

05 **M**atrix

TOYOTA
the feeling never ends

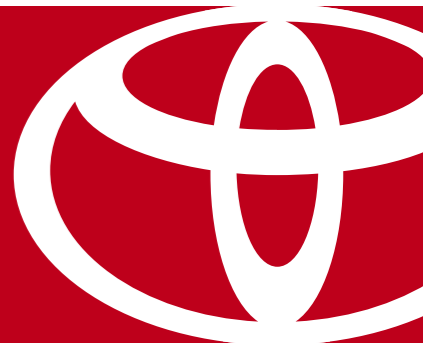

When you drive the 2005 Toyota Matrix, you can't help but think of the possibilities.

Take the base model Matrix. With its available full-time 4WD, you can do practically anything, anywhere.

And look good doing it. Want something more sporty? Try the XR FWD with its 5-speed manual transmission and restyled front with optional integrated fog lamps. Not to mention new taillights and coloured side skirts. For the full bells-and-whistles treatment, go with the XRS and its 170 hp engine, 6-speed manual transmission and 17-inch wheels.

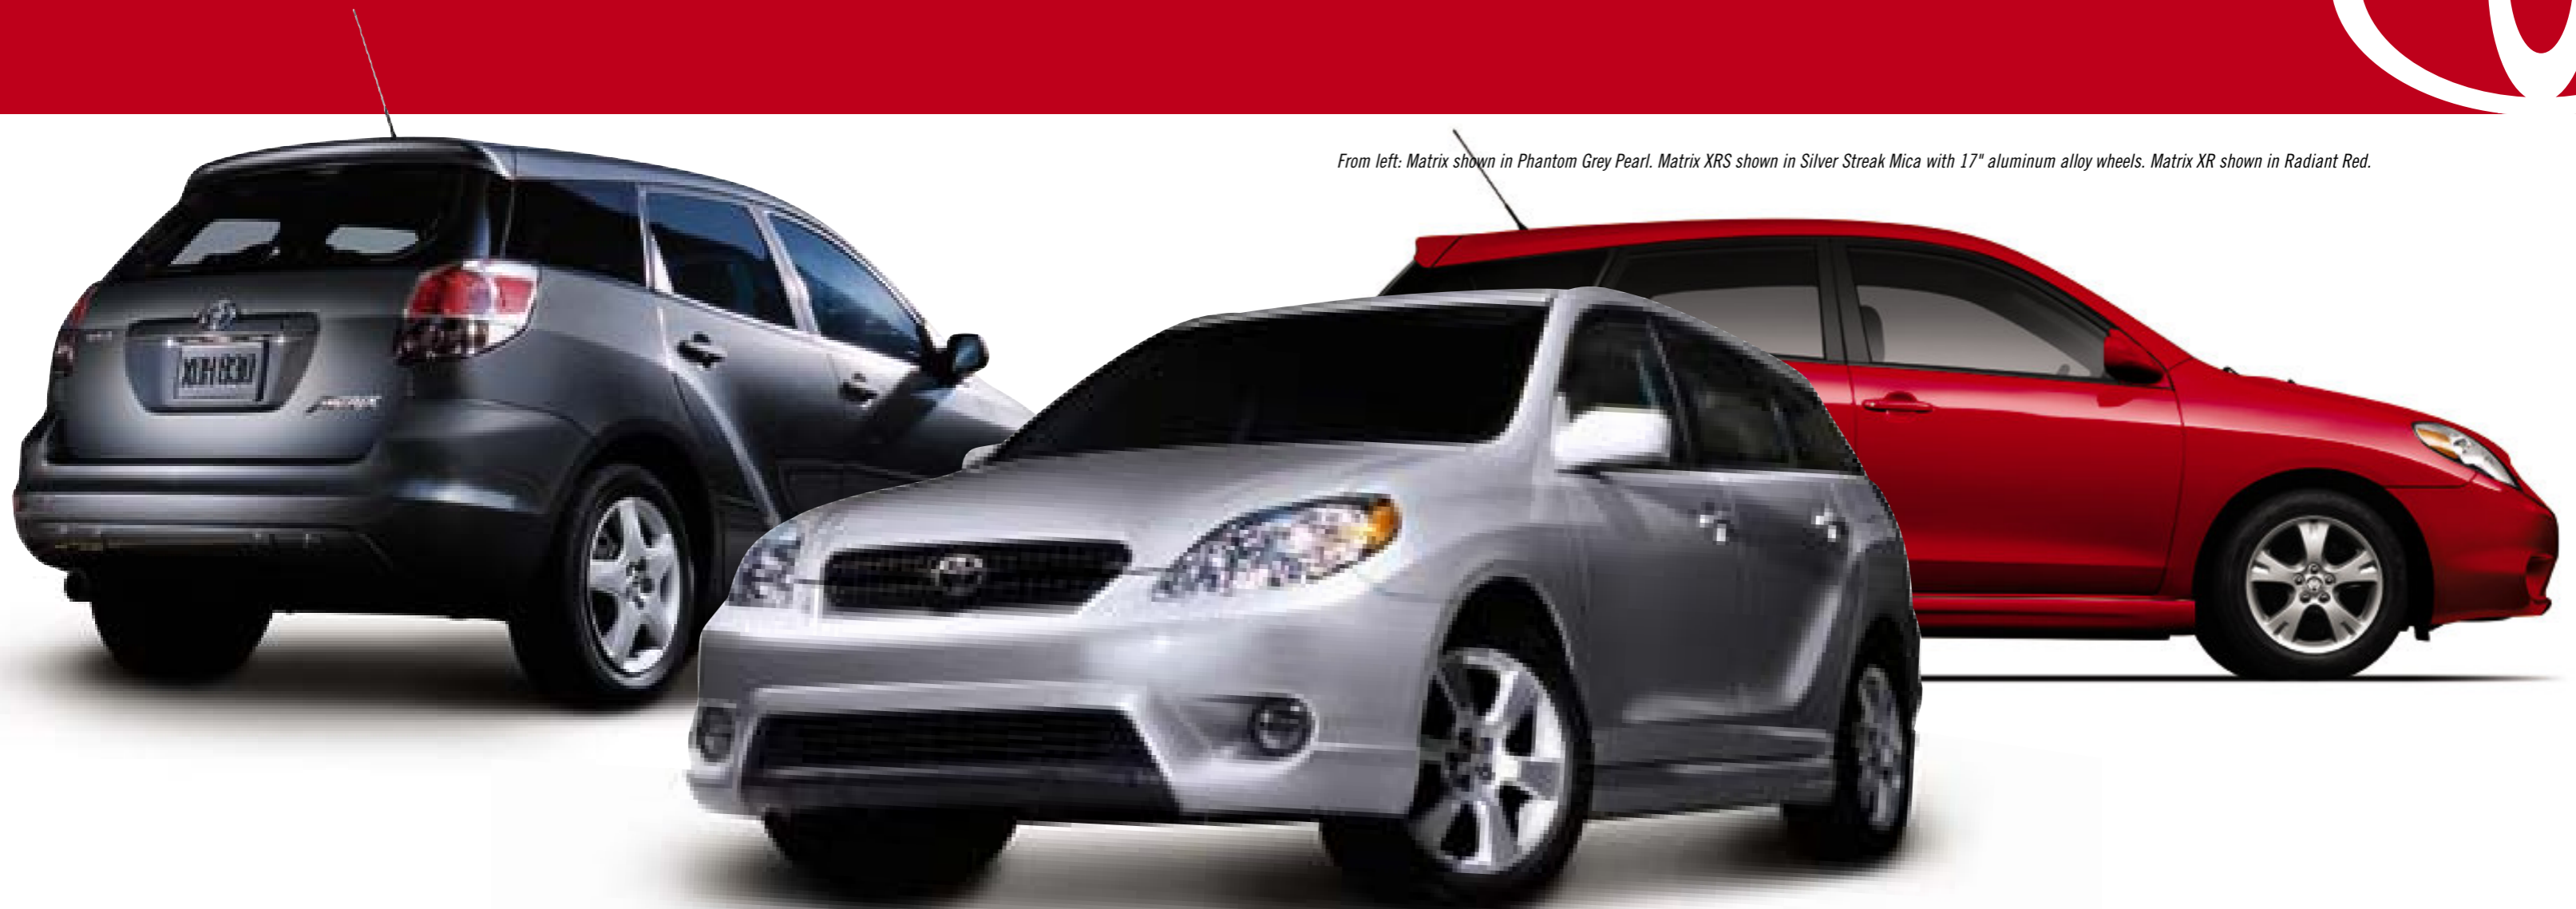

05 Matrix

WHICHEVER YOU PICK, ALL FEATURE A CHAMELEON-LIKE ADAPTABILITY THAT'LL SURELY COME IN HANDY.

2

7

Above: Matrix XRS fabric interior shown in Dark Grey.

Below: Where there's a will, there's a seating configuration, thanks to the Matrix 60/40 split fold-down rear seat and fold-flat front passenger seat.

IT'S SO READY FOR ANYTHING, IT SHOULD COME WITH A MERIT BADGE.

