CORVETTE

CHEVROLET

Corvette Z06 Coupe in Velocity Yellow Tintcoat (extra-cost colour) with available Z07 Performance Package and other features (foreground). Corvette C7.R race car (background).

**A STUNNING ARGUMENT
AGAINST THE ORDINARY.**

It's been called "stunning," "cultivated," even "astonishing." The acclaimed Corvette Stingray takes on all challengers, with the prowess, aesthetic impact and fine craftsmanship worthy of the Stingray name.

But we didn't stop there.

Introducing the all-new 2015 Corvette Z06. Featuring advanced technologies, a race-proven bloodline and a supercharged engine, Z06 thrusts Corvette deep into supercar territory. You'll find it at the intersection of Le Mans and the Autobahn.

FIND NEW ROADS™

EXTERIOR DESIGN

1

2

3

PROVOCATIVE FORM FOLLOWS PRECISION-FOCUSED FUNCTION.

1. Corvette Stingray Coupe in Arctic White with available features.
2. Signature four-element tail lamps feature state-of-the-art LED lighting and functional aircraft-style air outlets for the available differential and transmission coolers.
3. Frosted indirect high-intensity discharge headlamps are framed by edge-lit amber LED turn signals and Carbon Flash housings.

IT'LL NEVER FLY. A functional hood extractor directs hot air from the grille up through the forward-tilted radiator and out of the engine compartment to increase downforce at high speeds.

Corvette Stingray Coupe in Arctic White with available features.

AESTHETIC IMPACT. Every part of the Corvette Stingray exterior is shaped to enhance high-performance driving. Data from the Corvette Racing program was used to help balance front and rear grip.

STRONGER, LIGHTER CARBON FIBRE. Rigid, race-car-inspired carbon fibre and carbon-nano-composite underbody panels reduce weight to achieve optimal handling, balance and acceleration.

OPEN-TOP COUPE. The Stingray Coupe can also become an open-top vehicle, with a carbon-fibre roof panel so light just one person can remove it and stow it in the trunk. Available removable roof panel options include: body colour, visible carbon fibre and transparent.

WORLDWIDE APPLAUSE. Stingray was named the 2014 North American Car of the Year and won praise around the world for its beauty and precision. Edmunds.com also recognized the 2014 Stingray as a "Top-Rated Vehicle" in its class.

HOW DO YOU TOP A STINGRAY?

Corvette Stingray Convertible 3LT
in Blade Silver Metallic with available
Z51 Performance Package and
Atlantic Design Package.

COUPE OR CONVERTIBLE? You decide. To some drivers, the Convertible Stingray is the only Stingray. Both models use an identical rigid, lightweight aluminum frame structure.

PUSH-BUTTON TOP AND TONNEAU COVER. The Convertible features a fully electronic top that can be lowered even while driving at speeds up to 50 km/h, and when stationary, remotely using the key fob. With the top up, a premium design ensures maximum sound absorption for a quiet cabin. And when you decide to put the top down, it hides beneath a body-colour tonneau cover that flows down in a stunning “waterfall” between the seats.

KEEPING COOL WITH Z51. Available on Coupe and Convertible, the Z51 Performance Package includes dual brake ducts that transport air from the front grille through the wheelwells to effectively cool the front brakes and expel heat. This reduces brake fade and optimizes stopping performance.

NEW ZF1 APPEARANCE PACKAGE. Giving the provocative Stingray exterior even more visual impact is the new-for-2015 ZF1 Appearance Package. Available on Stingray Coupe and Convertible without the Z51 Performance Package, ZF1 includes 19-in. front and 20-in. rear wheels and the Z51 rear spoiler.

A wide-angle photograph of the interior of a Corvette Stingray Convertible 3LT. The car is finished in a rich tan leather, known as Kalahari. The view is from the driver's side, looking towards the front passenger seat. The dashboard, center console, and door panels are all wrapped in this leather. The steering wheel is black with the Corvette logo in the center. The instrument cluster features two analog gauges and a digital display. The center console has a gear shifter and handbrake. The passenger seat is visible on the right, showing its side bolsters and stitching. The text "INTERIOR DESIGN" is in the top left, and "ZERO COMPROMISES. ZERO SHORTCUTS." is on the right side of the dashboard area.

