

# Golf TDI

For something small, the Golf TDI is awfully big. Big on gas mileage (7.5L/100 km city/ 5.1L/100 km hwy).<sup>2</sup> Big on performance. And big on size. It's truly amazing how much space this compact car can muster up. But the Golf TDI offers a lot more than the ability to haul a lot of cargo. It's a fun-to-drive, German-engineered road car. And while there've been countless attempts to imitate it, the Golf diesel has been holding its own for about 10 years or so. By any definition, that's a big success.

## // Golf GLS TDI Feature Highlights

### Suspension and Handling

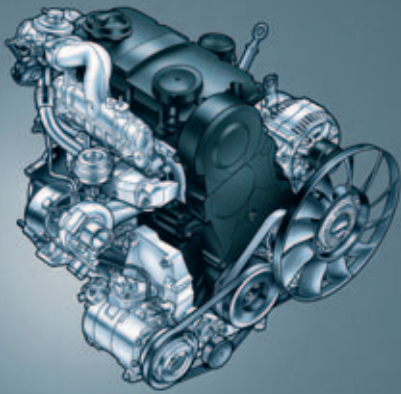

Power-assisted rack and pinion steering  
Independent McPherson<sup>®</sup> struts, coil springs, telescopic shock-absorbers, stabilizer bar, and rear independent torsion beam axle with trailing arms  
ABS (Anti-lock Braking System) power-assisted, vented front discs with solid rear discs  
Optional Electronic Stabilization Program

- 1 Quick, accurate steering and a supple suspension make the Golf TDI a pleasure to drive, whether you're running errands, heading off to work or clear across the country.
- 2 The hatchback. A marvel of practical design. From the outside, you'd never guess how much it can hold. Come to think of it, you'll be surprised from the inside too.
- 3 One day as you're driving along blasting your favourite driving music, it might suddenly dawn on you – this standard eight-speaker, CD/cassette stereo system looks just as cool as it sounds.

? Did you know the Volkswagen Golf is the best-selling German car of all time?

## TDI

Thanks to our revolutionary pump injection system, the TDI offers major amounts of torque. So you won't ever have to choose between impressive fuel economy and passing that 18-wheeler on the hill.
