

# 2017 PILOT

This is the new chapter. Where alone time means family time. Where multitasking isn't a skill, it's a way of life. This is the new you. A leader when needed, a teacher always. Adventure still calls, but now you answer with an entourage. This story might have a lot more characters than it used to. But that's what makes it so interesting.

## If three's a crowd, eight's an expedition.

Journeyers, meet the 2017 Pilot – the Honda paragon of utility and efficiency. Equipped with the Earth Dreams™ engine and available idle-stop, the Pilot thirsts for adventure, not fuel. Its roomy interior seats up to eight passengers,<sup>1</sup> and 3<sup>rd</sup>-row access has never been easier using the available one-touch second row seats. Plus, its cargo capacity makes any packing list just about limitless. We've made Honda Sensing™ safety and driver-assistive technologies standard, so you'll take confidence with you on every trip. With a refined interior inside the modern, sleek exterior, you won't just catch attention – you'll ride comfortably at the centre of it. The 2017 Pilot is confident, bold and ready for anything. Are you?

**Key Features:** Available Honda Satellite-Linked Navigation System™<sup>2,3</sup> | Available Honda Rear Entertainment System with Blu-ray™ capability

1. Seven passengers on the Touring model with second-row captain's chair.  
2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
3. Map database covers major metropolitan areas in Canada and 48 contiguous U.S. states.

3

## Leave no stone, corner or head unturned.

You can either take the scenic route, or you can be the scene itself. In addition to its sleek body, the available projector-beam LED headlights with auto high beam technology blend style with function in the 2017 Pilot. And while others stare, you'll see clearly in virtually any condition using the available rain-sensing windshield wipers and standard front wiper de-icer, which heats up the bottom of the windshield of the Pilot to help keep its wipers clear of slush and ice. But no matter what the forecast calls for, the available power tailgate makes getting at your cargo and hitting the road a breeze. So wherever you're headed, the Pilot makes looking confident look good.

**Key Features:** Available 20" aluminum-alloy wheels | Available roof rails | Available projector-beam LED headlights with auto high beam technology | Available LED daytime running lights | Available fog lights

3

● PAY THE BABYSITTER

Accessorized model shown.

# Please be spaciously seated.

The interior of the 2017 Pilot surrounds you and your passengers in sophistication thanks to the available interior ambient lighting and soft touch dash and door materials. And with the available perforated leather-trimmed seating surfaces and the available leather-wrapped steering wheel, every ride is steeped in refinement. While the available panoramic moonroof brightens the cabin, the heated front seats and available heated second-row outboard seats make it even cozier to ride in. When comfort meets style, the Pilot makes every ride worth savouring.

**Key Features:** Remote engine starter | Driver's seat with available 10-way power adjustment including power lumbar support | Proximity key entry system and pushbutton start | Tri-zone automatic climate control | Available panoramic moonroof | Available memory-linked side mirrors and driver's seat position

# Next-generation for your next generation.

A road trip is the perfect way to unwind, sightsee, and get lost in the moment. And the Pilot is a multitasker loaded with sophisticated tech features designed to get you on your way, without losing your way.

1

## Honda Satellite-Linked Navigation System.<sup>1</sup>

When you hit the road, you don't need a plan. But sometimes it's good to have a backup plan. And thanks to the available Honda Satellite-Linked Navigation System<sup>TM1,3</sup> with bilingual Voice Recognition, there's virtually no route you can't plan for. This system helps you drive with greater ease as it guides you with striking graphics, as well as 3D landmark displays, highway signs, speed limit display, arrival time and lane guidance.

3

## Honda LaneWatch<sup>TM</sup> blind spot display.

Keep more of your right side in sight with the available Honda LaneWatch<sup>TM</sup> blind spot display.<sup>1</sup> It's engineered to send a live video feed from a camera mounted under your passenger-side mirror to the 8" Display Audio System<sup>1</sup> screen, revealing nearly four times more visibility than the mirror alone.

5

## Multi-angle rearview camera with dynamic guidelines.

Get a better view of what's behind you with the multi-angle rearview camera<sup>1</sup> with dynamic guidelines, which provides a live video feed straight to the 8" Display Audio System<sup>1</sup> screen. This camera has three different angles, including wide, normal and top-down, for added perspective and easier reversing.

2

## Honda Rear Entertainment System with 9" display.

Keep the gang entertained no matter where your adventure is headed with the available DVD or Blu-ray<sup>TM</sup> Honda Rear Entertainment System with 9" display with integrated remote control and wireless headsets. And to make the going even more fun, the available HDMI<sup>®</sup> input<sup>1</sup> allows passengers to bring aboard some extra entertainment.

