GRAND CHEROKEE

THE BEST OF WHAT WE'RE MADE OF

GRAND CHEROKEE

Confidence is born of achievement and, as the most awarded SUV ever,^{1*} Grand Cherokee reflects the highest levels of both. This legendary SUV is simply the most capable and fuel efficient vehicle in its class;² boasting smooth, hushed road manners that set a benchmark for excellence thanks to engineering that includes an eight-speed automatic transmission and an available 3.0L EcoDiesel V6 engine. You're assured that no matter what the road ahead holds in store, Grand Cherokee will keep you safely moving forward. Elegance abounds with a long list of exceptionally refined interior appointments and impressive technology – like the class-exclusive³ Quadra Lift[®] Air Suspension System. With so many amenities, it's no wonder Grand Cherokee has been named a *Consumer's Digest* "Best Buy" for the past two years. Grand Cherokee delivers rich rewards, indeed.

*All disclaimers and disclosures can be found on page 29.

GRAND CHEROKEE SUMMIT[®] SHOWN IN DEEP CHERRY RED CRYSTAL PEARL

MATCH YOUR CAPABILITY TO THE ROAD AHEAD

Harsh terrain is worry-free with Grand Cherokee's Trail Rated® best-in-class³ capability both on and off the road. Choose from an expansive menu of systems that arrive coupled with the unrivalled Selec-Terrain® Traction Management System. For off-road navigation, both Quadra-Trac II® and Quadra-Drive® II deliver a crawl ratio of 44:1 for boulder-crushing stamina. Every Trail Rated Grand Cherokee successfully performs to rigorous standards in five categories – Articulation, Manoeuvrability, Traction, Ground Clearance and Water Fording⁴ – so you can tackle anything in your path with grace and ease in legendary Jeep® style. For the complete Trail Rated story, adventure over to jeep.ca

CHOOSE YOUR SYSTEM

QUADRA-DRIVE® II puts class-leading 4x4 capability³ in your control to get you through virtually any driving situation. An Electronic Limited-Slip Differential can transfer up to 100 percent of torque to the wheel(s) with the most traction. Packaged in the Off-Road Adventure Group II on Limited, Standard on Overland® and Summit® with the 3.0L EcoDiesel V6 or the 5.7L VVT V8.

QUADRA-TRAC II® offers all-speed traction control to help keep you on course. If wheel slippage occurs, up to 100 percent of the available torque can be routed to the axle with the most traction. Low range provides rock-crawling prowess. Standard on Limited, Overland and Summit with the 3.6L Pentastar™ VVT V6 engine. Available on Laredo.

QUADRA-TRAC I® is fully automatic. No driver interaction is required. A single-speed transfer case offers a continual balance of torque distribution; if wheel slippage occurs, the system seamlessly transfers torque to the axle with the most traction. Standard on Laredo.

QUADRA-LIFT® This available class-exclusive system³ delivers best-in-class ground clearance³ and control of your suspension. The 95-mm lift span allows you to easily raise your vehicle to achieve a maximum clearance of 275 mm above ridges and rocks, or lower it for easier entry, exit and loading. When adjusting the ride height while driving (for maximum aerodynamics), the system lowers the vehicle from front to back to help keep headlamps safely focused downward at the road ahead.

SELEC-TERRAIN®

Coordinates 12 different vehicle management systems. Select from five different modes and engage the Selec-Speed™ for incredible throttle control on steep inclines and declines. Whether you're caught on snow-covered city streets or climbing backcountry hills, you'll have the confidence to meet all challenges with this class-leading system.³ Available.

SNOW

Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteering. Major systems auto-engaged and managed in this mode include antilock brakes and traction control.

SAND

Off-road calibration for use on low-traction surfaces such as sand or wet grass. The driveline is maximized for traction and the electronic brake controls are set to limit traction control management of throttle and wheel spin. If equipped with air suspension, the level will change to Off-Road 1.

AUTO

In this mode, Selec-Terrain does all the work, automatically adjusting vehicle dynamics to best suit the terrain.