INTERIOR DESIGN

ZERO COMPROMISES.
ZERO SHORTCUTS.

Corvette Stingray Convertible 3LT
interior in Kalahari with available features.

DRIVER-ORIENTED COCKPIT. Illuminated by innovative digital features and intelligent driver controls, the Stingray cockpit is a stunning change from your typical interior scenery. An ingenious available colour Head-Up

Display complements the two customizable 203 mm (8-in.) colour LED screens. The colour centre screen has an entertainment interface and is a highly intuitive retractable, tablet-inspired touch-screen.

HAND-STRETCHED LEATHER. Napa leather, available on the 3LT trim level, is a testament to the finely crafted Stingray interior. Free from imperfections, its natural grain dismisses the notion of synthetic textures. The 3LT also

includes a hand-stretched, leather-wrapped instrument panel swathed and sewn to meticulous fit and finish, while lightweight aluminum accents adorn the doors, pedals, shifter and cockpit instrumentation.

AUTHENTIC MATERIALS. Every detail of the Stingray interior is imbued with a deep respect for authentic materials. Real aluminum. Available carbon fibre. Leather hand-selected and crafted to adorn a new generation of elegance.

GRAND TOURING SEAT. The standard GT seat begins with a lightweight magnesium frame and cradles the driver for optimal comfort and support. Precision hand-stitching hugs each and every contour. The 3LT trim level offers Grade A Napa leather or available sueded microfibre inserts.

COMPETITION SPORT SEAT. The available Competition Sport seat provides maximum support for cornering, with more pronounced side bolsters designed for high-performance driving on the track. Upgrade with available sueded microfibre seat inserts, gearshift and steering wheel.

PRECISE COMFORT. The passenger air vent includes an interior temperature control and indicator, plus controls for the available heated and ventilated seats. In every detail, this interior is designed for total comfort.

INNOVATIVE TECHNOLOGIES FOR A CUSTOMIZABLE DRIVING EXPERIENCE.

1. An available colour Head-Up Display projects critical data into the driver's line of sight.
2. The retractable, tablet-inspired colour touch-screen provides information at a glance.
3. Customizable gauge cluster is optimized for each driver mode.

¹ Visit onstar.ca for coverage maps, details and system limitations. Services and connectivity may vary by model and conditions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement (including software terms). OnStar acts as a link to existing emergency service providers. After the trial period (if applicable), an active OnStar service plan is required.

THE CONNECTED CORVETTE. Stingray offers available OnStar® with 4G LTE¹ and a built-in Wi-Fi® hotspot. Our strong signal means you have a reliable connection. This provides you and your co-pilot the ability to seamlessly connect up to seven mobile devices to the Internet², giving you the freedom to roam while connected.

CHEVROLET MYLINK³ The system features a retractable 203 mm (8-in.) diagonal colour touch-screen. Using steering wheel-mounted controls, hand gesture recognition and voice recognition capabilities, you can take calls and receive Text Message Alerts⁴ hands-free, stream music services like Stitcher SmartRadio^{®5} plus access a broad range of functions including OnStar¹ and SiriusXM Satellite Radio^{™6}. Other features include available 3-D navigation maps, an SD card reader, an auxiliary input jack and Bluetooth[®] wireless technology. Your favourite music and phone calls are crystal clear, thanks to the Bose[®] Premium audio system.

² Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ³ Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit MyLink.Chevrolet.ca for more details. ⁴ Requires compatible smartphone with Bluetooth profile (M.A.P.) and applicable text messaging features. ⁵ Data plan rates apply. ⁶ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1.877.209.0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca.

Corvette Stingray 3LT interior in Jet Black with available features.

ENGINEERED TO LEAVE NOTHING BEYOND YOUR CONTROL.

LIGHTER, MORE RIGID, MORE PRECISE.

One-third the weight of steel, the latest-generation Corvette aluminum space frame is 45 kilograms (100 pounds) lighter and 57% more rigid than its steel predecessor.

