VOLVO XC90

THE VOLVO XC90 IS A NEARLY PERFECT BALANCE OF DESIGN, CAPABILITY, AND SAFETY ENGINEERING. IT IS MUSCULAR, YET NOT AGGRESSIVE. ROOMY INSIDE, BUT COMPACT OUTSIDE. IT IS UNMISTAKABLY RUGGED, YET HANDLES LIKE A FINE EUROPEAN LUXURY VEHICLE. IT PAMPERS WITH LUXURY AND REFINEMENT, BUT DOES NOT SPOIL. IT IS DISTINCTIVE, YET HIGHLY VERSATILE. AND IT IS A TRUE SPORT UTILITY VEHICLE, BUT IT

BRINGS VOLVO SAFETY TO THE SUV SEGMENT. BECAUSE WHEN YOUR VEHICLE HAS THE RIGHT FEEL, YOU EXPERIENCE A SPECIAL KIND OF FREEDOM. TO EXPLORE. ENJOY. AND PURSUE ADVENTURE ON YOUR TERMS. VOLVO XC90. THE FIRST OF THE NEW GENERATION OF SUVs.

VOLVO VEHICLE ARCHITECTURE

THE VOLVO XC90 INTRODUCES AN ENTIRELY NEW APPROACH TO SUV THINKING: VOLVO VEHICLE ARCHITECTURE. INTERIOR SPACE HAS BEEN MAXIMIZED WITHOUT CREATING AN OVERLY LARGE EXTERIOR. THE ENGINE IS TRANSVERSELY MOUNTED, AND SEATING POSITIONS HAVE BEEN MOVED FORWARD. THIS FREES UP ENOUGH VOLUME TO ALLOW FOR INCREASED PERSONAL SPACE, A THIRD ROW OF SEATS, GENEROUS CARGO ROOM, AND WIDE IMPACT ZONES. THE RESULT: AN SUV THAT IS ROOMY ON THE INSIDE, COMPACT ON THE OUTSIDE, AND IS THE LEADER IN TERMS OF SAFETY. HARMONY INDEED.

Traditional in-line design

Traditional "V" design

XC90 Transversely mounted engine creates maximum interior space.

DESIGNED HARMONY

THE VOLVO XC90 IS STRIKINGLY BOLD AND ATHLETIC, BUT NOT OVERBEARING. ITS GRACEFUL LINES AND SLEEK EXTERIOR TASTEFULLY COMPLEMENT ANY ENVIRONMENT. OVERALL LENGTH IS ONLY 480 CM – REMARKABLE FOR A VEHICLE THAT CAN TRANSPORT UP TO SEVEN PEOPLE IN COMFORT. HIGH GROUND CLEARANCE, AGGRESSIVE FRONT, AND MUSCULAR FENDERS PROVIDE STRONG SUV CHARACTER. DISTINCTIVE GRILLE TREATMENT AND BROAD SHOULDERS MAKE IT UNMISTAKABLY A VOLVO.

COMFORT. CONFIDENCE. CONTROL.

CERTAIN TRIPS REMAIN A MEMORY FOR LIFE. OTHER TRIPS ARE SIMPLY NECESSARY. THE VOLVO XC90 ENHANCES BOTH COMFORT AND SAFETY – FOR A CONVENIENT AND ENJOYABLE LIFE ON THE MOVE.

The cabin is easy to enter and exit. In the driver's seat, you assume a command position, with an unobstructed view and all controls angled toward your field of vision. All cockpit details are designed to give you control and instantaneous feedback. World class technology is at your fingertips – you operate the most important functions such as the audio system, cruise control and optional navigation system without taking your hands off the wheel. The centre console's panel includes a powerful 160 W audio system and can

conveniently be upgraded with different options. And if you choose Volvo's most sophisticated audio system with state-of-the-art Premium Sound speakers and the latest generation Dolby Pro-Logic® surround sound system, you and your passengers can enjoy an audio experience far beyond the ordinary.

Thoughtful details abound. It all adds up to an extraordinary feeling of confidence, control, and harmony.

DRIVER'S SEAT

Take your place in one of the most comfortable driver's seats in the automotive world. You are surrounded by hundreds of thoughtful details. Some you will take in immediately, others you will only notice and appreciate several hours later when you reach your destination – still fresh and relaxed.

