

2016 MAZDA3

MAZDA

MORE OF EVERYTHING. ESPECIALLY FUN.

Versatile. Nimble. Striking. The MAZDA3 is all of these things, and more. Our engineers built the MAZDA3 with technology that optimizes driving dynamics, control, fuel economy - and fun. Because driving matters. From SKYACTIV TECHNOLOGY's fuel-saving engineering and our innovative connectivity features, to our advanced safety features and stunning KODO design, the MAZDA3 is the culmination of courageous engineering, creative design and fearless conviction. Better than ever before and as versatile as it's always been, the MAZDA3 proves that one car can offer everything - all in a fun-to-drive, affordable package.

*“This is one of those cars that demands to be driven
and I’m more than willing to oblige.”* – Harry Pegg, theautonet.com

MORE INNOVATION. EVEN MORE EXHILARATION.

Exhilaration has always run in the MAZDA3 family. SKYACTIV TECHNOLOGY takes it to a whole new level. With a lighter, yet stronger body, chassis and powertrain, the MAZDA3 delivers superb performance and handling. Its sure-footed, nimble ride includes a precisely tuned 4-wheel independent suspension system, rack-and-pinion steering with rpm-sensing variable power assist for accurate manoeuvring and Dynamic Stability Control* for road-gripping turns. And amplifying the thrill is your choice of the spirited 2.0 L or 2.5 L SKYACTIV-G engines, with the 2.5 L offering up 184 horsepower worth of fun. Precise. Powerful. Performance-oriented. The MAZDA3 proves that more than ever before, passion and performance is in its blood.

/ FREE FLOWING /

Even the design of the MAZDA3's grille improves fuel economy. The MAZDA3 GT with Technology Package is equipped with an active air shutter system that temporarily closes the grille shutters to limit excess airflow to the engine bay, improving aerodynamics.

*Dynamic Stability Control is not a substitute for safe driving practices.

ALWAYS AHEAD OF THE REST.

The MAZDA3 never stops pushing the limits of innovation and design - from its excellent fuel efficiency and cutting-edge technologies, to its premium available amenities and head-turning design. From the inside out, the MAZDA3 exceeds expectations in every way, delivering more of everything and settling for nothing less than the best - as you can see from these standard and available advanced features and innovations.

/ THE BIRTH OF SOUL /

To create Soul Red Metallic*, we put an entirely new three-coat painting process into action. By using two separate coats of high-brightness aluminum flakes and high-chroma red pigment, we created a deep and vivid colour that's unlike any other red on the road.

*Optional on the GS and GT models.

A REFLECTION ON PASSIONATE ENGINEERING.

The MAZDA3 is a testament to obsessive engineering down to the simplest detail. To achieve a greater level of precision and artistry, Mazda engineers sculpt every design in hard clay rather than relying solely on computer-aided design. By using special tools crafted by the artists themselves, Mazda is able to produce a design so precise that it measures within a fraction of a millimetre of the engineers' original vision. Extreme craftsmanship? Sure. But at Mazda, defying convention is how we build cars worth driving.

魂動

KODO : SOUL of MOTION

WHEN BODY MEETS SOUL.

Every muscular line and refined curve of the MAZDA3 embodies the most dramatic expression of our KODO "Soul of Motion" design yet. Slightly lower and wider, the crouching stance, prominent grille and piercing headlights make a formidable first impression. Yet KODO design is as functional as it is beautiful. The stunning sculpted exterior is crafted to also deliver superb aerodynamics. And with an exceptionally low coefficient of drag, the MAZDA3 produces better fuel economy, performance and handling than ever before. With Mazda, there's always more than meets the eye.

/ KODO DESIGN /

Like the wind or the flow of water, KODO is a unique expression of power and beauty seen in instantaneous motion. It's a cheetah pouncing on its prey. It's the moment a sword strikes in the ancient Japanese art of kendo. It's power, speed, dignified tension and sophisticated beauty. And it's highly seductive.

SKYACTIV TECHNOLOGY

ENGINEERING WITH HARMONY IN MIND.