MUD

Traction control operates with sensitive response to wheel spin, and torque is tuned for optimal performance. When equipped with the Quadra-Lift Air Suspension System, the suspension is also raised.

ROCK

The transfer case, differential and throttle coordinate to provide low-speed control, and the Electronic Stability Control (ESC)⁵ is tuned for off-road conditions. If equipped with the Quadra-Lift Air Suspension System, the vehicle is raised to Off-Road 2 mode for the maximum ground clearance of 275 mm.

3.0L V6 ENGINE

Love the planet and great fuel economy? The 3.0L EcoDiesel V6 engine lets you adhere to your principles while taking you further per tank full, thanks to its best in class driving range.⁶ It's extremely efficient and improves power all while leaving little trace of being there.

EFFICIENT Best in class fuel economy² arrives with an estimated 8.4 L/100 km highway.* Plus, go farther between fill ups with a driving range of up to 1,100 km⁶

CLEAN A marvel of modern engineering, with a block made of compacted graphite iron and aluminum twin cam heads, the engine delivers quiet, clean diesel technology with low CO₂ emissions that are gentle on the planet.

PERFORMANCE Awe inspiring performance comes courtesy of 240 hp and a hefty 420 lb ft of torque, providing a surge of towing strength that can haul up to 3,265 kg (7,200 lb) when properly equipped.

EFFICIENT POWERPLANT OPTIONS

It's engineered to take you far – with a driving range of up to 1,100 km per tank.⁶ Grand Cherokee's available 3.0L EcoDiesel V6 engine treats your fuel budget with respect, while its reduced CO₂ emissions display reverence for the environment. If gasoline is your fuel of choice, your engine options include the efficient 3.6L Pentastar™ VVT V6 or the 5.7L VVT V8 with the Multi-Displacement System (MDS), both providing best-in-class towing capability.⁷ Every engine is matched to the dynamic eight-speed automatic transmission to deliver an exceptionally smooth and quiet ride.

ECO MODE

This selectable feature constantly works to maximize your fuel economy by automatically modifying the shift schedule of the eight-speed automatic transmission and torque converter to gently lower your idle speed to gain precious km/L. The MultiView Display in your instrument cluster can inform you of just how efficiently Eco Mode is performing every kilometre along the way.

STANDARD, EIGHT-SPEED AUTOMATIC TRANSMISSION

Its construction provides additional gears with no gain in weight, enhances acceleration while reducing fuel consumption and increases torque for added strength to pull. The system's precise design and shift schedule can implement a gear change in 200 milliseconds, resulting in ride quality that rivals that of the most luxurious sedans.

There's excitement as well, by engaging the steering wheel-mounted paddle shifters when you want to customize your shift schedule. When equipped with a two-speed transfer case, the crawl ratio is improved by 46 percent, enhancing Grand Cherokee's legendary prowess. The available Sport Mode adjusts your shift schedule and engine power for a more dynamic driving experience. It all adds up to a ride that delivers powerful strength without compromise.

5.7L VVT V8 ENGINE WITH MDS

BEST-IN-CLASS TOWING⁷: 3,265 KG (7,200 LB)

You'll enjoy fuel economy of up to 11.5 L/100 km* on the highway, with the help of the fuel-optimizing capabilities of Eco Mode and the Multi-Displacement System (MDS) technology. MDS revamps this 360-hp eight-cylinder brute into a four-cylinder model of efficiency when cruising, yet when you step on the gas pedal, all eight cylinders are seamlessly at your disposal. Available.

3.6L PENTASTAR VVT V6

BEST-IN-CLASS TOWING⁷: 2,812 KG (6,200 LB)

Named one of *Ward's* "10 Best Engines" three times, the 3.6L Pentastar offers welcome fuel efficiency of up to 9.8 L/100 km* on the highway due to the fuel-optimizer Eco Mode function and the smooth-shifting eight-speed automatic transmission. Standard.