LUXURY, HARMONY AND CONSIDERATION

The inside of the XC90 is a pleasure to experience, offering a feeling of spacious, quiet luxury. Exclusive dual-textured leather surrounds you. Large windows offer a panoramic view of the landscape. In the XC90, seven passengers can be transported in first-class comfort. All passengers face forward in theater-style seating – each row a little higher than the last – for better views all around. Every seat features three-point seat belts, pre-tensioners, and head restraints. Second-row seats are set in a 40/20/40 configuration, and can be individually adjusted fore-aft. The seats themselves are orthopedically designed and amongst the most comfortable in the world.

The Dual Zone Electronic Climate Control system (ECC) maintains the set temperature inside the car and can be adjusted individually for the driver and passenger sides. A built-in cabin air filter prevents dust, pollen and fumes from entering the passenger compartment. An Interior Air Quality (IAQS), ensures that the air you breathe inside the car is actually cleaner than the air outside.

THIRD ROW COMFORT

Back seat passengers, whether in the second or third row*, also enjoy first-rate amenities in the Volvo XC90. In addition to their own available headphone outlets, third-row passengers ride in comfort with the optional rear-seat air conditioning, which includes individual climate controls and C-pillar air vents.

*Third-row seats are designed for children and small adults only.

VERSATILITY

THE XC90 IS DESIGNED TO LET YOU GO YOUR OWN WAY, WITH THE FLEXIBILITY TO SUIT YOUR CHANGING NEEDS. ONE MOMENT YOU MAY BE TRANSPORTING UP TO SEVEN PEOPLE, IN COMFORT. THE NEXT, WITH ALL PASSENGER SEATS FOLDED DOWN, YOU'VE GOT A FLAT LUGGAGE COMPARTMENT NEARLY 2.7 METERS LONG. WHETHER YOU'RE ROUGHING IT, GOING OUT FOR THE EVENING, OR SOMEWHERE IN BETWEEN, THE XC90 WILL COMPLEMENT YOUR LIFESTYLE AND EXCEED YOUR EXPECTATIONS.

CARGO

Considerable planning went into the Volvo XC90 to maximize cargo space and make loading and unloading the vehicle easy. All passenger seats, including the front one, fold flat. Third-row seats are quickly lowered right into the floor. Head restraints also fold out of the way. Cargo capacity behind the third-row seat is generous.

INTEGRATED CHILD BOOSTER SEAT

The middle seat of the second row comes equipped with a standard integrated child booster seat and may be moved forward until it is almost between the front seats. This allows you to easily tend to the needs of a child.

SPLIT TAILGATE

The XC90 tailgate is strong, lightweight, and perfectly balanced, so it's easy to open and close. The bottom gate sits at the ideal height for loading and is level with the interior floor, so things slide right in. It can also be used as a convenient platform for accessing roof-mounted luggage, or for relaxing at outdoor activities.

THE RIDE

THE HARMONY OF VOLVO VEHICLE ARCHITECTURE MAY BEST BE EXEMPLIFIED BY THE RIDE AND HANDLING OF THE XC90. IT IS BUILT ON A LUXURY PASSENGER VEHICLE PLATFORM, NOT A TRUCK OR MINIVAN CHASSIS, FOR AN EXCEPTIONALLY REFINED ALL-ROAD DRIVING EXPERIENCE.

Vehicle shown with retailer installed aluminum step-up bar (accessory)

The AWD System and the generous 21.8 cm ground clearance add to the vehicle's excellent get-you-there ability in all road conditions.

Power is in your hands. With the remarkable Geartronic transmission, you are able to switch on the fly between fully automatic and manual shifting.

The Volvo XC90 is exceptionally rewarding to drive, regardless of the road and weather. A smooth, powerful five-or six-cylinder turbo engine and predictable response are at the heart of the XC90 driving experience. The low centre of gravity, balanced weight distribution and wide stance contribute to stable road behavior. Add a highly torsionally rigid body and one of the most refined chassis in the automotive world – and the result is exceptionally good roadholding. Multilink rear

suspension provides superior ride comfort and consistent road manners.

Driving stability is further enhanced by the electronically controlled AWD system. Power is automatically distributed between the front and rear wheels within fractions of a second for the best possible traction on all types of road surfaces. The system works in harmony with the engine, the active chassis control systems, and the anti-lock brakes to help you stay in control.

ALL-WHEEL. ALL-WEATHER. ALL-ROAD.