OPTIMIZED POWERTRAIN. The 6.2L LT1 V8 engine boasts 460 horsepower¹ and 465 lb.-ft. of torque,² plus 0-96 km/h (0-60 mph) times of 3.7 seconds³. Compact engine design lowers the hoodline and vehicle centre of gravity.

THREE-PART POWER. A trio of innovative technologies rarely seen in any elite sports car – Direct Injection, Variable Valve Timing and Active Fuel Management[®] – combine revolutionary power with fuel efficiency.

Direct Injection achieves maximum combustion efficiency, Variable Valve Timing optimizes camshaft timing, and Active Fuel Management seamlessly deactivates four cylinders when cruising at constant speeds to help save fuel.

CHOOSE YOUR ADVENTURE. An available all-new 8-speed paddle-shift automatic transmission offers smooth control with quick, precise shifts that rival its dual-clutch competitors. Plus, there's a manual mode for a higher level of driver control.

IN COMMAND. The standard 7-speed manual transmission is an equally brilliant complement to the LT1 V8. The rear transaxle location enables a near 50/50 vehicle weight balance. Intelligent sensors anticipate gear selections

and match engine speed for smooth transitions during both upshifts and downshifts. Active Rev Matching enhances the driving experience by simulating heel-toe shifting perfection at the touch of a switch.

¹ 455 horsepower with standard engine. 460 horsepower with available dual-mode performance exhaust. ² 460 lb.-ft. of torque with standard engine. 465 lb.-ft. of torque with available dual-mode performance exhaust. ³ When equipped with available Z51 Performance Package and 8-speed paddle-shift automatic transmission. Based on GM testing.

Z51 PERFORMANCE PACKAGE

TRACK CAPABILITY. The available Z51 Performance Package features race-proven technologies: Electronic Limited-Slip Differential promotes improved stability and responsiveness. A dry-sump oil system delivers oil through high g-force cornering.

MAGNETIC RIDE CONTROL.¹ Available third-generation Magnetic Ride Control technology stiffens the suspension for high-performance driving without sacrificing a smooth ride.

Z51 PERFORMANCE PACKAGE. This package includes specific gear ratios, shocks, springs, stabilizer bars and larger front brakes with slotted rotors. Also included are 19-in. front and 20-in. rear wheels and tires for razor-sharp response.

PERFORMANCE TRACTION MANAGEMENT. With this system (included and only available with Magnetic Ride Control), five separate settings of torque reduction and brake intervention facilitate maximum grip on the road for more confident driving.

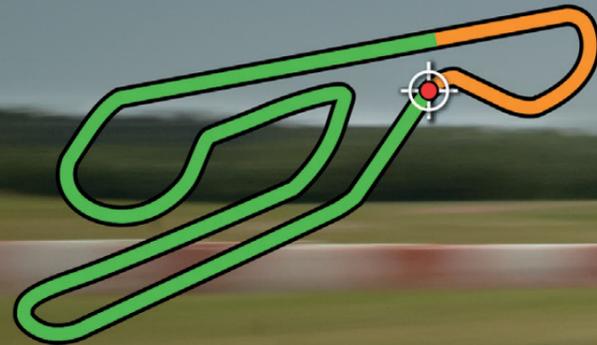

DRIVER MODE SELECTOR. Choose from five distinct driver modes – Weather, Eco, Tour, Sport and Track – which electronically calibrate up to 12 performance variables so you can customize your Stingray or Z06 for any road.

TRACK-PROVEN. TRACK-READY. Track mode is designed for legitimate race settings. Launch control provides maximum off-the-line acceleration. Steering effort and Magnetic Ride Control¹ damping adjust to provide maximum responsiveness. Performance Traction Management² is enabled. Throttle

progression optimizes for track performance. Gauge configuration offers a GTLM (GT Le Mans) Corvette Racing-inspired display complete with shift lights and lap timer. The lap timer is linked to the available Performance Data Recorder, if equipped.

¹ Available with Z51 Performance Package. Standard on Z06. ² Included with available Magnetic Ride Control. Standard on Z06.

