

## 2017 GLC Coupe

Unique combination of agility, elegance and everyday practicality.

**Mercedes-Benz**

The best or nothing.

## Aggressively athletic design

The agility of a Mercedes-Benz coupe meets the muscle of a legendary family of SUVs in the new GLC Coupes. From their sizable wheels (from 19" to 21") to their power-dome hood and arching roof, both the GLC 300 4MATIC and Mercedes-AMG GLC 43 4MATIC have a confident stance that's true to the sporty soul within. And their brilliance shines in many ways, from LED lighting to turbocharged performance and advanced innovations.

## Spacious, sporty cabin

From how it looks to how it touches you, the GLC Coupe cabin is at once intriguing and inviting. The wide console cascades between sculpted front seats. Controls and displays fall to hand or meet the eye effortlessly, yet engagingly. And every surface conveys the richness you expect from a Mercedes-Benz coupe with the polished precision that's promised by the Star, from a sports car to an SUV.

## Styling packages

Several suites of styling upgrades can further embolden your GLC Coupe. For the GLC 300 4MATIC, the Sport Package adds AMG lower bodywork, 20" AMG multi-spoke wheels and an AMG Performance Exhaust. An Interior Sport Package includes racy Cranberry/Black upholstery. The AMG Night Package renders key body elements of either GLC Coupe model in dramatic Gloss Black, and includes all the Sport Package elements on the GLC 300 4MATIC.

## LED lighting

In addition to standard LED Daytime Running Lamps and LED taillamps, the standard LED headlamps generate brighter, whiter light. High-performance active-LED headlamps are available with Adaptive Highbeam Assist and Active Curve Illumination, to shine more light where you need it most.

## Optional Head-Up Display

The Head-Up Display projects a 21cm-wide virtual image that appears to “float” several feet in front of the windshield. The high-resolution readout places useful information in the driver’s natural field of vision, with minimal “eyes off the road.” The full-colour graphical display can show the navigation info, driving speed and more. Its height adjustment is stored in the seat memory, while the display adapts automatically to ambient light.

