

ALL-NEW 2017
CHRYSLER PACIFICA

THE MOST TECHNOLOGICALLY ADVANCED MINIVAN IN ITS CLASS^{1*}

BEST-IN-CLASS¹ HIGHWAY FUEL ECONOMY[†]

Pacifica Limited shown in Velvet Red Pearl.

FIRST-EVER HYBRID[†] IN ITS CLASS¹
AS EFFICIENT AS 2.9 L_e/100 km (97 MPG_e²)

Pacifica Limited Hybrid shown in Silver Teal.

FAMILY ROOM ON THE GO

A lot has changed with families since the invention of the minivan over 30 years ago. This evolution accounts for all the ways parents today are pulled in countless directions, every minute of the day. That's why the all-new Pacifica takes precedence as an extension of your home with welcoming amenities like available seating for eight and hands-free entrance. Think of it as the resource for keeping your family on track, easing the stress of your hectic life.

SCULPTED NEW DESIGN

Gorgeous and sleek, the all-new Pacifica reinvents the family-utility vehicle. Its architecture was built from the ground up starting with strategically placed dual-phase, high-strength, lightweight steel, resulting in a strong safety cage that contributes to impact protection. The sculpted and athletic new shape reveals modern exterior features like LED lighting, chrome accents and available class-exclusive¹ 20-inch aluminum wheels.

SEATING FOR 8 WITH SMART STORAGE

Making room for more is a no-brainer with available seating for eight, including an easily removable centre seat[‡] in the second row. The all-new family room on wheels offers unprecedented functionality and versatility with the exclusive Stow 'n Go[®] fold-in-floor seating, storage and cargo system designed to be used without having to remove[‡] the seats. Occupants in all three rows will notice the spacious legroom, shoulder room and headroom for a relaxing, comfortable ride.

QUIETEST INTERIOR IN ITS CLASS³

The refined silhouette offers advanced aerodynamics, while upgrades to the new platform deliver an ultra-quiet cabin. Aero performance is further enhanced by active grille shutters that automatically close, redirecting airflow around rather than into the vehicle. The all-new architecture optimizes ride and handling with an independent rear suspension and isolated rear cradle configured for strength, stiffness and refined driving dynamics.

*All disclaimers and disclosures can be found on the back cover.

² Based on *EnerGuide* ratings. See page 23 for full details.

[†]Late availability. [‡]Gas engine models only.

FIRST-EVER HYBRID* MINIVAN¹ UP TO 97 MPG_e²

Pacifica Limited Hybrid shown in Silver Teal.

Pacifica Limited Hybrid interior shown with Nappa leather-faced seats and perforated inserts in Alloy with Ice Blue accent stitching and Black accent piping.

QUICK AND EASY CHARGING TECHNOLOGY

HYBRID OFFERS OUTSTANDING TOTAL DRIVING RANGE

Look to the available hybrid technology for outstanding efficiency: as good as 2.9 L_e/100 km (97 MPG_e) in city driving²; up to 48-km (30-mile) zero-emissions electric driving range;² and over 850-km (530-mile) total driving range with a full fuel tank combined with full electric charge.²

ELECTRIC EFFICIENCY

The hybrid powertrain provides a highly efficient driving experience. At lower city speeds, drivers can operate on all-electric power. It's about providing maximum efficiency and the capability to cover up to 48 km of daily driving trips such as errands and carpooling, on electric power, all within a single charge.² When the driver demands more power such as when accelerating to highway speeds, the gasoline engine is automatically engaged.

SEAMLESS TRANSFER OF POWER

Pacifica Hybrid is fully electric when you want it, and hybrid (combined gas/electric) when you need it, switching seamlessly between the two. Its pivotal technology is the innovative Electrically Variable Transmission (EVT) featuring two electric motors — both capable of delivering power to the front wheels. Regenerative braking helps charge the battery every time you slow down, and the Efficiency Coach aids you to minimize energy consumption through efficient driving. The Hybrid Electric Pages allow the driver to customize power usage details on the 8.4-inch Uconnect[®] touchscreen and 7-inch in-cluster display.

Hybrid Electric Pages.