THE PINNACLE OF LUXURY

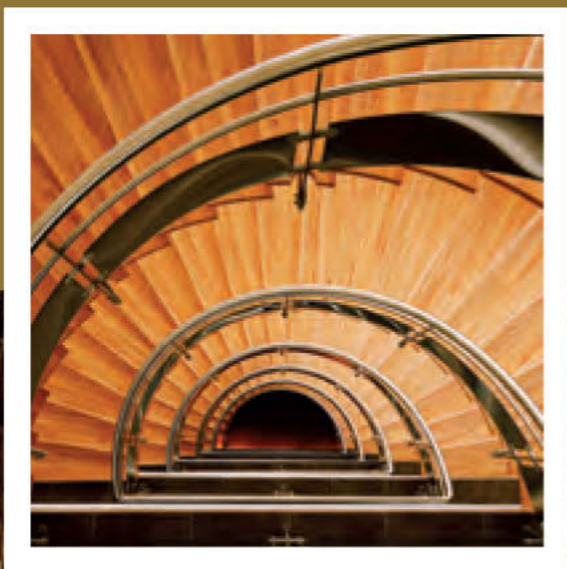

Climb to the top of exquisite style and luxury. Grand Cherokee's cabin takes plush seating to new heights with available premium leather trim presented in designer colour palettes. In this interior landscape, you will enjoy brushed copper or silver accents, luxurious real wood details, 5- or 8.4-inch touch-screen multimedia centres and a full-colour 7-inch customizable in-cluster display centre. The available CommandView® Dual-Pane Panoramic Sunroof with a power sunshade and fixed-glass window in the rear gives you a bigger view of the world. The available suede-like headliner is another modern luxury on the very long list of upscale amenities designed to pamper, impress and keep you informed like never before.

CUSTOMIZABLE DISPLAY

Fingertip controls on your steering wheel allow instant access to a rich selection of vehicle information displayed on the full-colour 7-inch in-cluster screen.

SUMMIT® MODEL SHOWN IN NEW NATURA PLUS TAN LEATHER

TIMELESS STYLE AND GRACE

Here, craftsmanship shines from every corner. Grand Cherokee presents a classic profile, with elegant lines and authentic Jeep® brand styling. As the most awarded SUV ever,¹ no other vehicle in its class comes close to its grandeur. Every touch is sumptuously soft and every stitch a masterpiece.

AUDIO EXCELLENCE

The premium Alpine® Surround Sound System that comes standard in Grand Cherokee Overland® and SRT® utilizes a high powered, 12 channel, 506 watt amplifier to power nine speakers and a subwoofer to optimize acoustics throughout the cabin.

CLIMATIZED FOR COMFORT

Dual zone automatic temperature control constantly adjusts the air temperature inside the cabin to create a customized environment.

HEATED AND VENTILATED FRONT SEATS

Add quick warmth on cool days and welcome relief when temperatures rise via a small fan that gently circulates cool air thanks to perforations within the seat coverings. Available.

CARRY-ON WITH EASE

Configure your interior to suit the situation with a large rear cargo area with 60/40 split rear seat and fold flat front passenger seat.

POWER LIFTGATE

Keep hold of packages and open this available liftgate without any fancy footwork. The available power liftgate adds graceful accessibility to Grand Cherokee's rear cargo area. Keyless Enter 'n Go™ is hands free via the key fob, so you can avoid fumbling last minute to unlock the gate.

BLU-RAY™ PLAYER WITH SEATBACK-MOUNTED VIDEO SYSTEM

Two available 9 inch high resolution screens are integrated into the front seatbacks to entertain rear seat passengers. The system can play standard DVDs as well as Blu ray discs, and includes independent HDMI and RCA inputs for each screen.

