PATRIOT

START YOUR ADVENTURE

PATRIOT

The road ahead can take you anywhere. With Jeep® Patriot, you're fully prepared to meet every challenge. It's pleasingly economical as the most affordable SUV in Canada! Family travels are comfortable for all, thanks to Patriot's best-in-class rear-seat legroom¹ and plenty of flexible interior space. Best-in-class off-road capability² allows Patriot to usher you to all your destinations with confident strength. Climb in and join those who crave an adventure-filled lifestyle, fuelled by comfort, confidence and value. Welcome to the world of Jeep Patriot.

*All disclaimers and disclosures can be found on the back cover.

THE MOST AFFORDABLE SUV IN CANADA¹ ALSO OFFERS BEST-IN-CLASS CAPABILITY²

FREEDOM DRIVE I®

When snow, muddy roads or steep gravel describes your route, opt for Freedom Drive I. The active, full-time 4WD capability with LOCK mode features an Electronically Controlled Coupling (ECC), which constantly monitors wheel slippage and transfers torque to the axle that can use it most. In tough conditions, the system can be locked 50/50 front/rear for added low-speed capability and control.

FREEDOM DRIVE II®

This available system gives Patriot its Trail Rated® capability with features like full-time 4WD with LOCK mode, Off-Road mode with Hill Descent Control and brake traction control. Torque is adjusted on demand for added fuel efficiency. Its all-weather capability expertly handles more difficult off-road situations, as well as deeper snow, mud and up to 48 cm (19 inches) of water.³

SIX-SPEED AUTOMATIC TRANSMISSION

The available PowerTech six-speed automatic transmission provides a smooth, quiet ride whether you're travelling on road or trail. It has a low first gear for quicker takeoffs and a tall top gear for relaxed highway cruising. A stepped shift schedule across all six gears is designed for optimal city fuel economy. Its fill-for-life design helps reduce maintenance costs and environmental impact.

CONTINUOUSLY VARIABLE AUTOMATIC TRANSAXLE II (CVT2)

This available system boasts a low range that provides the torque multiplication needed for water fording,³ steep grades and crawling slowly in off-road events. Its Off-Road mode delivers a capable 19:1 crawl ratio.

TRAIL RATED®

The available Trail Rated® fortitude of Jeep® Patriot gives you the ability to courageously take on the road, trail or stream with confidence. This badge of honour is only bestowed after mastering a series of gruelling tests on the toughest terrain in five distinct categories: traction, articulation, water fording,³ manoeuvrability and ground clearance.

Patriot Limited interior shown in Dark Slate Grey

YOU CAN HAVE IT ALL

Shown with Mopar® Premium Carpet Cargo Mat, sold separately. See your retailer for genuine Mopar accessories.

BEAUTIFUL ON THE INSIDE, AS WELL

An atmosphere of soft-touch surfaces, upscale fabrics, available premium leather-faced seats and rich instrument panel accents make sinking into Patriot's interior an escape from the everyday. Here you'll find an array of cabin comforts designed to take you happily forward into everything the world has to offer.

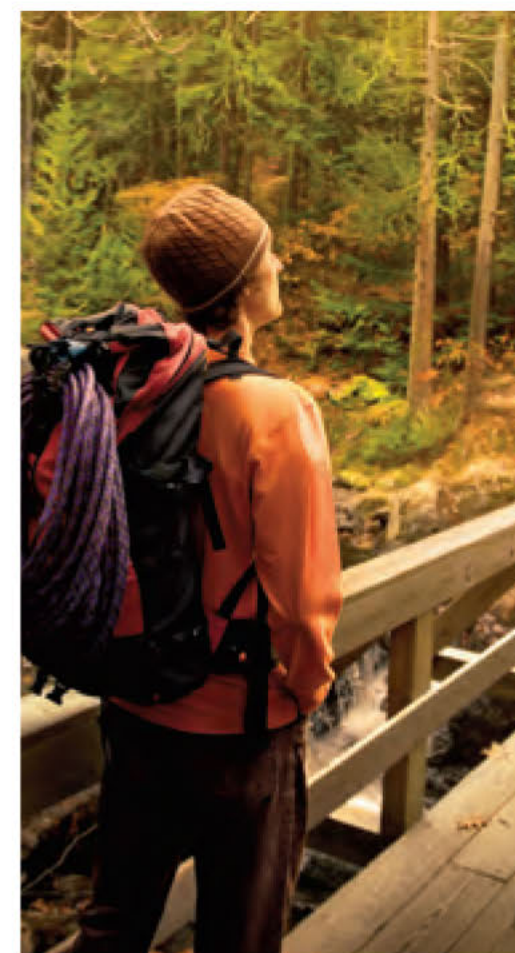

CRUISE IN COMFORT

Up to three backseat passengers will enjoy the ride just as much as those up front thanks to best-in-class rear-seat legroom! Configure the standard 60/40 split-folding rear seats to carry the perfect combination of guests and gear.

