## CHEROKEE

With Cherokee, you can satisfy your restless desire to explore the world while adhering to your principles for efficient travel. Cherokee's authentic Jeep® brand four-wheel drive delivers best-in-class<sup>1\*</sup> capability and the confidence to take on all-weather, on- and off-road challenges, alike. This award-winning vehicle promises premium materials, exceptional fuel economy and a refined cabin offering an appealing list of standard and available features. The exceptionally smooth ride is thanks to the segment-exclusive<sup>2</sup> 9-speed automatic transmission paired to both the 2.4L Tigershark™ MultiAir® I-4 and the 3.2L Pentastar™ VVT V6. Cherokee makes all points of discovery well within your reach, giving you permission to set any course you desire.

Quiet, smooth stealth is the hallmark of the 3.2L Pentastar™ VVT V6 engine, with its integrated exhaust manifold, high-compression-ratio pistons and variable-displacement oil pump.

Acclaimed for its unique and efficient valve-lift system, the 2.4L Tigershark™ MultiAir® I-4 engine incorporates a column of oil that helps deliver precise control of intake valve events.

Jeep® Cherokee Limited shown in Deep Cherry Red Crystal Pearl

## EFFICIENT AND POWERFUL

### CLASS-EXCLUSIVE<sup>2</sup> 9-SPEED AUTOMATIC TRANSMISSION

It's all about driving comfort, refinement and efficiency. Shift modes are determined by intelligent software that monitors engine torque as well as kick-down, acceleration and road grade changes.

### 2.4L TIGERSHARK™ MULTI-AIR® I-4 ENGINE

It delivers impressive fuel economy as low as 7.7 L/100 km highway\* and arrives as standard issue. From its fully isolated aluminum head cover with an integrated oil separation system to its high-pressure, die-cast aluminum block, the Tigershark engine was engineered to deliver a quiet and refined ride. Plus, for those with dreams of heading for aggressive off-road destinations, it takes its 184 hp and 171 lb-ft of torque and crushes it down to a boulder-pounding crawl ratio of 56:1 when paired with the available Jeep® Active Drive Lock 4WD system on the Trail Rated® Cherokee Trailhawk®.

### 3.2L PENTASTAR™ VVT V6 ENGINE WITH START-STOP TECHNOLOGY

This available workhorse is engineered for those who require efficient performance combined with some extra muscle. Demanding drivers will appreciate its 271 hp, 239 lb-ft of torque and fuel efficiency as low as 8.1 L/100 km highway\*. Economies are further enhanced with the engine's new Start-Stop technology that automatically shuts off the engine as the vehicle brakes to a stop, then seamlessly restarts it when the brake pedal is released.

### BEST-IN-CLASS TOWING<sup>3</sup>

Take your best toys with you with best-in-class towing<sup>3</sup> when your Jeep Cherokee is equipped with the 3.2L Pentastar VVT V6 engine and the available Trailer Tow Group.

