado's rugged good looks combine style with functional design. Reduced wind noise and decreased fuel consumption¹ result from bold lines that glide from its new three-dimensional signature grille, up the lines of its angled, aerodynamic windshield and around the wheel wells to wrap the truck in a style uniquely Silverado.

DYNAMIC STYLING

The new Silverado was designed with the goal of commanding attention. This is accomplished with strong, muscular lines and distinctive curves. Even the fenders are sculpted aggressively outward to help protect the finish against chipping from debris thrown by the wheels.

A / PROJECTOR-BEAM LIGHTING

Silverado introduces a new available projector-beam headlamp fully integrated into the grille surround. The tightly controlled light pattern of projector-beam lamps increases their range and brightness, while reducing glare for oncoming vehicles.

B / OPTIMIZED AIRFLOW

The new dimensional grille helps manage and optimize airflow to capture a greater percentage of air to help cool the engine. Now, only air necessary for cooling is directed into the engine compartment, while the rest flows smoothly around the truck. Silverado's styling also helps reduce wind noise to create a quieter cabin. The resulting lower drag coefficient contributes to Silverado's impressive fuel consumption.¹

C / EASY-OPENING DOORS

The all-new Silverado Double Cab features forward-hinged rear doors to help improve access and reduce wind noise. To quiet the interior further, all Silverado models feature new triple door seals and an inlaid door design that fits the doors flush with the body.

D / AEROSPATS

What's an aerospat, you ask? They are new air deflectors positioned in front of the rear tires to direct air around them, helping reduce turbulence and drag. The result is a more efficient driving experience.

TAILGATE SPOILER

To reduce turbulence and improve aerodynamics, a new rear spoiler is seamlessly integrated into the top of the tailgate.

A / PROJECTOR-BEAM LIGHTING

B / OPTIMIZED AIRFLOW

C / EASY-OPENING DOORS

D / AEROSPATS

¹2014 Silverado 1500 5.3L EcoTec3 engine equipped with a 6-speed automatic transmission has a fuel-consumption rating of 13.0L/100 km city and 8.7L/100 km hwy 2WD and 13.3L/100 km city and 9.0L/100 km hwy 4WD. 4.3L EcoTec3 engine has a fuel-consumption rating of 11.9L/100 km city and 8.4L/100 km hwy 2WD and 12.6L/100 km city and 9.0L/100 km hwy 4WD. Ratings for 6.2L EcoTec3 engine not yet available. Fuel consumption based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary.

PUT 956 KILOGRAMS (2108 LBS) TO WORK.

The all-new Silverado offers a maximum payload of 907 kilograms (1 ton)¹ to solve your cargo challenges. The new available 6-foot, 6-inch cargo box on Crew Cab gives you nearly an extra foot of hauling capacity. Depending on the cab, 8-foot and 5-foot, 8-inch box configurations are also available.

REDESIGNED CARGO BOX

The pickup box floor is expertly crafted from strong and durable roll-formed steel. And simple, yet all-too-important elements like standard rail protectors at the top of the box and the tailgate improve damage resistance.

A / CORNERSTEP REAR BUMPER

We've made getting into the bed even easier. Integrated into the corners of both ends of the rear bumper, new available corner steps help you access the cargo box. Their deep nonslip treads easily accommodate even the largest steel-toed work boots.

B / HAND ASSISTS

New hand assists built into the top of the side rails—along with the corner steps—also help give you a boost into the bed.

C / LED UNDER-RAIL LIGHTS

New available LED under-rail box lights are conveniently positioned under each cargo box rail for easier loading and unloading at night, or when the box is enclosed by a tonneau cover.

D / MOVABLE TIE-DOWN HOOKS

Organize your cargo the way you want with four standard lower tie-downs and four available movable upper tie-down hooks. These four new patented, load-bearing upper tie-downs are rated at 113 kg (250 lbs.) each and can be positioned in several places around the box depending on the cargo.

¹Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo; payload capacities are approximate.

**/ THE NEW STANDARD:
THE BEST V8
FUEL EFFICIENCY¹
OF ANY PICKUP.**

The 2014 Silverado takes its legendary truck capability to a new place with the EcoTec3 engine family. Building on 58 years of proven V8 experience and trillions of real-world kilometres produces an optional 5.3L V8 with the best V8 fuel consumption of any pickup (in two-wheel and four-wheel drive), including some competitors' V6s.¹ Now, with Silverado's 5.3L V8, you don't have to settle for a V6.

