DODGE **GRAND CARAVAN** 

2014 

## DODGE GRAND CARAVAN

*Thirty years ago, Dodge had the vision to see something that the world didn't know it was missing. But more importantly, had the courage to build it. No one asked Dodge to build the minivan. Drivers didn't even know they needed one, but once built, families flocked. Weekend warriors arrived. Home improvement fanatics and small business owners lined up. And the legend of the Dodge Grand Caravan was born. Today, it boasts industry-exclusive features and holds titles including "the most awarded minivan ever,"<sup>1\*</sup> and "the best selling minivan ever,"<sup>2</sup> but most importantly, it holds the confidence of families, their hobbies and their livelihoods. This is the 2014 Dodge Grand Caravan.*

# 30 YEARS

## GRAND CARAVAN: 30<sup>TH</sup> ANNIVERSARY EDITION

THREE DECADES OF INNOVATION. Grand Caravan is celebrating its 30<sup>th</sup> anniversary with a special edition model. Its foundation is built off the SXT trim level and adds premium exterior features such as 17-inch polished aluminum wheels with Satin Carbon pockets, an exclusive Granite Crystal Metallic exterior colour and 30<sup>th</sup> anniversary badging. Inside, you'll find premium amenities including unique Piano Black accents, Black Torino leatherette seats with suede inserts and silver accent stitching, a leather-wrapped steering wheel and shift knob, as well as the class-exclusive Super Console.<sup>5</sup>

Grand Caravan in Sandstorm.

## NOBODY DOES IT BETTER

No one doubted there would be plenty of flexible seating and storage options behind Grand Caravan's available dual power sliding doors — but the comfort, luxury and superior craftsmanship at every turn is a guaranteed double take. Well-appointed interior design details include soft-touch surfaces, chrome accents and must-

have features intuitively placed for ease of driver and passenger use. The integrated instrument panel offers a unified look with touches of chrome around the climate controls, shifter and gauge cluster rings. The LED-illuminated gauges are positioned for easy viewing and the steering wheel houses cruise and audio controls.

An available class-exclusive Super Console<sup>6</sup> features generous storage accessible by both first- and second-row passengers, and a top tray cargo space that can be covered with a sliding door to keep travel items out of sight. The console's four cup holders include two that can hold 355-mL cans and two that can accommodate up

to 1-litre bottles. The available tri-zone automatic temperature control system keeps everyone comfortable via its electronic thermostats, and the push of a button activates the available class-exclusive full-circumference heated steering wheel<sup>6</sup>, keeping the driver's hands warm.

**MOST CONCEALED STORAGE SPACE IN ITS CLASS<sup>®</sup>**

Grand Caravan is more than a passenger-carrying powerhouse. It also makes an impressive cargo hauler. Up front, the available Super Console has a storage area and cup holders while door pockets house essential gear. In back, passengers get their own storage space thanks to 180 litres of secure, hidden in-floor bins behind the front row, and additional in-floor storage behind the third-row seats. Look up and you'll find an available overhead rail system featuring up to four overhead bins to keep small items out of sight.

Properly secure all cargo.

**THE INDUSTRY'S MOST VERSATILE CARGO AND PASSENGER VEHICLE**

**STOW 'N GO<sup>®</sup>**

Unique seating and innovative flexibility are just two of the reasons Grand Caravan is the best-selling minivan ever.<sup>2</sup> The versatile and industry-exclusive Stow 'n Go<sup>®</sup> features the available Super Stow 'n Go second row that allows the seats to be folded into the floor with a one-motion system that automatically folds the head restraint down for easier operation.

When in park, the third-row seats can flip completely rearward with class-exclusive tailgate seating.<sup>6</sup> When all the seats are in their upright positions, travel essentials can be neatly stowed away in the in-floor storage bins. The available power third-row Stow 'n Go with obstacle detection<sup>7</sup> offers four seating configurations.

## *BEST-IN-CLASS VERSATILITY<sup>6</sup>*

Who and what you need to take today will not be the same tomorrow. With that golden rule in mind, Grand Caravan's interior was intuitively designed to flip, fold and tumble with your needs. With the ability to carry up to seven people, an amazing amount of cargo or any combination in between with 81 possible seating configurations, neither your crew nor your cargo will feel the squeeze. Bringing home purchases from home improvement or big box stores isn't a problem either. Simply stow second- and third-row seats into the floor with the available Super Stow 'n Go® to reveal a flat floor with

4072 litres of cargo space without ever having to remove a seat. Even everyday errands are made easier with Grand Caravan. The 225-mm-deep in-floor storage bin behind the third row allows you to load and unload groceries with ease, without worrying about produce rolling out and under the seats. Look outside for even more storage options. The available segment-exclusive<sup>6</sup> Stow 'n Place™ roof rack system offers the convenience of crossbars that stow into the side rails when not in use for improved fuel efficiency and reduced wind noise.

## IT'S EVEN VERSATILE AT ENTERTAINING

### INDUSTRY-EXCLUSIVE DUAL ENTERTAINMENT BLU-RAY™/DVD PLAYER.

Watch the latest movies in high quality via the available Blu-ray player.

The system is compatible with both Blu-ray and DVD formats and can accommodate two entertainment options so passengers can choose to watch the same movie or two different ones. Some passengers can even opt to connect their gaming system while others enjoy a movie.

### REAR-SEAT HDMI/USB PORTS.

Rear-seat passengers can tap into the entertainment system via these conveniently located ports.