GPS Tracking Map

117
km/h

CAPTURE THE EXCITEMENT. Record, share and analyze your driving experiences on and off the track with the available industry-exclusive Performance Data Recorder (PDR). Add an extra dimension to your drive by logging video of your drives, along with

real-time performance data, onto an SD memory card stored in the glovebox. Four modes allow you to capture video, audio (except in Valet Mode), driving stats, date and time, and a lot more.

ANALYZE YOUR DRIVE. Data is captured using a seamlessly integrated, windshield-mounted HD camera module, as well as a performance processor, internal accelerometers and a GPS system. Play your video back on a computer or tablet, or relive your drive right

inside your Corvette (when stopped, of course) on the 203 mm (8-in.) diagonal touch-screen. You can even analyze your driving technique using Cosworth Toolbox software that can be downloaded from the Corvette website.

FOUR SELECTABLE OVERLAY MODES. Track Mode overlays the maximum level of data onto your drive video, including speed, rpm, throttle and braking, g force, location-based track map, lap times and more. Sport Mode shows fewer details, but includes key data

such as speed and g force. Performance Mode records 0-96 km/h (0-60 mph) acceleration, quarter-mile speed and elapsed time, as well as 0-160-0 km/h (0-100-0 mph) runs. For everyday driving and scenic road trips, Touring Mode has no data overlay.

VALET MODE. Keep tabs on your Corvette when you're not the driver by setting the PDR to Valet Mode, which can record outside forward video and data.

**“YOUR ROAD-LEGAL
C7.R IS READY.”**

— ROAD & TRACK

Corvette Z06 Coupe in Velocity Yellow Tintcoat (extra-cost colour) with available Z07 Performance Package.

CLOSE LINK. The all-new Z06, codeveloped with the Corvette C7.R race car, is the fastest, most powerful production Corvette ever. With the available Z07 Performance Package and 8-speed paddle-shift automatic transmission, Z06 will sprint to 96 km/h (60 mph) in 2.95 seconds and complete the quarter-mile in 10.95 seconds!

SHARED ALUMINUM FRAME. The ultra-high-strength, lightweight aluminum frame used for Stingray and Z06 formed the basis for the Corvette C7.R race car frame – only minor modifications were made, including the addition of the mandated roll cage.

TENACIOUS GRIP. Z06 is further differentiated from the Stingray with wider flared fenders that accommodate larger, wider wheels and tires for more grip, enabling Z06 equipped with the available Z07 Performance Package to achieve 1.2 g. Larger vents enhance air flow to the engine, brakes, transmission and differential for increased track capability.

The aerodynamic packages generate incredible downforce for cornering grip and stability. The rear fenders have been widened by 80 mm and the front by 56 mm, creating a more aggressive stance and enhanced handling. Plus, Z06 comes standard with larger Michelin® Pilot® Super Sport ZP summer-only tires.²

650-HP SUPERCAR. Z06 is powered by the 6.2L LT4 supercharged aluminum V8 delivering 650 horsepower and 650 lb.-ft. of torque. It incorporates an efficient next-generation supercharger,³ as well as a dry-sump oil system and titanium intake valves and connecting rods for reduced mass.