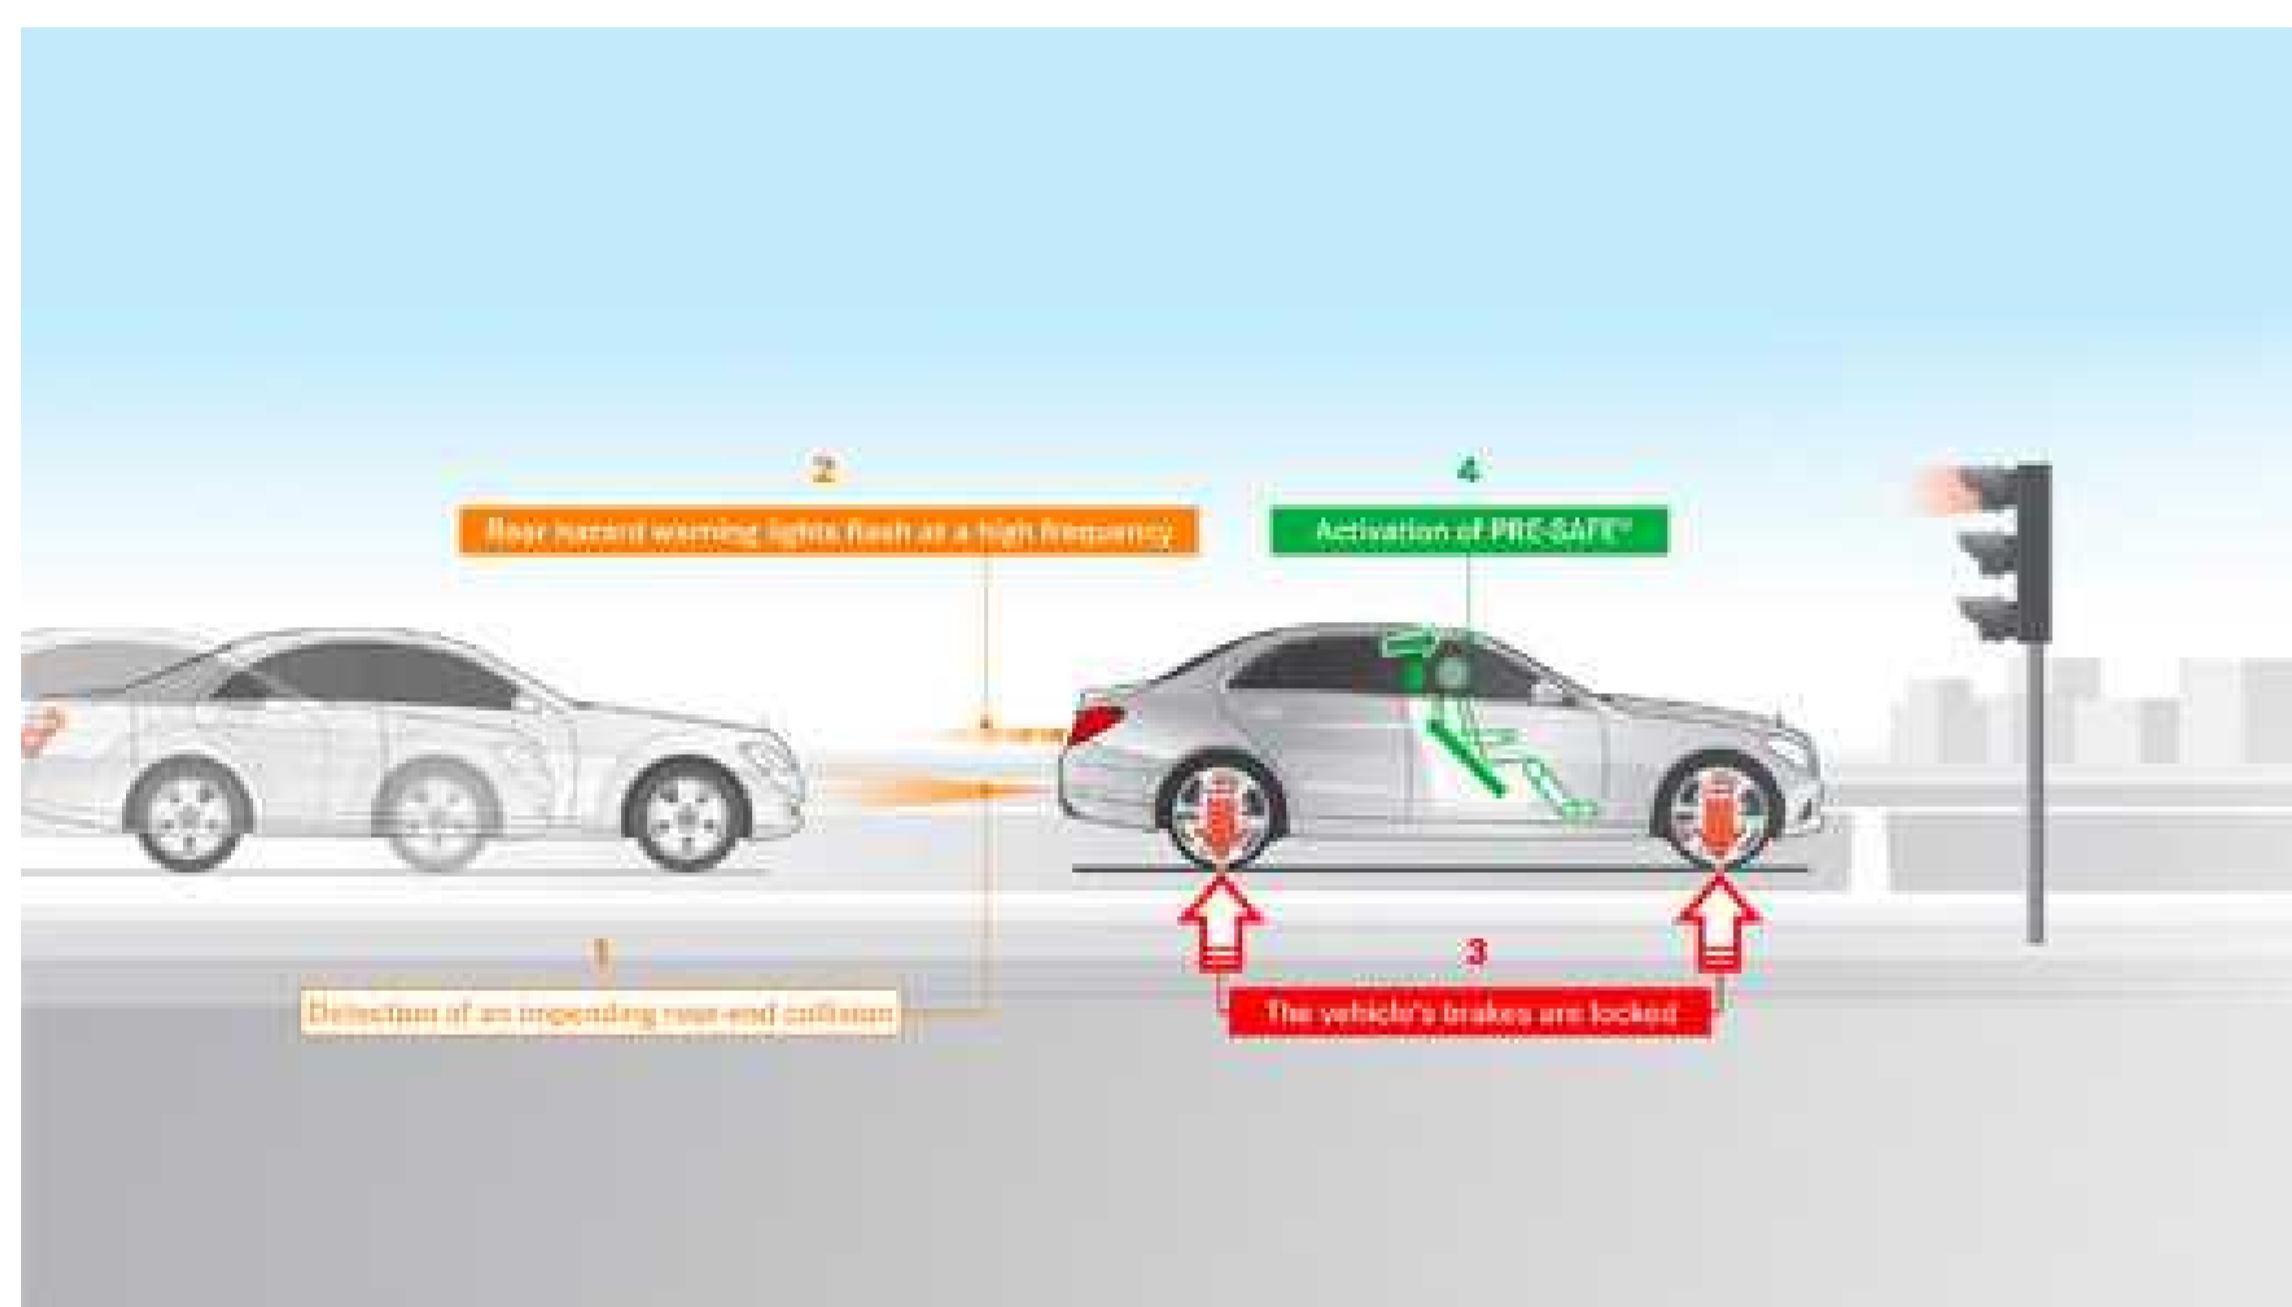

## COLLISION PREVENTION ASSIST PLUS

Radar-based technology alerts you if you’re approaching a vehicle ahead at a speed and distance that suggest that a collision is likely. In addition to alerting the driver, its Adaptive Brake Assist with autonomous braking can apply up to 100% of the car’s braking force automatically, to help prevent a collision or reduce its severity.

## ATTENTION ASSIST

The first system of its kind, ATTENTION ASSIST can automatically alert the driver if it detects signs of drowsiness on long trips. It continuously monitors up to 70 parameters of driving behaviour, starting within the first few minutes of a drive. The latest generation of this innovation can help detect drivers who begin their trip drowsy, and offer more useful information via the dashboard display.

## Advanced driving assists

Standard Blind Spot Assist keeps a virtual eye on either side of the GLC. The Intelligent Drive Package adds a suite of safety breakthroughs: Radar-based DISTRONIC PLUS adapts your cruising speed to the flow of traffic, even if it's stop-and-go, while Steering Assist helps keep you centered in your lane. Cross-Traffic Assist watches for vehicles and pedestrians in your path. PRE-SAFE PLUS helps prepare the vehicle for a rear-end collision before it happens. Active Blind Spot and Lane Keeping Assists are also included.

