

2014 JEEP® CHEROKEE

Jeep®

Meet every road and trail with a strength of character that
delivers ultimate all-weather confidence.

Perfectly sized to perform with sophisticated, efficient skill, the all-new Jeep® Cherokee
goes far and wide with its legendary Jeep 4x4 DNA.

Engineered to excel on all terrain, Cherokee invites the adventurer in you to get out
and experience the best of all worlds.

{ FREE YOURSELF }

BEST-IN-CLASS^{(1)*} 4x4 CAPABILITY

CLASS-EXCLUSIVE⁽²⁾ 9-SPEED AUTOMATIC TRANSMISSION

TWO NEW, IMPRESSIVELY EFFICIENT ENGINES

BEST-IN-CLASS TOWING CAPABILITY⁽³⁾

AWARD-WINNING UCONNECT™ TECHNOLOGY

HANDS-FREE COMMUNICATION WITH BLUETOOTH® STREAMING AUDIO⁽⁴⁾

WORLD-CLASS INTERIOR CRAFTSMANSHIP

THREE NEW 4x4 SYSTEMS

JEEP® SELEC-TERRAIN® TRACTION SYSTEM

NEW JEEP CARGO MANAGEMENT SYSTEM

NEW 7-INCH CUSTOMIZABLE IN-CLUSTER DISPLAY CENTRE

OFFERS OVER 70 SAFETY AND SECURITY FEATURES

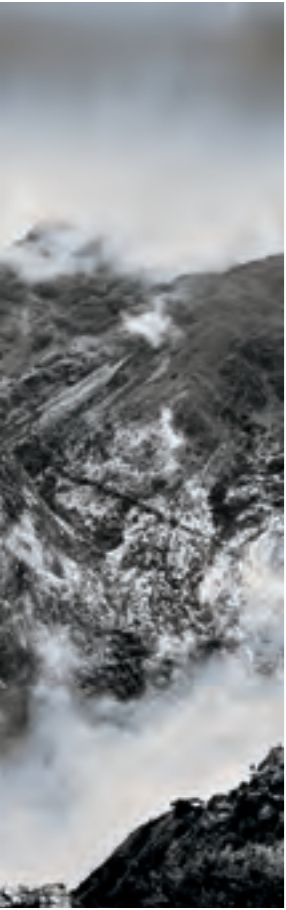

10 STANDARD AIR BAGS⁽⁵⁾

NEW SELEC-SPEED® CONTROL

PARALLEL AND PERPENDICULAR PARK ASSIST⁽⁶⁾

LANESENSE™ LANE DEPARTURE WARNING⁽⁶⁾

Note: All disclaimers and disclosures are located on page 23.

CLASS-EXCLUSIVE⁽²⁾ 9-SPEED AUTOMATIC TRANSMISSION. It's all about driving comfort, refinement and efficiency. Shift modes are determined by intelligent software that monitors engine torque as well as kick-down, acceleration, and road grade changes.

2.4L TIGERSHARK™ MULTIAIR® I-4 ENGINE. It delivers impressive fuel economy as low as 6.4 L/100 km (44 mpg) highway* and arrives as standard issue in the all-new 2014 Cherokee. From its fully isolated aluminum head cover with an integrated oil separation system to its high-pressure, die-cast aluminum block, the new Tigershark engine was engineered to deliver a quiet and refined ride. Plus, for those with dreams of heading for aggressive off-road destinations, it takes its 184 hp and 171 lb-ft of torque and crushes it down to a boulder-pounding crawl ratio of 56:1 when paired with the available Jeep® Active Drive Lock 4WD system on the Trail Rated® Cherokee Trailhawk®.