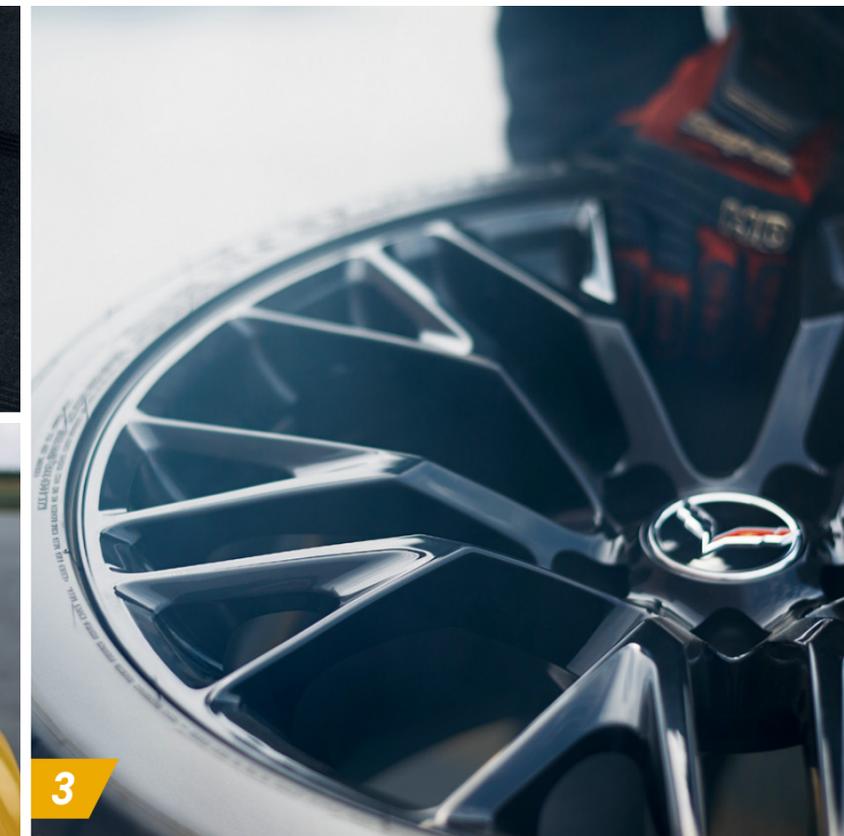

THE TECHNOLOGIES OF EFFICIENCY. While advanced engine technologies enable supercar performance, Corvette engineers have managed to improve LT4 fuel efficiency by leveraging the same trio of advanced technologies introduced on the Corvette Stingray powertrain: Direct Injection,

Active Fuel Management and continuously Variable Valve Timing. Z06 is available with either a 7-speed manual transmission with Active Rev Matching or a new 8-speed paddle-shift automatic.

¹ Based on GM testing. ² Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer for details. ³ The Z06 supercharger is more efficient and more compact than the previous Eaton TVS supercharger found on the 2013 Corvette ZR1.

Corvette Z06 Coupe in Velocity Yellow Tintcoat (extra-cost colour) with available Z07 Performance Package.

RACE-PROVEN DETAILS AND THE FIRST-EVER Z06 REMOVABLE ROOF PANEL.

1. A carbon-fibre hood strips away weight, lowering the vehicle's centre of gravity. And, for the first time, Z06 features a removable carbon-fibre roof panel.
2. A re-engineered drivetrain cooling duct provides 50% more airflow than Stingray.
3. Grip the road with standard Michelin® Pilot® Super Sport ZP summer-only tires!

1 Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer for details.

ENTHUSIAST'S DREAM. CORVETTE Z06 IS THE FIRST 600-PLUS-HORSEPOWER SUPERCAR AVAILABLE IN COUPE AND CONVERTIBLE WITH A CHOICE OF PADDLE-SHIFT AUTOMATIC OR MANUAL TRANSMISSION.

1. Every surface of the Z06 interior is covered with premium materials, including available Napa leather, aluminum, carbon fibre and sueded microfibre.
2. Choose from the GT seat or the Competition Sport seat (shown), which provides greater support on the track.

STANDARD AND INCREMENTAL EQUIPMENT

CORVETTE STINGRAY 1LT
6.2L LT1 V8 engine with Direct Injection, Variable Valve Timing and Active Fuel Management
Engine oil cooler
Oil life monitoring system
Aluminized stainless steel exhaust with 3-in. polished stainless steel tips
7-speed manual transmission with Active Rev Matching and launch control
4-wheel disc brakes with ABS and Panic Brake Assist
Dark Grey Metallic-painted brake calipers
Active Handling System and traction control
Speed-sensitive electric variable-ratio power rack-and-pinion steering
4-wheel independent sport suspension
Aluminum frame structure
Xenon® High-Intensity Discharge (HID) headlamps and upper LED daytime running lamps with exterior automatic lamp control
Carbon-fibre hood with rear opening for engine access
Carbon-fibre removable roof panel, painted body-colour (Coupe)
Full power top with remote activation, includes glass rear window with integral defroster (Convertible)
Heated, power exterior mirrors
Capless fuelling
Run-flat summer-only performance tires ³
5-spoke aluminum wheels in Sterling Silver
Rear vision camera
Power hatch/trunk release
Keyless access system with push-button start
Content theft alarm
Frontal and side-impact airbags ⁴ for driver and passenger with Passenger Sensing System
Driver Information Centre with reconfigurable 203 mm (8-in.) diagonal colour display; includes trip/fuel information, vehicle information, vehicle settings and driver mode settings for Tour, Sport and Track modes
Tire pressure monitoring system