## Available PARKTRONIC with Active Parking Assist

PARKTRONIC's ultrasonic sensors help detect obstacles while you're negotiating tight spaces, alerting you via audiovisual indicators in the cabin. The clever Active Parking Assist can help you find a parking space, then expertly steer you in hands-free, automatically. An available rearview camera displays a live colour view of the area behind your GLC on the in-dash screen, including active steering guidelines for easier reversing.

## Power front seats

Intuitive, seat-shaped controls help you find your ideal driving position with a power driver seat that also features a power lumbar support, memory system. The front seats are also heated. The roomy rear seat features a 40/20/40 split with remote folding via buttons in the spacious cargo area or adjacent to each rear side door. Heated rear seats and rear-door sun blinds are also available.

## Freestanding display with touchpad

A high-resolution 7" colour display and touchpad controller on the console give you intuitive control of audio, video, hands-free calling and more. Many features can also be accessed via the integrated steering-wheel controls. The touchpad lets you use smartphone-style fingertip gestures like swipe, pinch-to-zoom and handwriting. Optional COMAND navigation includes an 8.4" screen, Internet-based features and a wide array of useful Mercedes-Benz Apps.

## Available Burmester Premium Sound

One of the most respected makers of handcrafted high-end home audio, Germany's Burmester® has developed a surround-sound system that is custom-tailored to the GLC Coupe. With 13 high-quality speakers and a 590-watt 9-channel digital amplifier, the system fills the cabin with pure digital surround sound while seamlessly compensating for ambient noise. Exquisite aluminum speaker grilles are as rewarding to the eyes as the option is to the most discerning ears.

## Two Direct Injection engines

Two state-of-the-art engines team high tech and turbo power to turn less fuel into more performance. The GLC 300 4MATIC Coupe's 2.0-litre gasoline turbo four teams response with refinement. The AMG-enhanced biturbo gasoline V-6 in the Mercedes-AMG GLC 43 4MATIC Coupe generates 362 hp. The gas engines feature multispark ignition and Direct Injection that can fine-tune themselves with millisecond speed.

## 9-speed automatic transmission

With more ratios yet shorter steps between gears, the new 9-speed shifts more quickly and smoothly. Along with its near-seamless performance, the lighter, more versatile transmission enhances quiet riding comfort and fuel-efficiency. The electronic selector and shift paddles let you control all gear changes with your hands on the steering wheel. And drivers can vary the shift modes via the innovative DYNAMIC SELECT system.

## 4MATIC all-wheel drive

From winter's wrath to a challenging corner, standard 4MATIC all-wheel drive adds driving confidence on any road, in any season. Its 4-wheel Electronic Traction System (4-ETS) continually sends power to the wheels with the best grip, while its lightweight, nimble design enhances handling and fuel-efficiency year-round. AMG Performance 4MATIC on the Mercedes-AMG GLC 43 features a 61:39 rear-biased torque split for even more nimble handling.

## ECO Start/Stop system

The fuel-saving ECO Start/Stop system can automatically shut off the engine when you're waiting at a red light or stopped in traffic, saving fuel and emissions. For immediate response when the light turns green, the engine restarts instantly as you lift your foot from the brake or press the accelerator. The feature can also be shut off by the driver at any time.

## DYNAMIC SELECT

DYNAMIC SELECT lets you transform the GLC's character with the flip of a console switch. Multiple modes – from Comfort to Sport+ – alter the throttle response, shift points, and steering effort, plus the ECO Start/Stop system and climate control efficiency. An "Individual" mode lets you create a mode of your own, even letting you select 100% manual shifting.

## Agile and air suspensions

The precise 4-wheel multilink suspension features AGILITY CONTROL, an innovation that instantly firms up in corners while keeping the ride silky. You can also opt for AIR BODY CONTROL, an adaptive air suspension that sharpens handling and helps iron out bumps. Along with 4-wheel level control and adjustable ride height, it can even lower for easier cargo-loading. The Mercedes-AMG GLC 43 4MATIC features AIR BODY CONTROL that's sport-tuned by AMG. On every GLC, Crosswind Assist helps compensate for side gusts.