The EcoTec3 engines—4.3L V6, 5.3L V8 and 6.2L V8 (coming fall 2013)—are the only engines in their class using Direct Injection, Active Fuel Management and continuously Variable Valve Timing together to deliver robust power with ruthless fuel consumption.² You get the best of proven power and the dependability of a V8 truck engine, with better efficiency than even some V6 engines. It's a combination no one else can match.

Silverado's available 6.2L V8 earns the coveted title of the most powerful engine in any light-duty pickup. Not to be outdone, the 4.3L V6 easily generates the most torque of any standard V6 in its class.² At 285 hp and 305 lb.-ft. of torque, the 4.3L is the latest evolution of Silverado's do-more, haul-more and tow-more legacy. Translating all of this power and torque to the road is our invincible electronically controlled Hydra-Matic 6-speed automatic transmission.

¹2014 Silverado 1500 5.3L EcoTec3 engine equipped with a 6-speed automatic transmission has a fuel-consumption rating of 13.0L/100 km city and 8.7L/100 km hwy 2WD and 13.3L/100 km city and 9.0L/100 km hwy 4WD. 4.3L EcoTec3 engine has a fuel-consumption rating of 11.9L/100 km city and 8.4L/100 km hwy 2WD and 12.6L/100 km city and 9.0L/100 km hwy 4WD. Ratings for 6.2L EcoTec3 engine not yet available. Fuel consumption based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary. Comparison based on wardsauto.com 2013 Large Pickup segment and latest competitive data available at the time of printing. Excludes other GM vehicles. ²Comparison based on wardsauto.com 2013 Large Pickup segment and latest competitive data available at the time of printing. Excludes other GM vehicles.

/ **ADVANCED ENGINE TECHNOLOGIES.**

PROVEN TRUCK PERFORMANCE.

A / VARIABLE VALVE TIMING (VVT)

For responsiveness in low-speed city driving and bold power for open-road passing or trailering, all Silverado engines feature continuously VVT. It monitors and adjusts valve open and close points for near-peak levels of torque across the entire range of engine speeds.

B / DIRECT INJECTION (DI)

For precise fuel distribution and fast, efficient combustion, all engines benefit from DI technology. The system moves the fuel into the combustion chamber. By injecting fuel at over 13,790 kPa (2000 psi), the air and fuel mix more completely.

C / ACTIVE FUEL MANAGEMENT (AFM)

By sensing load and demand, AFM improves efficiency by activating or deactivating cylinders (two on the V6 and four on the V8). Under demanding conditions, like high speeds or when loads require more power, the valve's switching mechanism is depressurized, re-engaging the cylinder and restoring full power—without you ever noticing the transition.

/ HANDLING IS A TEAM SPORT.

You'll find Silverado's handling prowess is the direct result of the seamless teamwork of hundreds of components. This precise integration of tires, wheels, chassis, suspension, steering, braking and axles gives you dynamic command and control. Engineers also wanted to build upon Silverado's already impressive ride and handling, all without diminishing its legendary power, capability and durability. The result gives you a Silverado that's remarkably stronger, smarter and more capable than ever.

/ **ROCK. SOLID.**
FOUNDATION.

A / COIL-OVER-SHOCK FRONT SUSPENSION

This fully independent system is precisely tuned for improved handling. The front shock module is enhanced to increase road isolation in response to even small inputs. A thicker spring isolator and a higher spring rate produce a more controlled ride. The new 34-millimetre hollow stabilizer bar reduces weight without sacrificing vehicle stability.

B / CORROSION-RESISTANT DURALIFE BRAKE ROTORS

To reinvent the brake rotor, Chevy engineers used Ferritic Nitro-Carburizing (FNC) technology, which can help double rotor life. Duralife is a patented GM-exclusive corrosion protection process designed to prolong rotor life by hardening the rotor surface. It provides protection against rust to help prevent steering-wheel shudder during braking.