SIMPLE CHARGE SYSTEM

Pacifica Hybrid can be charged in as little as two hours with an available 240-volt charging system, or in 14 hours via a standard 120-volt outlet. Easily view the charge level, even from a distance outside the vehicle, with the five-point charge indicator on the instrument panel.

UNIQUE HYBRID STYLE

The Chrysler Pacifica Hybrid features a unique front grille pattern, available Silver Teal body colour and wheel design distinguishing it from the other Pacifica models. Additional exterior features include signature LED lighting, chrome accents, as well as teal badging accents. Bringing the outside in, Anodized Ice Cave interior accent finishes and Ice Blue stitching provide a soothing sense of cabin serenity. The Hybrid model's second-row seats can be removed rather than stowed in the floor where the 16-kWh lithium-ion battery is housed.

Quick-glance five-point charge level indicator can be easily seen on the upper dashboard.

*Late availability.

BEST-IN-CLASS¹ POWER / FUEL ECONOMY / TOWING

Pacifica Limited shown in Velvet Red Pearl.

AWARD-WINNING 3.6L PENTASTAR™ V6 BEST-IN-CLASS¹ POWER AND TORQUE

When you choose the gasoline-powered Pacifica, you get a commanding yet economical 3.6L Pentastar Variable Valve Timing (VVT) V6 engine that delivers an impressive best-in-class¹ 287 horsepower and 262 lb-ft of torque. Efficiency is further enhanced with the new Engine Stop/Start (ESS)* technology that automatically shuts off the engine as the vehicle brakes to a stop, then seamlessly restarts it when the brake pedal is released.

CLASS-EXCLUSIVE¹ 9-SPEED AUTOMATIC

The Pacifica is the only vehicle in its class¹ equipped with a standard nine-speed automatic transmission — a primary contributor to best-in-class¹ highway fuel economy as good as 8.4 L/100 km (34 mpg)¹. Its unique calibration allows for outstanding vehicle launch characteristics with quick, smooth transfers between gears. The transmission also enables lower engine RPM while cruising at highway speeds and, in turn, optimal fuel-efficiency.

BEST-IN-CLASS¹ TOWING CAPACITY

Whether it's loading up the interior with home improvement supplies or garage sale furniture, or pulling the family camper or boat, you'll easily get it done with a towing capacity of up to 1,633 kg (3,600 lb)¹. When you're pulling that much weight, it's nice to know the available Trailer Sway Control (TSC)⁴ will help keep you safely on course.

⁴When properly equipped with Trailer Tow Group.

*Late availability. ¹Based on *EnerGuide* ratings. See page 23 for full details.

INDUSTRY-EXCLUSIVE

STOW 'N GO

AVAILABLE SEATING FOR 8

VERSATILE EIGHTH SEAT

The all-new family room on wheels offers up to 243 different seating configurations with available seating for eight that includes a lightweight, removable second-row centre seat.* With the second- and third-row seats stowed in the floor,* an expansive flat cargo space can fit several 4- x 8-ft sheets of plywood. When the removable eighth seat is not being used, it offers an additional armrest, cup holder and storage bin for the second-row passengers by folding the seatback forward.

NEW STOW 'N GO ASSIST

Pacifica introduces the next-generation Stow 'n Go fold-in-floor seating and storage system. Designed to be used without having to remove* the seats, the new Stow 'n Go Assist feature makes stowing gear or the seats in second-row in-floor bins as simple as pressing a button that automatically slides power-equipped front seats forward to allow for bin access. Press the button again, and the front seat returns to its original position, including recline.

A SINGLE MOTION TO STOW SEATS

The enhanced Stow 'n Go system provides intuitive, easier operation, with a smooth, single motion fold-and-stow process for the fold-in-floor second- and third-row seats. When the seats are in their upright positions, in-floor bins store a multitude of items, from laptops, purses and toys to backpacks and sporting equipment.

SUPER CONSOLE CENTRE STORAGE

The all-new Pacifica offers centre consoles that provide clever functionality, storage and organization for all of your gear. All versions of the available centre consoles offer four cup holders, including two for the front row and two for the second row. An additional open forward bin, inset into the floor, is deep and wide enough to hold a grocery bag or purse. Also included are connections for 12-volt and USB charging, lined storage surfaces, and a stylish tambour door on models equipped with the Super Console.