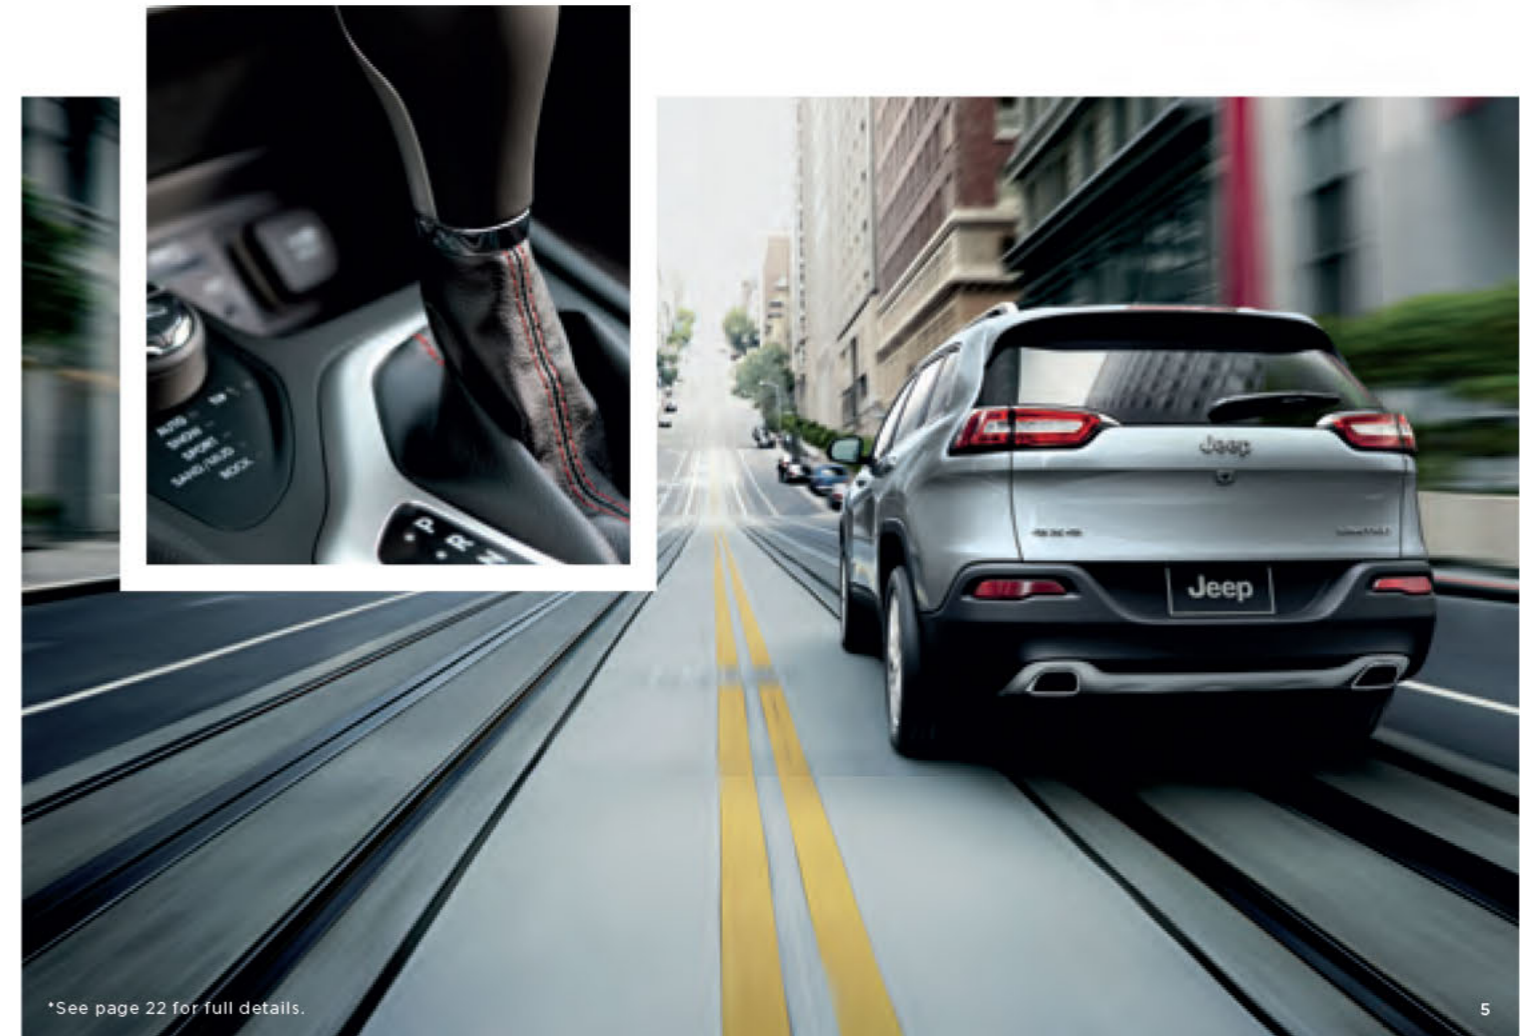

Class-exclusive<sup>2</sup> 9-speed automatic transmission delivers a ride that's powerful, luxurious and exceptionally smooth with gearshifts that are all but imperceptible, helping to create one of the most luxurious rides available in a mid-size SUV.