While other car companies compromise power to improve fuel efficiency, we've taken a dramatically different approach. Far more than just an engine with hybrid-like efficiency, SKYACTIV TECHNOLOGY is a holistic system that takes the entire car into consideration. A matrix of next-generation innovations seamlessly works together to improve both fuel economy and the overall driving experience. Power and performance are delivered in abundance, along with efficiencies that offer up to a fuel-sipping estimated 5.7 L/100 km highway*.

mazda.ca/skyactiv

01 // SKYACTIV-G /

By re-imagining the combustion engine with a lofty compression ratio of 13:1, increased power no longer requires fuel-consuming engine displacement. Get up to an estimated 5.7 L/100 km highway* on sedan models and 5.9 L/100 km highway* on Sport hatchback models.

02A // SKYACTIV-DRIVE /

Our engineers created a new kind of precise, high-performance automatic transmission that combines the direct feel of a manual transmission with the silky smoothness of an automatic. And with the Drive Selection switch (standard on the GT model), you get sharper, more responsive acceleration in addition to sporty performance.

02B // SKYACTIV-MT /

This six-speed manual transmission has the shortest shift throw in its class. Inspired by the legendary MX-5 Miata, it's also smaller, lighter and stronger than any we've built before.

03 // SKYACTIV-CHASSIS /

Engineered together with the SKYACTIV-Body to work in perfect harmony, the steering and suspension systems achieve two seemingly contradictory goals at once: To be nimble at low speeds, yet stable at high speeds. Plus, its lighter weight allows for a more direct and agile feel.

04 // SKYACTIV-BODY /

We are constantly searching for new ways to make you safer behind the wheel. That's why Mazda was the first auto manufacturer to use ultra-high-tensile steel in a production vehicle. Because we crafted an efficient structural design and used ultra-high-tensile steel in critical areas, the MAZDA3's body is lighter than normal, yet it's stiffer and stronger.

05 // i-ELOOP /

The MAZDA3 features i-ELOOP**, a regenerative engine braking system that engages every time you lift your foot off the accelerator. i-ELOOP converts the car's own inertia into electricity, charging the battery, preventing fuel from being wasted and improving fuel economy by as much as 5 percent†.

*5.7 L/100 km highway for the Mazda3 sedan G, GX and GS with 2.0 L engine and automatic transmission and 5.9 L/100 km highway for the Mazda3 Sport GX and GS with 2.0 L engine and either the automatic or manual transmission. Estimated fuel economy based on Government of Canada's approved 5-cycle testing method. Your actual fuel consumption may vary depending on how, where and when you drive. For comparison purposes only. For more information on 5-cycle testing, visit mazda.ca/5cycle.
†Actual results will vary based on driving conditions.
**Available on the GT model with Technology Package.

BRINGING THE DRIVING EXPERIENCE TO LIFE.

Welcome to a fully engaging and revitalizing driving experience. Inside the 2016 MAZDA3, you'll find a richly contoured, driver-oriented environment that empowers focused, yet stimulating, driving. From the moment you open the door and the centre gauge lights up, you'll know you're in for a real treat. And when you fire up the engine with the push of a button, a new level of connectedness is undeniable. The side gauges illuminate. The available Active Driving Display* rises to greet you. And once on the road, the cockpit's design around a theoretical vanishing point keeps you forward-focused, helping you fix your attention on the road ahead more easily.

/ DASH YOUR INHIBITIONS /

A first of its kind for the MAZDA3, the available Active Driving Display* projects critical driving information like speed, navigation, safety alert and cruise control right within your line of sight. Strategically positioned directly within the driver's field of view above the gauge cluster, this innovative heads-up display allows you to process information faster while keeping your eyes focused on the road.

/ TAKE CONTROL /

Conveniently located on your steering wheel, paddle shifters† allow you to upshift and downshift without taking your hands off the wheel or your eyes off the road.

*Standard on the GT model.
†Optional on the GT model.

COMPLETELY CONNECTED. EFFORTLESSLY ENGAGING.