3.2L PENTASTAR™ VVT V6 ENGINE. This new available workhorse is engineered for those who require efficient performance combined with strong muscle. Demanding drivers will appreciate its 271 hp, 239 lb-ft of torque and fuel efficiency as low as 7.0 L/100 km (40 mpg) highway.*

BEST-IN-CLASS TOWING⁽³⁾ Take your best toys with you with Best-in-Class towing⁽³⁾ when your Cherokee is equipped with the new, 3.2L Pentastar VVT V6 engine and the available Trailer Tow Group.

TOWING DATA, KG (LB), 4x2/4x4

2.4L I-4	907 (2,000)
3.2L V6	907 (2,000)
3.2L V6 with Trailer Tow Group	2,041 (4,500)

This all-new, class-exclusive⁽²⁾ transmission has gear shifts that are virtually imperceptible, helping to create one of the most luxurious rides available in a mid-size SUV.

Acclaimed for its unique and efficient valve-lift system, the Tigershark MultiAir I-4 engine incorporates a column of oil that helps deliver precise control of intake valve events.

Quiet, smooth stealth is the hallmark of the 3.2L Pentastar VVT V6 engine, thanks in part to its integrated exhaust manifold, high-compression-ratio pistons and variable-displacement oil pump.

*See page 22 for full details.

Every Cherokee with 4x4 is equipped with a Jeep® Selec-Terrain® traction system, giving you the power to tackle even the toughest roads.

You'll have up to five settings that deliver ultimate driving stability. There are up to 12 vehicle systems managed, including throttle control, transmission shifting, transfer case, traction control, and Electronic Stability Control⁽⁷⁾ (ESC). Choose from up to five sure-footed modes: Auto, Snow, Sport, Sand/Mud and available Rock.

AUTO In this mode, Selec-Terrain does all the work for you, automatically adjusting vehicle dynamics to best suit the road ahead. To help ensure optimal efficiency, the rear driveline automatically disconnects as well.

SNOW Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteer. Major systems auto-engaged and managed in this mode include antilock brakes and traction control.

EXPLORE THE WONDERS OF THE WORLD AS YOU SEE FIT.
The authentic 4x4 capability of Jeep® Cherokee takes you to places others only dream of reaching.

SAND/MUD Maximize low-speed traction by allowing additional wheel slip via specifically tuned chassis controls, differentials and transmission ratios that are geared to successfully tackle sand and mud.

EXPLORE THE WONDERS OF THE WORLD AS YOU SEE FIT.
The authentic 4x4 capability of Jeep® Cherokee takes you to places others only dream of reaching.

SELEC-TERRAIN®

ROCK (Available) This mode delivers Trail Rated® 4WD Low capability thanks to its rear-differential locking element. This permits serious off-road manoeuvring, allowing you to crawl over rugged terrain at appropriately safe speeds.

Choose from Auto, Snow, Sport, Sand/Mud and available Rock.

SPORT Feeling like having a little more fun on winding country roads? Select this mode and you're automatically tuned to handle a more aggressive driving style.

TRAILHAWK® TRAIL RATED® CAPABILITY

APPROACH ANGLE*	29.9°
BREAKOVER ANGLE	22.9°
DEPARTURE ANGLE	32.2°
WATER FORDING DEPTH ⁽⁸⁾	508 mm (20 in.) @ 8 km/h
GROUND CLEARANCE	220 mm (8.7 in.)

*Front lower fascia removed.

{ YES, IT CAN }

TRAIL RATED® TRAILHAWK®

CURRENCY OF CAPABILITY

Introducing a new species designed to rise above. Jeep® Cherokee Trailhawk arrives with Best-in-Class 4x4 capability⁽¹⁾ accolades, ready to take you to new heights.

THE TRAIL RATED TRAILHAWK arrives at the top, ready to conquer the most challenging environments with ease. No other mid-size SUV can match its 4x4 capability,⁽¹⁾ thanks to the standard Jeep Active Drive Lock 4WD system with a locking rear differential and two-speed power transfer unit.

Trailhawk also includes protective skid plates and signature red tow hooks – two in the front and one in the rear.

