

2016 MAZDA 6

ZOOM-ZOOM

MAZDA

LOOKS LIKE A LUXURY SEDAN. DRIVES LIKE A SPORTS CAR.

In the 2016 MAZDA6, Mazda engineers have arrived at a remarkably elegant solution to achieving outstanding fuel economy without sacrificing exhilarating performance. Starting with a robust sport-tuned suspension, responsive steering and a lightweight, aerodynamic body, SKYACTIV TECHNOLOGY and KODO design bring each element together in harmony. Handling is superbly dynamic, characterized by a smooth, graceful stance on the road. And with a quick steering ratio, the MAZDA6 offers a brisk response that enhances the feeling of car and driver as one - and relishes both city streets and twisty back roads.

*Available on the GS model with Luxury Package and standard on the GT model.
†Standard on the GT model.

▲Not available on GX model.

SNOWFLAKE WHITE PEARL

DEEP CRYSTAL BLUE MICA

SOUL RED MICA ▲

FUEL-EFFICIENT EXHILARATION.

Mazda's breakthrough SKYACTIV TECHNOLOGY is an innovative automotive engineering strategy that offers up superior fuel economy without giving up Mazda's signature driving exhilaration. The lighter - yet stronger - chassis and body make for precise, agile handling that never compromises safety. The lighter engine delivers more torque with lower emissions, while the transmission responds naturally to driver input. The sum total? Perfect balance and harmony between MAZDA6's component parts - and by extension, you and the open road.

A VEHICLE THIS PERCEPTIVE EVEN ANTICIPATES DRIVER COMFORT.

Enter the MAZDA6 - a dynamic, artistic environment where the driver takes the wheel in calm command. MAZDA6's Human-Machine Interface (HMI) unites car and driver, giving the feeling of oneness. From the moment you slide into the available 8-way power-adjustable leather seats* and fire up the engine with the push of a button, to the moment you easily engage infotainment and technology options using the HMI Commander Switch, everything you see, touch and operate unlocks a fundamental unity and heightens the sense of pure driving pleasure.

魂動

KODO: SOUL of MOTION

JET BLACK MICA

SONIC SILVER MICA*

TITANIUM FLASH MICA

DESIGNED TO TURN HEADS. ENGINEERED TO EXHILARATE.

The 2016 MAZDA6 is the unforgettable TAKURI show car fully realized - all the way down to its unique Soul Red paint. From captivating available LED signature headlights† to a cabin full of subtle craftsmanship, the MAZDA6's unique KODO design makes it just as dynamic at rest as it is in motion. Built from the ground up with SKYACTIV TECHNOLOGY, it unites exceptional fuel economy and responsive, agile performance under one very beautiful hood. In fact, the MAZDA6 is so beautiful, so well crafted and so invigorating to drive, you'll never go back to ordinary sedans.

NOW, THERE'S NO LIMIT TO HOW FAR YOU CAN GO.

Mazda

UNLIMITED

**3-YEAR
NEW VEHICLE
UNLIMITED MILEAGE WARRANTY**

**3-YEAR
ROADSIDE ASSISTANCE
UNLIMITED MILEAGE**

**5-YEAR
POWERTRAIN
UNLIMITED MILEAGE WARRANTY**

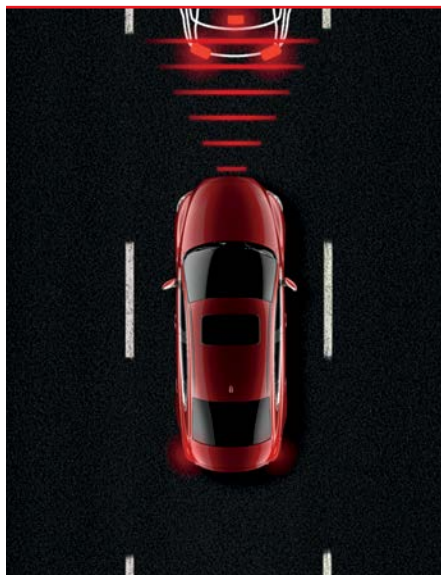

**7-YEAR
ANTI-PERFORATION
UNLIMITED MILEAGE WARRANTY**

Only a car company committed to an unrivalled driving experience could introduce a warranty like this on all 2015 and later models. A first-of-its-kind unlimited mileage warranty‡ that lets you drive as much as you want, as far as you want.

