

The Power to Surprise

2018
SOUL

MADE FOR [STANDING OUT]

You bring an intensity to everything you pursue, including your driving. As much as you need the practical capabilities of a utility vehicle, you also want a design that's big on personality and performance that's strong on agility and responsiveness. And Soul goes further to help you express your individuality, with distinctive designs for each model, letting you make your Soul even more your own.

Now, Soul lets you stand out even further, thanks to the SX Turbo, with exclusive styling cues that emphasize its sporty disposition. They include everything from 18-inch sport alloy wheels and a dual-tip muffler to a sport steering wheel, sport instrument cluster and orange accent stitching throughout the interior. But the ultimate kicker is under the hood – the 1.6 litre turbocharged engine that produces a gripping 201 horsepower and up to 195 lb.-ft. of torque. Ready to turbocharge your life?

LIGHTING

Enhancing both visibility and style, Soul SX features available bi-function Xenon® High-Intensity Discharge (HID) headlights and distinctive LED fog lights.

WHEELS

Soul SX makes a powerful statement with its 18-inch sport alloy wheels, in addition to sport bumpers and sport side sills.

7-SPEED DUAL-CLUTCH TRANSMISSION

The 1.6 litre turbo in the Soul SX is matched with a 7-speed dual-clutch automatic transmission. What does the dual-clutch design deliver? It makes for faster gear changes, translating into less torque drop-off while shifting. The transmission also contributes to better fuel-efficiency and faster acceleration.

PANORAMIC SUNROOF

The available panoramic sunroof lets you enjoy fresh air and sunshine whenever you like.

SOUNDS AS GOOD AS IT LOOKS.

You drive on emotion. To set the mood, opt for the available sound-reactive speaker lights – your very own light show. Paired with the available Harman/Hardon^{®2} premium audio system, you have sights and sounds covered. Want to make an even more striking impression? Then dial up the colour, with Wild Orange or Caribbean Blue. You are so in the mood for Soul.

ALL THE LATEST GEAR.

While Soul is designed to carry all your favourite gear, it's also equipped with the latest gear you need to elevate your ride. From the comfort of available heated and air-cooled power front seats to the connectivity of an available 8-inch multimedia interface³ and the crystal clear sound of a Harman/Kardon[®] 2 premium audio system. Add in the proactive safety of available blind-spot detection¹ and rear-cross traffic alert,¹ and you can see how this is the most advanced and most welcoming Soul yet.

AIM HIGH

The view gets even better from here. Opt for the available panoramic sunroof and you gain that liberating feeling of open-air driving. A perfect finishing touch to your Soul experience.

HEATED AND AIR-COOLED SEATS

Available heated front and rear seats help take the sting out of cold winter days. When the weather heats up, you can enjoy the added comfort of available air-cooled front seats that circulate air through perforations in the material.

AUTOMATIC TEMPERATURE CONTROL

Soul EX+ comes with a standard automatic climate control and an ionized air filtration system, providing just-right comfort all year round.

HEATED STEERING WHEEL

Nothing says Canada like cold winter driving. And nothing else feels as comfortable as the available heated steering wheel.

CONCEALED STORAGE

The floor of the cargo area flips up to reveal a hidden compartment for securing small items. In addition, Soul EX Premium includes a cargo screen and luggage net to keep your belongings safely out of view.

YOUR WISH – ITS COMMAND.

Right from the start, your level of control is unprecedented, thanks to the available keyless push-button start ignition. Before you hit the road, connect your smartphone with available Android Auto™ 7.8 or Apple CarPlay® 6.8 to stream your favourite playlists. Need to know the best route to your next stop? Simply ask with the available navigation system³. Want to know how much boost you're gaining from Soul SX's turbo? When in 'sport' mode, the SX sport instrument cluster displays turbo boost and torque. Take command – with Soul.

1. PUSH BUTTON START

There's no need to search for the ignition key with the convenience of Soul's available Smart Key and push-button start. The Smart Key system now also includes a Smart hatch release.

2. SUNGLASSES HOLDER

Looking for a convenient place to stow your sunglasses? Soul is equipped with a handy overhead storage compartment that makes for easy access.

3. POWER-FOLDING OUTSIDE MIRRORS

The available power-folding outside mirrors fold in easily, using a door-mounted switch or simply by unlocking the car. You can also use the Smart Key to automatically fold them in or out.

4. SMARTPHONE INTEGRATION

You never go anywhere without your smartphone – or your tunes. Soul offers true smartphone integration through the available Apple CarPlay® 6.8 and Android Auto™ 7.8 systems. They also open a world of other apps that help you get the most out of your music, your phone – and your Soul.

DRIVE PROACTIVELY.

