

2015 CHRYSLER TOWN & COUNTRY

*design  
your life*  
*and we'll get you there*

THE STORY OF OUR TOWN & COUNTRY. Let Town & Country help you tell your story and live the life you design every day. Since the ride there and those who come along are just as important as where you're going, we made sure you had the vehicle to do it — without asking you to make any compromises in comfort, safety, technology or versatility. With ingenious features and fine attention to detail, you may never get asked again "how much longer till we get there," but you will get asked "how much longer till we get to go again." With your Town & Country, it's completely up to you.

# *class-leading<sup>1\*</sup> innovation*

Town & Country Limited shown in Black.

## THESE ARE THE DAYS TO CELEBRATE.

Luxury need not come at the expense of practicality. The Stow 'n Go® seating and storage system folds and stows the second- and third-row seats into in-floor storage bins, allowing you to go from seven-passenger seating to two-passenger seating, or any combination in between without removing a seat. The standard Super Console features large, covered storage areas accessible by both first- and second-row passengers, a power outlet for charging media devices that is within easy reach, and four cup holders — two that can accommodate up to one-litre bottles.

## TOWN & COUNTRY LIMITED.

With its own unique level of sophistication and Canada's most luxurious minivan,<sup>1</sup> Town & Country Limited offers premium features like Nappa leather-faced seating and a class-exclusive<sup>1</sup> wood/leather-wrapped heated steering wheel. Additional technology and safety features offered include the Uconnect® 430 multimedia centre with 6.5-inch touchscreen, Keyless Enter 'n Go™ with proximity entry, Blind-Spot Monitoring with Rear Cross-Path Detection,<sup>2</sup> heated front- and second-row seats — the list just goes on and on.

## INDUSTRY-EXCLUSIVE DUAL INDEPENDENT BLU-RAY™/DVD ENTERTAINMENT.

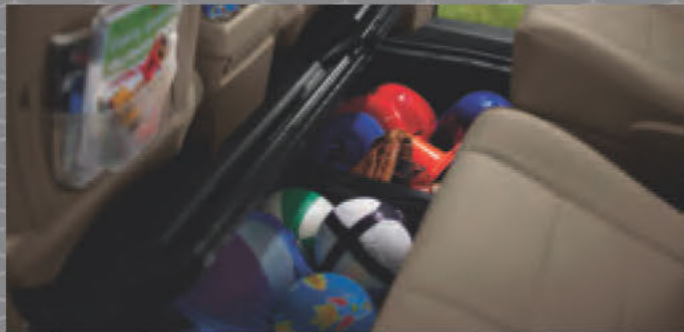

Let this premium entertainment system help keep your passengers occupied. With two independent high resolution nine-inch VGA screens, Blu-ray/DVD compatibility and game console inputs, the kids don't have to settle on just one thing to watch or play. The video system can be operated from the rear-seat entertainment unit, including High-Definition Multimedia Interface (HDMI) connectivity and two USB ports. The overhead rail system includes storage for items like the wireless headphones and remote control.

<sup>1</sup>All disclaimers and disclosures can be found on page 17.

## THE INDUSTRY'S MOST INNOVATIVE PASSENGER AND CARGO VEHICLE

With 81 possible configurations, the Town & Country makes the most of moments together, and doesn't sacrifice luxury for versatility. With all seats stowed, the Town & Country yields a flat cargo floor and 4,072 litres of space for easy loading without ever having to remove a seat. The class-exclusive Stow 'n Place™ Roof Rack System<sup>1</sup> offers additional storage for excess baggage, with the convenience of crossbars that stow into the side rails when not in use.

INDUSTRY-EXCLUSIVE  
**STOW 'N GO**

### HIDDEN FROM THE OUTSIDE WITH EASY ACCESS ON THE INSIDE.

When the seats are in their upright position, 180 litres of in-floor storage bin space affords you the room for a multitude of items. Each compartment is constructed of quiet steel to ensure a peaceful ride. With the most concealed storage in its class,<sup>1</sup> your bring-it-along options are impressive.

### ONE MOTION.

The simple second-row Super Stow 'n Go® system folds the head restraint down automatically as the seat tumbles into the floor, revealing what makes Town & Country legendary: full access to its cargo space without having to remove a seat.

### CLASS-EXCLUSIVE POWER-FOLDING THIRD ROW!

The available class-exclusive<sup>1</sup> one-touch power-folding third-row 60/40 split-bench seat folds directly into the floor. This feature also includes obstacle detection to automatically pause if something is detected in its path of motion.<sup>3</sup>

### CLASS-EXCLUSIVE TAILGATE SEATING!

This ingenious flip option for the third-row seat folds it down over the bumper to create the perfect tailgating bench. You'll gain space to stretch for putting on gear, watching the kids' game or simply enjoying the view from your personal shelter while you stay dry and comfortable.

## INDULGE YOURSELF IN THE COMFORTS OF MODERN TECHNOLOGY

The Town & Country S brings a cool, modern design to top-line equipment tailored for an active, style-minded life. A unique, monotone black interior starts with Torino leather-faced seats with silver accent stitching, embroidered "S" logo and cloth inserts. Piano Black accents are found throughout, and the leather-wrapped steering wheel is adorned with a black-background Chrysler Wing design to match the exterior badging. Additional features include amenities like the Super Console, dual independent Blu-ray™/DVD entertainment, remote keyless entry, hands-free communication,<sup>4</sup> as well as available heated steering wheel, front and second-row seats.

