

TUCSON
2016

NEW THINKING. NEW POSSIBILITIES.

Status quo is nothing more than a starting point for our research and development. Through new thinking, we continue to uncover new territories in innovation, engineering and design. A vehicle is no longer simply a means of transportation; it is an extension of you. By questioning and not simply accepting convention, we continue to push the boundaries to provide new possibilities and experiences that go beyond your expectations.

This is the [H-Factor](#).

BREAK FREE FROM THE EVERYDAY

The all-new 2016 Tucson goes beyond what you would expect in a compact SUV with an ingenious design that breaks away from convention. Re-engineered for excitement and versatility, the 2016 Tucson delivers sporty driving dynamics and a completely redesigned platform that maximizes interior space and is filled with advanced safety technology. The result? A vehicle that is fun to drive, easy to load, and helps keep you safe on the road.

ATHLETIC AND TAILORED DESIGN

The latest embodiment of our evolving Fluidic Sculpture design philosophy, the all-new 2016 Tucson was completely reimagined at our Design Centre in Frankfurt, Germany. A dominant front grille is surrounded by advanced lighting technology, featuring standard LED Daytime Running Lights, projection headlights with integrated LED accents and available High Intensity Discharge (HID) headlights with a Dynamic Bending Light (DBL) system. The wide stance is embraced by athletic side character lines and available 19-inch alloy wheels framed by bold wheel arches.

AVAILABLE LED TAIL LIGHTS

A LOOK THAT INSPIRES ADVENTURE

Step inside and enter a refined cabin that has been engineered for comfort and designed for space. The centre console features a horizontal wing-shaped orientation for optimal driver access and the instrument cluster has been positioned towards the windshield for improved visibility and reduced distraction. Built on an all-new platform, the 2016 Tucson offers generous interior dimensions with 877 litres of cargo capacity – and that's with all seats upright! For even more cargo versatility, rear seats can fold flat for a total 1,754 litres of storage capacity and split-fold 60/40 to accommodate passenger seating and longer items when needed. Add a wealth of premium features such as standard Bluetooth® controls, heated and available ventilated front seats, available heated rear seats and heated steering wheel and the 2016 Tucson will have you arrive in comfort.

**STANDARD HEATED FRONT SEATS AND AVAILABLE
VENTILATED FRONT SEATS**

May not be exactly as shown.

EFFICIENT POWER

Those who seek high levels of driving efficiency will immediately love the available engine options in the all-new 2016 Tucson. Choose between the standard 164 horsepower, 2.0L Gasoline Direct Injection (GDI) engine, or the all-new 1.6L Turbocharged, GDI engine with standard All-Wheel Drive (AWD). It delivers a powerful 175 horsepower, 195 lb-ft of torque and is mated to a 7-speed Dual Clutch Transmission for optimal performance. Get ready to take on your journey with features like the standard Drive Mode Select system, which lets you adjust both engine response and steering effort to match your driving style. Select from three modes: Eco, Normal or Sport by simply pressing a button on the centre console.

INNOVATIVE SAFETY

Designated a 2015 Top Safety Pick+ by the Insurance Institute for Highway Safety (IIHS), the all-new 2016 Tucson's available safety features turn technology into tools that help give you added awareness, control and peace of mind. In addition to the available driver assistance and situational awareness technologies, the extensive list also includes a standard rearview camera and six airbags¹.

WHEN EQUIPPED WITH AVAILABLE AUTONOMOUS EMERGENCY BRAKING (AEB) For more information visit www.iihs.org

Autonomous Emergency Braking⁶

The available Autonomous Emergency Braking function uses a forward camera and radar sensors to detect rapid closing speeds to the vehicle ahead, providing warning notifications to the driver of potential forward collisions. At speeds under 80 km/h, the system can provide full braking assistance to help avoid a potential collision.

Blind Spot Detection³ with Rear Cross-Traffic Alert⁴

Blind Spot Detection uses radar to detect when a vehicle is in the driver's blind spot and provides both an audible and a visual alert to help keep you aware as you move down the road. When reverse gear is selected, Rear Cross-Traffic Alert helps identify and warn the driver of vehicles approaching from the side, even before they come into view of the standard rearview camera.

Lane Departure Warning System⁵

Drift outside your lane without signaling and this available system is designed to inform you with audible and visual cues.

Airbag Protection All Around

Every Tucson is equipped with six airbags¹, including dual front and front seat-mounted side-impact airbags for front seat passengers and two side-curtain airbags with rollover sensors for both front and outboard rear passengers.

Standard Rearview Camera

Whether you are pulling out from a narrow driveway or parking parallel in-between two cars, the standard rearview camera will help guide you (available 8-inch touch-screen shown).

Rear Parking Assist Sensors

Help ease reverse driving with the available Rear Parking Assist Sensors. Audible alerts, with increasing frequency, are used to notify the driver of objects behind them.

2016

TUCSON FEATURES

THE SAFETY OF STEERING WHEEL-MOUNTED CONTROLS

All the controls you need are mounted right within reach. Control your audio stations and volume levels, speed with cruise control, and Bluetooth® hands-free phone system with just the press of a button on the steering wheel. An available heated steering wheel adds an extra level of comfort.