Trailhawk is equipped with Selec-Terrain®, the Jeep brand's renowned traction management system that allows the driver to choose from five customized traction modes: Auto, Snow, Sport, Sand/Mud and Rock. Selec-Terrain electronically coordinates and optimizes up to 12 vehicle systems for optimal control in all weather and road conditions. It also provides a driveline neutral switch for towing.

Every Jeep vehicle bearing a Trail Rated badge is designed and built to Go Anywhere, Do Anything® and perform with exceptional 4WD capability. It must successfully pass five performance test categories:

TRACTION

Trail Rated traction helps maintain controlled forward motion on snowy back roads and icy bridges, climb steep sand dunes and master muddy two-tracks.

ARTICULATION

When one or more wheels are elevated, the Jeep 4x4 system helps the other wheel(s) maintain ground contact longer to help you move steadily ahead. Suspensions enhance off-road performance by maximizing flexibility, axle articulation and wheel travel.

MANOEUVRABILITY

Precision steering and optimized wheelbase allow for expert navigation at all times.

GROUND CLEARANCE

Clear logs, rocks and uneven ground thanks to optimal approach, departure and break-over angles.

WATER FORDING⁽⁸⁾

Additional electrical and body seals, plus a high air-intake location, let you traverse bodies of water up to 508 mm (20 inches) deep.

SELEC-SPEED™ Trailhawk also comes with Selec-Speed control which helps tackle off-road climbs and hill descents with aplomb. Press the Control button to engage an array of integrated systems, including Electronic Stability Control⁽⁷⁾ (ESC), helping your vehicle maintain a target speed of 1 to 8 km/h while driving over obstacles and on uphill, level and downhill surfaces. This lets you focus on steering while navigating challenging situations.

It's more than a new way of looking at the world,
it can take you to a new world altogether.

Travelling to destinations with the confidence that only a Jeep® brand SUV can deliver,
the 2014 Jeep Cherokee connects you with award-winning Uconnect™
technology and a fully luxurious interior that offers plenty of room to move.

Opt for the CommandView® dual-pane panoramic sunroof
and passengers in all rows will get more from every adventure, everywhere you go.

Every sculpted inch of the all-new Jeep® Cherokee interior has been thoughtfully designed to offer versatile convenience and absolute beauty. Choose from five luxurious interiors offered in sumptuous Nappa leather-faced trim or premium cloth. Soft-touch surfaces are always within reach, adding even more to Cherokee's upscale appeal. Options abound, including heated and ventilated front seating for added warmth and cooling, and a heated steering wheel for welcome relief in the cold of winter. Choose the available Cold Weather Group that packages chill-ending features together for one-stop shopping.

When the temp takes a dive you'll stay safe and warm with the Cold Weather Group and its bundle of nicely packaged features. The remote start lets you preheat (or precool) the cabin. The windshield wiper de-icer helps maintain a clear view of the road ahead. The heated leather-wrapped steering wheel and heated front seats work to take the chill away, and all-weather floor mats offer protection from slushy footwear. Heated outside mirrors are also included.

Convenience meets utility with a centre console that bears two cup holders that accept 355-mL cans and 1.5-litre bottles. Front-seat passengers access a side-saddle console cubby that can hold books and tablets.

An optional wireless charging pad is concealed within the centre console. Nearby, an integrated phone docking station and USB, SD, auxiliary input and power port outlets give Cherokee the tech-savvy leading edge.

EVERYTHING IN PLACE

- Overhead storage
- Upper instrument panel storage bin
- Cubby below radio
- Driver lower-left cubby
- Media centre storage
- Saddle storage
- Extra-large glove box
- Passenger-side map pocket
- Driver's-side map pocket
- 2 centre-console cup holders
- 2 levels of storage in the centre console
- Front passenger under-seat cushion storage
- Map pocket on backside of driver's seat
- Rear door map pockets
- Jeep® Cargo Management System
- Rear quarter-trim storage
- Rear under-floor cargo area storage
- 2 rear-seat armrest cup holders

UTILITY WITH PURPOSE. The exclusive Jeep Cargo Management System adds handy hooks and a removable grocery bag as well as many innovative and thoughtful add-on storage solutions, including a first aid kit, cargo bins, a foldable cooler and more. Accessories are available through Mopar®.