## Mercedes-AMG GLC 43 4MATIC biturbo V-6 engine

The AMG-enhanced biturbo V-6 in the new Mercedes-AMG GLC 43 4MATIC Coupe generates 362 hp and 384 lb-ft of torque. Its rapid-multispark ignition and high-pressure Direct Injection respond lightning quick, much like the paddle-shifted 9-speed with AMG programming. The red-striped engine cover signifies the impressive roster of AMG enhancements within, all ready to be unleashed by you.

## Performance hardware

The Mercedes-AMG GLC 43 4MATIC combines the excitement of an AMG sports car without sacrificing coupe refinement. The standard AIR BODY CONTROL suspension is enhanced with adaptive damping and multiple modes. The front axle and steering are AMG-engineered with exclusive geometry and components. And its nimble 4matic all-wheel drive sends the engine's torque to each of the standard 20" AMG wheels or optional 21" wheels with expedient expertise.

## Distinctive style

From its chrome-studded diamond-block grille, sculpted lower bodywork and sizable AMG wheels to its exquisitely detailed cockpit, the Mercedes-AMG GLC 43 4MATIC Coupe matches SUV power with coupe poise. AMG-design gauges and silver shift paddles greet your eyes and hands, while standard ARTICO manmade leather and DINAMICA sport seats and red topstitching embrace you in style.

## Premium Package

A popular suite of premium luxuries you'll soon consider must-haves.

Available on all models

### PARKTRONIC with Active Parking Assist

Active Parking Assist helps you size up parking spaces as you drive by them. Once you have chosen a space, it can expertly park the car for you, hands-free. In any low-speed manoeuvre, PARKTRONIC's ultrasonic sensors in the front and rear bumpers help detect nearby objects. Audible signals and illuminated displays in the cabin help you navigate tight spaces with confidence.

### Memory Package & Power Front Seats and Steering Column

Standard on Mercedes-AMG GLC 43 4MATIC

Additional electric adjustments of the head restraint & steering column, 4-way power lumbar support, and a 3-position memory system are included in this package.

### 360° camera

The 360° camera is actually four digital cameras, with their view in all four directions composed into a single, live overhead view of your immediate surroundings. Displayed on the in-dash screen during low-speed manoeuvres, it helps you avoid obstacles as you negotiate tight spaces, whether you're moving forward or backing up.

### COMAND online navigation with M-B Apps

This state-of-the-art GPS navigation system features a fast 250 GB hard drive, 3D map views, optimal lane guidance, and a freestanding high-resolution 8.4" screen. The LINGUATRONIC voice control system learns your natural way of speaking for hands-free control of audio, telephone, navigation, music search and control of Mercedes-Benz Apps.

## Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

Available on all models

---

### DVD player

An in-dash DVD player lets you enjoy audio CDs and DVDs, or even watch a DVD movie when the vehicle is parked. An SD card reader is also included, offering another convenient way to bring your own digital music along.

### Illuminated front door sills

Mercedes-Benz logos illuminate in a soft white glow as you open the front door, to welcome you into the cabin or ease your exit.

## Premium Plus Package

Convenience and luxury items you'll enjoy every time you drive.

Available on all models / Requires Premium Package

### Integrated garage door opener

Three buttons on the rearview mirror can be programmed to operate multiple door and gate systems. Programming is easy and convenient and supports most garage door systems used in North America.

### Sirius Satellite Radio with 6-month trial

SiriusXM offers 150+ channels of premium digital entertainment, from news and talk to commercial-free music from every genre. Live broadcasts of pro and college sports keep you on top of your favourite games. Six months of service are included.

### HANDS-FREE ACCESS

HANDS-FREE ACCESS lets you open or close the tailgate with a gentle “kick” of your foot under the rear bumper. It's a feature you'll really appreciate when you've got an armful of packages.

### KEYLESS-GO

Originally pioneered by Mercedes-Benz, KEYLESS-GO lets you unlock your GLC and drive off without removing the SmartKey from your pocket or purse. You can lock and unlock the doors or tailgate with a touch of the exterior handles. Pushbutton KEYLESS-START is standard.

## Premium Plus Package cont.

Convenience and luxury items you'll enjoy every time you drive.