Properly secure all cargo.

CARGO VERSATILITY

Versatility is virtually endless with the industry's most innovative passenger and cargo vehicle. The Stow 'n Go system folds and stows second- and third-row seats, allowing you to go from seating up to eight to seating two passengers, with any combination in between. With all rear seats stowed, 3,979 L (140.5 cu ft) of space means loading up is as easy as loading in.

UP TO 243 SEATING CONFIGURATIONS

*Second-row Stow 'n Go and 8-passenger seating not available on Pacifica Hybrid.

Tailgate offers easy access to rear cargo area. Properly secure all cargo.

Spacious flat cargo area with second- and third-row seats stowed.

Properly secure all cargo.

POWER-FOLDING THIRD ROW

The available one-touch power-folding third-row 60/40 split-bench seat folds directly into the floor. This feature also includes obstacle detection to automatically pause if something is detected in its path of motion,⁵ as well as an automatic headrest folding function that can be accessed through the front-row Uconnect[®] touchscreen.

EASY TILT THIRD-ROW ACCESS

Passengers can easily climb into the third row using the new Easy Tilt seat feature. The second-row seats shift forward, with or without a child seat installed, at the pull of a lever. Alternatively, third-row passengers can simply pull the Stow 'n Go strap before entering the third row (if a child's seat is not installed).

COMFORT FOR UP TO 8 PASSENGERS

Pacifica Limited interior shown with Nappa leather-faced seats and perforated inserts in Alloy with Cranberry Wine accent piping and stitching.

NAMED ONE OF WARDS 10 BEST INTERIORS

This award-winning interior mixes sculpted design, crafted details and high-tech elements to impress families, drivers and reviewers alike. Premium leather-faced seating features best-in-class¹ first-row legroom while its ergonomic design bolsters body contours. The 12-way power adjustable driver seat, including four-way power lumbar support, customizes your position. Within reach are the available largest-in-class¹ 8.4-inch touchscreen with a seamless, flush-mounted screen surface and the standard Rotary E-shift dial. And as a fitting touch, Keyless Enter 'n Go™ with proximity entry and push-button start gives you easy access to the luxury that awaits.

ALWAYS THE PERFECT CLIMATE

When temperatures outside spike or dip, you'll never lose your cool with premium comfort features offered like heated front and second-row seats, as well as ventilated front seats. The available heated steering wheel delivers a single layer of warmth and can be operated using climate controls on the Uconnect® touchscreen, while the standard tri-zone automatic temperature control includes a rear-seat control panel. With remote start, the heated steering wheel, as well as the heated and ventilated front seats, can be programmed to come on automatically.

TRI-PANE PANORAMIC SUNROOF

Passengers will appreciate awe-inspiring views while enjoying cloud formations or counting stars through the overhead glass. The spacious interior is visually expanded with the light-infused segment-first¹ available Tri-Pane Panoramic Sunroof with third-row fixed glass and power dual-pane, first- and second-row sunroof. The sunroof features deep-tinted glass and a power sunshade for the front portion, as well as a manual sunshade for the fixed rear glass.

REVOLUTIONIZING THE DAILY ROUTINE

SEGMENT-EXCLUSIVE¹ HANDS-FREE POWER SLIDING DOORS AND LIFTGATE

A single kick motion under the sliding doors or liftgate opens the vehicle while the key fob is with you. Whether you're carrying shopping bags or a sleeping baby, getting settled has never been smoother. These are just some of the "Minivan Firsts" that make Pacifica revolutionary.

Pacifica Limited shown in Velvet Red Pearl.

KEYLESS ENTER 'N GO™

With this standard passive entry system, you're able to open doors as well as start the vehicle with a keyless, push-button ignition via a personalized fob. With the fob in a pocket or purse when you approach the locked vehicle, simply pull the door handle or rear liftgate latch to gain access. The power sliding doors and rear liftgate can also be opened with the touch of a button.

