

UNCOMPROMISED COVERAGE – ACCLAIMED STYLING

The elegant yet assertive exterior of the Mitsubishi RVR, with its bold front grille accentuated by its fluid, aerodynamic lines, makes for an engaging and eye-catching design. Far from being another crossover, the RVR – from its characteristic front fascia, featuring new LED daytime running lights and sculpted side body panels, to its sloping roof and distinctive combination taillights – makes a stylish statement while delivering versatility and sound handling. To complement the unique exterior, the RVR is backed with some of the most comprehensive warranties available. At the top of the list is a 10-Year/160,000-km powertrain limited warranty**, a 5-year/100,000-km fully transferable new vehicle limited warranty; the only vehicle manufacturer that offers up to a 5-year/100,000-km accessory warranty and 5-year/unlimited-km roadside assistance. So now when you drive off in your new RVR, you'll leave with even more peace of mind knowing you can enjoy its acclaimed styling for many years to come.

2015
RVR

OPTIMIZED, REFINED AND READY TO IMPRESS

Eye-catching and strikingly alluring, the new Mitsubishi 2015 RVR beckons to be driven. Powered by the Mitsubishi Innovative Valve-timing Electronic Control (MIVEC) 2.0L DOHC engine, this highly spirited power plant balances power and fuel efficiency, producing 148 horsepower and a combined city and highway rating of 8.4 litres per 100 km*. To keep you in control of the handling, Mitsubishi's revolutionary All-Wheel Control (AWC) system continually monitors the road to improve handling in even the most challenging conditions. Perfect to navigate the fast-paced and ever-changing avenues of urban living, and solid enough to tame the wildest shopping excursion, the 2015 RVR is ready to impress you.

* Fuel consumption rating is for the FWD CVT version.

BROADENING YOUR PERSPECTIVE

The Mitsubishi RVR leads the way in great looks and impeccable styling. Experience a touch of class with the RVR's inviting interior with its new audio trim panel, available high-contrast instrument cluster, soft-touch materials and silver accents, while the spaciousness created with its 60/40-split folding rear seat and the available panoramic glass roof will certainly broaden your perspective. And with an abundance of intelligent communications from the available touchscreen navigation system with Real-Time Traffic information, available Bluetooth® hands-free interface and streaming audio with USB to the available high-performance Rockford Fosgate® audio system, you'll always stay in touch. And for added luxury, selected trims include steering wheel-mounted audio controls, leather-wrapped steering wheel and gear shift knob, along with automatic climate control, heated front seats, leather seating surfaces, heated side mirrors and more.

BLUETOOTH® 2.0 HANDS-FREE CELLULAR PHONE INTERFACE WITH STREAMING AUDIO AND USB INPUT

The RVR's integrated Bluetooth® 2.0 hands-free cellular phone interface is designed to keep you safely connected and entertained – anywhere, anytime. The advanced system uses voice recognition technology coupled with steering wheel-mounted buttons for safer hands-free operation. So plug in your iPod® or MP3 player with the available USB audio and enjoy your music in premium quality.

ALWAYS VIGILANT – ALWAYS SAFE

With so many surprises around the bend, you can be assured that the Mitsubishi RVR is prepared for them all. Always on guard for you, the advanced active and passive safety features engineered into the versatile RVR mean you can drive worry-free. Active Stability Control (ASC) and Traction Control Logic (TCL), along with advanced All-Wheel Control (AWC) and Anti-lock Braking System (ABS) featuring Electronic Brake-Force Distribution (EBD), are some of the significant technologies that will help keep you in control. As a 2014 IIHS Top Safety Pick, the RVR is well equipped with 7 standard airbags, including dual front airbags with seat sensors, driver and passenger seat-mounted side-impact airbags, side-impact curtain airbags and a driver's knee airbag. And it comes with Canada's best-backed* vehicle warranty for that extra peace of mind.

ALL-WHEEL CONTROL (AWC)

One touch of a button and the RVR helps you handle any driving conditions that come your way. You select your desired driving mode and the RVR's Electronically Controlled All-Wheel Control (AWC) does the rest. Drive in 2WD mode for everyday dry pavement conditions with optimal fuel economy, 4WD AUTO mode when conditions become wet and slippery, or easily switch on the fly to 4WD Lock for loose surfaces. Leaving the setting in 4WD AUTO allows the RVR to take charge and lets the system automatically choose between 2WD and 4WD for you. Full control and a safe driving experience, all at the touch of a button.

CHOOSE YOUR DRIVE

For 2015, RVR features a new-generation CVT available on certain trims. Already one of the most efficient transmissions available, the Continuously Variable Transmission (CVT) operates on a pulley system, allowing infinite variability between the highest and lowest ratios. Instead of shifting gears, it adapts to changing vehicle speeds and helps keep the engine operating efficiently. This new generation ensures even greater efficiency, responsiveness and smoothness.

REARVIEW CAMERA†

With the available rearview camera, your visibility when reversing no longer needs to be compromised. The camera's wide-angle view of the area behind the vehicle displays it as an image on a screen on your dashboard, thus making reversing safer and easier.

STANDARD TRACTION AND BRAKING SYSTEMS

When faced with slippery road conditions or emergency braking, the RVR's traction and braking systems will help keep you in control. Active Stability Control (ASC) and Traction Control Logic (TCL) work to maintain traction between the front/rear and left/right wheels. These systems work along with an Anti-lock Braking System (ABS) that keeps individual wheels from locking up during hard braking, while Electronic Brake-Force Distribution (EBD) adjusts braking force between the front and rear wheels.

ONE-TOUCH START/STOP KEYLESS IGNITION

The One-Touch Start/Stop Engine Switch lets you activate the ignition with the press of a button that's located near the centre of the dash panel. With the brake depressed and the CVT shifter in Park position, you'll be quickly on your way. Once you've arrived, one more push shuts off the vehicle.

PANORAMIC GLASS ROOF

Let the outside in with an available panoramic glass sunroof. Retract the sunshade to reveal a full-size glass roof panel that extends over the front and rear seats. At night, add ambiance to your drive with LED illumination.

HIGH-INTENSITY DISCHARGE (HID) HEADLAMPS

View more of the road with available HID (High-Intensity Discharge) headlamps. The headlamp clusters send out broader beams of light and illuminate a much wider section of road.

TOTAL CARGO VOLUME:
1,402L
(49.5 cu. ft.)

REAL-WORLD CARGO ROOM

The RVR gives you the versatility you want. Its 60/40-split folding rear seat not only accommodates cargo and passengers alike, but it also features a handy lever that drops the seatbacks quickly and easily.

OUTSTANDING FUEL EFFICIENCY

With a combined city and highway rating as low as 8.4 litres per 100 km, the fuel efficiency of the RVR is exceptional. Its highly efficient yet powerful 2.0L MIVEC engine, coupled with strong yet lightweight materials and aerodynamic design, delivers one of the best fuel-efficiency ratings in its class. That makes it easier on your budget...and the environment.

FUEL ECONOMY	CITY	HWY	COMBINED
	L/100 KM	L/100 KM	L/100 KM
2.0L MT 2WD	9.9L	7.6L	8.8L
2.0L CVT 2WD	9.3L	7.3L	8.4L
2.0L CVT AWC	9.6L	7.7L	8.8L