## BEST-IN-CLASS TOWING<sup>8</sup>

**TOW WITH CONFIDENCE** Only Dodge Grand Caravan delivers class-leading towing capacity<sup>8</sup> of up to 1633 kg (3600 lb). Whether it's hauling an interior full of home improvement materials, a trailer full of college dorm furniture or the family watercraft, you'll get it done. Easily. When you're pulling that much weight, it's nice to know the standard Trailer Sway Control (TSC) will help you maintain control. TSC uses the Electronic Stability Control (ESC)<sup>9</sup> sensors to recognize when unique vehicle and/or trailer motion is occurring that isn't caused by steering input. The system then applies brake pressure on alternating wheels and may adjust the throttle to help eliminate sway and maintain vehicle and trailer stability.

**BEST-IN-CLASS HORSEPOWER AND TORQUE<sup>6</sup>** Confidence isn't just found in Grand Caravan's safety and security features, it's also found in the power and efficiency of the award-winning 3.6L Pentastar™ Variable Valve Timing (VVT) V6. The state-of-the-art high-pressure die-cast aluminum block, full independent dual-cam phasing, sequential-port fuel injection, and high-flow intake and exhaust ports, result in Best-in-Class 283 hp, and 260 lb-ft of torque,<sup>6</sup> and up to 7.9 L/100 km (36 mpg) highway<sup>†</sup>. The segment-exclusive fuel economizer<sup>6</sup> feature alters transmission shift patterns to help improve real-world fuel efficiency with a simple push of a button.

<sup>†</sup>See Power and Fuel Economy chart on page 21.

AVAILABLE BLIND-SPOT MONITORING (BSM)<sup>4</sup> WITH REAR CROSS-PATH DETECTION<sup>5</sup>

Dual radar sensors constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminating icons on the sideview mirrors and by an audible chime. The system includes Rear Cross-Path Detection, which monitors for vehicles/objects in perpendicular relationships to the vehicle while backing out of tight parking spots.

SEVEN STANDARD AIR BAGS<sup>3</sup>

In the event of a collision, side-curtain air bags and front seat-mounted side air bags deploy, blanketing outboard positions in all three rows of seating. A driver's knee blocker air bag helps position the driver in relation to the front air bag.

ELECTRONIC STABILITY CONTROL (ESC)<sup>9</sup>

In adverse conditions, the standard ESC with electronic Brake Assist works with an advanced All-Speed Traction Control system to help the driver maintain vehicle directional stability and limit oversteering or understeering.

ACTIVE FRONT HEAD RESTRAINTS<sup>10</sup>

Active front head restraints automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint and the occupant's head, helping provide added neck protection for both the driver and front passenger. Standard.

BRAKE ASSIST

This standard system utilizes intelligent software connected to the brake pedal and system. It can sense the rate of pressure on the brake pedal, and when it senses an emergency stop, it instantly applies the greatest possible pressure to the brakes, stopping the vehicle in the shortest time possible.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS)

This system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps and unlocking doors after air bag deployment. It also shuts off the flow of fuel to the engine.

ANTILOCK BRAKE SYSTEM

Standard four-wheel disc antilock brakes afford premium stopping power from state-of-the-art electronics that provide faster system response and improved steering.

PARK-SENSE<sup>®</sup> REAR PARK ASSIST<sup>5</sup>

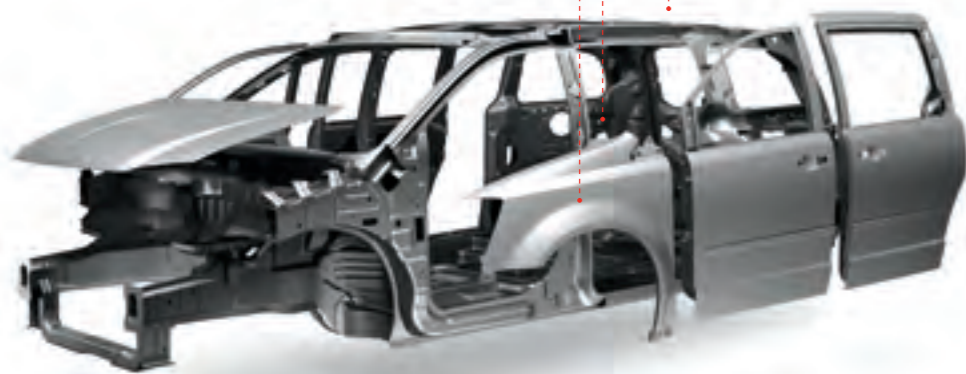

When in reverse, sensors detect the presence of objects within 2 metres (6.5 feet) in the back-up pathway and provide both an audible chime and a visual warning. Available.

TRAILER SWAY CONTROL

This standard system uses sensors to recognize when vehicle or trailer motion is occurring that is not the result of steering input. The system then corrects the sway by applying brake pressure on alternating wheels.

PARKVIEW<sup>®</sup> REAR BACK-UP CAMERA<sup>5</sup>

This available system displays an accurate visual reference of what is behind your vehicle when in reverse. It includes on-screen grid lines to show the proximity of the vehicle to obstacles.

# 100 YEARS OF **DODGE**

One hundred years ago, the first Dodge vehicle was introduced ... and the roads have never been the same since. Dodge was, and still is, a brand that stands for standing out. A brand with the inherent belief that your vehicle should move you in more ways than one. This is Dodge.