Available on all models / Requires Premium Package

---

### Heated rear seats

Electrically heated outboard rear seats offer soothing warmth with individualized comfort. Three levels of warming automatically step down after several minutes, while automatic shutoff means the driver need not worry if the passengers forgot to turn them off.

### 115V power socket

Conveniently located in the rear seating area, a household-style 115-volt power outlet lets you charge your laptop or camera, plug in a gaming system, or use other electronic devices – up to a maximum of 150 watts – without needing a special adapter.

## Intelligent Drive Package

Groundbreaking driving assistance systems collaborate for added security and convenience in traffic and on the open highway.

Available on all models

### Active Blind Spot Assist

At speeds above 30 km/h, radar technology helps sense when a vehicle enters the blind-spot area on either side of you, and alerts you by illuminating an icon in the appropriate side mirror. A warning tone sounds if you activate a turn signal while a vehicle has been detected. And if you begin to change lanes, advanced active technology can help guide the car back.

### Active Lane Keeping Assist

The stereo-multipurpose camera monitors ordinary road markings to help detect unintended drifting off-course, and alerts you by vibrating the steering wheel. If you continue to drift, it can selectively brake individual wheels to help guide the car back into its lane. Enhancements help it to further detect and alert the driver to overtaking vehicles, vehicles you would need to overtake if you changed lanes, and even oncoming traffic in the adjacent lane.

### DISTRONIC PLUS with Steering Assist

This radar-based cruise control adapts your set speed to the flow of traffic ahead, automatically slowing until your path is clear again. If the vehicle ahead slows to a stop, DISTRONIC PLUS can brake your car to a full halt, then automatically resume when traffic starts moving. A Steering Assist feature helps the driver keep the vehicle centered in its lane while cruising on straight roads or along gentle curves.

### BAS PLUS with Cross-Traffic Assist

A stereo-multipurpose camera and radar sensors scan the road ahead at driving speeds of up to approximately 72 km/h, to help detect a potential collision with vehicles approaching from either side of an intersection ahead, or with pedestrians in the car's path. When the driver responds to the system's alert by braking, Brake Assist PLUS precisely applies the maximum brake force required to help prevent such an accident.

## Intelligent Drive Package cont.

Groundbreaking driving assistance systems collaborate for added security and convenience in traffic and on the open highway.

Available on all models

### PRE-SAFE Brake with Pedestrian Detection

Even when you're not using the cruise control functions of DISTRONIC PLUS, PRE-SAFE Brake can help detect an impending collision and automatically apply up to 100% braking force to help reduce the severity of the impact. At speeds of up to approximately 50 km/h, Pedestrian Detection can help detect whether pedestrians have entered your path and automatically apply the brakes.

### PRE-SAFE PLUS

An enhancement to the groundbreaking PRE-SAFE system helps protect the occupants during a rear-end collision. A radar sensor in the rear bumper helps detect an impending impact, engaging the features of PRE-SAFE to better prepare the front-seat occupants and their restraint systems. It can also increase brake pressure, to help reduce peak loads on all occupants as well as the risk of a secondary collision.

## Sport Package

Visual and functional enhancements that put the purebred performance of the GLC Coupe sharply in focus.

Available only on GLC 300 4MATIC / Not available with AMG Night Package

### AMG styling

Sculpted by AMG, the deep front air dam and rear valence are each highlighted by chrome-plated underguards.

### 20" AMG multi-spoke wheels

Large in size yet light in weight, the multispoke design and Titanium Silver inlays of these 20" AMG wheels perfectly evokes the precisely tuned, turbocharged performance of the GLC 300 Coupe. They're staggered in width and fitted with all-season tires.

### AMG Performance Exhaust

A movable flap integrated into the sport exhaust system allows for intensification of the GLC 300 4MATIC Coupe's sound experience. The acoustics can be adjusted via DYNAMIC SELECT.

## AMG Night Package

Take your GLC to the dark side with jet-black exterior accents.

Available on all models / Not available on GLC 300 4MATIC with Sport Package

### AMG styling

Standard on Mercedes-AMG GLC 43 4MATIC

Sculpted by AMG, the deep front air dam and rear valance are each highlighted by black underguards.

