Inspired Performance®

AN INSPIRED PAST. A VISIONARY FUTURE.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that is unleashed in your heart when every obsessive detail is focused on thrilling your senses. We at Infiniti are continually expanding that experience, offering more vehicles with more exclusive features and technology. We invite you to be part of the new era of luxury we are revealing to the world.

PASSION'S NEW PROMISE

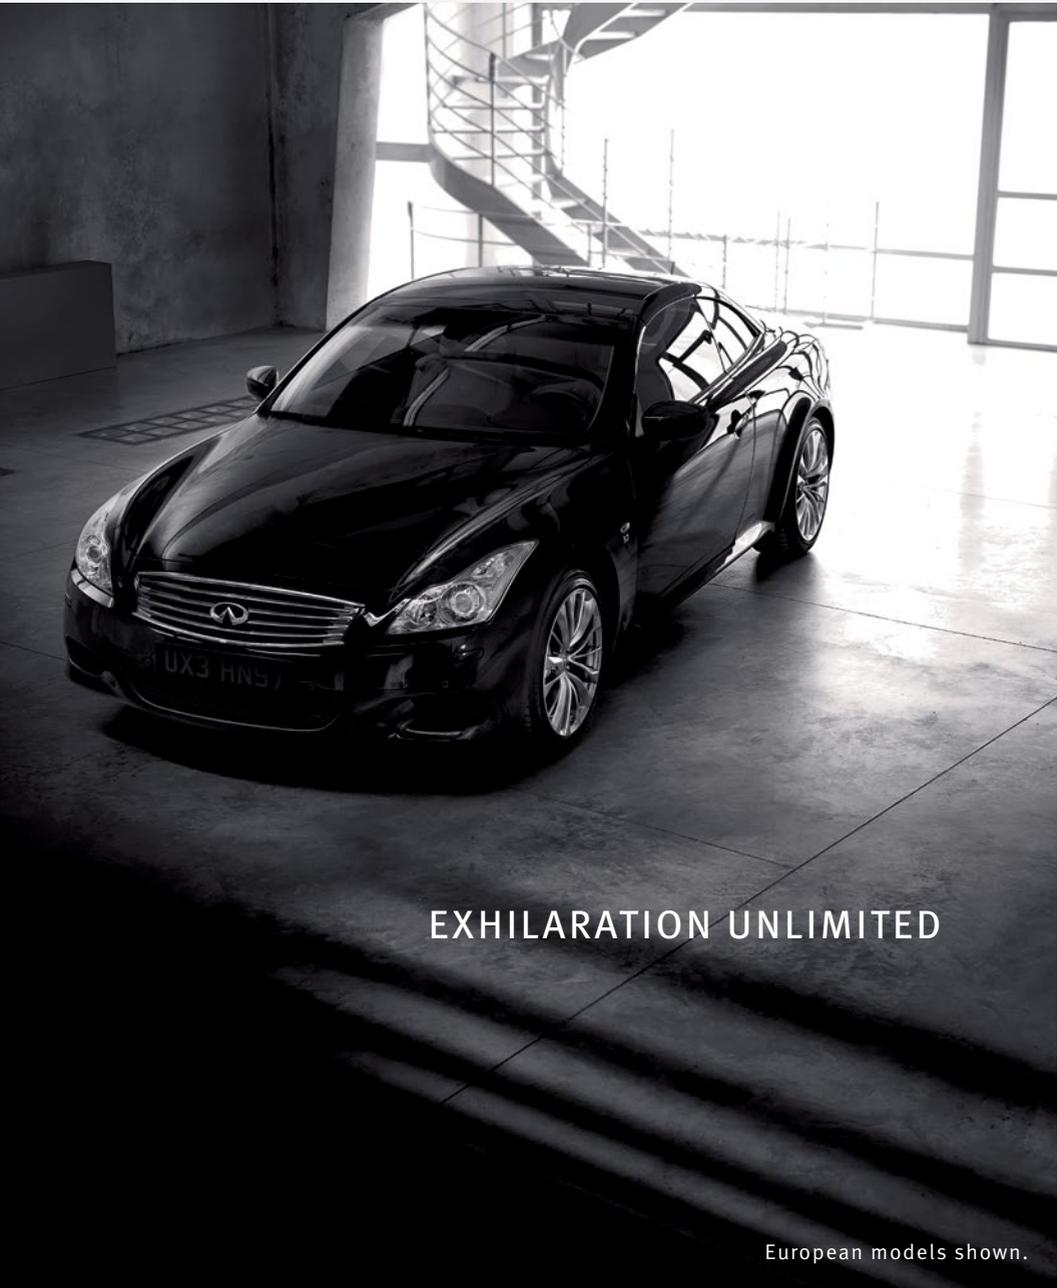

#### Q50

Be known. Be liberated. Be driven. Revel in your desire for sensory delights and a luxury focused on feel, and discover all the all-new Infiniti Q50 has to offer. It delivers them with the advanced intensity of the 360-horsepower Q50 Hybrid<sup>1</sup> and multiple world's-first technologies. **Infiniti InTouch™<sup>2</sup>** incorporates apps you use every day and new levels of vehicle customization into an alluring dual-touchscreen interface. That customization also extends to the performance with the world's-first **Direct Adaptive Steering™<sup>1</sup>** which allows you to adjust the steering sharpness to suit your needs or desires.

EXHILARATION UNLIMITED

European models shown.

#### Q60 COUPE

Exhilaration exudes from the Infiniti Q60 Coupe, as it connects you thrillingly to the driving experience. It features a **sport-tuned suspension**<sup>1</sup> and a 330-horsepower V6 engine with **Variable Valve Event and Lift** (VVEL<sup>®</sup>) technology, which delivers a constant swell of acceleration and excitement.

[www.infiniti.ca](http://www.infiniti.ca)