The magic of the Matrix is that it can handle pretty much whatever life throws your way. Night out on the town? The Matrix has room for five. Moving on to bigger and better things? Fold down the 60/40 split rear seats and you've now got cargo space for everything –

1.506 cu.m (53 cu.ft.)¹ – kitchen sink included. Fold down the front passenger seat and suddenly you can haul things over 2.438 m (8 ft.) long with the tailgate closed. Think of the possibilities. Pump up the volume – suddenly all the road's a stage. The Matrix XRS features an in-dash, 6-disc CD changer audio system with 6-speakers. It even has a 115 V power outlet for you and your laptop to stay connected. Truth is, you won't find a more

versatile vehicle on the road than the Matrix – scout's honour.

¹ See Specifications section for more information on cargo hauling.

MATRIX XRS THE ART OF BEING SEEN AND NOTED. Right from the get-go, the XRS, with its high performance 1.8 Litre, 4-cylinder, 170 hp engine, means business. Impressive creature comforts such as a 6-speaker, AM/FM stereo with an in-dash, 6-disc CD changer, a leather-wrapped steering wheel and shift knob, interior chrome trim, A/C and keyless entry are standard equipment. As well, the XRS has an Antilock Braking System (ABS) and a 6-speed manual transmission. Handling is a dream. Tight, quiet and very responsive. Matrix XRS. Great-looking. Beautifully appointed. A 5-door vehicle that drives as good as it looks.

Above: Matrix XRS shown in Silver Streak Mica.

HOW DO YOU SPELL "VERSATILE"? Your very first reaction when you slide behind the wheel is that the Matrix XR has a personality all its own. Space and comfort are high priorities in the XR. Features abound – like the height-adjustable driver's seat, A/C, cruise control, keyless entry and the futuristic, beautifully thought-out dash with metallic accents – very much in keeping with the XR's lines. It's definitely worth mentioning that the XR is available in front or four-wheel drive, with a very responsive 1.8 Litre, 4-cylinder, in-line engine that nets out at 130 hp (FWD) and 123 hp (4WD). If you're looking for versatility, look no further.

Above: Matrix XR shown in Indigo Ink.

MATRIX XR

10

PERFORMANCE: A lift of the hood unveils yet another Matrix revelation: the 1.8 Litre, 4-cylinder, 130 hp (FWD) and 123 hp (4WD) engine that accounts for Matrix's noteworthy responsiveness. XRS owners can look forward to an imposing 170 hp Matrix adventure.