WHEN THE ROAD IS DRY

The electronically controlled all-wheel drive system (AWD) is optimized to provide superior roadholding and tractive force under all driving conditions. It responds extremely quickly, making it possible to balance understeering and oversteering tendencies with exceptional precision.

For example, during rapid acceleration or fast cornering, power is seamlessly distributed between the front and rear wheels in a fraction of a second to give you maximum driving stability. Behind the wheel, you won't even be aware that the AWD system is at work – you'll simply enjoy that superb feeling of total control.

The AWD system is controlled by an electronic management system that constantly monitors the speed of the wheels, throttle position, engine torque, engine speed, the optional DSTC system, and the brakes in order to always respond optimally to current driving conditions.

WHEN THE ROAD IS SLIPPERY

The advantages of Volvo's AWD system are particularly noticeable on slippery roads. Since the pair of wheels with the best traction always receives most power, the vehicle is outstandingly stable. And making your way on slippery road surfaces is no problem. The AWD system's short reaction time provides immediate power to the wheels that are needed to help get started and maintain control even under difficult conditions. At low speeds, Volvo's anti-spin system, TRACS, ensures that the wheel with the best traction gets the most power.

Normally, the front wheels get nearly all of the engine's power.

If the front wheels show any tendency to spin, the AWD system responds instantly by redistributing power for maximum stability.

If one or both wheels on one side of the vehicle spin, more power goes instantly to the wheels with better traction.

When braking, the car disengages drive to the rear wheels the instant you touch the brake pedal, thereby maximizing control and roadholding.

If you carry heavy loads, the rear wheels receive more power to maximize driving stability.

SAFETY AND STABILITY

FOR 75 YEARS, SAFETY HAS BEEN AT THE CORE OF EVERYTHING WE DO. NEVER MORE THAN IN THE XC90, WHERE A NUMBER OF SAFETY CHALLENGES INHERENT TO SUV DESIGN WERE TACKLED. HOWEVER, OUR MOST INNOVATIVE MEASURE – AND THE FIRST OF ITS KIND IN THE WORLD – IS VOLVO ROLL STABILITY CONTROL. KNOWING THAT YOUR SAFETY IS ENHANCED WILL ALLOW YOU TO ENJOY YOUR XC90 TO THE FULLEST.

To help reduce the risk of a rollover, the XC90 is equipped with an active stability-enhancing system known as Roll Stability Control (RSC). At the heart of the system is a gyroscopic sensor that monitors the vehicle's angle. If it senses that the vehicle is approaching a critical roll angle, the Dynamic Stability Traction Control (DSTC) is instantly activated. Engine power is reduced, and sufficient braking is applied to one or more wheels to help regain stability.

In the unlikely event that the vehicle does roll over, the inflatable side curtain (IC) is deployed to help protect the heads of occupants and help keep the occupants of the outboard seats from being thrown from the vehicle. At the same time, the seat belt pre-tensioners are activated in all occupied seats, keeping you firmly in place.

A powerful anti-lock brake system featuring ventilated discs all around and Emergency Brake Assistance (EBA), and Electronic Brake Distribution (EBD) are always at your disposal.

The Volvo XC90 raises SUV safety to a new level. High seats and superb visibility make it easier to look ahead and avoid dangerous traffic situations. An advanced chassis and powerful brakes help you maintain control in all situations. All-wheel drive and active stability systems increase the margins of safety even further, for instance if you are driving on slippery roads or are forced to take sudden

evasive action. If the vehicle shows any tendency to start skidding, DSTC instantly applies the brakes to one or more wheels to help you stabilize the vehicle and regain control. RSC further enhances stability. And if an accident can't be avoided, you're protected by the same safety systems that help save lives in all of Volvo's other cars – and by Volvo's roll over protection system (ROPS).

"CARS ARE DRIVEN BY PEOPLE. THE GUIDING PRINCIPLE
BEHIND EVERYTHING WE MAKE AT VOLVO, THEREFORE,
IS – AND MUST REMAIN – SAFETY."

ASSAR GABRIELSSON AND GUSTAF LARSON,
THE FOUNDERS OF VOLVO.

VOLVO SAFETY SYSTEMS

AT VOLVO, WE BELIEVE THAT IT'S THE WHOLE RATHER THAN THE PARTS THAT DETERMINES HOW SAFE A VEHICLE IS. THE XC90 IS VERY MUCH THE PRODUCT OF THIS BELIEF – EVERYTHING WORKS TOGETHER HARMONIOUSLY TO HELP KEEP YOU OUT OF HARM'S WAY.