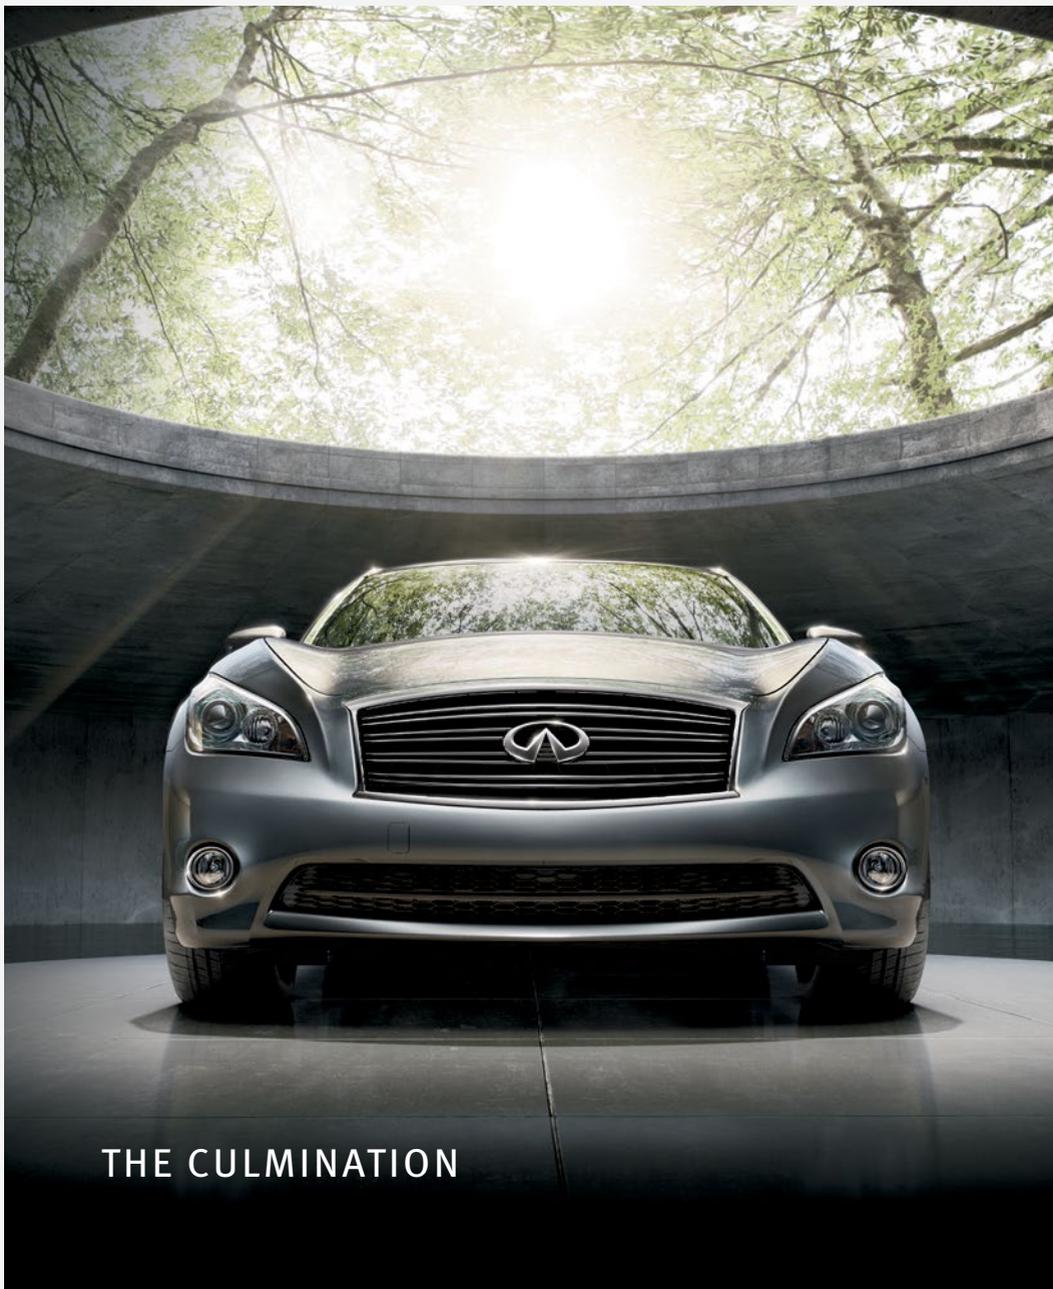

#### Q60 CONVERTIBLE

Put the **3-piece retractable hardtop** down, and open new ways to enjoy the 325-horsepower V6 engine of the Infiniti Q60 Convertible. The available **Bose<sup>®</sup> Open Air Sound System** adjusts its 13 speakers, including four in the headrests, to ensure exceptional clarity even with the top down.

## THE CULMINATION

### Q70

Step beyond the conventional promises of luxury. The Infiniti Q70 will thrill your senses with features like White Ash silver-powdered wood trim and **Intelligent All-Wheel Drive**<sup>1</sup> that melds sporty handling with control. You'll also experience the harmonious, natural rejuvenation of the **Forest Air**<sup>®</sup> system with **Breeze Mode**<sup>1</sup>.

[www.infiniti.ca](http://www.infiniti.ca)

## INFINITI DIRECT RESPONSE HYBRID<sup>®</sup>

Efficiency or exhilaration—Infiniti doesn't ask you to choose. The intensity with which the unique 1-motor, 2-clutch configuration of the Infiniti Direct Response Hybrid<sup>®</sup> System<sup>1</sup> delivers power sets it apart from all other hybrid systems available. It powers the Infiniti Q70 Hybrid as well as the new QX60 Hybrid and Q50 Hybrid, both of which are also available with Infiniti Intelligent All-Wheel Drive. All Infiniti hybrids offer remarkable fuel efficiency while maintaining an engaging driving experience.

### ENGINE OFF

When driving the Infiniti Q50 Hybrid or Q70 Hybrid in electric drive mode, the gasoline engine turns off completely and disengages—preserving power that might be lost to friction. Under the right circumstances, the powerful electric motor can maintain surprisingly high speeds, all while burning no fuel at all.