C / HYDROFORMED FRAME

Providing Silverado with the ultimate in a rock-solid foundation is a hydroformed, boxed, high-strength steel frame. This allows Silverado to haul more, tow more and tackle more rugged terrain while you and your companions are sitting comfortably.

D / ELECTRIC RACK-AND-PINION STEERING

The new electric variable-assist power rack-and-pinion steering system improves fuel consumption¹ versus engine-powered systems. The variable assist is tuned to provide less assist at highway speeds for a solid on-centre feel, and more assist for less steering effort when manoeuvring in tight spaces.

E / STABILITY CONTROL

StabiliTrak, an electronic control system, helps improve stability by detecting and reducing loss of traction. Sensing when Silverado is not responding to your steering inputs, it adjusts engine speed and applies brake pressure to any wheel to help maintain directional control. For rollover mitigation, StabiliTrak anticipates a potential situation, rapidly applying brake pressure to help reduce lateral forces and the likelihood of a rollover.

F / HIGH LATERAL-RATE BODY MOUNTS

To connect the body to the frame are new high lateral-rate and redesigned hydraulic body mounts. You'll enjoy improved comfort and a smoother, quieter ride. The new shear-style mounts at the front of the cab dampen side-to-side vibrations, while the new hydraulic mounts at the rear of the cab dampen vertical vibrations.

G / AUTOMATIC LOCKING REAR DIFFERENTIAL

Available on 2WD and 4WD models, it directs power to the wheel with the most traction on loose gravel or slippery surfaces.

H / LARGER RING GEARS

Silverado's increased horsepower and torque call for an enhanced way to transmit power to the tires. That's why the V8s feature an axle with a larger ring gear, and the redesigned rear axles are now stronger and beefier to handle the increased power capacity. This robust axle design also provides improved durability.

I / WIDER WHEELS

This is where every power, torque and handling innovation engineered into Silverado meets the terrain. That's why new half-inch-wider 17-, 18- and 20-inch wheels provide greater on-centre feel and crisper control during subtle steering movements.

J / TUNED MULTILEAF REAR SPRINGS

Two-stage rear leaf springs provide the perfect balance between ride smoothness and hauling capability. They've also been tuned for improved ride and noise reduction as well as enhanced corrosion resistance.

¹2014 Silverado 1500 5.3L EcoTec3 engine equipped with a 6-speed automatic transmission has a fuel-consumption rating of 13.0L/100 km city and 8.7L/100 km hwy 2WD and 13.3L/100 km city and 9.0L/100 km hwy 4WD. 4.3L EcoTec3 engine has a fuel-consumption rating of 11.9L/100 km city and 8.4L/100 km hwy 2WD and 12.6L/100 km city and 9.0L/100 km hwy 4WD. Ratings for 6.2L EcoTec3 engine not yet available. Fuel consumption based on GM testing in accordance with approved Transport Canada test methods. Your fuel consumption may vary.

**CLASS-
LEADING
TOY-HAULING
AND WORK-
SHRINKING
TOWING.***

*Requires Silverado Double Cab 2WD with available 5.3L EcoTec3 engine and Max Trailering Package. Max Trailering Package available fall 2013. Comparison based on wardsauto.com 2013 Large Pickup segment and latest competitive data available at the time of printing.

Silverado has always been built for trailering. And the all-new Silverado pulls even more. Its new available Max Trailering Package (available fall 2013) offers a class-leading trailer weight rating of up to 5443 kg (12,000 lbs.)¹

MAX TRAILERING PACKAGE

Best-in-class towing¹ results from an automatic locking rear differential, Z82 Trailering Package, heavy-duty 9.76-inch axle with 3.73 axle ratio, increased-capacity rear springs, integrated trailer brake controller, enhanced cooling system and recalibrated shock tuning for increased control.

A / TRAILER BRAKE CONTROLLER

For fingertip control and easy monitoring of your trailer brakes, Silverado offers an available integrated trailer brake controller. Now conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Centre.

B / TOW/HAUL MODE

To give you more power to accelerate when trailering or hauling heavy loads, Tow/Haul mode raises transmission upshift points. It also helps you slow Silverado by raising downshift points, using engine compression to slow your Silverado instead of merely braking.

