# RVR

## EXPAND YOUR HORIZONS

Anywhere you choose to go, from the urban jungle to navigating an all-new weekend adventure, the award winning 2014 RVR's exceptional capability and advanced features, like the available All-Wheel Control, deliver a sporty, multi-capable driving experience. A sleek, modern look whose impressive, sculpted lines exude go-anywhere confidence with unmistakable style. The RVR redefines the compact crossover with an advanced DOHC MIVEC all-aluminum block engine that delivers 148 horsepower, and responsible innovations like eco-friendly fuel consumption that's easier on both the environment and your budget. On board, leading-edge technology and award-winning safety innovations all result in empowering RVR owners to take on any road, anytime with confidence.

### OUTSTANDING FUEL EFFICIENCY

**6.3 L**  
100KM HWY  
RVR SE MT FWD

6.3 litres per 100km is exceptional. The RVR's highly efficient yet powerful 2.0L MIVEC engine, coupled with strong yet lightweight materials and aerodynamic design, delivers one of the best fuel-efficiency ratings in its class. Easier on your budget – and the environment.

## HIGH-PERFORMANCE COMFORT

Designed to stand out, the 2014 RVR's stylish interior is equipped with powerful technology right at your fingertips. Experience sophisticated available features like SD navigation system with Diamond Lane Guidance™, One-Touch Start/Stop Button, rear view camera, and FAST-Key keyless entry system that lets you unlock your car and drive away without ever taking your keys out of your pocket or purse. The RVR's spacious interior is designed for maximum comfort for 5 adults, with available leather or premium cloth seats that each offer an unforgettable view out the impressive panoramic glass roof. Equally impressive is the Rockford Fosgate® high-performance audio system that pumps out a mind-blowing 710 watts of crystal-clear sound through nine, specifically tuned speakers, including a 10" subwoofer further refined through a digital signal processor, and speed compensated volume and equalization. Add 6 months' pre-paid SiriusXM® Satellite Radio to the mix and you have a world of audio entertainment designed for maximum enjoyment.

## BLUETOOTH™ 2.0 HANDS-FREE CELLULAR PHONE INTERFACE WITH STREAMING AUDIO AND USB INPUT

Designed to keep you connected and entertained; anywhere, anytime – safely. The RVR's integrated Bluetooth™ 2.0 hands-free cellular phone interface is designed to do just that. The system utilizes advanced voice recognition technology coupled with steering wheel mounted buttons for safer hands-free operation. Easily plug in and connect your iPod®, or MP3 player with the available USB audio to enjoy your music in a premium quality format. Standard on the SE/SE AWC and GT AWC models.

The Bluetooth™ word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Mitsubishi is under license. ©2013 Sirius XM Canada Inc. "SiriusXM", the SiriusXM logo, channel names and logos are trademarks of Sirius XM Radio Inc. and are under license.

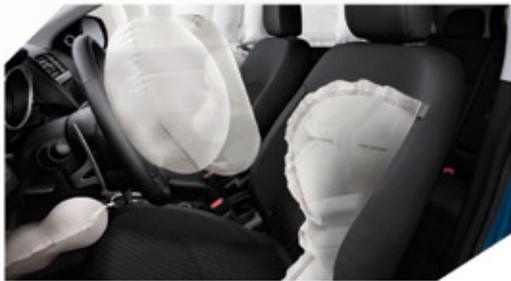

## WORLD-CLASS SAFETY & VERSATILITY

The RVR is designed with your lifestyle and your needs in mind – with a powerful combination of great performance and industry-leading capabilities. It's a versatile crossover with an ample cabin for you and your passengers, and cargo space designed for the real world. Jump in the RVR and feel protected by unmatched safety innovations like Reinforced Impact Safety Evolution (RISE) collision-absorbing structure technology, advanced child safety systems, comprehensive 7-airbag active protection or the 4-Wheel Anti-Lock Braking System (ABS) with Active Stability Control (ASC), Electronic Brake-Force Distribution (EBD), Brake Assist System (BAS) and Brake Override System (BOS). Our passion to make your driving experience even safer continues with Mitsubishi's revolutionary All-Wheel Control (AWC). In any weather, on any kind of surface, AWC keeps you in complete command of the road. It all adds up to the comfort and confidence of owning one of the safest and most enjoyable crossovers on the market. The RVR is engineered to have your back no matter where you choose to go and versatile enough to go wherever life's journeys take you.

### REAL-WORLD CARGO ROOM

You have a busy lifestyle and the RVR's generous cargo space is designed to keep up with your changing needs. Whether it's shopping in the city or a cross-country trip. With up to 1,402L of fully usable cargo area, the RVR is designed to give you the space you need now and in the future.

### COMPLETE PROTECTION

The 2014 RVR is engineered to keep you and your passengers safe and secure, with features like a standard 7-airbag safety system that consists of dual front airbags, front seat-mounted side airbags and side curtain airbags, plus a driver's side knee airbag. From any angle, the RVR has you covered.

### SAFE DRIVING, ANYTIME

With our changing road and weather conditions the RVR gives you a high standard of driving control with Anti-lock Braking System (ABS) featuring Electronic Brake-Force Distribution (EBD) to help you stay in full control under hard braking. Working together, these two technologies vary the distribution of braking force between front and rear to ensure that you can stop quickly while greatly lessening the chance of wheel lockup, giving you exceptional control and handling even in extreme conditions.

**ABS**

### ONE TOUCH – FULL CONTROL

One touch of a button and the RVR can handle any driving conditions that come your way. You select your desired driving mode and the RVR's Electronically Controlled All-Wheel Control (AWC) does the rest. Drive in 2WD mode for everyday dry pavement conditions, or easily switch on the fly to 4WD AUTO mode when conditions become wet and slippery. Leaving the setting in 4WD AUTO allows the RVR to take charge and lets the system automatically choose between 2WD and 4WD for you. Full control and a safe driving experience, all at the touch of a button.

### CHOOSE YOUR DRIVE

The RVR offers both a racing-bred 5-speed manual for a more traditional driving experience and Mitsubishi's ground-breaking Continuously Variable Transmission technology (CVT). CVT is an advanced automatic transmission that provides more useable power, better fuel economy and a smoother driving experience than a traditional automatic.

## PANORAMIC GLASS ROOF WITH LED ILLUMINATION

The RVR delivers brilliantly with a roomy, light-filled interior whose panoramic roof lets in the best of the great outdoors. By day, let the outside in with the RVR's popular panoramic glass roof. Retract the sunshade to reveal a full-size glass roof panel that extends over the front and rear seats, providing a truly unique vista for your passengers. At night, add a cool ambiance to your drive with LED illumination. Available on the GT AWC.