Staying connected to the world while you're connected to the road is now effortless, instinctive and fun. With the innovative MAZDA CONNECT infotainment system, you'll enjoy a fully integrated relationship between you and your MAZDA3. All you have to do is pair your smartphone with the MAZDA3 via Bluetooth®+ wireless connectivity to download and stream popular social media, music and infotainment apps such as Aha™* and Stitcher™*. Control the system and view information on the available 7-inch colour touchscreen display†, including the available voice-activated navigation system**. Also enjoy access to standard USB audio input ports and available SiriusXM™ Satellite Radio‡. Even with all these options, we still help you keep your eyes on the road. All the functions displayed on your touchscreen can also be operated with the available multi-function HMI Commander Switch†, conveniently located at your fingertips on the centre console.

/ ENTERTAIN /

Of course AM/FM radio is always a choice, but now there are new ways to explore music and infotainment options via your Bluetooth®+ enabled and Internet-connected device. Connect to your Facebook and Twitter feeds, listen to your own playlist or choose something from the integrated Internet radio apps such as Aha™ and Stitcher™*.

/ COMMUNICATE /

With voice commands, making and receiving calls is as easy as pushing a button and saying hello. Thanks to the MAZDA3's Bluetooth®+ hands-free phone and audio streaming, you stay entertained with streaming audio from your compatible mobile device. SMS Text Message Audio Delivery and Reply† is available on select MAZDA3 models, so you can enjoy fully integrated text display and audio readout, and the ability to reply by choosing from a number of preset return messages.

/ NAVIGATE /

Our convenient available navigation system** offers the advanced features of today's navigation devices, including voice commands and advanced lane guidance. Plus, getting around town - or out of town - has never been easier thanks to the system's 3D interactive map with step-by-step audio directions.

*Available on the GX, GS and GT models with free downloadable Aha and Stitcher apps.

†Standard on the GX, GS and GT models.

‡Available on the GT model with Technology Package and a SiriusXM™ Satellite Radio subscription (free 6-month subscription comes with package).

**Available on the GX and GS models and standard on the GT model.

IN TUNE WITH YOU

A connected driving experience encompasses every sense, including your sense of hearing. That's why the latest Bose® Centerpoint® 2 Surround Sound System† is available in the MAZDA3 GT. Specifically engineered to reproduce high-quality sound for the MAZDA3's interior dimensions, its 9 speakers enable listeners to enjoy a surround sound experience from nearly any stereo source, including CDs, MP3 devices, radio and available SiriusXM™ Satellite Radio*. Centerpoint® 2 surround technology analyzes the stereo signal and converts it to surround sound, creating a truly immersive experience. SurroundStage® delivers a balanced 360 sound field to each seat, so everyone feels as though they are in the middle of the music. While AudioPilot® 2 technology constantly monitors and adjusts the music to compensate for the effects of unwanted noise.

IN EVERY SENSE.

- A 2.5-inch (60 mm) mid-high range speakers x 2
- B Front-door 9-inch (230 mm) woofer x 2
- C Front 3.25-inch (80 mm) mid-high range centre speaker x 1
- D Rear-door 5.25-inch (130 mm) wide-range speakers x 2
- E 2.5-inch (60 mm) mid-high range speakers x 2
- F Digital amplifier with 8 channels of custom equalization

†Available on the GT model with Luxury Package.
*Available on the GT model with Technology Package.

/ THE HOLE TRUTH /

By making the seat perforations moderately large and the distances between them small, our engineers created leather-trimmed upholstery* that's not only soft and breathable, but also absorbs road noise for an enhanced audio-listening environment.

/ PERFECT FIT /

The MAZDA3's sport seats are contoured to mould perfectly to the body, giving you and your passengers a more comfortable and connected ride, no matter how long the commute. And with the available dual-stitched leather-trimmed upholstery*, the seats are as carefully crafted as they are beautiful.

*Available on the GT model with Luxury Package.

DON'T JUST DRIVE. EXPERIENCE.