VISIBILITY

Command seating positions, theater-style seating, and large windows provide superb visibility and make it easier to look ahead and avoid dangerous traffic situations.

SAFETY CAGE

For added strength, the pillars and roof structure are reinforced with high-strength boron steel, which is four to five times stronger than conventional steel.

PEDESTRIAN SAFETY

The front features clean, gentle, smooth lines, flush headlights, and low engine position to reduce danger to pedestrians, cyclists, and other unprotected road-users.

ENERGY-ABSORBING ZONES

Front and rear energy-absorbing zones help to dissipate and distribute incoming collision forces.

CRASH COMPATIBILITY

To reduce damage to a smaller vehicle during collision, the front subframe includes a lower cross-member. It's designed to engage the oncoming vehicle's protective structure and activate its impact zone, so occupants can receive maximum protection.

ENERGY-ABSORBING INTERIOR

All the panels and door sides are padded with energy-absorbing materials to help reduce the risk of injury to the car's occupants.

SIDE-IMPACT PROTECTION (SIPS)

Volvo's patented system helps reduce the risk of serious injury when the impact is from the side. Side members, roof pillars, roof, doors, and cross-members are specially reinforced to reduce the deformation of the side of the vehicle. The system works in conjunction with side air bags and inflatable side curtains.

PERSONAL SECURITY

AT VOLVO, PROVIDING FOR YOUR PERSONAL SAFETY IS A NATURAL EXTENSION OF OUR DEVOTION TO YOUR DRIVING SAFETY. FOR THIS REASON, A NUMBER OF IMPORTANT FEATURES HAVE BEEN ADDED TO THE XC90 TO HELP YOU AVOID THREATENING SITUATIONS.

DUAL-THRESHOLD AIR BAGS

Dual-stage air bags deploy differently and with varying levels of force depending on the severity of the crash. This helps to ensure maximum protection while saving a properly belted occupant from being exposed to unnecessary air bag deployment.

ROPS ROLL-OVER PROTECTION SYSTEM

RSC (Roll Stability Control) helps you keep control. If the vehicle nonetheless rolls over, the IC inflatable side curtains and seat belt pre-tensioners are triggered by an electronic sensor. The windshield frame, roof and door pillars all feature extra reinforcement to serve as a roll-over protection cage.

INFLATABLE SIDE CURTAINS (IC)

Curtains inflate in a side-impact or rollover accident to help protect the heads of occupants. They extend the full length of the vehicle to protect passengers in the third row – a Volvo exclusive. For added safety during multiple collisions, they stay inflated for up to 5 seconds.

THIRD-ROW SAFETY

These seats feature three-point seat belts with pre-tensioners, head restraints, and inflatable side curtain protection. Generous space behind the third row helps dissipate collision forces. Seats are just above the rear axle, the best position for side-impact safety. The XC90 is currently the only SUV to include all of these features for third-row passengers.

WHIPLASH PROTECTION SEATING SYSTEM (WHIPS)

If the vehicle is struck from behind, this front-seat system is designed to help reduce the violent energy transfer that often produces serious neck and back trauma.

SEAT BELTS WITH PRE-TENSIONERS

All seven seats have head restraints and three-point seat belts with pre-tensioners. In a crash, the seat belts are pulled taut to help keep passengers properly positioned. The XC90 is currently the only SUV to offer three-point seat belts with pre-tensioners on every seat.

LOAD SAFETY

Strategically placed eyelets in the luggage compartment floor allow you to secure cargo items safely.

The XC90 expands the scope of personal protection. Safe Approach and Home Safe lighting with ground lighting in the side-view mirrors illuminates the area around the car and provides greater safety when approaching or leaving the vehicle. An electronic immobilizer

and door locks that withstand most break-in attempts help protect against theft. A security system with sensors in the doors, hood and tailgate activate an alarm if someone should ever try to break into the vehicle. And in the event of trouble – press the panic button in

the remote control and the alarm is sounded. For an even higher level of personal safety you can add anti-smash and grab laminated side windows and a HomeLink remote garage door opener. Lockable wheel bolts are a simple way to deter the theft of your alloy wheels.