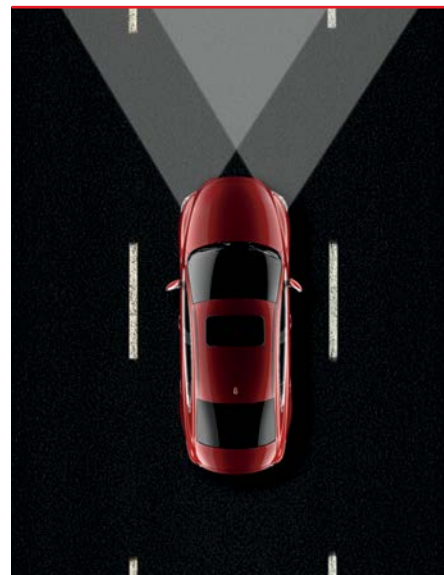

PEACE OF MIND COMES STANDARD.

The 2016 MAZDA6 offers numerous active and passive safety features that enhance peace of mind. Starting with SKYACTIV TECHNOLOGY's ultra-high-tensile steel, the MAZDA6 is ultra-strong, yet ultra-light for exceptional manoeuvrability and brisk responsiveness to driver input. Plus every MAZDA6 comes with a full complement of safety features like six air bags and air curtains*, anti-theft alarms and Dynamic Stability Control (DSC)†. And with available features like Forward Obstruction Warning (FOW)‡ and Mazda Radar Cruise Control (MRCC)‡ - part of Mazda's suite of iACTIVSENSE safety technologies - driving is smooth, responsive and spontaneous.

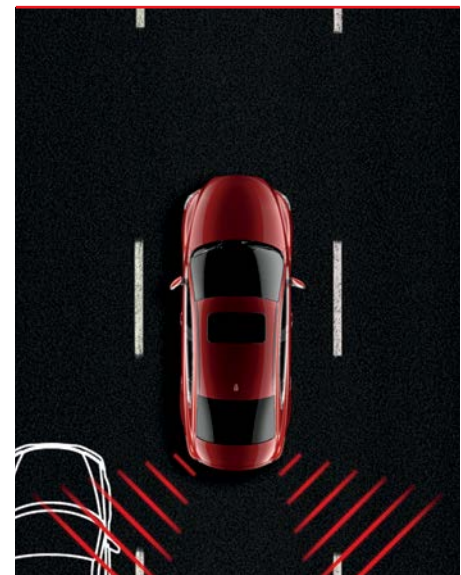

/ SMART CITY BRAKE SUPPORT (SCBS) /

Smart City Brake Support‡ uses a near infra-red laser sensor to detect any vehicle up to 6 m ahead and helps braking when there is a high risk of impact. At speeds of 4 - 30 km/h, the system moves brake pads closer to the discs so the brakes can produce stopping power more quickly if the driver presses the brake pedal.

/ ADAPTIVE FRONT LIGHTING SYSTEM /

Standard on the GT model, you'll find the Adaptive Front Lighting System and self-leveling headlights▲ - specifically designed to help you see around corners at night, literally. As you turn into a corner, the headlights move up to 15° in the direction of your turn, thereby improving visibility and allowing you to spot potential hazards and dangers up ahead.

/ BLIND SPOT MONITORING SYSTEM /

Standard on the GS and GT models, the Blind Spot Monitoring System†† uses radar sensors to detect objects in your left or right blind spots and then alerts you with a warning light that appears in the appropriate side mirror. If you signal a lane change while an object is there, the light blinks and a cabin warning chime sounds.

*Always wear your seat belt and secure children in the rear seat in appropriate child restraints.

†Dynamic Stability Control (DSC) is not a substitute for safe driving practices.

‡Available on the GT model with Technology Package.

▲Standard on the GT model.

††Always check your mirrors. Be aware of the traffic around you.

▼Standard on the GS and GT models.

MAZDA6 SPECIFICATIONS

SPECIFICATIONS	GX/GS/GT
Engine type	SKYACTIV-G 2.5 L DOHC 16-valve 4-cylinder engine with VVT
Compression ratio	13.0:1
Horsepower SAE net	184 @ 5,700 rpm
Torque SAE net lb. ft.	185 @ 3,250 rpm
Recommended fuel	Regular
Fuel economy city/highway (L/100 km)*	
6MT	9.4/6.4
6AT	8.8/6.1
6AT with i-ELOOP	8.5/5.9

*Estimated fuel economy based on Government of Canada's approved 5-cycle testing method. Your actual fuel consumption may vary depending on how, where and when you drive. For comparison purposes only. For more information on 5-cycle testing, visit mazda.ca/5cycle.