BRILLIANT VERSATILITY

FUN WITH PURPOSE. It's the little and not-so-little surprises that add to the fun factor of Cherokee's functional interior landscape. Let's talk about storage spaces — there are 18 cubbies, pockets and bins throughout, giving you plenty of spots to store phones, computers, tablets, maps, gaming devices — you get the idea. Flip up the floor of the rear cargo area and you'll find three levels (depending on vehicle configuration) of rear cargo under-floor storage systems, each with an integrated storage tray to store your treasures. Look up above the rearview mirror and there's a handy spot to keep your sunglasses. Option the fold-flat front-passenger seat for another secret spot that's revealed when you simply flip up the seat cushion.

CONFIGURE WITH PURPOSE. You have plenty of options when it comes to carrying a combination of people and cargo. The 60/40 split-folding rear seats can travel up to 152.4 mm (6 in) fore or aft for adjustable legroom flexibility. When the entire rear bench is folded, you have a nearly flat surface and approximately 1554 litres (54.9 cu ft) of room. Cherokee can easily be configured to your liking, allowing you to haul luggage, boxes, golf clubs, ski equipment and so much more.

With the award-winning and intuitive Uconnect™ multimedia centre, you're always connected, informed and entertained. You can also use your voice to control nearly every feature hands-free⁽⁴⁾ with the latest available voice recognition technology.

VOICE COMMAND.⁽⁴⁾ Use your voice to select AM/FM radio stations, SiriusXM® Satellite Radio⁽⁹⁾ channels, make and receive calls, choose navigation⁽¹⁰⁾ destinations or set cabin temps. This smart technology can understand commands in English, French and Spanish. Standard.

NAVIGATION.⁽¹⁰⁾ Uconnect employs GPS navigation for audible turn-by-turn directions, and detailed 3D maps help to ensure you arrive on time. The NAV is integrated into your in-cluster display centre and on the multimedia centre touch-screen display so you can see directions front and centre.

PHONE/TEXT. Plans can change en route. Safely spread the word with a hands-free⁽⁴⁾ phone call or use your voice to reply to a text message using one of 18 preformatted text replies. You can pair up to eight Bluetooth® enabled phones. Standard.

ENTERTAINMENT. With SiriusXM Satellite Radio,⁽⁹⁾ you get every channel available on your satellite radio, along with the freedom to listen anywhere with SiriusXM Internet Radio. With Instant Replay you have the ability to Pause, Replay, Rewind and Fast-forward live audio channels. SiriusXM also features Favourite Artist/Song giving you the ability to "save" the current artist or song into memory and allow the radio to alert you when that artist or song is playing on other channels.

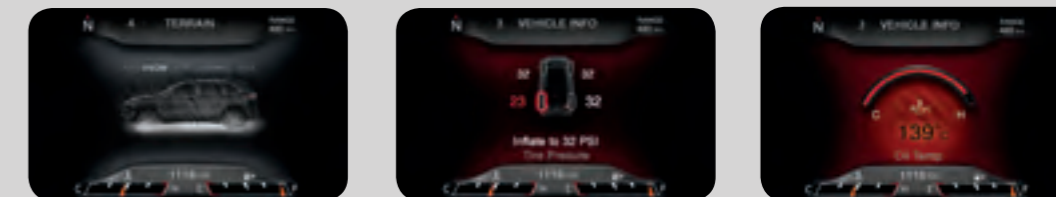

FULL-COLOUR 8.4-INCH
TOUCH SCREEN

7-INCH CUSTOMIZABLE
IN-CLUSTER
DISPLAY CENTRE

The fingertip controls for this available feature are on your steering wheel and can instantly scroll you through a rich selection of vehicle data. This vast array of information is displayed on the 7-inch customizable in-cluster display centre that's within clear view. Standard on Trailhawk® and Limited models.