COMPATIBILITY

AT VOLVO, OUR CONCERN FOR SAFETY EXTENDS BEYOND THE PEOPLE WITHIN OUR VEHICLES TO THOSE ON THE OUTSIDE AS WELL. SPECIAL FEATURES WERE INCORPORATED TO HELP PROTECT PEOPLE WHO MAY BE INVOLVED IN A COLLISION WITH THE XC90 – WHETHER THEY ARE OCCUPANTS OF ANOTHER VEHICLE, OR PEDESTRIANS.

OCCUPANTS OF OTHER VEHICLES

A lower cross-member has been added below the front bumper to help engage the front structure of a smaller vehicle in the event of an accident. The safety systems are therefore activated in a way the other vehicle manufacturer has intended. This helps prevent “ride over,” and serious injuries may be avoided.

UNPROTECTED ROAD USERS

The XC90 is designed to help reduce the risk of injury to people such as pedestrians and bicyclists. The front is gently rounded, without protruding parts, and the headlights are flush with the body. What’s more, the engine is positioned low to put space between it and the hood. This allows the hood to serve as an impact zone, thus helping to dissipate the force of a collision.

ENVIRONMENTAL CARE

CARING FOR THE ENVIRONMENT IS IMPORTANT TO YOU AND TO VOLVO. REST ASSURED THAT THE LATEST ENGINE TECHNOLOGY AND ANTI-POLLUTION ENGINEERING HAVE BEEN BROUGHT TOGETHER TO SET NEW ENVIRONMENTAL STANDARDS IN THE SUV CATEGORY. FOR YOU, YOUR FAMILY, AND THE GOOD OF ALL.

FUEL ECONOMY AND EMISSIONS

Both available engines are crafted of lightweight aluminum and feature Volvo's latest low-friction technology for top-class fuel efficiency. Continuously variable valve timing (CVVT) and three-way catalytic converters allow the XC90 to meet or exceed stringent Ultra Low Emission Vehicle (ULEV) standards.

RECYCLABLE

Nearly all of the sheet metal and other metals in the XC90 can be recycled. In fact, about 85 percent of the vehicle's total weight is recyclable.

INSIDE AIR

The Interior Air Quality System (IAQS) removes pollen and unpleasant odours from incoming air. If pollutants are detected outside the vehicle, interior air is temporarily recirculated to maintain premium air quality.

CERTIFIED MATERIALS

Most interior fabrics and leather have been rigorously tested to ensure that they are free from hazardous and allergenic substances. Leathers are tanned using natural plant materials.

CLEANS AS YOU DRIVE

Ozone, so important to the planet's health, is actually a pollutant when found at ground level. The radiator of the XC90 has a special coating, PremAir®, which converts up to 75 percent of the ozone it encounters into oxygen – so you actually help clean the air when you drive. In addition, the XC90 is finished with water-based paints. This results in clean air both inside and outside the factory.

PremAir® helps reduce ground level ozone as you drive – an important part of Volvo's global environmental commitment.

PremAir® is a registered trademark of Engelhard Corporation.

YOUR CHOICES

CHOOSING THE VOLVO XC90 IS A HIGHLY PERSONAL MATTER. YOUR VOLVO IS AVAILABLE IN A NUMBER OF MODELS, EACH WITH ITS OWN ENGINE, POWERTRAIN, AND EQUIPMENT LEVEL. THIS MAKES IT EASY TO CHOOSE THE XC90 THAT'S JUST RIGHT FOR YOU. AND WHATEVER MODEL YOU CHOOSE, YOU CAN ENHANCE THE EXPERIENCE WITH ONE OR MORE OF VOLVO'S OPTION PACKAGES AND SPECIALLY-DESIGNED OPTIONS AND ACCESSORIES.

THE XC90 SELECTION

IN A VOLVO XC90, THE POWERTRAIN AND CHASSIS INTERACT TO PROVIDE A HARMONIOUS BALANCE BETWEEN RESPONSE AND COMFORT. THE SMOOTH, POWERFUL SIX- OR FIVE-CYLINDER TURBO ENGINE GIVES YOU INSTANT ACCESS TO ITS FULL POWER POTENTIAL. LOW INTERNAL FRICTION AND THE VERY LATEST ENGINE TECHNOLOGY, FEATURING VARIABLE VALVE TIMING, COMBINE GOOD PERFORMANCE WITH MODERATE FUEL CONSUMPTION, WHILE AT THE SAME TIME MEETING STRICT EMISSIONS STANDARDS.

