

true. confident. the strong & sturdy type.

Tundra 03

THE THINGS WE CARE ABOUT.

No matter which Toyota you choose, you can be sure of two things. It will deliver the utmost in Quality, Durability and Reliability, the foundation of Toyota's reputation for excellence. And it will perform with maximum respect for the environment. You see, when we build your Toyota, we strive not only to meet your expectations, but to exceed them. Our objective is to make your driving experience better, easier, safer, more convenient, more fun and more environmentally friendly than ever before.

OUR COUNTRY. 🌍 OUR WORLD.

Fuel Efficiency, Low Emissions and Recyclability. These are cornerstones of Toyota's global vision, and we are constantly looking for ways to improve. All of our current vehicle line-up complies with Canada's strict low emissions standards. And the remarkable Toyota Prius the world's first hybrid vehicle to achieve Super Ultra Low Emission Vehicle (SULEV)* designation. Prius combines gasoline and electric power plants to redefine standards in fuel economy and energy efficiency. Toyota is developing and implementing engineering technologies using materials and processes which will contribute to a vehicle recovery rate of at least 95% by 2015. However, our concern for the environment does not stop with our vehicles. Toyota Canada Inc. shares the environmental commitment demonstrated by all the Toyota production facilities and like them our Head Office has achieved the prestigious "ISO 14001 Certified" designation. Toyota has partnered with Evergreen to launch the "Toyota Evergreen Learning Grounds Program". Worldwide, the results of our commitment to the Toyota Earth Charter can be seen in every facet of our business. All in all, it's more than you might expect from an automobile manufacturer, but at Toyota it's the least we expect from ourselves!

For more details visit www.toyota.ca * California Air Resources Board (CARB).

THE 2003 TUNDRA HAS WHAT IT TAKES

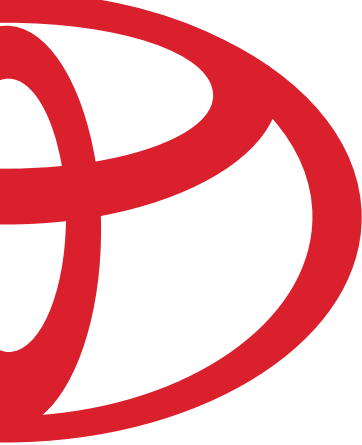

Make 2003 your year to take possession of the improved Tundra with its advanced technology with formidable i-Force V8 power and torque. Tundra comes with a truly awesome payload and towing capabilities, a fully boxed front sub-frame and a rolled lip in the frame under the cab to help increase rigidity. Brakes that take a page from racing, steel beams in the doors and many of the latest active and passive safety features make the revised Tundra a top contender. Tundra has what it takes, full-size and fully prepared for anything. *A true truck.* The new Tundra fits the definition, but with refinement.

ACCESS CAB: (Above left) Standard features for the Tundra 4x2 & 4x4 Access Cab include tilt, 4-spoke steering wheel, accessory power outlets and AM/FM Cassette CD with 6-speakers (shown with optional equipment).
4x4 ACCESS CAB V8 LIMITED: (Above centre) Powered exclusively by the 4.7 Litre, i-Force V8, DOHC, 32-valve engine.
REGULAR CAB: (Above right) Includes standard features such as dual 12-volt auxiliary power outlets, a deluxe AM/FM CD and more.

TUNDRA 03

Tundra 03

COMFORT AND STYLE

Preceding page: Tundra Limited shown in Salsa Red Pearl.

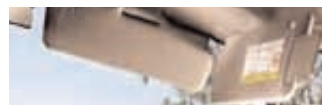

The 2003 Tundra 4-door Access Cab promotes the good life, from its easy pillarless access to available captain seats. The spacious interior shows style and ergonomics at their best. The instrument panel has a style all its own with easy-on-the-eyes, backlit gauges. Control switches are concentrated for maximum ease of use. You and your passengers can relax comfortably in this full-size truck, thanks to a choice of seats with armrests and storage consoles. The 2003 aerodynamic exterior works with the carefully sound-insulated cabin to minimize noise. Tundra's quiet cabin is a performance hall for its full-range sound

system which has been enhanced this year with new steering wheel mounted audio controls. And, last but not least, Tundra's High Solar Energy-Absorbing (HSEA) glass deflects ultraviolet rays and minimizes heat gain, which also improves air conditioning efficiency.

- Below from far left Tundra Limited features:
- Centre console with hinged tray and dual cup holder.
 - Hidden storage space under the rear bench seat.
 - Driver and front passenger dual sun visors with sliding side-visor extensions.
 - Tundra's overhead console has room for sunglasses or garage door opener.

Above: Tundra Limited's comfortable leather interior.
Above left: Tundra's stylish instrument panel.

