Nowhere is the passion for driving more intense than behind the wheel of a sports car. And few sports cars can deliver adrenaline rushes faster than the 210-horsepower turbocharged Eagle Talon TSi. That's because Talon is loaded with the cutting-edge

technology that's making Chrysler Corporation's Eagle Division the driving enthusiast's best friend. So naturally, Talon also features an interior that allows you to make the most of its total performance capabilities. After all, if you're going to pilot a Talon, you want to be strapped into a first-class cockpit.

Every Eagle Talon, from the ESi to the TSi and the TSi AWD, features a multi-valve dual overhead cam fuel-injected engine, a four-wheel multi-link double-wishbone suspension, power-assisted four-wheel disc brakes

(ventilated front), and speed-sensitive rack-and-pinion power steering. So you can take The Eagle Test Drive on any road with confidence.

E 0019

When you visit your Eagle dealer to take The Eagle Test Drive, be sure to bring this feature-by-feature analysis of all that the 1996 Eagle Talon has to offer anyone who is looking for a serious driver's car.

1. DUAL AIR BAGS.<sup>†</sup> Every Talon features standard driver and front passenger air bags to help absorb the force of a severe frontal impact.

2. ANALOG GAUGES. Instruments are easy to read, day or night.

3. SPORT STEERING WHEEL. Leather-wrapped on TSi and TSi AWD.

4. SEATING FOR FOUR. Contoured seating includes fully adjustable front bucket seats and a folding rear seat for added versatility (rear seat split-folding on TSi and TSi AWD).

5. EXTERIOR DESIGN. Talon's sleek shape translates into a drag coefficient of just 0.29, one of the lowest in the world for a production vehicle. A low drag coefficient can help to reduce wind noise, improve fuel efficiency, and aid vehicle stability.

6. CD PLAYER. Among the sound systems available on every Talon is an AM/FM stereo radio with a combination full logic cassette and CD player.

7. BODY RIGIDITY. You can't see it, but you can feel it. Talon has one of the best body rigidity ratings in the world for a production vehicle. The more rigid the body, the easier it is to tune the suspension to deliver a smooth ride and great handling.

8. POWER DOOR LOCKS. Talon's optional power door-locking system allows you to unlock both doors or just the driver's door for added security (standard on Talon TSi AWD).

9. SPEED-SENSITIVE STEERING. To make the steering even more responsive, Talon's rack-and-pinion design is power-assisted and speed-sensitive for increased assist at low speeds and increased road feel at highway speeds.

10. SUSPENSION DESIGN. This multi-link double-wishbone design is fully independent at each wheel for riding comfort as well as handling prowess.

11. ENGINE RESPONSE. Talon TSi and TSi AWD models feature a 210 horsepower (205 horsepower with optional automatic transmission) turbocharged engine that can deliver a 0 to 60 time of just 6.6 seconds in the Talon TSi AWD<sup>1</sup> and 6.4 seconds in the Talon TSi.<sup>2</sup> With its 140

horsepower engine, Talon ESi reaches 60 mph in 8.6 seconds.<sup>3</sup>

12. ALL-WHEEL DRIVE. Talon TSi AWD features a full-time all-wheel drive system that maximizes handling and acceleration by automatically sending power to the wheels that need it most.

13. POWER 4-WHEEL DISC BRAKES. Every Talon features standard four-wheel disc brakes (ventilated front) that are power-assisted for exceptional braking. Anti-lock brakes are optional on every Talon.

14. WARRANTY PROTECTION. Every new Eagle Talon comes with Customer One Care, which includes 3-year/36,000-mile bumper-to-bumper vehicle protection and 24-Hour Roadside Assistance.<sup>4</sup>

<sup>†</sup> Always wear your seat belt.

<sup>1</sup> *Car and Driver* testing (with manual transmission), June 1994.

<sup>2</sup> *Motor Trend* testing (with manual transmission), August 1994.

<sup>3</sup> Manufacturer's testing (with manual transmission).

<sup>4</sup> See limited warranty at dealer. 3/36 excludes normal maintenance and wear items. Tires and optional cellular phones are covered by their own manufacturer's warranty. Roadside Assistance provided by Cross Country Motor Club, Inc., and in California by Cross Country Motor Club of California, Inc.