HAND OVER THE KEYS MORE EASILY WITH KEYSENSE

Ideal for families with younger drivers, the available KeySense programmable key fob can help promote safer driving habits and limit distractions. Using a four-digit PIN programmed through the Uconnect® touchscreen, the dedicated KeySense fob can place limits on vehicle speed and audio volume, and allow blocking of select SiriusXM⁶ channels. KeySense will also mute the audio when front seat belts are not buckled and can prevent disabling of available active safety systems.

STOW 'N VAC INTEGRATED VACUUM

When things get messy, the convenience of an available built-in vacuum by RIDGID® makes cleanup fast and simple. Accessed from the second row, Stow 'n Vac easily reaches all corners of the Pacifica. It's the highest power-rated in-vehicle vacuum in its class¹ and includes a crevice tool, fabric brush and dishwasher-safe debris drawer located in the rear cargo area.

THE MOST ADVANCED ENTERTAINMENT SYSTEM IN ITS CLASS*

INDUSTRY-LEADING REAR-SEAT ENTERTAINMENT

Uconnect® is transforming the passenger experience with the available all-new, class-exclusive¹ Uconnect Theatre rear-seat entertainment system. Your passengers can watch movies, play built-in games and connect personal devices to stream content throughout the vehicle. The available Uconnect Theatre allows second-row occupants to bring their digital lifestyle along for the ride and connect simply with available wireless*, USB and HDMI device connectivity.

TWO 10-INCH TOUCHSCREENS

Uconnect Theatre integrates apps and games on dual, front seatback-mounted, 10-inch high-definition touchscreens with the ability to display separate media or games simultaneously. Keep curious minds in the backseat engaged while they follow your travels with the “Are We There Yet?” app on navigation-equipped models, which displays the distance remaining to a programmed destination and estimated arrival time. Seven included games like checkers, tic-tac-toe and backseat bingo ensure the crew is entertained along the way.

QUIET AND SERENE

Contributing to the quietness of the cabin, the standard built-in Active Noise Cancellation (ANC) technology subdues unwanted noise. It also allows for an enhanced listening experience with the standard six-speaker system, available Alpine® 13-speaker system or class-exclusive¹ Harman Kardon® 20-speaker premium surround-sound system, turning the all-new Pacifica into a mobile soundstage.

MULTIMEDIA HUB

The available Blu-ray®/DVD player with integrated video USB port in the first-row centre stack can be used to play movies on the two Uconnect® Theatre 10-inch touchscreens. From the first-row 8.4-inch touchscreen, parents can mute, turn off and lock out content displayed on each screen. Available USB charging ports in all three rows keep everyone charged and connected.

SIRIUSXM SATELLITE RADIO⁶

SiriusXM satellite radio⁶ with one-year subscription is standard and includes a variety of music, news, sports and specialty channels to satisfy any listener. It also allows you to receive alerts when your favourite song, artist or sports team is playing on another channel. SiriusXM⁶ includes an Instant Replay feature to pause and rewind, then replay programs, songs and sports broadcasts.

SIRIUSXM⁶ TUNE START

Starts songs from the beginning when passengers and drivers switch between their favourite preset SiriusXM⁶ channels. SiriusXM⁶ Tune Start ensures no one misses a beat of the songs they want to hear.

Available Uconnect® 8.4 NAV multimedia centre features a seamless, flush-mounted screen surface resembling a tablet or smartphone.

8.4-INCH TOUCHSCREEN LARGEST IN ITS CLASS¹

NEXT-GENERATION UCONNECT® SYSTEMS

The all-new Pacifica is designed to help drivers remain focused on the road with their hands on the wheel, while communicating, navigating and staying entertained with the standard 5-inch or available 8.4-inch Uconnect touchscreen. Personalize your information and connectivity with available features like the **Drag and Drop Menu Bar** to display your top Uconnect features and services on the main screen. Use **Siri® Eyes Free⁷** to make voice commands⁷ with iPhone® 4s and later, and **Do Not Disturb** to suppress incoming calls and texts or send automatic replies. The touchscreen displays climate, radio and multimedia controls, while an available memory system saves preferred drivers' seat, exterior mirrors and radio station presets.