On the road, trouble can come in many forms. Soul is equipped with a series of advanced driver control systems that help you steer clear of harm's way. Systems like the Vehicle Stability Management help you maintain control, while systems like the Brake Assist intervene in emergency situations to help bring you to a safe stop. Available blind-spot detection,¹ rear cross-traffic alert,¹ front collision warning,¹ lane departure warning¹ and autonomous emergency braking systems increase your awareness of vehicles around you. It's like having your own co-pilot.

VEHICLE STABILITY MANAGEMENT (VSM)
It controls brake force, engine torque and steering torque to provide improved vehicle stability during cornering or on loose or slippery road surfaces.

BRAKE ASSIST SYSTEM
When the Brake Assist System (BAS) detects an emergency braking situation, it instantly applies full braking force faster than you, helping shorten overall stopping distance.

ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)
EBD adjusts front-to-rear brake pressure to compensate for varying passenger/cargo loads, while delivering more confident braking performance.

ELECTRONIC STABILITY CONTROL (ESC)
ESC monitors the vehicle's response to your throttle, brake and steering inputs in tight corners and during evasive manoeuvres. If the input and response are out of sync, ESC briefly intervenes to restore stability through precise brake and engine-control adjustments.

REAR CROSS TRAFFIC ALERT¹
When backing out of a parking space, available rear cross traffic alert detects and alerts you to traffic approaching from the left or right.

LANE DEPARTURE WARNING SYSTEM¹
This available system uses a camera mounted at the top of the windshield to monitor lane markings, and alerts you if the vehicle deviates from the lane when the turn signal has not been activated.

BLIND SPOT DETECTION¹
Sensors monitor the side and rear for vehicles approaching your blind spots. Visual alerts are provided on the outside mirrors and instrument cluster; an audio alert is sounded when necessary. Available on EX Premium, EX Tech and SX Tech models.

The exterior and interior colours in this brochure are as close to the actual vehicle production colours as the printing process allows.

INTERIOR COLOURS

WHEELS

Delivering world-class quality.

Kia is committed to producing exceptional vehicles with superb quality and reliability to suit your driving needs. From compact to crossover, every Kia delivers an extraordinary combination of precision engineering, outstanding performance, innovative features, and advanced safety systems.

STUNNING DESIGN

Under the direction of renowned President and Chief Design Officer Peter Schreyer — Kia vehicles have captured worldwide attention for their interior and exterior styling, which represents the collaborative work of designers who have created a look that makes every Kia recognizable at first sight. Today, the lineup consists of vehicles that fill owners, as well as Kia's designers, with pride.

EXTENSIVE RESEARCH AND DEVELOPMENT

Kia's R&D procedures are rigorous and exhaustive. At proving grounds around the world, vehicles undergo unrelenting tests. A world-class wind tunnel provides testing in winds up to 200 km/h. Utilizing heavy-rain-and-snowfall testing chambers and a road simulator, Kia puts its vehicles through punishing tests as part of a commitment to develop exceptionally durable and safe vehicles.

KIA | Genuine Parts & Accessories

Kia Accessories are built to the same high standards of quality as your vehicle. That means they fit right, work right, and look great. Talk to your Dealer today or visit kia.ca to explore accessory options for your Kia.

* Available accessories may vary. See Dealer for details. Images shown for illustration purposes only.

Get the points.

Kia Member Rewards is an exclusive rewards program for Kia customers.

As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia dealer. Those Reward Points can be redeemed for discounts on future purchases — including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

Kia Member Rewards No-Charge Benefits

- Fuel fill-up with the delivery of your new Kia vehicle
- Local shuttle service
- Multi-point vehicle inspection with every service visit
- Windshield washer fill-up with every paid service

- Windshield wiper installation with wiper purchase
- Preferential rates on car rentals, nationwide
- 24/7 Roadside Assistance for your vehicle under Kia's 5-year/unlimited km warranty or Certified Pre-Owned warranty
- Email notification of exclusive Kia specials and events — a great way to earn Reward Points and save on future purchases

Become a Kia Premium Rewards Member:

Ask your Kia Dealer how you can enjoy even more benefits.

Enroll Today:

Becoming a Kia Rewards Member is easy. See your Kia Dealer today to join. Visit rewards.kia.ca for full terms and conditions.

We've got you covered.

Kia engineers are passionate about producing vehicles that are exceptionally well-designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an outstanding warranty program.

Our outstanding warranty coverage includes:

5-year/100,000 km - Worry-free comprehensive warranty covering virtually the entire vehicle⁹

5-year/100,000 km - Powertrain Warranty covering the engine, transmission, axles, differentials and driveshafts⁹

5-year/unlimited km - Roadside Assistance covers you in case of mechanical breakdown anywhere in North America⁹

1-year/20,000 km - First-year adjustments covering consumable items such as bulbs, wiper blades, fuses, brake pads, etc.⁹

8-year/130,000 km - Major Emission Components that guarantee that the car will conform with government emission regulations⁹