11

SAFETY: Besides the emblem on the hood, the style, the versatility and the devotion to detail, there is one other element that makes the Matrix a true Toyota: the respect for your safety. That's why every Matrix has dual-stage airbags, anchor points for child restraint seats, child protector rear door locks and an engine immobilizer.

Below is a more extensive list of some of the Matrix's safety-related features.

MATRIX INTRODUCING THE NEW TRD SPECIAL EDITION. Functionality has never looked better with TRD Special Edition features which include unique 17 inch alloy wheels, chrome door sill plates, spoiler, fog lamps, bumper protector, TRD exhaust tip and TRD decal. And once inside, enjoy the Panasonic 200-watt audio system with AM/FM/CD/MP3 player with 4-speakers. Truly surprising is the number of standard features on all Matrix models, such as metallic dash accents, rear window defroster, coloured bumpers, accessory power outlets and a flip-up rear hatch window – to name but a few. All the defining qualities of the Matrix line are here: comfort, ease of handling, loads of space and, of course, the Matrix's trademark functionality.

Above: Matrix shown in Silver Streak Mica with optional TRD Special Edition Package. Inset: TRD Special Edition Package interior features.

MATRIX SAFETY FEATURES

- Front & rear energy-absorbing crumple zones.
- Side-impact door beams.
- Trunk entrapment release.
- Antilock Braking System (ABS) on XRS FWD, all 4WD (optional on XR FWD).
- Driver & front passenger airbag Supplemental Restraint System (SRS).
- Front passenger airbag status indicator.
- Energy-absorbing steering column.
- Front seatbelt pre-tensioners and force limiters.
- 3-point front seatbelts with adjustable seatbelt anchors, driver's Emergency Locking Retractor (ELR) & passenger side Automatic / Emergency Locking Retractor (ALR/ELR).

DRESS IT UP. DRIVE IT OUT. Express yourself. Take your Toyota Matrix to a whole new level of self-expression by adding any of the Toyota Accessories custom designed for your model. It's a great way to personalize your new vehicle, optimize its appearance and enhance the performance all at the same time. Ask your Toyota Dealer. To find the Toyota Dealer nearest you go to toyota.ca or call **1-888-TOYOTA-8**.

NEW VEHICLE WARRANTY SUMMARY
No Deductibles – No Transfer Fees

Comprehensive Coverage - 3 years or 60,000 km

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

Powertrain Components - 5 years or 100,000 km

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

Major Emission Control Components - 8 years or 130,000 km

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

Corrosion Perforation - 5 years unlimited distance

Any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

VEHICLE COVERAGE

ECP™ With Extra Care Protection you receive inflation protected coverage from mechanical failures, road emergencies, and much more. It's the most affordable way to guarantee your peace of mind. Consult your Toyota Dealer for details.

TOYOTA EXPERIENCE Toyota Dealers are dedicated to making the experience of owning a Toyota both satisfying and rewarding. Our highly skilled, Toyota-trained technicians are here to make sure you enjoy many years of trouble-free driving. "That new Toyota feeling - we help you keep it."

TOYOTA FINANCIAL SERVICES If you're looking at leasing or financing, we're here to help. We provide competitive interest rates, flexible terms, and an easy online pre-approval process. The toughest decision should be choosing which Toyota you want. Visit us at www.toyotafinancialservices.ca.

Toyota Canada and its Dealers are proud sponsors of Canadian Special Olympics.

Toyota Graduate Program This program assists new graduates in their purchase of a New or Certified Used Toyota. The program differs depending on the model chosen. Be sure to ask your Dealer when purchasing your Toyota. Some conditions may apply.

* Airbag Notice: The 2005 Matrix features a driver & front passenger airbag Supplemental Restraint System (SRS) which activates only in a full-frontal collision of sufficient magnitude to inflate the bags. In moderate frontal collisions, the airbags may not inflate; in a rear or side collision the airbags are designed not to inflate, so the primary protection is provided by the lap and shoulder belt system. *Seatbelts must be worn at all times by all occupants.*