VOICE COMMAND⁷ WITH BLUETOOTH® DEVICE CONNECTIVITY

Access your songs library on compatible devices through standard Bluetooth streaming audio, USB and auxiliary audio input ports in the centre console. Pairing a Bluetooth-enabled phone with the Uconnect system is as simple as pressing the phone button on the steering wheel or radio screen and following prompts to connect your device.

3D NAVIGATION⁸ IMAGERY

The available Uconnect 8.4 NAV system comes with integrated navigation⁸ including features such as 3D landmarks, city models and digital terrain maps, as well as enhanced screen graphics and one-step voice destination entry.

VOICE TEXT REPLY⁹

With your compatible phone paired to the Uconnect system's hands-free⁸ Bluetooth technology, the Voice Text Reply⁹ feature will announce incoming text messages and read them to you when you press the phone button and say "listen to message." It also allows you to reply with any of the 18 preset responses such as "yes" and "I'm on my way." It's the type of technological convenience that makes staying in touch along the way easier and safer than ever.

TAKE CHARGE FROM ANY SEAT

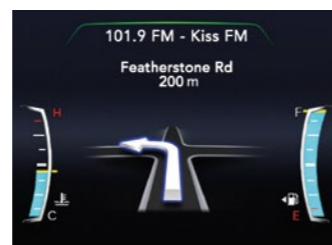

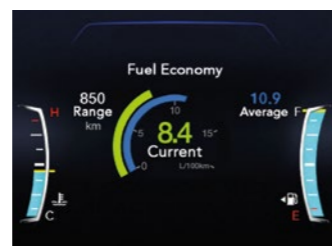

The Pacifica keeps passengers in all three rows charged and connected with a standard first-row USB charging port and two 12-volt auxiliary power outlets. Available second- and third-row USB charging ports and a 115-volt auxiliary power outlet ensure the whole family's devices are powered for the road ahead.

7-INCH FULL-COLOUR CUSTOMIZABLE IN-CLUSTER DISPLAY

The available premium display delivers configurable and crisp graphics that are seamlessly integrated between the cluster gauges. The display allows for a wide range of driver-assist settings, such as digital speedometer, fuel economy, alerts for available safety features such as Forward Collision Warning with Active Braking¹⁰ or Parallel and Perpendicular Park Assist¹⁰ and available turn-by-turn navigation⁸.

Cluster gauges glow with elegant "Chrysler Blue."

Available 7-inch in-cluster display screens.

USB charging port connectivity.

100+ STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES

Available 360° Surround-View Camera¹⁰ display in the 8.4-inch Uconnect® touchscreen.

CLEAR 360° DISPLAY AROUND THE VEHICLE

During low-speed driving situations like parking or backing out of your driveway, the available 360° Surround-View Camera¹⁰ delivers a new level of technology, providing a bird's-eye perspective of the vehicle and its surroundings in the available

8.4-inch touchscreen. Along with keeping an eye on blind spots¹⁰ and the road ahead, Pacifica offers features that can automatically slow and stop the vehicle if it's too close to another,¹⁰ or help steer it back into your lane if you've unintentionally drifted.¹⁰

The Electric Park Brake, activated by a button located near the Rotary E-shift dial, features Safe Hold to automatically apply the brakes if Pacifica is not in Park when the driver exits the vehicle.

PARALLEL AND PERPENDICULAR PARK ASSIST¹⁰

Through a network of sensing elements on the front and rear fascias, the all-new Pacifica can help you in your daily manoeuvres and guide you into parking spaces with the available Park-Sense® Rear Park Assist with Active Braking¹⁰ and Parallel and Perpendicular Park Assist.¹⁰ The sensors send out ultrasonic waves when driving at low speeds and provide visual and audible alerts of a detected obstacle's distance. Park-Sense Rear Park Assist with Active Braking¹⁰ can automatically apply the brakes to prevent a possible rear collision in low-speed parking situations.

Parallel parking assistance is available on either side of the vehicle and can start searching for a suitable parking spot as soon as the driver activates the system using a dedicated button on the centre stack. Perpendicular parking assistance allows the vehicle to back itself into a suitable space. The system automatically controls steering-wheel angle, while the driver controls gear selection, brake and accelerator.