PEACE-OF-MIND SAFETY & SECURITY

This guardian keeps consistent watch over you and yours. Over 70 standard and available safety and security features add to Cherokee's brave stewardship, including:

10 STANDARD AIR BAGS⁽⁵⁾ Your sense of security is fully met with an all-around air bag system. Full-length side-curtain, driver and front-passenger inflatable knee blocker air bags, seat-mounted side for front and rear occupants, side thorax and advanced multistage front air bags all work in tandem to help provide protection. Standard.

ELECTRONIC STABILITY CONTROL (ESC)⁽⁷⁾ A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should they detect you're veering off your intended path. ESC coordinates Electronic Roll Mitigation (ERM), antilock brake system (ABS) and Brake Assist, All-Speed Traction Control and Trailer Sway Control (TSC), sending them into action when needed. Standard.

RAIN BRAKE SUPPORT. Wet pavement can prove challenging to safe travel. This system automatically helps maintain optimal braking by keeping brake rotors dry in rainy conditions, with assistance from the ESC.⁽⁷⁾ Standard.

ELECTRONIC ROLL MITIGATION (ERM). As an extension of ESC,⁽⁷⁾ ERM employs ESC sensors to anticipate potential risk situations. If things get rough, ERM takes immediate action to help you maintain stability and remain under control. Standard.

TRAILER SWAY CONTROL (TSC). Crosswinds and traffic hold no sway over you and your payload. As part of ESC,⁽⁷⁾ TSC helps keep you and the toys you are towing safely on course. Standard.

KEYLESS ENTER 'N GO.TM This feature allows you to keep your key fob in your pocket or purse, leaving your hands free to quickly open the door, take a seat, push a button and head out for fun. Available.

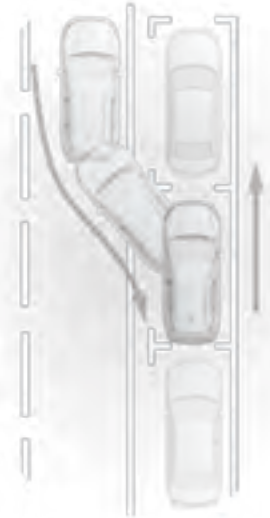

Cherokee delivers exceptional peace of mind with a hero's heart — a strong foundation constructed with 65 percent high-strength steel.

INDEPENDENCE FORGES QUIET STRENGTH. New front and rear independent suspension systems are designed with high-strength lightweight steel and aluminum, helping to deliver a ride free of unwanted noise, vibration and harshness (NVH). Premium nimble travel is achieved with the help of front MacPherson struts, renowned for their strength and stability. The overall design uses multiple load support pathways, additionally increasing Cherokee's passive safety performance. Cherokee's new front suspension cradle is fine-tuned to help improve efficiency, thanks to high-pressure die-cast aluminum construction. The system's stiff suspension cradle helps inhibit road noise in the cabin, contributing to an exceptionally quiet interior.

TESTED AND TUNED TO PERFORM. An extraordinary ride requires exacting calibration on many fronts. Cherokee engineers accrued thousands of kilometres gauging on- and off-road ride and handling over rural roads, thoroughfares, and highways. A solid, stable and premium ride with precise steering and handling is the result, with a nimble 11.61-m (38.1-ft) turn circle.

ADVANCED SAFETY & SECURITY

Slip into parking spaces with ease. Available Parallel and Perpendicular Park Assist takes control of steering angles, while the driver remains safely in control of the brake and accelerator.