The MAZDA3's interior appointments offer luxury you simply won't find in comparable affordable compact cars. Using high-end materials and refined finishes, like the satin chrome accents and a carbon fibre-look meter hood, the MAZDA3 offers a unique, understated beauty. The streamlined dash and instrument panel improve visibility for the driver and front passenger, while giving a feeling of spaciousness typically found in luxury vehicles. By repositioning the back seats slightly closer to the centre of the cabin, passengers have a broader view of the cockpit and road ahead. And by redesigning the front seatbacks to contour inwards, we created additional legroom and more foot room. Chances are, you've never seen an interior like this in another car in its class.

FLEXIBLE STORAGE. ROOM TO ROAM.

With the MAZDA3 Sport hatchback, you can enjoy all the conveniences of a compact car without ever compromising cargo space. With a generous 1,334 L of cargo space with the rear seats folded, you'll have enough room for all your camping gear, work gear, party gear or whatever gear you need. Plus, the easy-access lift-gate means easy loading. And when you have more passengers than gear? The MAZDA3 Sport offers plenty of versatility with 60/40-split fold-down rear seats. Simply fold down one section of the rear seat to allow for both passenger room and cargo. And when you need to be all about passengers, the MAZDA3 Sport accommodates five with room to spare.

LIFE IN THE FAST LANE NEVER FELT SO SAFE.

You don't necessarily expect safety innovations to improve the driving experience - unless you're a performance-obsessed automaker like Mazda. For the MAZDA3, our engineers insisted on offering i-ACTIVSENSE safety innovations - a collection of advanced safety technologies that take safety to a whole new level. Taking an active approach to safety, i-ACTIVSENSE is designed to put you closely in tune with your surroundings. It's based on the belief that by making you more aware of road conditions, you'll be better prepared to either help prevent an accident or lessen its severity.

i-ACTIVSENSE

/ HIGH BEAM CONTROL (HBC) /

High Beam Control[†] helps the driver see better at night by maximizing opportunities to use the high beams. The system automatically switches to the low beams when it detects oncoming traffic and/or a vehicle ahead.

/ LANE DEPARTURE WARNING SYSTEM (LDWS) /

The Lane Departure Warning System[†] gives audible and visual warnings when drivers are about to unintentionally depart from their lane at a speed of 70 km/hour or higher.

/ BLIND SPOT MONITORING (BSM) /

Blind Spot Monitoring^{†▲} radar sensors detect objects in the left or right blind spots. If the driver signals a lane change while an object is present, a light in your corresponding side mirror blinks and a warning chime sounds.

/ REAR CROSS TRAFFIC ALERT (RCTA) /

When backing up, Rear Cross Traffic Alert[†] detects a vehicle approaching from the side and promptly alerts the driver with an audible warning, as well as a visual warning in the driver's-side mirror.

/ SMART CITY BRAKE SUPPORT (SCBS) /

At low speeds, Smart City Brake Support[†] detects objects ahead and prepares the vehicle to stop by adjusting the brake pads closer to the disc. If no driver action is taken, the system automatically applies the brakes.

/ ADAPTIVE FRONT LIGHTING SYSTEM (AFS) /

The MAZDA3's KODO-design Adaptive Front Lighting System[†] is not only striking, but also provides a sharper vision of the road ahead. It automatically adjusts the angle of the vehicle's headlights according to the steering angle and vehicle speed. When cornering or approaching intersections at night, the beam of the headlights illuminates the path the car will actually follow, thereby enhancing driver safety. Beautiful design fused with highly advanced technologies. There's no better way to illuminate your journey.

▲Always check your mirrors. Be aware of traffic around you.
†Available on the GT model with Technology Package.

“Excellent balance of ride and handling; well-designed cabin; plenty of upscale features available.”

OUR PROMISE.

At Mazda, we're passionate about what we do. We pay attention to the details, and we take an unconventional approach. You can see it in our designs, feel it in how our cars drive, and experience it in the way we treat you as a customer. Our dealerships are here to help you make the right choice, so everything we do is focused on ensuring that you get exactly what you want - surpassing your expectations. Mazda doesn't settle, and neither should you. Let our Mazda Dealers:

- / Provide you with a comfortable environment
- / Earn your trust
- / Respect and value your time
- / Give you useful information and advice
- / Help you make the best decision

Getting the personalized experience you deserve at your Mazda Dealer.