SAFETYTEC™ FEATURE PACKAGES

Two package options bundle advanced safety features to enhance driver and passenger safety and security. **SafetyTec Group¹⁰** includes: Park-Sense® Rear Park Assist with Active Braking and Blind-Spot Monitoring with Rear Cross-Path Detection. The **Advanced SafetyTec¹⁰ Group**'s active safety systems include Forward Collision Warning with Active Braking, Adaptive Cruise Control with Stop and Go, Lane Departure Warning with Lane Keep Assist, and more. See page 23 for package details.

PARKVIEW® REAR BACK-UP CAMERA¹⁰

When driving in Reverse, the standard ParkView system's back-up camera¹⁰ image is shown in the 5-inch or 8.4-inch Uconnect® touchscreen. It includes selectable static or dynamic grid lines, adjusting as the steering wheel is turned. The wide-angle view of what is immediately behind your vehicle allows you to better access a clear path for backing out of parking spots.

ALL-NEW PACIFICA INCLUDES 8 AIR BAGS¹¹

Eight standard air bags¹¹ include front multistage air bags with adaptive venting technology, side-curtain air bags, driver and front passenger inflatable knee bolster air bags, and front-seat-mounted side-impact air bags. Based on occupant size and the severity of impact, the front air bags open at varying levels of inflation. Side air bag inflatable curtains extend over both front and rear seating rows.

ADVANCED LIGHTING TECHNOLOGY

Better visibility equals safer driving. Pacifica's standard automatic quad-halogen projector headlamps and premium fog lamps provide more controlled illumination for increased visibility. Available High Intensity Discharge (HID) headlamps, LED Daytime Running Lamps and LED fog lamps provide enhanced illumination and unmistakable road presence, while standard LED taillamps produce a distinctive and highly refined illuminated halo. Available automatic high-beam headlamp control adjusts brightness based on ambient light and oncoming traffic.

BLIND-SPOT MONITORING WITH REAR CROSS-PATH DETECTION¹⁰

When driving forward, the available Blind-Spot Monitoring system continually monitors the vehicle's side blind zones using dual radar sensors. When an object is detected, an indicator illuminates in the appropriate sideview mirror and, if the turn signal is activated, an audible notification sounds. In Reverse, Rear Cross-Path Detection automatically monitors for objects and vehicles in perpendicular relationships to the vehicle and is ideal when backing out of tight parking spaces or alleys.

FORWARD COLLISION WARNING WITH ACTIVE BRAKING¹⁰

Using radar and video sensors, this available system detects whether the vehicle is approaching another vehicle or large obstacle in its path too rapidly. When an object is detected, the system will provide audible and visual warnings and can assist the driver in avoiding the incident by actively applying the brakes. The driver has the ability to adjust the sensitivity and turn brake support on or off.

ADAPTIVE CRUISE CONTROL WITH STOP AND GO¹⁰

This available system uses radar and video sensors to automatically adjust your cruising speed based on preset speed and vehicle distance settings. In certain conditions, such as stop-and-go traffic, the system is able to bring the vehicle to a complete stop without any driver intervention, then prompt the driver to press the Resume button or tap the accelerator to re-engage to safe-range speeds as traffic begins to move.

LANE DEPARTURE WARNING WITH LANE KEEP ASSIST¹⁰

A forward-mounted camera detects and measures the vehicle's position within a lane. If the vehicle starts unintentionally drifting out of its lane without using the indicators, this available feature will warn you visually and through a haptic warning — a "shiver" in the steering wheel. If the driver does not respond to the warnings, Lane Keep Assist can help gently nudge the vehicle back into the lane by leveraging the Electric Power Steering system to apply corrective steering input.