### 20" AMG multi-spoke wheels, bi-colour

Substantially sized lightweight 20" AMG alloy wheels feature a turbine-inspired multi-spoke design with contrasting Gloss Black inlays. They're staggered in width and fitted with all-season tires.

### AMG Performance Exhaust

Standard on Mercedes-AMG GLC 43 4MATIC

A movable flap integrated into the sport exhaust system allows for intensification of the GLC Coupe's sound experience. The acoustics can be adjusted via DYNAMIC SELECT.

### Gloss Black exterior accents

The side-window trim, side mirrors and grille crossbar trim are all finished in high-gloss black (all standard on Mercedes-AMG GLC 43 4MATIC). In addition, the front and rear underguards are also painted black.

## Interior Sport Package

Stylish, sporty enhancement of the GLC Coupe cockpit.

Available only on GLC 300 4MATIC / Requires Sport Package or AMG Night Package, plus aluminum or Dark Ash wood trim

---

### AMG interior styling

Performance focused details include brushed metal pedals with rubber studs, and a thick flat-bottom sport steering wheel with perforated side grips.

### Cranberry/Black ARTICO upholstery

Sport-contoured front seats and the 3-passenger rear seat are upholstered in supple yet enduring ARTICO manmade leather. The seats and doors feature sporty Cranberry-colour inserts, with contrasting black side bolsters and dash and door trim.

### AMG floor mats

The plush black carpeted floor mats feature metal badges with AMG logos.

## Exclusive Package

Even finer tailoring of the GLC Coupe's richly finished cabin.

Available only on GLC 300 4MATIC / Requires Premium Package

---

### Leather upholstery

Supple, richly grained and double-stitched leather is fitted by hand to all seating surfaces.

### ARTICO leather dashboard

The dashboard is elegantly upholstered in richly grained and impeccably topstitched ARTICO manmade leather. (Standard on Mercedes-AMG GLC 43 4MATIC)

### Exclusive interior

To surround you in rich details, the doors feature trim elements to match the dash. A matte silver instrument cluster surround complements the stylish vent rings as well.

## Standalone Options

Make your GLC your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

### Roller blinds for rear side windows

Manually extendable fine-mesh curtains screen the sun's rays in the rear seating area while still allowing passengers to see out.

### Heated steering wheel

Not available in combination with Interior Sport Package. Available only with black steering wheel.

Heating elements beneath the Nappa leather trim of the steering wheel rapidly take the chill out of your hands on a cold morning. (Deletes AMG sport steering wheel on Mercedes-AMG GLC 43 4MATIC. Not available on GLC 300 4MATIC in combination with Interior Sport Package. Available only with black steering wheels.)

### Head-Up Display

The Head-Up Display projects a 21cm-wide virtual image that appears to "float" several feet in front of the windshield. The high-resolution readout places useful information in the driver's natural field of vision, with minimal "time spent with one's eyes off the road." The full-colour graphical display can show the navigation info, driving speed and more. Its height adjustment is stored in the seat memory, while the display adapts automatically to ambient light.

### AIR BODY CONTROL air suspension with ADS

Standard on Mercedes-AMG GLC 43 4MATIC

A class-exclusive, AIR BODY CONTROL air suspension can respond within 60 milliseconds to road-surface and driving conditions. In sharp turns, it firms up to boost control and cornering grip. On rough roads, it helps iron out bumps. Multiple modes let the driver vary the firmness and ride height with a touch of the DYNAMIC SELECT control. And lightweight components add to the GLC's nimble feel anytime.

## Standalone Options cont.

Make your GLC your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

### Trailer hitch

Campers, boats, bikes... the GLC was designed with towing in mind. Take full advantage of its 1,588-kg towing capacity with this factory-installed option. Standard Trailer Stability Assist monitors for trailer sway and can apply the front brakes of the GLC Coupe to help restore stability.

### Adaptive Highbeam Assist

Engineered to maximize illumination of the roadway without creating glare for other drivers, Adaptive Highbeam Assist automatically varies the range of your high-beam headlamps. The system uses input from a special camera to determine the distance to both oncoming vehicles and those ahead of you.

### Active-LED High-Performance Headlamps

These full-LED active headlamps generate light that's even closer to natural daylight than Bi-Xenon headlamps. Active Curve Illumination swivels the headlamp beams as you steer the car.