This is the Mazda Way.

FINANCING WITHOUT THE FUSS Whether you're buying or leasing a new Mazda, or a used vehicle, Mazda Financial Services can help make the financing process more convenient and satisfying. Mazda Financial Services is known for first-class customer service, a wide range of financing options and highly competitive rates. To find out which purchase or lease plan is right for you, talk with your Mazda Dealer or visit mazda.ca.

MAZDA ROADSIDE ASSISTANCE PROGRAM As part of our commitment to your total satisfaction, 2016 MAZDA3 owners are automatically enrolled in our Roadside Assistance Program. Roadside Assistance protects your MAZDA3 for the duration of the 3-year basic limited warranty. Should you require assistance during this period, our service will help to get your vehicle back on the road and minimize any inconvenience. For complete details on this program, see your Mazda Dealer or visit mazda.ca.

MAZDA MOBILITY ASSISTANCE PROGRAM Mazda Canada believes that vehicle access is vital for everyone. Under this program, physically challenged customers who purchase or lease a new, unused Mazda vehicle may be eligible to receive assistance from Mazda Canada Inc. to aid with the cost of acquiring and installing adaptive driving aids on their vehicle. For complete details on this program, see your Mazda Dealer.

MAZDA TEST-DRIVE EXPERIENCE Exhilaration begins with the Mazda Test-Drive Experience - a uniquely designed road trip engineered to take you miles beyond the ordinary test-drive. Down local streets, on-ramps, highways and off-ramps. Through straightaways, S-curves and corners. It's all about putting a Mazda to the test under real-world conditions. It's about discovering the superb acceleration, braking, steering, handling and ride quality that every Mazda offers. And rediscovering that fun, connected-to-the-road feeling we call Zoom-Zoom.

READY TO ROLL Our pre-delivery commitment means every new Mazda is inspected, gassed up and fitted with floor mats.

For peace-of-mind motoring, we've created Mazda Added Protection Plan (M.A.P.) extended warranty plans. M.A.P. plans complement your Mazda Limited Warranty and protect you from unexpected repair expenses and the rising cost of repairs. All M.A.P. plans include Personal Budget and Repair Inflation Protection. In addition, all M.A.P. plans include Premium Roadside Assistance, Tire Road Hazard coverage and OEM Collision Part Coverage. Premium Roadside Assistance extends the roadside assistance coverage offered during the new-vehicle limited-warranty period throughout the M.A.P. term. The Premium Roadside Assistance offers Towing, Winching, Battery Boost, Out-of-Fuel Coverage, Tire Service, Lockout Service, Emergency Travel Expense Reimbursement and Travel Planning and Dealer Locator. Should you ever decide to sell your Mazda vehicle, M.A.P. is transferable to future owners and will enhance the resale value of your vehicle. The Mazda Added Protection Plan is fully backed and administered by Mazda Canada Inc. For more information, please contact your Mazda Dealer.

Ask your dealer about Mazda's competitive program for recent university and college graduates.

BECAUSE THIS IS THE ONLY WAY TO CHANGE THE GAME.
AND THE ONLY WAY TO BUILD CARS WORTH DRIVING.
TODAY, OUR SKYACTIV TECHNOLOGY IS CHANGING THE GAME.
IT'S HOW WE REINVENTED THE GASOLINE ENGINE,
DRAMATICALLY IMPROVING ITS EFFICIENCY
WITHOUT SACRIFICING HEART-POUNDED PERFORMANCE.
IT'S HOW WE ENGINEERED A LIGHTER CAR THAT'S EVEN STRONGER,
SAFER, MORE RESPONSIVE, AND MORE EXHILARATING TO DRIVE.
THESE ARE ACTIONS, NOT WORDS. PROOF, NOT THEORIES.
MAKING THE IMPOSSIBLE POSSIBLE.

THIS IS THE MAZDA WAY.