4

## Apple CarPlay<sup>TM</sup>/Android Auto.<sup>TM</sup>

Your Pilot now has the soul of a smartphone. Teamed up with the Display Audio System,<sup>1</sup> Apple CarPlay<sup>TM1,2</sup> and Android Auto<sup>TM1,2</sup> seamlessly connect your compatible smartphone to let you use some of your apps. It'll make staying in touch with family and friends more convenient and your drive more entertaining.

6

## Blind Spot Information (BSI) system<sup>1</sup> with Rear Cross Traffic Monitor.

The available Blind Spot Information (BSI) system with Rear Cross Traffic Monitor is engineered to use radar-based indicator lights to notify you of vehicles entering either blind spot during lane changes, and displays an alert on the 8" Display Audio System<sup>1</sup> screen when a vehicle is detected crossing your path on either side as you are reversing.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
2. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.  
3. Map database covers major metropolitan areas in Canada and 48 contiguous U.S. states.

## Even cargo can stretch out.

The 2017 Pilot has enough room for up to eight passengers (seven on the Touring model with the second-row captain's chairs) and includes effortless third-row access using the available one-touch second row seats. When you need to load gear, groceries or goodies, the Pilot is up to the task with easy fold-down 60/40 split-folding rear seats in both the second and third row. Plus, the rear cargo boasts ample space, easily fitting a 77.6-litre (82-quart) cooler for plenty of snacks and drinks. And with a reversible cargo lid, you can flip between the carpet and plastic side – no cargo is too messy to handle. There's even space for everyday essentials using the deep centre console with sliding smartphone tray. For those adventures with a lot going on, the Pilot has a lot to work with.

**Key Features:** 8 passenger seating (7 passenger seating on Touring model) | 60/40 split-folding second-row and third-row seats | Reversible cargo lid with hidden cargo mode | Centre console with smartphone sliding tray | Available one-touch second row seats

## Performance like this deserves a seated ovation.

With the Earth Dreams™ technology engine, the 2017 Pilot is designed to enhance fuel efficiency without sacrificing performance. And to help every litre go further, the Variable Cylinder Management® (VCM®) system is designed to automatically switch between 6 and 3 cylinders, depending on the driving conditions. The Pilot's Intelligent Variable Torque Management™ (i-VTM4™) AWD system is designed to increase responsiveness and handling for a confident ride. And on snow, mud or sand, the Intelligent Traction Management system allows the driver to select the operating mode that best suits the driving conditions by simply pushing a button. Altogether, the Pilot boasts fuel economy ratings as low as 12.4/9.3/11.0<sup>1</sup> (city/highway/combined) for the Pilot Touring. When you're ready to ride, the Pilot has enough stop and go to handle the ups, downs and turns that virtually any adventure can offer.

**Key Features:** 3.5-litre, 24-valve, Direct Injection, SOHC, i-VTEC® V6 engine with Variable Cylinder Management® (VCM®), 280 horsepower<sup>2</sup> and 262 lb.-ft of torque<sup>2</sup> | 6-speed or available 9-speed automatic transmission | Intelligent Variable Torque Management (i-VTM4™) AWD system | Intelligent Traction Management system | Available steering wheel-mounted paddle shifters | Available idle-stop technology | Available 1,588 kg or 2,268 kg towing capacity<sup>3</sup>

1. Estimated fuel consumption based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.  
2. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.  
3. Accessory towing packages required, available at an additional cost as a dealer-installed item. See your Owner's Manual for proper towing operation.

● TAKE IN THE VIEW

3

# See the road's most important angles.

The Pilot comes standard with Honda Sensing™ technologies. These safety and driver-assistive technologies are designed to help improve the driver's situational awareness, and, in some cases, intervene to help avoid a collision or lessen its severity.

## Forward Collision Warning (FCW) system.

The FCW system<sup>1</sup> that is integrated with CMBS<sup>®</sup> is designed to detect the presence of vehicles in front of you and issue alerts if you're approaching with too much speed. If you fail to respond to the alerts, the CMBS<sup>®</sup> is triggered into operation.

## Collision Mitigation Braking System™ (CMBS<sup>®</sup>).

To help reduce the likelihood or severity of a frontal impact, the CMBS<sup>®</sup> is engineered to apply brake pressure if you don't slow down when it senses you're at risk of a collision. If it still senses an imminent collision, CMBS<sup>®</sup> is designed to brake firmly.

## Lane Departure Warning (LDW) system.

The Lane Departure Warning system<sup>1</sup> is designed to monitor vehicle lane position and alert you if your vehicle drifts into a new lane when you haven't signaled.