THE VIEW IS BREATHTAKING

Grand Cherokee Summit® combines a luxurious interior complemented by an elegant exterior, allowing you to reach new heights of innovation, style and luxury. Its off-road capability is class-leading³ with the available Quadra-Drive® II 4WD System. Adaptive bi-xenon HID headlamps with headlamp washers and distinctive LED daytime running lamps are standard fare. High-tech safety features like Blind-Spot Monitoring (BSM) with Rear Cross-Path Detection, Adaptive Cruise Control with Stop (ACC) and Forward Collision Warning with Mitigation (FCW) work at all times to provide peace of mind.⁸

SHOWN IN JEEP BROWN

UNQUESTIONABLE QUALITY

Premium Natura-Plus leather is featured in three unique colour palettes – now including tan – and adorns Summit's seats, console, lower instrument panel and door panels. First-row seats are heated and ventilated for comfort in every climate. Second-row seats offer the comforts of heat and recline. Matte, real wood is presented on the instrument panel and door trim. A soft, suede-like headliner tops off Summit's rich appeal.

AUDIOPHILE HEAVEN

For those who appreciate world-class audio, harman/kardon® sound engineers have developed a state-of-the-art system that sends 825 watts of power surging into 19 carefully placed speakers.

NEW! ACOUSTIC GLASS AND ACTIVE NOISE CANCELLATION

Summit's cabin removes you even further from the sound of traffic and wind. Acoustic laminated windshield and second-row side glass are now standard. Combined with a new Active Noise Cancellation (ANC) system, exterior road noise is further reduced within the cabin, taking the already award-winning and quiet interior to a new level.

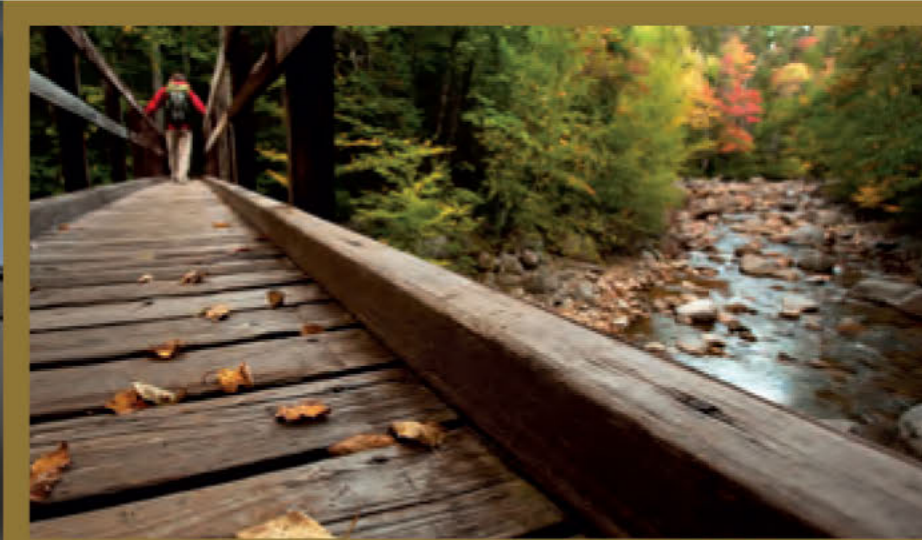

NEW NATURA-PLUS TAN INTERIOR SHOWN

LEGENDARY

The distinctive and luxurious Nappa leather-faced interior of Grand Cherokee Overland® offers three options enhanced with wood trim, silver bezels and bright accents. The Jeep® Brown/Indigo Blue interior features additional styling cues, including contrast accent stitching and pearl edge welting. The full-colour Uconnect® multimedia centre, with an 8.4-inch touch screen and voice command, provides Bluetooth® streaming audio as well as hands-free operation⁹ of its navigation,¹⁰ communication and entertainment systems. Its premium Alpine® sound system and CommandView® Dual-Pane Panoramic Sunroof ensure your life on the road will sound and look its best.

LIMITED

High style affords Limited the power to turn heads while delivering a smooth and quiet ride, thanks to the standard eight-speed automatic transmission and 3.6L Pentastar™ VVT V6 engine. The available 5.7L VVT V8 with MDS adds additional power in a fuel-efficient package. Take on rugged trails with the help of the Quadra-Trac II® 4WD System with Hill Descent Control. The class-leading Selec-Terrain® Traction Management System³ helps to gain passage, whether you choose to travel on routes covered with snow, mud, sand or rock. Inside, premium leather-faced seats are heated in both the front and second rows, with a heated, leather-wrapped steering wheel offering additional cold-weather comfort.