PARALLEL AND PERPENDICULAR PARK ASSIST⁽⁶⁾ This active guidance system uses ultrasonic sensors on the bumper to easily guide you into a parking space, hands-free. The driver controls the gear position, brake and accelerator. Includes Park-Sense[®] Front and Rear Park Assist sensors. Available.

ADAPTIVE CRUISE CONTROL PLUS⁽⁶⁾ Take the guesswork out of keeping a safe distance from the car ahead while cruising on the highway. This system automatically adjusts cruising speed to maintain a preset distance between you and the vehicle in front of you and can bring Cherokee to a complete stop without driver intervention in certain circumstances. Available.

FORWARD COLLISION WARNING WITH MITIGATION⁽⁶⁾ Radar sensors detect when Cherokee may be approaching another vehicle too rapidly and send an audible and visual alert to the driver along with a brake jerk if the driver does not react in time. The warning and limited braking are intended to provide the driver enough time to react and avoid a potential collision. Available.

LANESENSE[™] LANE DEPARTURE WARNING⁽⁶⁾ The vehicle lane position is monitored by cameras. Should the driver drift too far outside of lane boundaries or if the driver's hands are off the wheel, the system provides a visual warning as well as a slight steering-wheel jerk, encouraging the driver to keep within lane boundaries. Available.

BLIND-SPOT MONITORING⁽¹¹⁾ AND REAR CROSS-PATH DETECTION⁽¹²⁾ These sentry systems constantly monitor the space between you and other drivers. When a side or rear blind spot is encroached, you're notified via illuminated icons on sideview mirrors or an audible chime. Available.

Configure the warning zone points in the available LaneSense to suit your driving style through personalized settings in your vehicle's radio.

SERVICE CONTRACTS. Chrysler Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Chrysler Canada Service Contracts offer extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge, and Ram retailer, call (800) 465-2001, or visit chryslercanada.ca/owners

WARRANTIES. 2014 Chrysler, Jeep, Dodge, and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance.* SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres.* Rust-through coverage on all body sheet metal is for 3 years. The Cummins® Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.* The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance.*

*Whichever comes first. Some conditions may apply. †The 5-year/100,000-kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

DISCLAIMERS. (1) Best-in-Class 4x4 capability based on Jeep Cherokee offering 2-speed power transfer unit (PTU) with rear locking axle, exclusive Jeep Selec-Terrain with 5 settings (including snow or rock), and industry first: fully disconnecting drive-line, BIC approach angle, departure angle, ramp breakover angle. (2) Based on Jeep's "Mid-Size SUV" sub-segmentation based on 13MY cross shop activity: Ford Escape, Honda CR-V, Hyundai Santa Fe Sport (5 pass), Subaru Forester, Toyota RAV4, Chevrolet Equinox, GMC Terrain, Hyundai Tuscan, Toyota Venza and Kia Sorento. (3) Based on Jeep's "Mid-Size SUV" sub-segmentation based on 13MY cross shop activity: Ford Escape, Honda CR-V, Hyundai Santa Fe Sport (5 pass), Subaru Forester, Toyota RAV4, Chevrolet Equinox, GMC Terrain, Hyundai Tuscan, Toyota Venza and Kia Sorento. When properly equipped. (4) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. Preset text messages require a MAP enabled phone. (5) The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (6) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. (7) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice, and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. (8) Do not attempt water fording unless depth is known to be less than 51 cm (20-inches). Traversing water can cause damage that may not be covered by new vehicle warranty. Always off-road responsibly in approved areas. (9) Requires SiriusXM Radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca (10) Never program while driving. GPS mapping or available 3D navigation may not be detailed in all areas or reflect current road regulations. (11) Always check visually for vehicles prior to changing lanes. (12) Always check entire surroundings before manoeuvring your vehicle. (13) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (14) Not compatible with all garage door openers. (15) Additional fees will apply for dealer activated navigation.