## Lane Keeping Assist System (LKAS).

The LKAS<sup>1</sup> is engineered to gently correct your steering when you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

## Road Departure Mitigation (RDM) system.

The Road Departure Mitigation system<sup>1</sup> is designed to help steer and even apply the brakes to help keep the vehicle from leaving the road.

## Adaptive Cruise Control (ACC).

The ACC system<sup>1</sup> is designed to keep a set speed and set following interval behind the vehicle detected ahead of yours.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

#### ACTIVE SAFETY

##### Controlled Braking

To assist with safe stopping, the 4-wheel Anti-lock Braking System<sup>1</sup> (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

##### Hill Start Assist<sup>1</sup>

When you take your foot off the brake, this feature is engineered to temporarily maintain brake pressure to help prevent your Pilot from starting to roll backwards when stopped on an incline.

##### Vehicle Stability Assist (VSA<sup>®</sup>) with Traction Control

Vehicle Stability Assist<sup>1</sup> with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

##### Tire Pressure Monitoring System (TPMS)

To promote enhanced safety and fuel efficiency, the Tire Pressure Monitoring System<sup>2</sup> continually checks the air pressure in each tire. If pressure drops in any one tire, the driver receives a dashboard alert.

## Solid on safety.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

#### PASSIVE SAFETY

##### Advanced Compatibility Engineering™ (ACE™) body structure

The highly innovative, next generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions to help prevent intrusion into the passenger cabin.

##### Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and breakaway wiper pivots.

##### Child safety

The exceptional safety features in the Pilot also apply to your most precious cargo. Four (three on the Touring model) built-in, ready to use Lower Anchors and Tethers for Children (LATCH) give you a simple and convenient method to install compatible child safety seats without using the vehicle's seat belt system. The Pilot also features childproof rear door locks.

##### Solid frame structure

Like all Honda trucks, the Pilot is built with a rigid uni-body frame for added strength, stability and vehicle handling.

##### Six standard airbags

The cabin of the Pilot contains six standard airbags. It features dual-stage, multiple-threshold front airbags as well as three-row side curtain airbags with rollover sensors, which are designed to deploy the side curtain airbags in the event of a rollover. Plus, it has SmartVent™ side airbags, which are designed to deploy safely in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

##### Seat belt safety

The Pilot helps prepare you for the unexpected with 3-point height-adjustable front seat belts with automatic tensioning system and 3-point rear seat belts in the second and third rows.

##### HondaLink™ Assist Automatic Emergency Response System

The HondaLink Assist Automatic Emergency Response System<sup>1,3,4</sup> helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System<sup>1</sup> is engineered to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth®-paired phone as long as it has reception, does not require a subscription and gives you peace of mind while you're on the road.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
 2. For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.  
 3. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.  
 4. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

## The Power of Dreams, in all their forms.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology; the race-inspired performance of our motorcycles and automobiles; the world's most advanced humanoid robot, ASIMO; HondaJet, the fastest, highest flying and most fuel-efficient aircraft in its class; and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to help preserve our planet. This belief is why we make significant efforts to help ensure preservation of the environment in virtually all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 100,000 trees in Canada over the last 9 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power of Dreams.

**We're Here.** At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit [honda.ca](http://honda.ca). It has everything you need to "design" your Honda and personalize it with items from a list of quality accessories.

**We're Ready to Help.** When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

**Honda Plus Extended Warranty.** Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

**Honda Financial Services.** Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

**New Honda Vehicle Warranty.** The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor's Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

**Genuine Honda Accessories** give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

**Genuine Honda Replacement Parts** are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

**Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in the cargo area. Always read the vehicle owner's manual for detailed vehicle operation and feature information.**

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.  
2. Accessory towing package required. Packages are available at an additional cost as a dealer-installed item. See your Owner's Manual for proper towing operation.  
3. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
4. For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.  
5. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.  
6. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.  
7. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.  
8. HomeLink<sup>®</sup> can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.). Additional control devices not provided by Honda may be required.  
9. Coverage varies by market.  
10. Only available in certain areas. Includes a no-charge trial of three months.  
11. Estimated fuel consumption based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only.  
For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>