T6 AWD

VOLVO XC90 T6 AWD (268 BHP)

The all-wheel drive Scandinavian flagship SUV. Powered by a remarkably smooth in-line six-cylinder 2.9-liter turbo engine with overwhelming thrust. The engine pumps out its full torque potential (280 ft-lb) from just 1800 rpm, and then continues to pull like a turbine across the full range of engine speeds. Dual turbochargers and variable inlet and exhaust valve timing promote superb performance and ensure that the engine meets the strict ULEV emission requirements. The four-speed Geartronic auto-

matic transmission gives you two gearboxes in one: firstly, an adaptive automatic transmission for relaxed driving, and secondly a manual gearbox for when you want to drive more actively. In Manual mode, you shift up by pushing the gear lever forwards, and down by pulling the lever towards you. The Servotronic speed-dependent power steering in the XC90 T6 AWD provides progressively less assistance as speed increases, thereby improving steering precision and enhancing road feedback.

2.5 T AWD

VOLVO XC90 2.5T AWD (208 BHP)

Effortless all-road empowerment. The electronically controlled all-wheel drive-system (AWD) adds yet another dimension to the XC90 driving experience. As the situation dictates, drive is continuously distributed at lightning speed between the front and rear wheels. You can enjoy superior driving stability

and tractive capacity, no matter the road or weather. The experience is further enhanced by the sophisticated 208-bhp five-cylinder light-pressure turbo engine and a responsive five-speed Geartronic transmission that allows you to shift between relaxed adaptive Auto mode and sporty Manual mode.

PREMIUM PACKAGE*

A Volvo offers you long, relaxed drives and a more spirited everyday life. The Premium Package will provide you with some necessities for that extra ambience and convenience.

- Auto-Dim Rearview Mirror
- Homelink®
- 8-way Power Passenger's Seat
- Genuine dark wood effect trim

*Only available for 2.5T AWD.

CONVENIENCE PACKAGE

A Volvo is always fit to face the challenges of real life. To make your car even more suit in everyday driving, you can add the Convenience Package.

- Retractable outside mirrors
- Rain Sensor
- Rear parking assistance

TOURING PACKAGE**

Driving the XC90 T6 is both soul-stirring and relaxing. And with the Touring Package, you'll further enhance the experience.

- 18" Alloy Wheels
- Audio w/ Dolby Pro-logic II
- Wood Effect Trimmed Steering Wheel

** Only available for T6.

SECURITY PACKAGE

Your Volvo offers comprehensive security as standard. If you want even more protection, you can add some well-tested extra equipment that has been developed especially for your XC90.

- Laminated side windows
- Level Sensor
- Mass Movement sensor

FEATURES AT A GLANCE

Roof structure reinforced with boron steel

Large windows for greater visibility

Head protection for all three rows of seats

70/30 split tailgate, easy to open and close

Independent Multilink rear suspension

18" alloy wheels (optional)

Side Decor, Running Boards, Cross Bars (Retailer Installed Accessory)

Ground Clearance, 22.6 cm w/17 inch wheels

Tinted windows

Power retractable
mirrors (optional)

Lightweight, high-torque
turbocharged engines

Smooth lines, flush headlights,
and low engine position reduce
danger to pedestrians

Lower cross-member helps prevent
"ride over" in the event of collision
with smaller vehicle

Electronically Controlled AWD

Fog Lights

AUDIO AND ENTERTAINMENT

THOUGH HIGHLY ENJOYABLE IN AND OF ITSELF, THE VOLVO XC90 CAN BE TRANSFORMED INTO A VIRTUAL MOBILE ENTERTAINMENT CENTRE. A POWERFUL, 160 W AUDIO SYSTEM WITH RADIO, CD PLAYER, AND EIGHT HIGH-DEFINITION SPEAKERS IS STANDARD. IT CAN BE ENHANCED WITH

REMOTE CONTROL FROM THE STEERING WHEEL
Makes it possible to adjust the volume, switch radio stations, and play the previous or next track without taking your hands off the wheel. With illuminated buttons.

REAR HEADPHONE OUTLETS
Allows four rear-seat passengers to listen to the radio or their favorite disc at the same time, without disturbing the vehicle's other occupants. With separate controls for headphone volume and audio source. Also with controls for changing tracks or switching radio stations.

SUB-WOOFER (OPTIONAL)
Provides soul-stirring bass at all volumes. With built-in 140 W amplifier.