TUNDRA 03

AGILITY AND STRENGTH

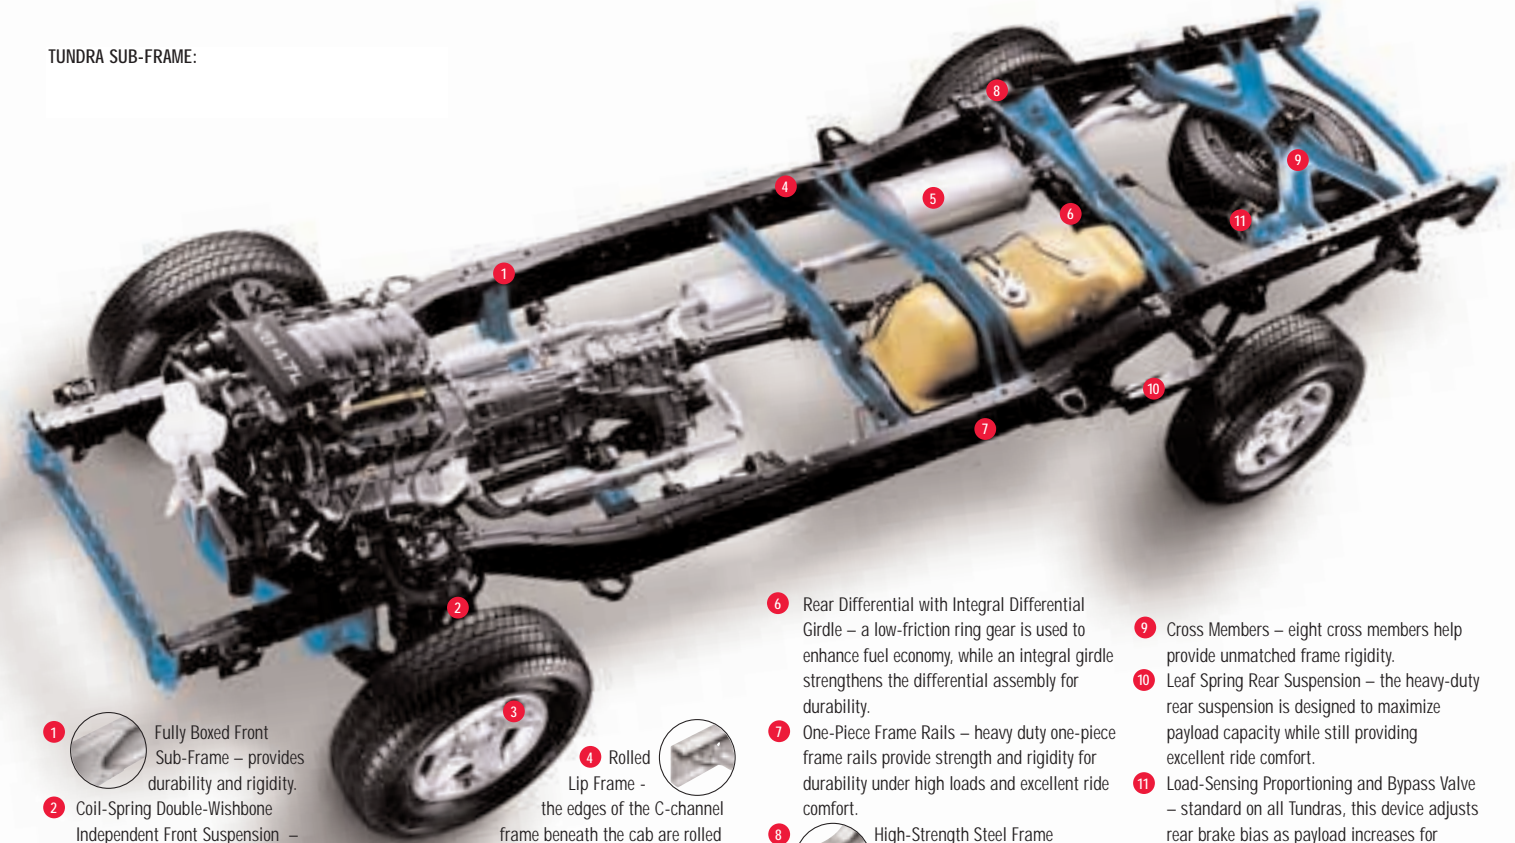

Toyota Tundra introduced the first double overhead cam, 32-valve V8 engine ever used in a pickup truck, giving Tundra industrial-strength structural integrity and superiority in acceleration. Tundra's agility, responsiveness and control will give you full-size peace of mind. Tundra 4x4's turning radius is one of the tightest in its class and its variable power assist rack-and-pinion steering provides crisp response at any speed and adjusts appropriately when parking. The coil-spring double-wishbone independent front suspension provides long travel and combines with gas shock absorbers and a multi-leaf spring rear suspension to turn rough roads into enjoyable driving detours. At the same time, Tundra offers its passengers all the comforts, safety features and enhanced cabin amenities of a premium Toyota sedan with full-size pickup capability.