### ENGINE ON

When you need the strength of the gasoline engine, the Q50 Hybrid and Q70 Hybrid turn it on and engage it almost instantaneously to combine its power with the electric motor. And unlike the vague, detached drive of most hybrids, the Infiniti Direct Response Hybrid<sup>®</sup> unleashes power in an immediate rush.

### NEXT-GENERATION BATTERY

Reinventing the luxury hybrid requires a battery that defies conventional limitations. The lithium-ion battery of the Infiniti Direct Response Hybrid<sup>®</sup> System achieves more power density than nickel-metal hydride batteries. It's also lighter and more compact.

EMBRACE THE REWARD

### QX50

From busy cities to weekend escapes, the Infiniti QX50 fits you and your environment perfectly. Its 325-horsepower V6 engine provides smooth responsiveness, while its luxurious, *leather-trimmed interior* offers exceptional utility. The **Around View<sup>®</sup> Monitor<sup>1,3</sup>** offers a virtual bird's-eye view of your surroundings as you park.

[www.infiniti.ca](http://www.infiniti.ca)

### QX60

It can captivate with its design, its luxury and with the power of possibility. The Infiniti QX60 seats 7 with the **multi-mode second row** that tilts and glides 140 mm (5.5 in) forward and rearward. It also offers **Backup Collision Intervention<sup>1,4</sup>**—a world's first—which can help you avoid vehicles behind you as you reverse.

#### QX70

Choose to live more boldly. A crossover with **sports-car-like design** and soul, the Infiniti QX70 is intensity personified. It offers a powerful V6 engine or a 5.0-litre V8 producing 390 horsepower! Its handling is sharpened with **Continuous Damping Control**,<sup>1</sup> which adjusts the suspension for a more intimate connection to the road.