A VARIETY OF OPTIONS, INCLUDING A BUILT-IN SIX-CD CHANGER (STANDARD ON T6). OR, GO ALL THE WAY TO CONCERT-HALL REALISM BY CHOOSING THE PREMIUM 305W DOLBY SURROUND PROLOGIC II AUDIO SYSTEM. FOR EVEN MORE FUN, A REAR-SEAT ENTERTAINMENT SYSTEM IS AVAILABLE AS A RETAILER-INSTALLED OPTION.

HIGH PERFORMANCE AUDIO SYSTEM

Standard audio system provides outstanding sound reproduction.

- RDS radio
- Eight high-performance speakers
- High-performance amplifier, 160 total watts
- Remote control from steering wheel
- CD player
- Six-CD changer (standard on T6, optional on 2.5T)
- Rear headphone outlets
- Can be supplemented with a sub-woofer

PREMIUM SOUND AUDIO SYSTEM

In this world-class audio system, Dolby Surround Sound Pro Logic II makes its automotive debut. Together with Premium Sound speakers, it gives audiophiles a moving experience — like having your favorite orchestra along for the ride.

- RDS radio
- 9 Premium Sound speakers
- Dolby Pro-Logic II Surround Sound
- Premium Sound amplifier, 280 total watts + 25w centre speaker
- CD player
- Six-CD changer (standard on T6, optional on 2.5T)
- Remote control from steering wheel
- Rear headphone outlets
- Can be supplemented with a sub-woofer

The Dolby and Pro Logic trademarks are the property of Dolby Laboratories Licensing Corporation.

THIRD ROW AC

To really enhance comfort, you can supplement the ECC automatic climate unit with a separate manual air conditioning system for the third-row passengers. They can operate the fan speed themselves, adjusting output via the separate vents. Not in combination with a sub-woofer.

BI-XENON HEADLAMPS

Provide you with even better low and high beams in all conditions. They illuminate the road ahead evenly and effectively without dazzling oncoming traffic. Low beam is adjusted automatically to provide the best possible light pattern when the car is heavily loaded.

FACTORY-INSTALLED OPTIONS

THE SENSE OF QUALITY AND CARE – AND KNOWING THAT YOU GET THE VOLVO THAT SUITS YOUR LIFESTYLE. YOU'RE WELCOME TO PERSONALIZE YOUR CAR WITH THE OPTIONS THAT BEST STAND UP TO YOUR DEMANDS AND DESIRES.

REAR PARKING ASSISTANCE

Warns of objects behind the vehicle while reversing with a buzz tone that pulses, then increases to a constant tone when object is within 9 inches. The sound is only audible inside the cabin.

VOLVO NAVIGATION SYSTEM

Guides you anywhere with precise audio and visual directions. Using the global positioning satellite system, a liquid crystal 6.5-inch display shows your location on a map and plots the best route. Controls are conveniently located on the steering wheel. When not in use, the screen retracts into the dashboard. All map-based information is stored on one single DVD disc.

ACCESSORIES

VOLVO'S ACCESSORIES HELP YOU MAKE YOUR XC90 EVEN BETTER SUITED TO YOUR PERSONAL NEEDS. THEY ARE THE ONLY ONES THAT HAVE BEEN TESTED TO MEET VOLVO'S EXACTING SAFETY, QUALITY AND ENVIRONMENTAL REQUIREMENTS. YOU CAN ALSO REST ASSURED THEY'RE A PERFECT MATCH TO THE TECHNOLOGY AND DESIGN OF YOUR VOLVO.

- Navigation system
- Rear Parking Assistance
- PC table
- Engine block heater
- Hands free phone system
- Cross bars (for roof-mounted accessories)
- Ski and snowboard holders,
- Roof box
- Engine protection plate
- Running boards
- Windsurfing board holder
- Rear bumper protection plate
- Sun blinds, rear side door

- Bicycle holder – roof mounted
- Bicycle holder – load compartment
- Bicycle holder – hitch mounted
- Wheel house side décor
- Roof protection bars
- Canoe and kayak holder
- Trailer hitch
- Load securing straps
- Automatic leveling
- Load securing net
- Side panel net pocket
- Glove box net pocket
- Winter tires
- Lockable wheel bolts
- First-Aid kit

- Front/rear mud flaps
- Rear parking assistance
- Steel protective grille-cargo area
- Load compartment mats, textile/rubber/plastic
- Load liner cover
- Rubber floor trays
- Picnic table
- Tailgate seat cushions
- Electric cooler/heater box-luggage compartment
- Luggage bags
- Activity bag
- Waste paper basket/storage tray
- Mirror – rear child seat
- Sunglass holder

INTERIOR SELECTIONS

CHOOSE FROM A NUMBER OF SPECIALLY DESIGNED OPTIONS TO DESIGN THE INTERIOR THAT BEST SUITS YOU. THEN ENJOY YOUR CREATION EVERY TIME YOU STEP INSIDE.