LAREDO

Navigate snow-covered roads to the cottage one day and arrive in style for opening night at the theatre the next. No matter the season, Laredo is equipped with all the finery that gives Grand Cherokee its purebred manners and all-weather capability. The 3.6L Pentastar™ VVT V6 engine and Quadra-Trac I® 4WD System are matched to the eight-speed automatic transmission for exceptionally efficient performance on the road and at the pump, offering up to 9.8 L/100 km* highway.

Standard interior amenities are abundant, giving you the ability to drive safely with hands-free calling⁹ or access a variety of vehicle data with the 7-inch customizable in-cluster display centre. Steering wheel-mounted paddle shifters make life on the road more exciting by giving you control of your up- and downshifting. Other standard luxuries include Keyless Enter 'n Go™ which unlocks the vehicle with a touch of the door handle, and a power 12-way driver's seat that can precisely adjust for your individual comfort.

*See page 28 for full details.

KING OF THE THRILL

The distinctively aggressive and athletic styling of the 2015 Grand Cherokee SRT® features blacked-out, adaptive bi-xenon headlamps that look menacing by day and a signature LED treatment that announces it by night. Taillamps carry the theme to the finish line with “floating” Black surrounds and LEDs. The power liftgate offers enhanced convenience with improved rear visibility, and 20-inch five-spoke Goliath wheels add to its unmistakable individuality.

LOADED WITH ATTITUDE

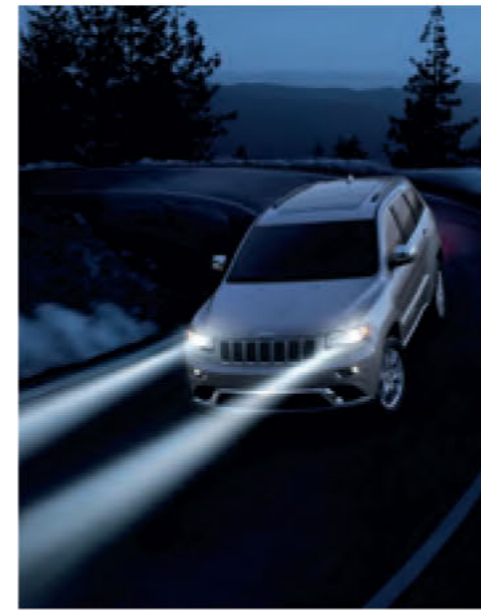

The best-handling Jeep® vehicle ever, capable of .90 g on the skid pad, ensures a heart-racing track experience with Selec-Track™ including five dynamic settings ranging from Auto to Track. Track mode provides a more rewarding on-track experience by transferring up to 70 percent of the 6.4L engine's 465 lb-ft of torque to the rear wheels, which also helps the Launch Control System maximize acceleration off the line. The high-performance Brembo® brake system with six-piston front and four-piston rear calipers achieves a 0 - 100 km/h - 0 stopping distance of only 35 metres (116 feet).¹¹

Grand Cherokee SRT offers a towing capacity of 3,265 kg (7,200 lb)¹² and ensures your drive is safe in challenging weather with a 50/50 front/rear axle balance in Snow mode. We finished it all off with a stunning race-inspired interior that features a long list of luxurious features, including suede-accented, leather-faced seating, a heated, flat-bottomed steering wheel with paddle shifters and an 8.4-inch touch-screen Uconnect® multimedia centre with Performance Pages. New Active Noise Cancellation (ANC) in the acoustic laminated windshield and second-row side glass effectively reduce the roar of the outside world.

ALL-WEATHER SAFETY & SECURITY

This is where all-weather and all-terrain can take you with more than 70 standard and available safety and security features. Through the most challenging conditions, Grand Cherokee answers the call with stunning style, grace and legendary capability.

