DEFY CONVENTION

The 2015 Veloster continues to exceed expectations and redefine one of the most exciting categories in the market. Since winning AJAC's 2012 Best New Design[▲] award, it continues to be strikingly different than any other vehicle on the road. But what really sets the Veloster apart is innovation. A third door for easy rear seat access, a 7" touch-screen multi-media display for ultimate connectivity, and available alloys with colour or chrome inserts. Stand out for all the right reasons.

3 DOORS. 1 SIGNATURE LOOK

The Veloster combines the style of a coupe with the functionality of a hatchback but with an added feature: a third door, to make getting in and out of the rear seat hassle free. The unique look starts with the Hyundai design language, Fluidic Sculpture, and takes inspiration from a high-performance sport bike. This creates stunning features such as the muscular wheel arches, hood scoop detailing, distinctive rear glass hatch and the ultra cool dual centred chrome exhaust tips. This all works to make the Veloster unmistakable and unforgettable.

REBOOT YOUR DRIVING EXPERIENCE

The interior is all about connectivity. The standard 7" touch-screen is the media hub of the Veloster. Jump in and your smart phone automatically syncs with Bluetooth® so you can stream music, download your phone book and take hands-free calls. Use it to help see what's behind you with the available rearview camera, depend on it for navigation (standard on Tech Package and Turbo models), and enjoy it to look at uploaded pictures and play videos. For music, the possibilities are endless. Select playlists from your phone, stream SiriusXM™ Satellite Radio or use the iPod®/USB/Auxiliary inputs. Gracenote® music ID management displays album art, and has voice recognition that allows you to choose your music by artist, album or genre when using your iPod® or iPhone®. The Veloster's interior is an extension of you.