[www.infiniti.ca](http://www.infiniti.ca)

#### QX80

The pinnacle of the Infiniti brand. The ultimate in space, capability and luxury. The Infiniti QX80 has it all. Powered by a 400-horsepower V8, and the continually adjusting **All-Mode™ AWD**, it is ready for virtually any terrain. Helping you conquer urban landscapes, the **Around View® Monitor**<sup>3</sup> gives you a virtual 360° view when you park.

## PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula 1™, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing and become, in recent years, the most dominant force on track.

Our synergistic relationship with Infiniti Red Bull Racing is one that promises thrilling new performance capabilities for both Formula 1™ and Infiniti vehicles. This includes the appointment of 3-time Formula 1™ Drivers' World Champion, Sebastian Vettel, as our Director of Performance. Sebastian has already aided in the development of the all-new Infiniti Q50—harnessing his supreme driving senses and passion for performance to ensure this new vehicle is as dynamic as possible. Now, future Infiniti vehicles will be imprinted with his greatness.

## ADVANCING YOUR CONFIDENCE

The Infiniti Safety Shield® concept—our comprehensive approach to safety—layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.

**Backup Collision Intervention<sup>1,4</sup>** is a visionary technology that extends your awareness and your confidence. It scans the area behind your car, and—as you back up—it's designed to warn you if it detects rear cross-traffic and large stationary objects. It's even engineered to brake for you to help you avoid them.

**Blind Spot Intervention<sup>9,15</sup>** helps increase your sense of well-being by using radar to watch carefully for danger you may not see. If it detects a vehicle in the blind spot area, it warns you, and is engineered to intervene to help you avoid a collision.

**Active Lane Control™<sup>6</sup>** is a world's-first technology that uses a camera to detect lane markers. It's engineered to work in concert with the Direct Adaptive Steering™ to compensate for a sloping road or crosswind to help you hold the centre of the travel lane with less effort and fewer corrections.

**Lane Departure Prevention<sup>1,7</sup>** watches road markings with a camera and is designed to subtly apply brakes to help keep your vehicle from unintentionally drifting from the traveling lane when you haven't signaled. Traffic may surround you, but so will confidence.

**Intelligent Brake Assist<sup>1,8</sup> with Forward Collision Warning<sup>1,9</sup>** uses a sensor to continuously monitor and analyze your closing speed to the vehicle ahead of you, helping detect an imminent collision. It alerts the driver and—if needed—is engineered to automatically engage the brakes to help reduce the impact speed.

**Infiniti Advanced Airbag System<sup>1,10</sup>** puts an array of airbags between you and an impact, including dual-stage front supplemental airbags that are engineered to adjust inflation rates based on the severity of the crash and seat belt usage.

It is subject to change and does not constitute an offer, representation or warranty (express or implied) by Infiniti a Division of Nissan Canada Inc. Interested parties should confirm the accuracy of any information in this brochure as it relates to a vehicle directly with Infiniti a Division of Nissan Canada Inc., before relying on it to make a purchase decision. Infiniti a Division of Nissan Canada Inc., reserves the right to make changes, at any time, without prior notice, in prices, colours, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. For additional information on availability, options or accessories, see your Infiniti retailer or contact Infiniti a Division of Nissan Canada Inc.

1 Available on select models. 2 Late availability. Driving is serious business. Only use InTouch™ Apps services when safe to do so. Subscription Agreement required. Compatible smartphone required. Not all app features are available for all models – check [www.infiniti.ca/InfinitiInTouch](http://www.infiniti.ca/InfinitiInTouch) for details. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. Cellular network not available in all areas. Cellular network, apps, and services, including Google Services, are provided by independent companies not within Infiniti's control. Should provider terminate/restrict service, service may be terminated without notice or liability to Infiniti and/or its agents. Infiniti not responsible for any equipment or app replacement/upgrades, or associated costs, that may be required for continued operation. Terms and conditions of Subscription Agreement apply. 48-month trial period starts the later of vehicle sale date or app launch date; subsequently a paid subscription is required at the then current rate. See retailer for details. Standard text rates and/or data usage may apply. 3 Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. 4 Backup Collision Intervention will not detect every object, and speed limitations apply. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. 5 Blind Spot Intervention System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. 6 Active Lane Control cannot prevent accidents or loss of control. It is the driver's responsibility to stay alert, drive safely, keep the vehicle in the traveling lane and be in control of the vehicle at all times. It may not detect the lane markers in certain roads, weather or driving conditions. 7 The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. They will not prevent loss of control. See your Owner's Manual for more details. 8 Intelligent Brake Assist is not a collision avoidance system. It may not provide warning or braking in certain conditions. Never rely solely on Intelligent Brake Assist. 9 Forward Collision Warning is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. Always drive safely. 10 Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details.