**TOUCHSCREEN MEDIA.** All this luxury is further enhanced by the standard Uconnect® 430 multimedia centre with 6.5-inch touchscreen and SiriusXM satellite radio with one-year subscription.<sup>5</sup> Uconnect is an intuitive hub for all your media needs, allowing you to stay connected, entertained and focused on driving with its available hands-free communication,<sup>4</sup> Bluetooth® streaming audio, voice command technology and integrated Garmin® navigation.<sup>6</sup> Here, innovative amenities, luxurious comfort and everyday convenience merge harmoniously.

**VOICE TEXT REPLY.** With your compatible phone paired to the Uconnect system, the Voice Text Reply<sup>7</sup> feature will announce incoming text messages and read them to you when you press the phone button and say "listen." It also allows you to reply by saying any of the 20 preset responses such as "yes" and "I'm on my way."

KEEPING PACE  
*in style*

---

EXPERIENCE STRENGTH.

Since getting everyone there confidently is the only option, you'll know why it matters to have a vehicle this powerful. Every Town & Country model is powered by the standard 3.6L Pentastar™ V6 engine with Variable Valve Timing (VVT). This award-winning engine boasts best-in-class 283 horsepower and 260 lb-ft of torque, yet efficiently provides up to 9.5 L/100 km highway,\* combining an exceptional blend of high torque, impressive fuel efficiency, low emissions and quiet operation. Additionally, the Town & Country includes a class-exclusive fuel-economizer mode<sup>1</sup> that alters transmission shift patterns to help improve fuel efficiency with the touch of a button.

---

SOPHISTICATED AND SPORTY S MODEL.

The aggressive exterior S styling features a black chrome grille, black-background front and rear Chrysler Wing badges, a black rear fascia step pad, "S" model badging, blacked-out headlamp surrounds and 17-inch Hyper Black aluminum wheels. The performance suspension adds a new level of handling dynamics, yet still provides a comfortable ride that's expected in a luxury vehicle.

---

EXPERIENCE CONFIDENCE.

With towing capacity of up to 1,588 kg (3,500 lb)<sup>8</sup>, a Class II hitch receiver and a 4-pin wiring harness, as well as load-levelling and height control, the available Trailer Tow Group gives even greater options to the already versatile lifestyle that Town & Country has to offer. Trailer Sway Control, part of the standard Electronic Stability Control (ESC)<sup>9</sup> System, recognizes sway unique to trailering, and automatically applies the brakes to individual wheels as needed to help eliminate trailer sway. You'll be assured knowing this system will help keep you and the toys you are towing safely on course and under control.

Town & Country S shown in Black.

\*See page 16 for full details.

## PROTECTING YOU AND YOUR FAMILY

### AIR BAGS!<sup>0</sup>

Advanced multistage front air bags regulate deployment force based on impact. Supplemental front seat-mounted side air bags, a driver's knee blocker air bag, and supplemental side-curtain air bags for front and rear outboard occupants are all part of the comprehensive full-surround air bag system. Standard.

### ACTIVE FRONT HEAD RESTRAINTS!<sup>1</sup>

In the event of a rear-end collision, the head restraints automatically move forward and upward to decrease the space between the head restraint and the occupant's head. Standard.

### TIRE PRESSURE MONITORING SYSTEM.

Individual tire pressure levels are displayed in the instrument cluster and alert the driver when tire pressure is too high or too low. Available.

### POWER SLIDING DOORS AND LIFTGATE WITH OBSTACLE DETECTION.<sup>3</sup>

With the push of a button, in cabin or on the key fob, the dual sliding doors or liftgate open. These power doors automatically halt if obstacles are detected. Standard.

### KEYLESS ENTER 'N GO.<sup>TM</sup>

With the key fob in a pocket or purse, you can automatically unlock the doors and liftgate with the touch of the door handle. This system allows quick access and includes the added convenience of a push-button-start ignition. Available.

### PARK-SENSE<sup>®</sup> REAR PARK ASSIST.<sup>2</sup>

With the vehicle in Reverse, these sensors can detect the presence of objects within 1.9 metres of the vehicle in the back-up pathway and provide an audible and visual warning to notify the driver. Available.

### ENHANCED ACCIDENT RESPONSE SYSTEM.

This system makes it easier for emergency personnel to see and reach occupants in the event of an accident involving air bag deployment by turning on interior lighting, flashing hazard lamps, unlocking doors and shutting off the flow of fuel to the engine once the vehicle has stopped. Standard.

### HIGH-STRENGTH STEEL.

The Town & Country architecture includes strategically placed dual-phase, high-strength and hot-stamped steel, resulting in a strong safety cage that contributes to overall vehicle-impact performance. Standard.

### BLIND-SPOT MONITORING.<sup>2</sup>

This technology has dual radar sensors that constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminated icons on the sideview mirrors and by an audible chime if the turn signal is activated. Available.

### REAR CROSS-PATH DETECTION.<sup>2</sup>

With the vehicle in Reverse, rear sensors warn the driver with an audible chime if cross traffic approaches. Included with Blind-Spot Monitoring.<sup>2</sup> Available.