ADAPTIVE BI-XENON HID HEADLAMPS WITH AUTO-LEVELLING. These headlamps swivel in response to the driver's steering to better illuminate winding roads in the dark. The bi-xenon lights shine up to three times brighter than regular headlamps and automatically dim and level to help keep the driver focused on the road ahead. Available.

ELECTRONIC STABILITY CONTROL (ESC)⁵ A vehicle-wide network of safety sensors provides instant aid when it detects that you're veering off your intended path. ESC immediately goes into action by applying the brakes and reducing the throttle when needed. Standard.

READY ALERT BRAKING. Works in harmony with ESC⁵ to anticipate emergency braking situations, reducing the time required for full brake application. Standard.

PARK-SENSE[®] FRONT AND REAR PARK ASSIST SYSTEMS[®] When in Reverse or driving forward at low speeds, sensors detect the presence of objects up to approximately 1.2 metres in front of the vehicle and 2.0 metres from the rear. It provides both audible and visual warnings in the Electronic Vehicle Information Centre (EVIC). Available.

ELECTRONIC ROLL MITIGATION (ERM)⁵ If things get rough, standard ERM takes immediate action to help you maintain stability and remain under control.

PARKVIEW[®] REAR BACK-UP CAMERA[®] Brings rear objects to your attention on the Uconnect[®] 5- or 8.4-inch touch-screen display. Available.

TRAILER SWAY CONTROL (TSC)⁵ As part of ESC, TSC helps keep you, and the toys you are towing, safely on course and under control. TSC can recognize a swaying trailer and will automatically apply any individual wheel's brakes and/or reduce engine power in an attempt to eliminate the trailer sway. TSC applies brake pressure on all four wheels to slow the vehicle while increasing pressure on one front wheel to counteract the sway. Standard.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS). Should air bags¹³ deploy, EARS switches on the interior and hazard lamps, unlocks the doors and shuts off the fuel supply after the vehicle has stopped. Standard.

ANTILOCK BRAKE SYSTEM (ABS). The benefits of the ABS shine on slippery, wet roads. This standard advanced system knows when you're driving over rough terrain and adjusts accordingly to help you stay in control. Standard.

ADAPTIVE CRUISE CONTROL WITH STOP (ACC)⁹ Engage this system and it will automatically adjust the cruising speed to maintain a preset distance between your Grand Cherokee and the crowd ahead. Available.

FORWARD COLLISION WARNING WITH MITIGATION (FCW)⁹ This available feature is included with ACC and provides audible and visual warnings if the vehicle is approaching an object too fast, alerting the driver that action must be taken.

RAIN-SENSING WINDSHIELD WIPERS. Front wipers activate when raindrops are detected on the windshield. Available.

BLIND-SPOT MONITORING (BSM) AND REAR CROSS-PATH DETECTION SYSTEM[®] This available technology has dual radar sensors that constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminated icons on the sideview mirrors and an audible chime if the turn signal is activated. When in Reverse, Rear Cross-Path Detection sensors warn the driver with an audible chime if cross traffic approaches the vehicle.

SELEC-SPEED[™] CONTROL. Smoothly navigating steep hills can be a daunting endeavour. Engage available Selec-Speed Control on the Selec-Terrain[®] dial of your Grand Cherokee and you'll climb and descend with greater safety. Hill Start Assist and Hill Descent Control are fused into one incredibly capable feature. Available.

AIR BAGS¹³ Standard full-length side-curtain, driver's knee bolster, front seat-mounted side and advanced multistage front air bags¹³ all work in tandem to help provide protection for all occupants.

SENTRY KEY[®] ANTITHEFT ENGINE IMMOBILIZER. This standard system prevents vehicle operation by disabling the engine when the encoded key is not present. Operation is automatic, regardless of whether the vehicle is locked or unlocked.

RAIN BRAKE SUPPORT. When the windshield wipers are activated, this standard "smart" system helps dry the brake rotors on wet roads to ensure the shortest stopping distance.

Uconnect So advanced.
So easy to use.