For your business or pleasure – the 2003 Tundra is the full-size truck that's fully up to the task.

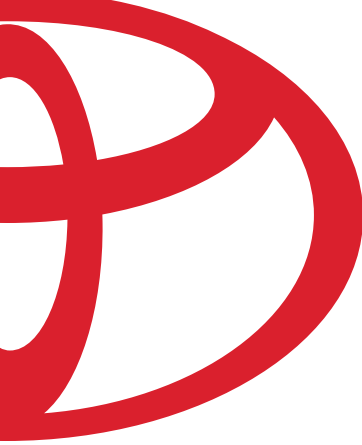

Put your towing concerns behind you. For recreation or renovation, you can pile it on, Tundra can take it. Tundra 4x4 Access Cab V8 delivers a maximum payload of 684 kg (1509 lbs.) and the ability to tow 3220 kg (7100 lbs.) while Tundra 4x2 Access Cab V8 out- accelerates the competition and offers incredible towing strength of up to 3265 kg (7200 lbs.).

TUNDRA SUB-FRAME:

- 1 Fully Boxed Front Sub-Frame – provides durability and rigidity.
- 2 Coil-Spring Double-Wishbone Independent Front Suspension – provides outstanding suspension travel and enhanced ride comfort.
- 3 Heavy-Duty Brakes – 319 mm ventilated front rotors with 4-piston calipers provide excellent stopping power. 4-wheel ABS helps maintain skid resistant stops with greater steering control.
- 4 Rolled Lip Frame - the edges of the C-channel frame beneath the cab are rolled to enhance rigidity and minimize vibration transmitted to the cab.
- 5 Stainless Steel Exhaust System – stainless steel is used for enhanced corrosion resistance and long life.
- 6 Rear Differential with Integral Differential Girdle – a low-friction ring gear is used to enhance fuel economy, while an integral girdle strengthens the differential assembly for durability.
- 7 One-Piece Frame Rails – heavy duty one-piece frame rails provide strength and rigidity for durability under high loads and excellent ride comfort.
- 8 High-Strength Steel Frame Reinforcement – a high-strength steel insert in the spring perch provides additional strength under heavy loads.
- 9 Cross Members – eight cross members help provide unmatched frame rigidity.
- 10 Leaf Spring Rear Suspension – the heavy-duty rear suspension is designed to maximize payload capacity while still providing excellent ride comfort.
- 11 Load-Sensing Proportioning and Bypass Valve – standard on all Tundras, this device adjusts rear brake bias as payload increases for consistently short braking distances.

TUNDRA 03

SAFETY AND ENGINEERING

The Toyota Tundra has recently received the highest rating available from “The Insurance Institute for Highway Safety” (U.S.) as the best performer in a 40 mph frontal offset crash test.

The rating scale for this crash test is “Good, Acceptable, Marginal and Poor”.

TUNDRA SAFETY FEATURES

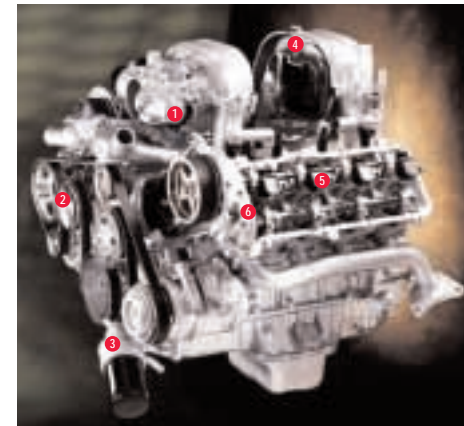

- Driver and front passenger airbag Supplemental Restraint System (SRS) with passenger airbag deactivation switch.
- 3-point ALR/ELR seatbelts in all outboard positions (driver's seatbelt with ELR only) with front outboard passenger seatbelt reminder light.
- 2-point centre lap belt on front bench and split bench seats (all models) and rear split bench seats (Access Cab models).
- Driver and front outboard passenger seatbelt pretensioners with force limiters.
- Adjustable front outboard seatbelt shoulder anchors.
- Vertically adjustable headrests in all outboard positions.
- Energy absorbing steering column.
- Ladder frame with impact absorbing front structure.
- Side impact door beams.
- Rear centre highmount stoplamp.
- 4-wheel Antilock Braking System (ABS).

The Institute's offset tests, conducted since 1995, involve 40% of a vehicle's front end hitting a deformable barrier at 40 mph. Ratings are only meaningful when comparing vehicles in the same weight class.