TOURING-L

POWERTRAIN

- 3.6L Pentastar™ Variable Valve Timing (VVT) V6 with 9-speed automatic
- Front-wheel drive (FWD)

INTERIOR AMENITIES

- 3.5-inch Electronic Vehicle Information Centre (EVIC)
- Active Noise Cancellation (ANC)
- Air conditioning with tri-zone automatic temperature control
- Dual power sliding doors and power liftgate
- Front and rear floor mats
- Interior door handle LED lamps
- Interior observation mirror
- Leather-wrapped steering wheel with mounted audio and cruise controls
- Liftgate flood lamp
- Media Centre:
 - First-row USB charging port
 - Hands-free communication with Bluetooth® streaming audio⁷
 - Media hub with USB port and auxiliary audio input jack
 - SiriusXM satellite radio with one-year subscription⁶
 - Uconnect® 5.0 with 5-inch touchscreen and 6 speakers
- Overhead ambient surround lighting with LED courtesy lamps
- Power front and second-row windows with front one-touch up and down
- Power locks
- Rear seatback grocery bag hooks
- Rotary E-shift dial
- Seating:
 - Leather-faced with heated driver and front-passenger seats
 - Power 12-way driver's seat including 4-way power lumbar adjust
 - Second-row Stow 'n Go® fold-in-floor seats with in-floor storage and Easy Tilt
 - Stow 'n Go Assist driver's seat
 - Third-row Stow 'n Go fold-in-floor 60/40 split-folding bench seat
- Storage:
 - Floor tray and console with cup holders
 - Front seatback map pockets
 - Lower instrument-panel cubby bin
- Sun visors with illuminated vanity mirrors
- Sunscreen glass with second- and third-row window shades (late availability)
- Tilt and telescoping steering column
- Two 12-volt auxiliary power outlets
- Universal garage door opener¹²

EXTERIOR FEATURES

- Automatic quad-halogen headlamps
- Black Stow 'n Place® roof rack system
- Black upper and lower grilles with chrome fascia accents
- Body-colour, power, heated mirrors with manual foldaway
- Body-colour rear fascia, shark fin antenna and lower bodyside sill appliqué
- Bright bodyside moulding
- Bright door handle inserts
- Chrome daylight opening surround moulding
- Chrysler wing grille badge and rear deck lid Pacifica badge
- LED taillamps
- Premium fog lamps with chrome accent bezels

WHEELS AND TIRES

- 17-inch Tech Silver 10-spoke aluminum wheels
- 235/65R17 BSW all-season tires

17-inch Tech Silver 10-spoke Aluminum
Standard

SAFETY & SECURITY

- 4-wheel antilock disc brakes with Rain Brake Support and Ready Alert Braking
- 8 air bags¹¹ including advanced multistage driver and front-passenger, driver and front-passenger inflatable knee bolster, supplemental front seat-mounted side, and supplemental side-curtain air bags for all rows
- Child Seat Anchor System (LATCH-ready)
- Electric Park Brake with Safe Hold
- Electronic Stability Control (ESC)⁴ with Hill Start Assist
- Keyless Enter 'n Go™ with proximity entry and push-button start
- ParkView® Rear Back-Up Camera¹⁰
- Remote start
- Security alarm and Sentry Key® antitheft engine immobilizer
- Tire pressure monitoring display
- Tire Service Kit including puncture sealant and portable air compressor

CAPABILITY & FUNCTIONALITY

- 730-amp maintenance-free battery and 180-amp alternator
- Active grille shutters
- Capless fuel filler
- Electric power steering
- Engine block heater

DISCLAIMERS: (1) Based on the latest available competitive information for minivans in the *WardsAuto* Small Van segment (Honda Odyssey, Toyota Sienna, Kia Sedona). Excludes other vehicles designed and manufactured by FCA US LLC. (2) Estimated figures based on latest available manufacturer testing data of pre-production models and Government of Canada approved test methods. L_e/100 km is an equivalent measure of gasoline fuel consumption for electric energy consumed by Plug-in Hybrid Electric Vehicles (PHEV) operating in electric mode during city driving. Miles per gallon equivalent (MPGe) estimated ratings based on imperial gallon. Actual results may vary. Use for comparison purposes only. (3) Based on FCA testing of minivans in the *WardsAuto* Small Van segment. (4) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. (5) Detects most obstacles. Always use care. (6) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. (7) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. (8) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. (9) Preset voice-to-text messaging and incoming text message reading require a MAP-enabled phone. (10) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. (11) The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (12) Not compatible with all garage door openers. (13) Additional fees will apply for dealer-activated navigation.