### Sirius Satellite Radio with 3-month trial

SiriusXM offers 150+ channels of premium digital entertainment, from news and talk to commercial-free music from every genre. Live broadcasts of pro and college sports keep you on top of your favourite games. In addition, SiriusXM also offers traffic services on vehicles equipped with COMAND Navigation. Three months of both services are included.

## Standalone Options cont.

Make your GLC your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

### Aluminum running boards

Stylish and functional running boards ease your entry and exit while providing a rugged element of design. Grippy rubber studs dot the running boards, for a surer step even in inclement weather.

### Burmester Surround Sound System

High-end home audio maker Burmester® has tailored a sound system to the GLC. A 590-watt 9-channel digital amplifier and 13 high-quality speakers fill the cabin with pure digital surround sound while seamlessly compensating for ambient noise. Exquisitely detailed aluminum speaker grilles reward the eyes as well.

### Acoustic glass

To make riding in the GLC even more serene, the windshield and front door windows can be laminated with an acoustic membrane that further keeps external noise from entering the cabin.

### *designo* seat belts in Red

Available only on GLC 300 4MATIC with Black or Cranberry/Black upholstery

Red seat belts add racing-inspired style to the AMG cabin while reinforcing that, wherever you drive, safety is always the number-one goal.

## Standalone Options cont.

Make your GLC your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

### *designo* seat belts in Crystal Grey

Available only on GLC 300 4MATIC / Not available with Cranberry/Black upholstery

Crystal Grey webbing adds a dramatic high-tech look to the seat belts. They're available to complement selected upholstery choices.

### 21" AMG Y-spoke wheels

Available only on Mercedes-AMG GLC 43 4MATIC

Ultrathin, offset spokes are set off by Titanium Silver inlays, for a look that's subtly confident yet decisively bold. The light yet rigid AMG wheels are staggered in width and equipped with summer high-performance tires.

### 21" AMG Y-spoke wheels, bi-colour

Available only on Mercedes-AMG GLC 43 4MATIC

Ultrathin, uniquely shaped sets of spokes offer a distinctive, geometric look that conveys the precise moves of the Mercedes-AMG GLC 43 4MATIC Coupe. Black inlays and high-shine surfaces accentuate the car's Gloss Black accents. The light yet strong AMG wheels are staggered in width and fitted with summer high-performance tires.

### AMG Performance steering wheel in Nappa/DINAMICA

Available only on Mercedes-AMG GLC 43 4MATIC / See dealer for availability

Pronounced contouring and thick padding are enhanced by racing-inspired DINAMICA side grips, along with top and flattened bottom sections hand-stitched in Nappa leather. A 12 o'clock band is stitched into the rim as well.

## Mercedes-Benz Genuine Accessories

Exclusively engineered to fit your car and your life, they're the best way to make your GLC unmistakably yours while keeping it genuinely Mercedes-Benz.

### Car care products

Keep the interior and exterior of your vehicle looking their best with our exclusive, specially formulated interior and exterior car care kits.

### Cargo area tray

Protect your cargo-area carpeting with this durable, easy to clean plastic insert with 2" sides. Custom-formed to fit the cargo area of your vehicle.

### Navigation update

Owning a navigation system is one thing. Keeping it up to date is another. Mercedes-Benz map update software keeps your maps and Points of Interest current with the latest information.

### Wheel upgrades

Choose from a wide selection of stunning wheels to accentuate your style.

## Mercedes-Benz Genuine Accessories cont.

Exclusively engineered to fit your car and your life, they're the best way to make your GLC unmistakably yours while keeping it genuinely Mercedes-Benz.

---

### Roof accessories

Roof carrier bars allow for a variety of add-on accessories to be mounted to your vehicle. Choose from a ski/snowboard holder, roof box or bike rack. Carrier bars and add-ons sold separately.

### Winter wheel & tire packages

Winter wheels and tires can play a major role in your safety and your vehicle's handling and performance on icy, snow-covered roads. Winter tires offer increased traction in harsh conditions and can reduce stopping distance by up to three car lengths.

### Style and Travel Series

These elements attach behind the front head-restraint posts, and are simple to fit and remove. The modular system centers on a base support that can be combined with the product of your choice – universal hook, coat hanger or folding table.