PREMIUM AUDIO SYSTEM

The available premium audio system includes an external amplifier and 8 speakers strategically placed inside the cabin to provide equal listening pleasure – offering an immersive, surround sound experience for all occupants.

REAR SEAT COMFORT

Your rear seat passengers will thank you for the luxury of available rear air conditioning vents and available heated rear seats.

SMART POWER LIFTGATE

The available proximity activated Smart Power Liftgate senses your presence when you stand within three feet of the trunk for three seconds with the proximity key. With no extra movement or motion, the trunk automatically opens so you can unload your two hands' worth of cargo, effortlessly.

DRIVER COMFORT

Optimize your comfort for every season. Standard 3-stage heated front seats have been included for comfort during those colder months, and when it starts to heat up during spring and summer, you can enjoy the available ventilated front seats. Add the available 8-way power driver seat with 2-way power lumbar support into the mix, and you have driver comfort all year long.

8-INCH TOUCH-SCREEN NAVIGATION SYSTEM* WITH REARVIEW CAMERA

Help avoid wrong turns with concise maps and directions thanks to an available touch-screen navigation system with rearview camera.

*CD player is not available when equipped with

ADVANCED ILLUMINATION

Every 2016 Tucson is equipped with standard projection headlights with LED accents and LED Daytime Running Lights for added visibility. When the road turns, available High Intensity Discharge (HID) headlights with Dynamic Bending Light (DBL) system enables the headlights to swivel along the bends and curves in your path. Full LED headlights offer optimum lighting strength on 1.6T Ultimate models (available LED headlights shown).

ENHANCED UTILITY AND STORAGE

The all-new 2016 Tucson offers exceptional, enhanced storage versatility for your day-to-day. Rear seats now have the ability to fold completely flat and split-fold 60/40 to meet your cargo needs. An improved storage capacity of 877 litres with all seats positioned up right, and 1,754 litres with rear seats folded down provides ample room to pack up for day trips around the city.

PANORAMIC SUNROOF

Catch the rays or shooting stars with the available panoramic sunroof that spans above both front and rear passengers.

PROXIMITY KEYLESS ENTRY WITH PUSH-BUTTON IGNITION

Approach the 2016 Tucson with the available proximity key and experience the ultimate convenience. The technology makes entering the Tucson as easy as pressing the button on the driver door handle, which is illuminated with LED lights as you approach the vehicle with the proximity key in your purse or pocket.

Choice of interior colour depends upon model and/or exterior colour selection. Due to the print production process, the colours shown throughout this brochure may vary slightly from actual hue. Textures may not be exactly as shown. Visit hyundaicanada.com or see your dealer for details. *Standard 17-inch steel wheel with wheel cover not shown.

WHEEL LOCK NUTS

Help protect your valuable wheels and tires from theft with a set of Hyundai wheel lock nuts.

MUD GUARD KIT

Custom-fit mud guards keep the dirt and debris of everyday driving where it belongs.

CARGO TRAY

Add years to the interior of your Hyundai by protecting it from spills and messy loads with a durable, custom-fit cargo tray.

TRAILER HITCH KIT

Designed to meet your towing needs, a Hyundai hitch can accommodate a wide variety of hitch-mounted accessories. Kit includes the trailer hitch, ball mount and end cap.

CROSS RAILS

This durable, quick-locking cross rail system lets you transport cargo easily, without sacrificing interior room.

CARGO COVER

Keep your valuables safe and out of sight with an easily removable cargo cover.

BLOCK HEATER

Engineered for your Hyundai, a block heater will help ensure fast starts and reduce engine wear in extreme weather.

PREMIUM ALL-WEATHER FLOOR LINERS

Premium all-weather floor liners were designed to cover the interior carpet, providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look.