ENGINEERING

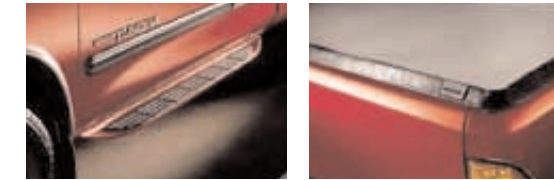

The Tundra i-Force V8 is the first Double Overhead Cam (DOHC), 32-valve engine in a full-size pickup. It delivers outstanding horsepower and industrial-strength torque at low rpm thanks to an induction system with a tuned intake manifold. Tundra's i-Force V8 even self diagnoses and adjusts its own ignition timing to run smoothly and efficiently.

i-FORCE V8 ENGINE:

- 1 Electronic Throttle Control System with intelligence (ETCS-i) – delivers optimum throttle opening in all engine operating ranges.
- 2 Accessory drive belt automatic belt tensioner – eliminates the need for tension adjustment.
- 3 Liquid-cooled engine oil cooler – prolongs oil life and helps maintain correct engine operating temperature.
- 4 Split port/plenum induction system – two-piece intake manifold features long vertical runners for increased low-end torque.
- 5 Toyota Direct Ignition (TDI) system – eliminates distributor, rotor and spark plug wires for increased performance and reliability.
- 6 Double Overhead Cam (DOHC) 32-valve design – more completely fills and exhausts cylinders for increased horsepower.

TOYOTA TUNDRA ACCESSORIES 2003

Make entry and exit even easier with available urethane-coated **RUNNING BOARDS**.*

**Access Cab only*

Keep cargo under wraps with the available tough textured vinyl **TONNEAU COVER**.

From that first drive home in your new Tundra until the day you part with it, we want your entire ownership experience to be enjoyable and satisfying. That's why at every Toyota Dealership you'll find answers to your questions, help with selecting Genuine Toyota Parts and Accessories, and quality service to keep your Tundra in top shape. The location of your nearest Toyota Dealer can be found on our website at www.toyota.ca or by calling **1-888-TOYOTA-8**.

ADDITIONAL ACCESSORIES NOT SHOWN:

- Air conditioning
- All-weather floor mats
- Bed liner
- Bed extender
- Bed mat

TAKE NOTE:

***Airbag Notice:** The 2003 Tundra features a driver & front passenger airbag Supplemental Restraint System (SRS) which activates only in a front-end collision of sufficient magnitude to inflate the bags. In moderate frontal collisions, the airbags may not inflate, in a rear or side collision the airbags are designed not to inflate, so the primary protection is provided by the lap and shoulder belt system.

Seatbelts must be worn at all times by all occupants.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website www.toyota.ca – or your Toyota Dealer is your best source for up-to-date information.

VEHICLE COVERAGE *New Vehicle Warranty Summary* *No Deductibles – No Transfer Fees*

Comprehensive Coverage - 3 years or 60,000 km

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

Powertrain Components - 5 years or 100,000 km

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

Major Emission Control Components -

8 years or 130,000 km

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

Corrosion Perforation - 5 years unlimited distance

Any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

CAA[®] Pyramid Award
Voted best for owner satisfaction, reliability and low repair frequency and cost, Toyota has earned this award 16 times in the last 20 years.

With Extra Care Protection, your new Toyota has inflation protected coverage from mechanical failures, to road emergencies, and much more. It is the affordable and cost effective way to guarantee your peace of mind and to protect your investment whether you buy or lease.

ECP is not a warranty... it's much more! It can provide you and your new Toyota with coverage such as Towing, Emergency Road Service, Rental Assistance, Tire Road Hazard Protection and also includes the 3 first factory recommended lubrication intervals. ECP Plans can cover you on up to 17 major mechanical component groups after the manufacturer's warranty expires. Please consult your Toyota Dealer for further details on this very valuable and affordable option.

TOYOTA EXPERIENCE

The part you can't replace Toyota Dealers are dedicated to making the experience of owning a Toyota both satisfying and rewarding. The satisfaction comes from knowing that highly skilled, Toyota-trained technicians using Toyota Genuine Parts are maintaining your vehicle at truly fair and competitive prices. The reward comes in the form of years of trouble-free driving in a vehicle that will hold its value remarkably well. *"That new Toyota feeling - we help you keep it."*

THE EASY AND AFFORDABLE WAY TO FINANCE OR LEASE YOUR TOYOTA.

Toyota Financial Services offers quality leasing and financing for your Toyota. We believe that your toughest decision should be choosing which Toyota model you want, so we've made purchasing and leasing your Toyota easy. You can count on us to provide the same superior level of service and quality that you know and expect from Toyota.

Why choose Toyota Financial Services?

- Competitive interest rates
- Flexible terms of up to 60 months