TRAILER SWAY CONTROL

Keep both you and your trailer heading in the same direction, automatically. This system uses StabiliTrak sensors to detect a swaying trailer, and it applies both the vehicle’s and the trailer’s brakes (if properly equipped) to help bring it back in line.

C / REAR VISION CAMERA

The centre screen also serves as your monitor for the available Rear Vision Camera. Its dynamic grid lines provide the perfect target when backing up or hitching a trailer.

HILL START ASSIST

Sensors automatically detect when Silverado is on a 5 percent grade or more. It holds the brakes for up to 1.5 seconds or until the accelerator is pressed, preventing rollback. It’s most effective when trailering, giving you time to switch from the brake to the accelerator.

AUTO GRADE BRAKING

When in Tow/Haul mode, this standard feature automatically senses when you want to slow your Silverado and engages a Grade Braking shift pattern to help maintain your desired speed.

A / TRAILER BRAKE CONTROLLER

B / TOW/HAUL MODE

C / REAR VISION CAMERA

¹Requires Silverado Double Cab 2WD with available 5.3L EcoTec3 engine and Max Trailering Package. Max Trailering Package available fall 2013. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. Comparison based on wardsauto.com 2013 Large Pickup segment and latest competitive information available at the time of printing. Excludes other GM vehicles.

RUGGED LUXURY. INTRODUCING THE NEW
HIGH COUNTRY.

The all-new Silverado High Country (coming this fall) takes you to a higher altitude. Inside, you'll enjoy a premium grade of leather-appointed 12-way, power-adjustable heated and cooled front bucket seats, High Country's unique Saddle interior colour, a Bose® premium audio system, a brushed-metal sill plate and a centre-mounted floor console. Outside, you'll find 20-inch signature chrome wheels, halogen projector-beam headlamps, chrome power-folding heated mirrors, Front and Rear Park Assist, body-colour front and rear bumpers, signature chrome grille, black recovery hooks, chrome bodyside mouldings, a polished exhaust tip and movable upper cargo tie-downs.

/ PAVED ROADS ARE ONLY A SUGGESTION.

Z71 OFF-ROAD

Keep going long after the pavement ends by choosing one of the Silverado Z71 Off-Road models. New for 2014 is Hill Descent Control, and also included are off-road jounce bumpers, a high-capacity air cleaner, Underbody Shield Package and monotube Rancho® shocks.

/ IT'S ALL YOU.

Designed and engineered to the same standards as your Silverado, Chevy Accessories allow you to personalize your Silverado and range from functional enhancements like assist steps and bed management systems to stylish wheels and accents.

A / RECOVERY HOOKS

Add functionality and enhance the appearance of your Silverado with chrome or black recovery hooks.

B / ASSIST STEPS

Make it easier to get into and out of your Silverado with these stylish steps. The 152 mm (6-in.) rectangular steps are aluminum and the 102 mm (4-in.) round steps are stainless steel. Both are rust-resistant and available in either chrome or black powder coat.

C / STATIONARY TOOLBOX

This durable, diamond-patterned aluminum toolbox handles up to 113 kg (250 lbs.).¹ It features a removable sliding tray with rubber mat, dual gas shocks for smooth operation and a one-touch latch. It mounts securely to the bed without drilling and has the Chevy bowtie logo. Not available with bed rug or any tonneau cover.

See chevrolet.ca to learn about additional options, which are updated regularly. Or talk to your local Chevy dealer.

SOFT TONNEAU COVER

A roll-up soft folding tonneau with integrated cross bows shields cargo and allows full access to the bed. Not shown. Hard folding tonneau cover is also available.

PREMIUM ALL-WEATHER FLOOR MATS

Premium all-weather floor mats are designed specifically for your Silverado to help collect rain, mud, snow and debris. Not shown.

ACCESSORY WHEELS

Stand out with a vast array of factory-engineered and -approved wheels from Chevy Accessories.² All wheels feature a brilliant durable chrome finish and are available with matching lugs and Chevy logo centre caps.

¹Cargo and load capacity limited by weight and distribution. ²Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For approved tire and wheel combinations and other important information, go to gm.ca or see your dealer for details.

EXTERIOR COLOURS

¹Extra cost colour. Not available on WT models.