# SELEC-TERRAIN® TRACTION MANAGEMENT SYSTEM

Every 4x4 Cherokee is equipped with a Jeep® Selec-Terrain Traction Management System, giving you the power to tackle Mother Nature's toughest conditions. You'll have up to five settings that deliver ultimate driving stability by coordinating 12 vehicle systems, including throttle control, transmission shifting, transfer case, traction control and Electronic Stability Control (ESC).<sup>4</sup> Choose from up to five sure-footed modes: Auto, Snow, Sport, Sand/Mud and available Rock.

## AUTO

In this mode, Selec-Terrain does all the work for you, automatically adjusting vehicle dynamics to best suit the road ahead. To help ensure optimal efficiency, the rear driveline automatically disconnects as well.

## SNOW

Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteer. Major systems auto-engaged and managed in this mode include antilock brakes and traction control.

## SPORT

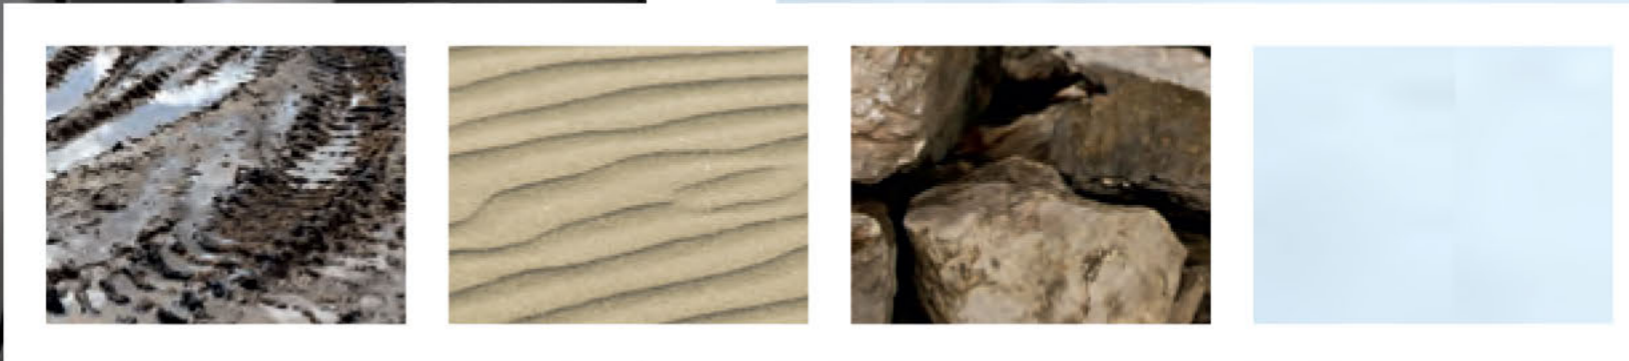

Feeling like having a little more fun on winding country roads or tracks? Select this mode and you're automatically tuned to handle a more aggressive driving style.

## SAND/MUD

Maximize low-speed traction by allowing additional wheel slip via specifically tuned chassis controls, differentials and transmission ratios that are geared to successfully tackle sand and mud.

## ROCK

This mode is exclusively on the Trailhawk® model and delivers Trail Rated® 4WD Low capability thanks to its rear-differential locking element. This permits serious off-road manoeuvring, allowing you to crawl over rugged terrain at appropriately safe speeds.

## COLD WEATHER GROUP

When the temps take a dive, you'll stay safe and warm with this bundle of nicely packaged features. The remote start lets you preheat (or precool) the cabin. The windshield wiper de-icer helps maintain a clear view of the road ahead. The heated leather-wrapped steering wheel and heated front seats work to take the chill away, and all-weather floor mats offer protection from slushy footwear. Heated outside mirrors are also included.

# TRAIL RATED® TRAILHAWK®

## DESIGNED TO RISE ABOVE

No other mid-size SUV can match Cherokee's 4x4 capability,<sup>1</sup> thanks to the standard Jeep® Active Drive Lock 4WD system with a locking rear differential and two-speed power transfer unit. Trailhawk also includes protective skid plates and signature Red tow hooks – two in the front and one in the rear.

Trailhawk is equipped with Selec-Terrain,<sup>®</sup> the Jeep brand's renowned traction management system that allows the driver to choose from five customized traction modes: Auto, Snow, Sport, Sand/Mud and Trailhawk's exclusive Rock. Selec-Terrain electronically coordinates and optimizes up to 12 vehicle systems for optimal control in all weather and road conditions. It also provides a driveline neutral switch for towing.