ACCESSORIES

TUCSON SPECIFICATIONS

2.0L FWD		STANDARD EQUIPMENT INCLUDES:	
2.0L DOHC I4 with GDI and D-CVVT		3.5" monochrome LCD instrument cluster display	
6-speed automatic transmission with SHIFTRONIC® manual mode		AM/FM/Satellite Radio/CD/MP3 audio system with 6 speakers and iPod®/USB auxiliary input jacks with 5" touch-screen display	
17" steel wheels with P225/60R17 all-season tires		Remote keyless entry with alarm	
6 airbags – front impact (2), front seat-mounted side impact (2), side impact curtains (2)		6-way adjustable driver's seat including height adjustment	
Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist (BA)		Second-row 60/40 split-folding seats with 2-stage recline function and centre armrest	
Bluetooth® hands-free phone system		Integrated rear spoiler	
Steering-wheel mounted audio, cruise and phone controls		Front 3-stage heated seats	
Projection headlights with LED accents		Windshield wiper de-icer	
Driver's blind spot mirror		Fog lights	
Air conditioning with manual temperature control		SACHS® amplitude selective dampers	
Rearview camera		Automatic headlights with LED Daytime Running Lights	
2.0L PREMIUM		INCLUDES 2.0L FWD STANDARD EQUIPMENT PLUS:	
17" alloy wheels with P225/60R17 all-season tires		Blind Spot Detection (BSD) system with Lane Change Assist (LCA) and Rear Cross-Traffic Alert (RCTA)	
Roof rack side rails		Integrated side mirror LED turn signal repeaters	
Driver and front passenger illuminated vanity mirrors and glove box		Leather-wrapped steering wheel and shift knob	
Driver auto up/down safety power window		Front solar glass and rear privacy glass	
Heated second-row seats		Optional: All-Wheel Drive	
2.0L LUXURY		INCLUDES 2.0L PREMIUM STANDARD EQUIPMENT PLUS:	
All-Wheel Drive		Electrochromic auto-dimming inside rearview mirror with HomeLink®	
Power adjustable driver's seat with power lumbar support		8.0" touch-screen navigation system* and shark-fin antenna	
Leather seating surfaces		Premium audio with external amplifier and 8 speakers	
Proximity keyless entry with push-button ignition		Leather-wrapped instrument panel	
Panoramic sunroof with LED map light		Door beltline chrome moulding	
Heated steering wheel and dual-zone automatic climate control		*CD player is not available when equipped with Navigation System.	
Smart Power Liftgate			
1.6T PREMIUM		INCLUDES 2.0L PREMIUM STANDARD EQUIPMENT PLUS:	
All-Wheel Drive		Power adjustable driver's seat with adjustable lumbar support	
1.6T DOHC I4 with turbocharger, GDI and D-CVVT		Premium front and rear fascias	
7-speed Dual Clutch Transmission (DCT)		Chrome-tipped dual exhaust	
19" alloy wheels with P245/45R19 all-season tires		Optional: Heated steering wheel and dual-zone automatic climate control	
1.6T LIMITED		INCLUDES 1.6T PREMIUM STANDARD EQUIPMENT PLUS:	
Leather seating surfaces		Aluminum door scuff plates	
Smart Power Liftgate		Panoramic sunroof with LED map light	
Premium door panel trim		HID headlights with Dynamic Bending Light (DBL) system	
Electrochromic auto-dimming inside rearview mirror with HomeLink®		LED tail lights	
Power-adjustable passenger's seat		8.0" touch-screen navigation system* and shark-fin antenna	
Premium audio with external amplifier and 8 speakers		Heated steering wheel and dual-zone automatic climate control	
Rear Parking Assist Sensors (RPAS) with switch		Leather-wrapped instrument panel	
Proximity keyless entry with push-button ignition		Door beltline chrome moulding	
Supervision cluster with 4.2" LCD display		*CD player is not available when equipped with Navigation System.	
1.6T ULTIMATE		INCLUDES 1.6T LIMITED STANDARD EQUIPMENT PLUS:	
Autonomous Emergency Braking (AEB)		Chrome grille and exterior door handles	
Lane Departure Warning System (LDWS)		Chrome garnish on switch (all doors)	
Ventilated front seats		LED headlights (low-beam)	
Leather-wrapped driver's inboard knee bolster panel

^{TM/®}The Hyundai name, logos, product names, feature names, images and slogans are trademarks owned by Hyundai Auto Canada Corp. Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible. ¹Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. ¹¹Hyundai's 24-Hour Roadside Assistance Program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. ^AFuel economy figures are based on manufacturer's testing and are used for comparison purposes only. Actual fuel efficiency may vary based on driving conditions and the addition of certain vehicle accessories. ¹The Supplemental Restraint (Airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which must still be worn at all times. Children under the age of 13 should be securely restrained in the rear seat. NEVER place a child-seat in the front seat of a Hyundai vehicle. ²Electronic Stability Control (ESC) and Traction Control System (TCS) are meant to enhance conscientious driving habits and are not a substitute for safe driving practices. ESC cannot control your vehicle's stability under all driving situations. No system, no matter how advanced, can overcome physics or correct poor driving. Speed, road conditions and driver steering input will affect whether ESC can help prevent loss of control. See Owner's Manual for details. ³Never rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD will not detect every object or vehicle and will not prevent accidents. Always look over your shoulder and use your mirrors to confirm clearance. See Owner's Manual for further details and limitations. ⁴Never rely exclusively on the Rear Cross-Traffic Alert. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. The system may not detect every vehicle. This system does not detect stationary objects. Vehicle must be in reverse and has to be traveling at 10 km/h or less. See Owner's Manual for further details and limitations. ⁵The Lane Departure Warning System operates when vehicle speed exceeds 70 km/h and only when the lane markings are clearly visible on the road and detected by the system. It will not prevent loss of control. See Owner's Manual for more information and limitations. ⁶Autonomous Emergency Braking (AEB) is designed to detect vehicles that are directly in front of the Tucson. AEB will not detect all vehicles and objects. AEB may not work on winding or hilly roads, during certain weather conditions such as rain, snow, fog and any other times of limited visibility. AEB initiates full braking at speeds between 8 and 80 km/h. AEB is not a substitute for safe driving. Always check your surroundings when driving. See Owner's Manual for details and limitations.
