## Audi A5

The Audi A5 is an inspired design that translates to pure excitement the instant your foot touches the pedal. It comes equipped with a 2.0-litre TFSI® I-4 engine that delivers 220 hp and an impressive 258 lb-ft of torque. Its unique combination of FSI technology and turbocharging delivers remarkable efficiency, while quattro® permanent all-wheel drive helps keep you firmly in control of the road.

Extraordinary attention to detail sets your Audi A5 apart from the pack. The standard S line® exterior gives the vehicle a distinctive appearance, that's enhanced with remarkable LED daytime running lights and xenon plus headlights that are as energy efficient as they are bright. Inside, the inspired merging of form and function is plain to see. Every interior detail has been carefully considered – even the aluminum trim has been seamlessly incorporated into the cabin – and the Audi Multi-Media Interface (MMI®)<sup>6</sup> gives you intuitive centralized control of all your vehicle systems.

## Audi A5 Cabriolet

In the Audi A5 Cabriolet, the aggressive yet refined styling of the vehicle is liberated by an automatic acoustic hood that takes just fifteen seconds to open. The three-layer design of the hood provides superlative insulation against sound and cold, making your cabriolet fit for all seasons and conditions. Inside, you'll find luxurious leather seating, three-zone automatic climate control and MMI navigation. This elegant package is powered by a 220-hp 2.0 TFSI engine with quattro® all-wheel drive, and governed by an 8-speed Tiptronic® automatic transmission. The Audi A5 Cabriolet is the perfect choice for the driver who is open to anything except compromise.

## Audi S5

With its powerful 3.0-litre TFSI® engine that produces 333 hp, the Audi S5 is a car to be admired, whether you're in the cockpit or on the sidelines. Power that's both effective and efficient can take it from 0 to 100 km/h in an impressive 5.1 seconds.<sup>8</sup> Plus, thanks to standard Audi drive select and available quattro® sport differential, dynamic steering and adaptive damping suspension, performance is even more agile. All this makes the Audi S5 a highly athletic contender in any environment.

## Audi S5 Cabriolet

The Audi S5 Cabriolet is an open-top sensation. And with a 3.0-litre TFSI 333-hp engine under the hood, it's just waiting to be driven. Fine Nappa leather seating, a power driver's seat with memory function, and three-zone climate control ensure the utmost comfort and pleasure throughout. In addition, the Multi-Media Interface (MMI®)<sup>6</sup> lets you control all vehicle systems with a safe and simple touch. A true beauty to behold, this luxurious, powerful cabriolet celebrates even the shortest journey. Put the top down. It's time to feel and hear the road like never before.

1. Available on A5. 2. Available on S5. 3. Available on A5 Cabriolet. 4. Available on S5 Cabriolet.

## A5 / A5 Cabriolet / S5 / S5 Cabriolet

6. Do not drive distracted. The use of mobile devices while driving, other than in hands-free mode, is illegal in many regions and unsafe.

7. Your Audi vehicle may be equipped with a phone preparation utilizing Bluetooth® interface to enable hands-free functionality (compatible mobile phones sold separately). You will need a Bluetooth®-enabled mobile phone in order to utilize this function. Not all Bluetooth®-enabled mobile phone models are compatible with Audi phone preparation. Contact your local Audi dealer for the latest listing of compatible phones.

8. Please drive safely and obey all traffic laws, including speed limits.

9. Audi side assist, Audi pre sense, active lane assist, night vision, cruise control, parking system, head-up display and all other safety and convenience features are means of assisting the driver only. Drivers must continue to devote their full attention to safe driving. Some features are available as options and may not be available on all models. Airbags are supplemental restraints only and will not deploy under all accident circumstances. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age.

10. The Audi Navigation System depends upon signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest or other road system changes are beyond the control of Audi Canada. Complete, detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested Audi Navigation System route. Periodically new mapping data is available. HDD update is required in order to maintain the latest navigation information. Updates are available for purchase from time to time at additional cost. Consult your dealer or call 1-800-FOR-AUDI for details.

11. Fuel consumption ratings are estimates based on Natural Resources Canada's (NRCan) fuel consumption criteria and testing methods for 2016 model year vehicles. Please note that comparisons to seemingly similar vehicles pre-2015 model year will show discrepancies due to the difference in NRCan approved calculation methods for 2014 model year and older vehicles. Please refer to NRCan's Fuel Consumption Guide 2016 for estimated fuel consumption figures. Actual fuel consumption will vary based on driving conditions, driver habits and the vehicle's condition, weight carried and additional equipment.

Audi Canada believes the specifications in this brochure to be correct at the time of printing. However, specifications, standard equipment, options, fabrics and colours are subject to change without notice. Audi Canada is not responsible for errors in typography or photography. Some equipment may be unavailable when your vehicle is built. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. Please ask your dealer for advice concerning current availability of standard and optional equipment and verify that your vehicle will include the equipment you ordered. Vehicles in this brochure are European models shown with optional equipment or accessories that may not be available in Canada. Tires are supplied and warranted by their manufacturer. Your vehicle is sold equipped with all-season tires. However, please remember the use of winter tires may be mandatory in your province or territory. Make sure your vehicle is equipped with the proper tires at all times. Tires supplied by various manufacturers. See your dealer for complete details on the limited warranty, the Audi 24-hour Roadside Assistance (provided by Club Auto Roadside Services), or the 12-year limited warranty against corrosion perforation. Certain conditions apply; please see your dealer for details. "Bang & Olufsen" is a registered trademark of Bang & Olufsen A/S.