New for 2015: equip your Trailhawk with the available Ventilated/Memory Seat Group that adds extra comfort with its ventilated front seats that offer cooling air when temps get hot, along with premium leather-faced seats and memory settings for the radio, driver's seat and exterior mirrors.

Every Jeep vehicle bearing a Trail Rated badge is designed and built to Go Anywhere, Do Anything<sup>®</sup> and perform with exceptional 4WD capability. It must successfully pass performance tests in five categories:

## TRACTION

Trail Rated traction helps maintain controlled forward motion on snowy back roads and icy bridges, climb steep sand dunes and master muddy two-tracks.

## ARTICULATION

When one or more wheels are elevated, the Jeep 4x4 system helps the other wheel(s) maintain ground contact longer to help you move steadily ahead. Suspensions enhance off-road performance by maximizing flexibility, axle articulation and wheel travel.

## MANOEUVRABILITY

Precision steering and optimized wheelbase allow for expert navigation at all times.

## GROUND CLEARANCE

Clear logs, rocks and uneven ground thanks to optimal approach, departure and breakover angles.

## WATER FORDING<sup>5</sup>

Additional electrical and body seals, as well as a high air-intake location, let you traverse bodies of water up to 508 mm (20 inches) deep<sup>5</sup>

## SELEC-SPEED™

Trailhawk<sup>®</sup> comes with Selec-Speed Control which helps tackle off-road climbs and hill descents with aplomb. Press the Control button to engage an array of integrated systems, including Electronic Stability Control (ESC),<sup>4</sup> helping your vehicle maintain a target speed of 1 to 8 km/h while driving over obstacles and uphill, level and downhill surfaces. This lets you focus on steering while navigating challenging situations.

## TRAILHAWK TRAIL RATED<sup>®</sup> CAPABILITY

APPROACH ANGLE*	29.9°
BREAKOVER ANGLE	22.9°
DEPARTURE ANGLE	32.2°
WATER FORDING DEPTH <sup>5</sup>	508 mm (20 in.) @ 8 km/h
GROUND CLEARANCE	220 mm (8.7 in.)

\*Front lower fascia removed.

## RUGGED MEETS REFINED

**EVERY SCULPTED INCH OF THE CHEROKEE'S INTERIOR** has been thoughtfully designed to offer versatile convenience and absolute beauty. Choose from four luxurious interiors, including an all-new Light Frost option, offered in sumptuous Nappa leather-faced or premium cloth. Soft-touch surfaces are always within reach, adding even more to Cherokee's upscale appeal. Options abound, including heated and ventilated front seating for added warmth and cooling, and a heated steering wheel for welcome relief in the cold of winter.

It's more than a new way of looking at the world, it can take you to a new world altogether with the confidence that only a Jeep® brand SUV can deliver, and it does it all with an award-winning interior that offers plenty of room to move. Opt for the CommandView® Dual Pane Panoramic Sunroof and passengers in all rows will get more from every adventure, everywhere you go.

- EVERYTHING IN ITS PLACE**
- Overhead storage
  - Upper instrument panel storage bin
  - Cubby below radio
  - Driver lower-left cubby
  - Media centre storage
  - Saddle storage
  - Extra-large glove box
  - Passenger-side map pocket
  - Driver-side map pocket
  - Two centre console cup holders
  - Two levels of storage in centre console
  - Front-passenger underseat cushion storage\*
  - Driver-side map pocket on backside of seat
  - Rear-door map pocket
  - Jeep® Cargo Management System
  - Rear quarter-trim storage
  - Rear under-floor cargo area storage
  - Two rear-seat armrest cup holders

\*Available.