CORVETTE STINGRAY 1LT (CONTINUED)
Driver Mode Selector with 5 modes
Dual-zone automatic climate controls with exterior temperature display, air filtration and pollen filter
Power windows with express-down/–up feature and programmable door locks with lock-out protection
Power tilt and telescopic adjustable steering column
Cruise control
3-spoke leather-wrapped steering wheel-mounted Bluetooth®, cruise, audio system and Driver Information Centre controls
Leather-wrapped shift knob
Lighting: Courtesy, cargo and glovebox
Retained accessory power
Frameless interior rear-view mirror
Storage: Electric locking glovebox, centre console and rear compartments with cover
Illuminated visor vanity mirrors for driver and passenger
GT bucket seats with power 8-way driver and passenger adjusters
Perforated Mulan leather seating surfaces
Floor console with two covered cupholders, two auxiliary power outlets, two USB ports; ⁵ SD card reader, auxiliary input jack and storage
Premium carpeted floor mats
Chevrolet MyLink® Radio infotainment system with 203 mm (8-in.) high-resolution colour touch-screen display with motorized power up/down and hidden storage, smartphone integration, Bluetooth audio streaming, Siri Eyes Free, ⁷ Text Message Alerts; ⁸ Gracenote® database and voice recognition
9-speaker premium Bose® audio system
SiriusXM Satellite Radio™ ⁹
USB port ⁵
Bluetooth hands-free phone connectivity and wireless audio streaming
OnStar ¹⁰ with 6 months of the Directions & Connections Plan featuring Turn-by-Turn Navigation and OnStar RemoteLink® ¹¹
OnStar 4G LTE ¹⁰ with Wi-Fi® hotspot capability. ¹²

CORVETTE STINGRAY 2LT In addition to or replacing 1LT features, 2LT includes:

Heated, power exterior mirrors with driver-side auto-dimming feature
Advanced theft-deterrent system
Colour-keyed console and door armrests
Colour Head-Up Display (HUD) with readouts for Tour mode, Sport mode, Timing mode and Track mode with g-meter, vehicle speed and engine rpm
Frameless auto-dimming interior rear-view mirror
Heated and ventilated bucket seats with power bolster and lumbar adjusters
Driver-side 2-position Memory Package
Luggage compartment convenience net
Luggage compartment shade (Coupe)
Universal home remote 3-channel programmable transmitter
10-speaker Bose Centerpoint® surround sound system.

CORVETTE STINGRAY 3LT In addition to or replacing 2LT features, 3LT includes:

Chevrolet MyLink® Radio with Navigation and 3 trial months of SiriusXM NavTraffic™ ⁷
Performance Data Recorder
Custom Leather-Wrapped Interior Package includes colour-keyed instrument panel, upper door trim panels and console storage cover
Sueded Microfibre-Wrapped Upper Interior Trim Package includes sueded microfibre headliner, visors, trim above windshield and rear window cover, A-pillar trim and area around quarter window (Coupe); sueded microfibre visors, trim above windshield and rear-window cover and A-pillar (Convertible)
Napa leather seating surfaces.