NATURALLY UPSCALE

Brimming with premium features and appointments, heading out with Patriot North Edition will always take you in the right direction. Deep-tint sunscreen glass and air conditioning help keep you looking and feeling cool, while foldaway, power heated mirrors help maintain a clear view when the cold weather appears. Remote keyless entry allows quick and easy access to premium cloth seats, power windows and locks, as well as reclining rear seats. The North Edition arrives ready to serve, with unique style, premium features and legendary capability. For even more creature comforts at a great value, opt for the new High Altitude Group*.

PREMIUM SOUND

Let the love of music and the great outdoors guide you. Opt for the Sun/Sound Group for fresh air via the sunroof and crystal-clear sound from the premium audio system featuring nine Boston Acoustics® speakers including subwoofer and two articulating liftgate speakers. You'll also enjoy SiriusXM satellite radio,⁴ which features favourite song/artist alerts, game alerts and replay. Your first year of service is included.

NORTH ALL-SEASON GROUP

Don't let the elements dictate your comfort or your mood. The North All-Season Group offers the warmth of heated front seats and the convenience of audio controls mounted on a luxurious, leather-wrapped steering wheel. Seventeen-inch aluminum wheels and remote start are also part of the group. Available.

Patriot North Edition shown in Granite Crystal Metallic

Jeep.ca

UP TO 7.8 L/100 KM*

SPORT As Canada's most affordable SUV, Patriot Sport comes loaded with a wide cache of standard equipment. Technology serves you well and keeps you safe with standard Electronic Stability Control (ESC)⁵, advanced multistage front and side-curtain air bags⁶, as well as supplemental front-seat-mounted side air bags and active front head restraints⁷ to name a few. The 2.0L VVT I-4 engine is mated to a five-speed manual transmission and offers 4x2 fuel economy as efficient as 7.8 L/100 km highway* that's typically found in many compact cars.

LIMITED Designed to indulge, Patriot Limited seamlessly blends high style and value. Seventeen-inch aluminum wheels, bright accents on the front and rear fascia and a bright exhaust tip add shine. Inside, Limited's cabin aims to please with soft-touch surfaces, leather-faced seating, heated front seats, automatic temperature control and an Electronic Vehicle Information Centre. The six-way power driver's seat allows for customized comfort when listening to the standard SiriusXM satellite radio⁴ and its wide world of entertainment, talk and sports channels.

Patriot Limited shown in Deep Cherry Red Crystal Pearl

*See page 15 for full details.

ALL ROADS LEAD TO PEACE OF MIND

WITH MORE THAN 30 SAFETY AND SECURITY FEATURES, IT'S SAFE TO SAY PATRIOT HAS YOUR FRONT, SIDES AND BACK.

TIRE PRESSURE MONITORING. Embedded sensors continuously monitor tire pressure and will immediately notify the driver when the pressure is too low or too high. Standard.

HALOGEN LIGHTING. These bright sources of light improve down-road visibility at night or during inclement weather. Headlamps are standard; fog lamps are available.

HEATED POWER EXTERIOR MIRRORS. Melt snow and ice off your sideview mirrors as you warm up your interior. This feature also helps to keep your mirrors ice-free as you drive. Available.

ELECTRONIC STABILITY CONTROL (ESC): An advanced system designed to assist drivers in maintaining control of their vehicle at all times. It integrates a four-wheel Antilock Brake System (ABS) with brake assist, all-speed traction control and Electronic Roll Mitigation to constantly monitor driver input against the vehicle's actual course. When needed, the system automatically helps provide braking to the appropriate wheel(s) and reduces engine power when overly sharp steering and/or impending wheel lift is detected. Standard.

ADVANCED MULTISTAGE FRONT AND SIDE-CURTAIN AIR BAGS! These air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity. Standard.