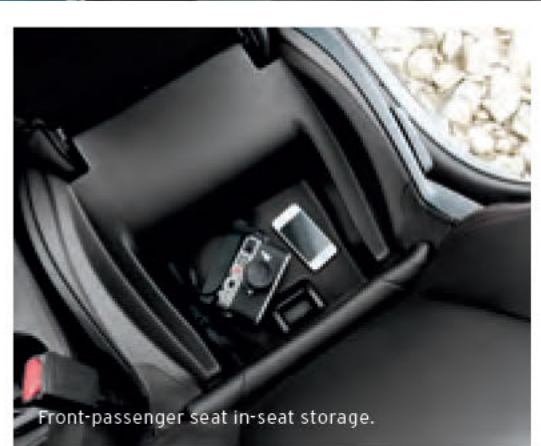

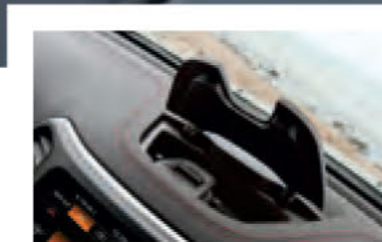

## BRILLIANT VERSATILITY

### FUN WITH PURPOSE

It's the little and not-so-little surprises that add to the fun factor of Cherokee's functional interior landscape. Let's talk about storage spaces – there are up to 18 cubbies, pockets and bins throughout, giving you plenty of spots to store phones, computers, tablets, maps, gaming devices – you get the idea. Flip up the floor of the rear cargo area and you'll find three levels (depending on vehicle configuration) of rear cargo under-floor storage systems, each with an integrated storage tray to store your treasures. Look up above the rearview mirror and there's a handy spot to keep your sunglasses. Opt for the fold-flat front-passenger seat for another secret spot that's revealed when you simply flip up the seat cushion.

### CONFIGURE WITH PURPOSE

You have plenty of options when it comes to carrying a combination of people and cargo. The 60/40 split-folding reclining rear seats can travel up to 152 mm (6 in) fore or aft for adjustable legroom flexibility. When the entire rear bench is folded, you have a nearly flat surface and approximately 1,554 litres (54.9 cu ft) of room. Cherokee can easily be configured to your liking, allowing you to haul luggage, boxes, golf clubs, ski equipment and so much more.

Front-passenger seat in-seat storage.

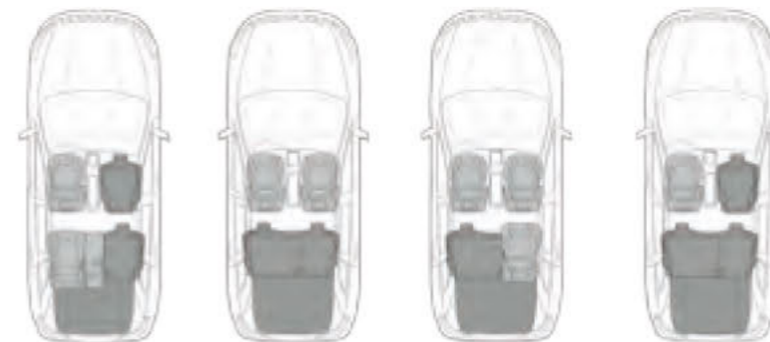

Jeep Cargo Management System shown with Mopar accessory.

**UTILITY WITH PURPOSE** The exclusive Jeep® Cargo Management System adds handy hooks and a removable grocery bag. Many innovative and thoughtful add-on storage solutions, including a first aid kit, cargo bins, a foldable cooler and more are available through Mopar®.

**CONVENIENCE MEETS UTILITY** Cherokee's centre console bears two cup holders that accept 355-mL cans and 1.5-litre bottles. Front-seat passengers access a side-saddle console cubby that can hold books and tablets.

**WIRELESS CHARGING PAD** This convenient available feature is concealed within the centre console. Nearby, an integrated phone docking station and USB, SD, auxiliary input and power port outlets give Cherokee the tech-savvy leading edge.

7-INCH CUSTOMIZABLE

## IN-CLUSTER DISPLAY CENTRE

The fingertip controls for this available feature are on your steering wheel and can instantly scroll you through a rich selection of vehicle data. This vast array of information is displayed on the 7-inch customizable in-cluster display centre that's within clear view. Standard on Trailhawk® and Limited models.

## FULL-COLOUR 8.4-INCH TOUCH SCREEN

### Uconnect® MASTERFULLY SIMPLE

With this available award-winning and intuitive Uconnect® multimedia centre, you're always connected, informed and entertained. You can also use your voice to control nearly every feature hands-free<sup>6</sup> with the latest available voice-recognition technology. Full-colour 5-inch or 8.4-inch touch-screen multimedia centres available.