¹ Based on GM testing. ² With available Z07 Performance Package. ³ Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer for details. ⁴ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and the child safety seat instructions for more safety information. ⁵ Not compatible with all devices. ⁶ Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit MyLink.Chevrolet.ca for more details. ⁷ Requires available Chevrolet MyLink and compatible iPhone running iOS 6 or later. ⁸ Requires a compatible smartphone with Bluetooth profile (M.A.P.) and applicable text messaging features. ⁹ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1.877.209.0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca. ¹⁰ Visit onstar.ca for coverage maps, details and system limitations. Services and connectivity may vary by model and conditions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement (including software terms). ¹¹ Available on select Apple, Android, BlackBerry and Windows devices. Requires an active OnStar service plan. Services vary by device, vehicle, conditions and the type of service plan you have. Please visit onstar.ca/mobile for vehicle availability, system limitations and further details. ¹² Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations.

- 5-year/160,000 km¹ Powertrain Component Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge
- 5-year/160,000 km¹ Courtesy Transportation
- 5-year/160,000 km¹ 24/7 Roadside Assistance
- 6-year/160,000 km¹ rust-through perforation coverage
- 8-year/130,000 km¹ coverage on catalytic converters and Powertrain Control Modules (PCMs)
- OnStar with the Directions & Connections Plan for 6 months³
- OnStar Basic Plan⁴ for 5 years on most Chevrolet vehicles – includes RemoteLink Key Fob Services to remotely start and lock/unlock your vehicle and activate your horn and lights from anywhere. Plus, get OnStar Vehicle Diagnostics⁵ and Dealer Maintenance Notification to make service scheduling simple. For Emergency and Advisor-based services, check out our additional available plans.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS⁶

- GM Protection Plan (GMPP) – the only extended service plan backed by the resources and commitment of General Motors. GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period.
- Chevrolet Certified Service – to help your Chevrolet vehicle live up to its performance promise, Chevrolet Certified Service – found exclusively at your Chevrolet dealer – is there. With all the engineering excellence in your vehicle, GM-trained technicians have the expertise to care for all of it.
- Chevrolet Owner Centre – as an owner, take advantage of the Chevrolet Owner Centre. This online owner's destination gives you access to contests, current offers and the latest driving and maintenance tips. Find out more at chevroletowner.ca.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE

- Purchase Financing and Leasing – on-the-spot financing; see dealer for full details.⁷
- GM Student Bonus Program – students or recent graduates of high school, college or university⁷ may be entitled to receive a Student Bonus Vehicle Redemption Allowance of \$500 or \$750⁸ (tax inclusive) (purchased vehicle dependant) to use towards the purchase, lease or finance of one eligible new Chevrolet vehicle.
- The GM Card – GM cardholders may redeem up to \$3500 GM Card[®] Earnings (subject to Vehicle Redemption Allowances) towards the Total Purchase Price on eligible new GM vehicles⁹. For full program details, please visit thegmcard.ca.

INFORMATION RESOURCES

You can find more information about these programs from your Chevrolet dealer, or at these information centres:

- The Chevrolet website at chevrolet.ca
- The Customer Care Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

¹ These wheels are paired with summer-only tires. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer for details.

¹ Whichever comes first. Additional conditions and limitations apply. See dealer for details. ² Limit of four complimentary Lube-Oil-Filter services in total. Fluid top-offs, inspections, tire rotations, wheel alignments and balancing, etc., are not covered. ³ Visit onstar.ca for coverage maps, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. After the trial period (if applicable), an active OnStar service plan is required. ⁴ The OnStar Basic Plan is available for 5 years from the date of delivery of the eligible new 2015 Model Year vehicle and is transferable. It includes OnStar Vehicle Diagnostics (capabilities vary by model), Dealer Maintenance Notification and access to RemoteLink Key Fob Services (available on select Apple, Android, BlackBerry and Windows devices). Please visit onstar.ca/mobile for more details. The OnStar Basic Plan does not include any Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, live Advisor service, or Hands-Free Calling. These and other services are available under a paid plan. See OnStar User Terms and Privacy Statement (including software terms) for more details. If you sell your vehicle or wish to cancel use of Basic Plan services, you must contact OnStar at 1.888.4.ONSTAR (1.888.466.7827). ⁵ Capabilities vary by model. Visit onstar.ca for details and system limitations. ⁶ Conditions and limitations apply. ⁷ Subject to eligibility. ⁸ Program subject to change.