## PILOT LX

- KEY FEATURES:**
- 280 horsepower<sup>1</sup>, 3.5-litre, 24-valve, Direct Injection, SOHC, i-VTEC<sup>®</sup> V6 engine
  - 18" aluminum-alloy wheels
  - 225-watt AM/FM/CD audio system with MP3/Windows Media<sup>®</sup> Audio playback capability and 7 speakers including subwoofer
  - 4-wheel Anti-lock Braking System<sup>2</sup> (ABS) with Brake Assist and Electronic Brake-force Distribution (EBD)
  - 6-speed automatic transmission with Grade Logic Control
  - Apple CarPlay<sup>™2,3</sup>/Android Auto<sup>™2,3</sup>
  - Body-coloured heated power side mirrors
  - Display Audio System<sup>2</sup> with HondaLink<sup>™2,3</sup>
  - Front wiper de-icer
  - HandsFreeLink<sup>™</sup>-bilingual Bluetooth<sup>®</sup> wireless mobile phone interface<sup>2,3</sup> with steering-wheel mounted controls
  - Heated front seats
  - HondaLink<sup>™</sup> Assist Automatic Emergency Response System<sup>2,3,4</sup>
  - Intelligent Traction Management System
  - Intelligent Variable Torque Management (i-VTM4<sup>™</sup>) AWD system
  - Multi-angle rearview camera<sup>2</sup> with dynamic guidelines
  - Proximity key entry system with pushbutton start
  - Remote engine starter
  - Seating capacity: 8
  - USB device connector<sup>2</sup> (3)
  - Variable Cylinder Management<sup>®</sup> (VCM<sup>®</sup>)
  - Honda Sensing<sup>™</sup> Technologies

## PILOT EX

- ADDS TO OR REPLACES LX FEATURES:**
- Driver's seat with 10-way power adjustment including power lumbar support
  - Fog lights
  - HomeLink<sup>®</sup> remote system<sup>5</sup>
  - Honda LaneWatch<sup>™</sup> blind spot display<sup>2</sup>
  - LED daytime running lights
  - Mirror-integrated LED turn signal indicators
  - One-touch power moonroof with tilt feature
  - Roof rails

## PILOT EX-L NAVI

- ADDS TO OR REPLACES EX FEATURES:**
- Acoustic windshield
  - Auto-dimming rearview mirror
  - Body-coloured front and rear parking sensors
  - Heated leather-wrapped steering wheel
  - Heated second-row seats (outboard positions only)
  - Honda Satellite-Linked Navigation System<sup>™2,7</sup> and bilingual Voice Recognition
  - Leather-trimmed seating surfaces
  - One-touch second row seats
  - Passenger's seat with 4-way power adjustment
  - Power tailgate
  - SiriusXM<sup>™6</sup>

## PILOT EX-L RES

- ADDS TO OR REPLACES EX-L NAVI FEATURES:**
- 115-volt power outlet
  - DVD Honda Rear Entertainment System with 9-inch display, integrated remote control and wireless headsets with personal surround sound (replaces Honda Satellite-Linked Navigation System<sup>™2,7</sup> and bilingual Voice Recognition)
  - HDMI<sup>®</sup> (High-Definition Multimedia Interface) input jack
  - Integrated second-row sunshades

## PILOT TOURING

- ADDS TO OR REPLACES EX-L RES FEATURES:**
- 20" aluminum-alloy wheels
  - 540-watt AM/FM/CD Premium audio system with MP3/Windows Media<sup>®</sup> Audio playback capability and 10 speakers including subwoofer and 5.1 Surround Sound
  - 9-speed automatic transmission with Grade Logic Control
  - Ambient lighting
  - Auto high beam
  - Auto-levelling front headlights
  - Blind Spot Information (BSI) system<sup>2</sup> (replaces Honda LaneWatch<sup>™</sup> blind spot display)
  - Blu-ray<sup>™</sup> Honda Rear Entertainment System with 9-inch display, integrated remote control and wireless headsets with personal surround sound (replaces DVD Honda Rear Entertainment System)
  - Display Audio System<sup>2</sup> with Honda Satellite-Linked Navigation System<sup>™2,7</sup> and bilingual Voice Recognition
  - Driver's seat position memory
  - Electronic gear selector
  - Idle-stop
  - Memory-linked side mirrors with reverse gear tilt-down
  - Panoramic moonroof
  - Power folding mirrors
  - Projector-beam LED headlights with auto-on/off
  - Rain-sensing windshield wipers
  - Rear Cross Traffic Monitor<sup>2</sup> system
  - Seating capacity: 7 with second-row captain's chairs
  - USB device connector<sup>2</sup> (5)
  - Ventilated front seats

## HONDA SENSING<sup>™</sup> TECHNOLOGIES

- STANDARD ON ALL MODELS**
- Collision Mitigation Braking System<sup>™2</sup> (CMBS<sup>®</sup>)
  - Forward Collision Warning (FCW) system<sup>2</sup>
  - Lane Departure Warning (LDW) system<sup>2</sup>
  - Road Departure Mitigation (RDM) system<sup>2</sup>
  - Adaptive Cruise Control (ACC)<sup>2</sup>
  - Lane Keeping Assist System (LKAS)<sup>2</sup>