#### VOICE COMMAND:

Use your voice to select AM/FM radio stations and SiriusXM satellite radio<sup>7</sup> channels, make and receive calls, choose navigation<sup>8</sup> destinations or set cabin temps. This smart technology can understand commands in English, French and Spanish. Standard.

#### NAVIGATION:

Uconnect employs GPS navigation for audible turn-by-turn directions, and detailed 3D maps help to ensure you arrive on time. The Nav is integrated into your in-cluster display centre and on the multimedia centre touch-screen display so you can see directions front and centre. Available.

#### WIRELESS CHARGING PAD:

A wireless charging pad on the front console keeps important devices in play. Available.

#### PHONE/TEXT:

Plans can change en route. Safely spread the word with a hands-free<sup>6</sup> phone call or use your voice to reply to a text message using one of 18 preformatted text replies. You can pair up to seven Bluetooth<sup>®</sup>-enabled phones. Standard.

#### ENTERTAINMENT:

With SiriusXM satellite radio<sup>7</sup>, you get every channel available on your satellite radio. With Instant Replay you have the ability to pause, replay, rewind and fast-forward live audio channels, and access entertainment via Bluetooth streaming audio. SiriusXM also features Favourite Artist/Song and Game alerts which give you the ability to save the current artist/song/team into memory and allow the radio to alert you when that artist/song/team is playing on other channels. Available.

# SAFETY & SECURITY

This guardian keeps consistent watch over you and yours. Over 70 standard and available safety and security features add to Cherokee's brave stewardship, including:

#### **PARKVIEW® REAR BACK-UP CAMERA<sup>9</sup>**

Now you can park and back out with confidence. The system displays a rearview video image with dynamic distance grid lines when in Reverse. During parking and other similar manoeuvres, this system helps bring previously hidden rear objects to your attention on-screen. Available.

#### **ELECTRONIC STABILITY CONTROL (ESC)<sup>4</sup>**

A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should they detect you're veering off your intended path. ESC<sup>4</sup> coordinates Electronic Roll Mitigation (ERM), Antilock Brake System (ABS), Brake Assist, All-Speed Traction Control and Trailer Sway Control (TSC), sending them into action when needed. Standard.

#### **RAIN BRAKE SUPPORT.**

Wet pavement can prove challenging for safe travel. This system automatically helps maintain optimal braking by keeping brake rotors dry in rainy conditions. Standard.

#### **ELECTRONIC ROLL MITIGATION (ERM).**

As an extension of ESC<sup>4</sup>, ERM employs ESC<sup>4</sup> sensors to anticipate potential risk situations. If things get rough, ERM takes immediate action to help your vehicle maintain stability and remain under control. Standard.

#### **TRAILER SWAY CONTROL (TSC).**

Crosswinds or traffic hold no sway over you and your payload. As part of ESC<sup>4</sup>, TSC helps keep you and the toys you are towing safely on course. Standard.

#### **KEYLESS ENTER 'N GO!<sup>TM</sup>**

This feature allows you to keep your key fob in your pocket or purse, leaving your hands free to quickly open the door, take a seat, push a button and head out for fun. Available.

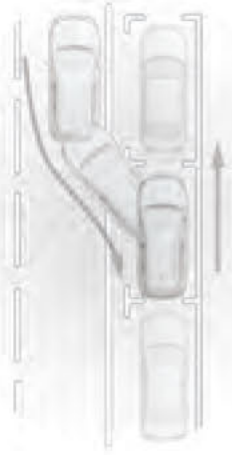

Cherokee delivers exceptional peace of mind with a hero's heart – a strong foundation constructed with 65 percent high-strength steel.

## PEACE OF MIND 10 STANDARD AIR BAGS<sup>10</sup>

Your sense of security is fully met with Cherokee's all-around air bag system. Full-length side-curtain, driver and front-passenger inflatable knee blocker, front seat-mounted-side thorax/pelvic, rear seat-mounted-side pelvic and advanced multistage front air bags all work in tandem to help provide protection.