The award-winning Uconnect® system is unparalleled in keeping you connected, informed and entertained. Uconnect works with straightforward voice commands,⁹ intuitive controls and simple connectivity – it's just how technology should be.

PHONE. Talking on the phone while driving has never been easier – or more responsible. Uconnect hands-free communication⁹ is the in-vehicle, voice-activated calling system that allows you to talk on your Bluetooth[®]-compatible phone virtually hands-free. This clever system is also smart enough to synchronize with your Bluetooth-compatible phone's address book⁴ – up to 1,000 entries – every time you get into your vehicle.

VOICE COMMAND! It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations or SiriusXM satellite radio⁵ channels, as well as make and receive calls. You can also select navigation¹⁰ destinations and record voice memos. This “smart” system technology can be trained to better recognize your voice and can understand commands in English, French and Spanish.

ENTERTAINMENT. You'll have several ways to access audio. Get the sound going via CDs/DVDs, MP3s, remote USB port, an auxiliary input jack and Bluetooth streaming audio. Listen to over 120 channels on SiriusXM satellite radio⁵ and enjoy instant replays of your favourite tunes, instantly access any channel playing your favourite artists, get alerts when your favourite teams are playing and so much more.

POWER AND FUEL ECONOMY

Based on 2015 *EnerGuide* fuel consumption ratings. 3.0L EcoDiesel V6 ratings are estimated based on official 2014 *EnerGuide* ratings. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. For *EnerGuide* information, please ask your retailer or visit the Government of Canada web site: www.vehicles.nrcan.gc.ca

Engine and Transmission	Fuel Economy — L/100 km (mpg)		Horsepower	Torque (lb-ft)
	City	Highway		
3.6L Pentastar VVT V6 with 8-speed automatic	13.9 (20)	9.8 (29)	290	260
5.7L VVT V8 MDS with 8-speed automatic	17.3 (16)	11.5 (25)	360	390
3.0L EcoDiesel V6 with 8-speed automatic	11.2 (25)	8.4 (34)	240	420
6.4L HEMI V8 MDS with 8-speed automatic	18.5 (15)	12.6 (22)	475	470

PACKAGE AND MULTIMEDIA CENTRE DETAILS

3.0L ECODIESEL V6 ENGINE

- 3.45 rear axle ratio
- 220-amp alternator
- 230-mm rear axle
- 800-amp maintenance-free battery
- Heavy-duty four-wheel disc antilock brakes
- Heavy-duty engine cooling
- Quadra-Drive® II 4x4 System

5.7L VVT V8 WITH MDS TECHNOLOGY

- 3.09 rear axle ratio

SERVICE CONTRACTS. Chrysler Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Chrysler Canada Service Contracts offer extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge, and Ram retailer or call (800) 465-2001.

WARRANTIES. 2015 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres. Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres. The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance.

*Whichever comes first. Some conditions may apply. †The 5-year/100,000-kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

DISCLAIMERS. 1) Jeep Grand Cherokee has received more awards over its lifetime than any other SUV. 2) Based on 2014 *Ward's* Middle Sport/Utility segmentation. Based on combined highway/city 2015 *EnerGuide* fuel consumption ratings. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. When equipped with the 3.0L EcoDiesel engine. 3) Based on 2014 *Ward's* Middle Sport/Utility segmentation. 4) Do not attempt water fording unless depth is known to be less than 51 cm (20 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 5) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 6) Based on 2014 *Ward's* Middle Sport/Utility segmentation. Driving range based on *EnerGuide* highway fuel consumption ratings and fuel tank capacity. Your actual driving range will vary based on powertrain, driving habits and other factors. 7) Based on 2014 *Ward's* Middle Sport/Utility segmentation. When properly equipped. 8) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. 9) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. 10) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 11) Drive responsibly. Always obey the rules of the road. 12) When properly equipped. 13) The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 14) Phone must support Bluetooth Phone Book Access Profile (PBAP). 15) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca 16) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 17) Additional fees will apply for dealer activated navigation. 18) Not compatible with all garage door openers.