ONSTAR

The level of convenience and safety provided by the various features available through OnStar¹ offers powerfully simple connectivity and peace of mind. To place this capability at your fingertips, Silverado is available with a 6-month trial subscription to the OnStar Directions & Connections Plan. This plan includes:

COMMUNICATIONS • OnStar RemoteLink Mobile App² • OnStar RemoteLink² Key Fob Services³ • Hands-Free Calling with voice-activated dialing

DIAGNOSTICS • OnStar Vehicle Diagnostics

NAVIGATION • Turn-By-Turn Navigation • Destination Download

CONFIDENCE • Stolen Vehicle Assistance⁴ • Roadside Assistance • Remote Door Unlock⁴ • Remote Horn and Lights • Crisis Assist • Emergency Services Link • Automatic Crash Response

¹Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required. ²Available on select Apple[®] Android[™] and BlackBerry[®] devices. Services vary by device, vehicle and conditions. Requires active OnStar service plan. ³Access is available for five years from the date of vehicle delivery and is transferable. Does not include any emergency services or other OnStar services. To cancel OnStar RemoteLink Key Fob Services, or if your vehicle is sold, it is important to contact an OnStar Advisor. See onstar.ca for full details. ⁴Ability to locate stolen vehicles and remote door unlock success vary with conditions. ⁵Cargo and load capacity limited by weight and distribution. ⁶When properly equipped; includes weight of vehicle, passengers, cargo and equipment.

¹Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. ²Maximum trailer weight ratings are calculated assuming a base vehicle, except for option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevrolet dealer for additional details. ³Requires Max Trailering Package. Available fall 2013. See your Chevrolet dealer for more details. ⁴45/xx=45 kg (100/xx=100 lbs.) maximum of permanently attached snow plow mounting hardware/xx kg (lbs.) maximum of removable snow plow blade and blade hardware. Maximum plow weights based on a vehicle with average manufacturer option content and 68 kg (150 lbs.) each for driver and one additional front-seat occupant. Additional equipment and occupants will reduce maximum plow weight. Rear compensating weight may be required to maintain front axle weight below 65% of total vehicle weight when equipped with snow plow. Consult your snow plow manufacturer for specific compensating weight recommendation.

KEY ● STANDARD ○ AVAILABLE – NOT AVAILABLE

¹MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit mylink.chevrolet.ca for details. ²Not compatible with all devices. ³Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit siriusxm.ca for details. ⁴At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ⁵Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required. ⁶A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and child safety seat instructions for more safety information.

IMPORTANT WORDS

PEACE OF MIND, STANDARD WITH EVERY CHEVROLET MODEL

When you build them with quality, you can back them with confidence. Program highlights include:

- 3-year/60,000 km New-Vehicle Limited Warranty¹
- 5-year/160,000 km Powertrain Component Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge¹
- 5-year/160,000 km Courtesy Transportation¹
- 5-year/160,000 km 24/7 Roadside Assistance¹
- 6-year/160,000 km rust-through perforation coverage¹
- 8-year/130,000 km coverage on catalytic converters and Powertrain Control Modules (PCMs)¹

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:²

- **GM Protection Plan (GMPP)**—The only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New-Vehicle Limited Warranty period.
- **GM Goodwrench Service**—With GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.
- **Chevrolet Owner Centre**—As an owner, take advantage of the Chevrolet Owner Centre. This online owner's destination gives you access to coupons, contests, current offers and the latest driving and maintenance tips. Find out more at chevroletowner.ca.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **Purchase Financing and Leasing**—On-the-spot financing, see dealer for full details.³
- **GM Student Bonus Program**—Students or recent graduates of high school, college or university² may be entitled to receive a Student Bonus vehicle redemption allowance of \$500 or \$750⁴ (tax inclusive) (purchased vehicle dependant) to use toward the purchase, lease or finance of one eligible new Chevrolet vehicle.
- **The GM Card**—GM cardholders may redeem up to \$3500 GM Card Earnings (subject to Vehicle Redemption Allowances) toward the Total Purchase Price on eligible new GM vehicles.⁴ For full program details, please visit thegmcard.ca.

INFORMATION RESOURCES:

You can find more information about these programs from your Chevrolet dealer, or at these information centres:

- The GM Web site at gm.ca
- The GM Customer Care Centre at **1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830** for TDD users)

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

Chevrolet vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.