## ADVANCED TECHNOLOGY TO HELP KEEP YOU SAFE

Slip into parking spaces with ease. Available Parallel and Perpendicular Park Assist<sup>®</sup> takes control of steering angles, while the driver remains safely in control of the brake and accelerator.

Configure the warning zone points in the available Lane Departure Warning with Lane Keep Assist<sup>®</sup> to suit your driving style through personalized settings in your vehicle's radio.

### PARALLEL AND PERPENDICULAR PARK ASSIST<sup>®</sup>

This active guidance system uses ultrasonic sensors on the bumper to easily guide you into a parking space, hands-free. The driver controls the gear position, brake and accelerator. Includes Park-Sense<sup>®</sup> Front and Rear Park Assist<sup>®</sup> sensors. Available.

### ADAPTIVE CRUISE CONTROL WITH STOP AND GO<sup>®</sup>

Take the guesswork out of keeping a safe distance from the car ahead while cruising on the highway. This system automatically adjusts cruising speed to maintain a preset distance between you and the vehicle in front of you, and can bring Cherokee to a complete stop without driver intervention in certain circumstances. Available.

### FORWARD COLLISION WARNING WITH ACTIVE BRAKING<sup>®</sup>

Radar sensors detect when Cherokee may be approaching another vehicle too rapidly and send an audible and visual alert to the driver along with a brake jerk if the driver does not react in time. The warning and limited braking are intended to provide the driver enough time to react and avoid a potential collision. Available.

### LANE DEPARTURE WARNING WITH LANE KEEP ASSIST<sup>®</sup>

The vehicle lane position is monitored by cameras. Should the driver drift too far outside of lane boundaries or if the driver's hands are off the wheel, the system provides a visual warning as well as a slight steering-wheel jerk, encouraging the driver to keep within lane boundaries. Available.

### BLIND-SPOT MONITORING<sup>®</sup> AND REAR CROSS-PATH DETECTION<sup>®</sup>

These sentry systems constantly monitor the space between you and other drivers. When a side or rear blind-spot is encroached, you're notified via an illuminated icon on the appropriate sideview mirror or an audible chime. Available.

### NEW SAFETYTEC<sup>™</sup> GROUP.

This new group offers a bundle of popular safety features, including courtesy lamps, supplemental turn signals on exterior mirrors and Blind-Spot Monitoring<sup>®</sup> with Rear Cross-Path Detection<sup>®</sup> that notify you of encroaching vehicles. Plus, Park-Sense Rear Park Assist<sup>®</sup> helps you navigate into difficult parking spots.

**SERVICE CONTRACTS.** Chrysler Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Chrysler Canada Service Contracts offer extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call (800) 465-2001.

**WARRANTIES.** 2015 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance<sup>2</sup>. SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres.<sup>1</sup> Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.<sup>3</sup> The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance.<sup>4</sup>

\*Whichever comes first. Some conditions may apply. <sup>1</sup>The 5-year/100,000-kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

**DISCLAIMERS.** (1) Best-in-class capability based on Jeep Cherokee offering two-speed power transfer unit (PTU) with rear locking axle, exclusive Jeep Selec-Terrain with five settings (including Rock) and industry-first, fully disconnecting driveline, best-in-class towing, approach angle, departure angle and ramp breakover angle. Based on 2014 cross-shop activity including Ford Escape, Honda CR-V, Hyundai Santa Fe Sport (5-passenger), Toyota RAV4, Chevrolet Equinox, Mazda CX-5, Ford Edge and Nissan Rogue. (2) Based on 2014 cross-shop activity including Ford Escape, Honda CR-V, Hyundai Santa Fe Sport (5-passenger), Toyota RAV4, Chevrolet Equinox, Mazda CX-5, Ford Edge and Nissan Rogue. (3) Based on 2014 cross-shop activity including Ford Escape, Honda CR-V, Hyundai Santa Fe Sport (5-passenger), Toyota RAV4, Chevrolet Equinox, Mazda CX-5, Ford Edge and Nissan Rogue. When properly equipped. (4) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. (5) Do not attempt water fording unless depth is known to be less than 508 mm (20 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (6) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. (7) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at [siriusxm.ca](http://siriusxm.ca) (8) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. (9) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. (10) The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (11) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (12) Not compatible with all garage door openers. (13) Additional fees will apply for dealer-activated navigation.