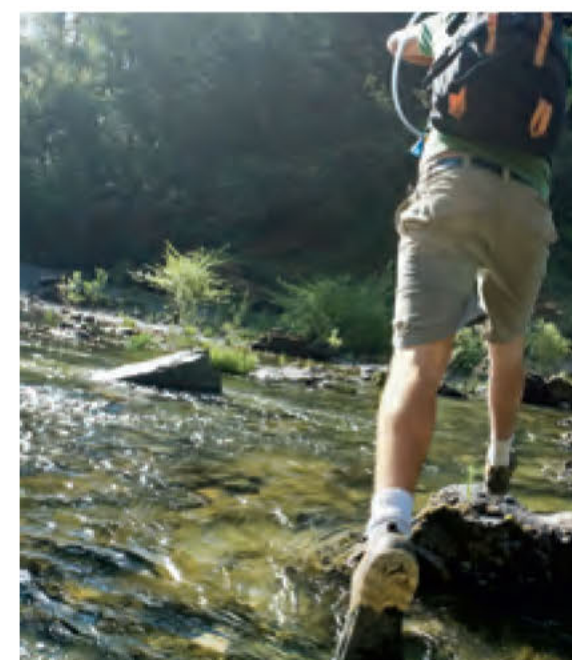

FRONT-SEAT-MOUNTED SIDE AIR BAGS! Each side-seat air bag has its own sensor to autonomously trigger the air bag on the side where the impact occurs. Standard.

HILL START ASSIST (HSA). HSA helps prevent Patriot from rolling when starting on an up- or downhill gradient by holding the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. Standard with manual transmission and included with the Trail Rated,[®] Freedom Drive II[®] Off-Road Group.

ACTIVE FRONT HEAD RESTRAINTS! In the event of a rear-end collision, head restraints move forward and upward to decrease the space between the head restraint and the occupant's head, thereby helping to reduce the chance of injury. Standard.

SENTRY KEY[®] ANTITHEFT ENGINE IMMOBILIZER. This system disables the engine when the encoded key is not within range. Operation is automatic, regardless of whether the vehicle is locked or unlocked. Standard.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS). Should air bags deploy, EARS switches on the interior and hazard lamps, unlocks the doors and shuts off fuel supply after the vehicle has stopped. Standard.

SIMPLY INTUITIVE

PHONE. Talking on the phone while driving has never been easier – or more responsible. Uconnect[®] hands-free communication[®] is the in-vehicle, voice-activated calling system that allows you to talk on your Bluetooth[®] compatible phone virtually hands-free[®]. This clever option is also smart enough to synchronize with your Bluetooth compatible phone's address book[®] – up to 1,000 entries – every time you get into your vehicle.

VOICE COMMAND[®]* It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations or SiriusXM satellite radio⁴ channels, as well as make and receive calls. You can also select navigation^{10*} destinations and record voice memos. This smart system technology can be trained to better recognize your voice and can understand commands in English, French and Spanish.

ENTERTAINMENT. You'll have several ways to access audio. Get the sound going via CDs/DVDs*, MP3s, remote USB port, an auxiliary input jack, hard-disc storage* and Bluetooth streaming audio.* Listen to over 120 channels on SiriusXM satellite radio^{4*} (your first year of service is included), and enjoy instant replays of your favourite tunes, instantly access any channel playing favourite artists, get alerts when your favourite teams are playing and so much more.

*Available.

FEATURES AND OPTIONS

SERVICE CONTRACTS. Chrysler Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Chrysler Canada Service Contracts offer extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call (800) 465-2001.

WARRANTIES. 2015 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance† SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres. Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres. The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance.† *whichever comes first. Some conditions may apply. †The 5-year/100,000-kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

DISCLAIMERS. 1) Based on 2014 Ward's Small Cross Utility segmentation and MSRP of the base model. 2) Based on 2014 Ward's Small Cross Utility segmentation, approach angle, departure angle, breakover angle and water fording depth. Excludes other vehicles designed and manufactured by Chrysler Group LLC. 3) Do not attempt water fording unless depth is known to be less than 48 cm (19 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 4) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca 5) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 6) The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 7) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 8) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 9) Phone must support Bluetooth Phone Book Access Profile (PBAP). 10) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 11) Not compatible with all garage door openers.