TAUPE INTERIOR
Leather seating surfaces in Light Taupe with leather-trimmed steering wheel.

Leather, Light Taupe (C981)

Leather-trimmed steering wheel

Wood-trimmed steering wheel, available in Touring Package on T6

Wood effect trim

GRAPHITE INTERIOR

Leather seating surfaces in Graphite with leather-trimmed steering wheel.

Leather, Graphite (C970)

EXTERIOR SELECTIONS

YOU CAN CUSTOMIZE THE LOOK TO SUIT YOUR TASTE AND TEMPERAMENT. CHOOSE FROM A VARIETY OF COLOURS AND EXTERIOR DETAILS. SELECT FROM THREE DIFFERENT WHEEL DESIGNS. EVEN HAVE RUNNING BOARDS RENDERED IN LUSTROUS ALUMINUM. DIAL UP THE ELEGANCE OR THE SPORTINESS UNTIL YOU HAVE JUST THE XC90 THAT HARMONIZES WITH YOU.

EXTERIOR STYLING PACKAGE

This comprehensive styling package enhances the elegant yet rugged character of the Volvo XC90. With aluminum running boards, rear skid plate, roof protector ribs, front mud flaps, and silver-finish load carriers.

EXTERIOR STYLING OPTIONS

- Cross bars
- Running boards
- Rear skid plate
- Mud flaps
- Roof ribs
- 18" Atlantis Wheel
- Wheel house side décor

WHEEL HOUSE SIDE DÉCOR

This elegant design kit is fitted along the front wheel arch, the lower part of the front and rear doors, and the rear wheel arch. It protects the sides of the vehicle and is colour-coordinated to match the rest of the body.

RUNNING BOARDS

Specially designed to give the XC90 an even more powerful stance, the aluminum running boards match the front and rear skid plates. They're functional, too, protecting the door sills and making it easier to get into and out of the vehicle. They also provide a convenient place to stand when loading the roof carrier.

ATLANTIS 7x18"
Option T6, 2.5T

NEPTUNE 7x17"
Standard T6, option 2.5T

POSEIDON 7x16"
Standard 2.5T

PLEASE NOTE: It is not possible to reproduce exact original shades in this brochure. Ask your Volvo retailer to show you samples. As part of our commitment to the environment, the paper used in this brochure is recycled, and colour choices were printed directly on the page. This eliminates the need for chemically treated colour chips. A small thing perhaps, but then, every little bit helps.

WELCOME TO OUR FAMILY

BEING A VOLVO OWNER IS ABOUT MORE THAN JUST OWNING AN AUTOMOBILE. IT'S ABOUT BEING TREATED IN A CARING, RESPONSIVE AND RESPECTFUL MANNER EVERY TIME YOU INTERACT WITH OUR COMPANY. ALL OF US ARE COMMITTED TO MAKING EVERY ASPECT OF YOUR VOLVO EXPERIENCE A REWARDING ONE. SO AFTER THE NEW CAR SMELL BEGINS TO FADE, YOU'LL STILL BE EXCITED ABOUT OWNING A VOLVO.

CARE
BY VOLVO

VOLVO CAR FINANCIAL SERVICES CANADA

If you purchase or lease your Volvo through Volvo Car Financial Services Canada, you can take advantage of services designed to make financing simple and convenient. Quick Debit, for instance, enables you to have your monthly payment automatically debited from a designated bank account.

CARE BY VOLVO® ON CALL ROADSIDE ASSISTANCE

Our national network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

VOLVO NEW CAR WARRANTY

Your new car warranty provides comprehensive coverage for four years or 80,000 kilometres, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

KEEP IN TOUCH. These are just a few of the added benefits you'll enjoy as a Volvo owner. If you'd like to find out more about the world behind Care by Volvo, the story continues at www.volvocanada.com. Alternatively you can contact your local Volvo retailer or request relevant booklets.
