## Some things never change – then all of a sudden they do.

---

People grow up, get bigger, and become more responsible. Well the same thing has sort of happened to the Jetta. Well, maybe it's not entirely grown up. It's still the fun-loving sedan that zips around corners, jets past traffic, and goes on road trips – only now it does it with a little more style and refinement. So whether it's off to a ball game, a grocery run, or that important client meeting, the new Jetta is more than qualified. And if it comes down to choosing between them, we suggest using the meeting as an excuse to cut out early enough to catch the game by the top of the third. And then a grocery run on the way home.

---

? What makes the new Jetta new? Well for starters, the exterior features a stately chrome grille that was inspired by a suit of armor. New, tighter lines decrease drag coefficients and vibration. And we made it bigger for increased bigness.

---

# Simple colors can be so complex.

Meet the new, more refined exterior colors. Or as we like to refer to them, the perfect disguise. The idea is to give an air of responsibility to a car that still hasn't given up "frivolous" things like high-speed performance and handling<sup>1</sup>. So if you think you're supposed to have outgrown loving the feel of the road, good news. You don't have to sell your soul, just dress it up a little different. Maybe add a little chrome.

<sup>1</sup> Maximum speed electronically limited to 209km/h in Canada. Obey all speed and traffic laws.

Did you know the glove box in the new Jetta is air-conditioned? That's right. Chocolate treats will melt in your mouth, but not in your glove box. Oh, and the center console is cooled, too.

## COMPATABILITY CHART

	Black	Spice Red	Platinum Gray	Reflex Silver	Arctic Blue Silver	Shadow Blue
Pure Beige	●			●	●	●
Anthracite	●	●	●	●	●	●

**Black**  
Colorless is also timeless.

**Spice Red**  
Passion, strength and warmth.

**Platinum Gray**  
Works even with your least favorite tie.

**Reflex Silver**  
Other cars will see their reflection and feel envy.

**Arctic Blue Silver**  
A cool blue for very cool customers.

**Shadow Blue**  
Elegant and mysterious

## WHATS INSIDE MATTERS

- A Velour. Comfortable, soft and shampooable. This is the base (aka least expensive) option for the new Jetta. Perfect for casual drives to the office, or napping at rest areas on Trans-Canada Highway.
- B Leather<sup>2</sup>. Soft. Elegant. Real leather gracefully completes the new Jetta's well-appointed interior. Also matches up well with leather gloves, leather jacket, and tight leather pants.

<sup>2</sup> Part of option package.

[Velour and leather, from top to bottom]

01 Anthracite

02 Pure Beige

# Safety First

In addition to enhancing performance, increasing Jetta's rigidity with a laser-welded safety cage diverts impact away from the driver and passengers. In the event of rear impact, front head restraints move up and forward to reduce whiplash. Dual front airbags and front side impact airbags, all come standard! Rear side impact airbags are optional! Finally to reduce the need for those eight airbags, our Electronic Stabilization Program<sup>2</sup> will help make sure you stay on your desired course.

<sup>2</sup>Optional.

The new Jetta uses state of the art laser welding techniques that have made the Jetta stronger, lighter, and quieter. Plus, lasers just make safety so much cooler.

- ▶ **FRONT CRUSH ZONE**  
Helps to divert impact energy away from occupants in case there's a collision.
- ▶ **4-WHEEL ABS**  
An onboard control unit designed to detect wheel lock-up, improving overall braking especially in poor driving conditions.
- ▶ **ANTI-THEFT ALARM SYSTEM**  
Scares away uninvited guests. (Otherwise known as burglars.)
- ▶ **IMMOBILIZER**  
Prevents Volkswagens from being started up if an unauthorized key is used.
- ▶ **DAYTIME RUNNING LIGHTS**  
For improved daytime visibility, turn the key and on they come.

- ▶ **LARGER REAR CRUSH ZONE**  
Helps divert impact energy away from passengers. It also allowed us to move the fuel tank, reducing the chances of fuel leakage in the event of a collision.
- ▶ **AUTOMATIC LOCKING FEATURE**  
Doors lock automatically when vehicle reaches 13km/h
- ▶ **LATCH SYSTEM**  
Lower Anchors and Tethers for Children.  
A standardized child seat attachment system for vehicles.
- ▶ **ANTI-THEFT WHEEL LOCKS<sup>4</sup>**  
We didn't make the wheels pretty so that just anyone could walk away with them.
- ▶ **HEAD RESTRAINTS FOR ALL REAR SEATING POSITIONS**  
Helping to reduce the risk of head and neck injury in the event of a collision.

- ▶ **DUAL FRONT AND FRONT SIDE IMPACT AIRBAGS<sup>1</sup>**  
Deploying within a tenth of a second if needed.
- ▶ **SIDE CURTAIN PROTECTION™ AIRBAGS<sup>3</sup>**  
Extend along the roofline in the event of a collision.
- ▶ **REMOTE CENTRAL LOCKING SYSTEM**  
Don't fumble for keys when you're in a rush to get in.
- ▶ **ANTI-INTRUSION SIDE DOOR BEAMS**  
Buying precious time for the side impact airbags to deploy.
- ▶ **STEERING COLUMN AND WHEEL**  
Telescoping, height adjustable, and collapsible on impact. (Not bad for a steering wheel.)
- ▶ **SAFETY CELL CONSTRUCTION**  
A rigid cell of reinforced steel is built into every Volkswagen.

<sup>1</sup>Airbags are supplemental restraints only and will not deploy under all accident circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. <sup>2</sup>Optional. <sup>3</sup>Part of an option package.

# TOP JETTA FEATURES

## ▶ STANDARD

1. 60/40 split folding rear seat
2. Climatic™ manual single-zone climate control
3. 8-way, fully reclining, height-adjustable front seats with adjustable lumbar support
4. Heatable power exterior mirrors with integrated side blinker lights
5. Heatable windshield washer nozzles
6. 5-speed manual transmission
7. Dual front and front side impact airbags, supplemental restraint system<sup>1</sup>
8. ASR (Anti-Slip Regulation) traction control
9. ABS (Anti-lock Braking System) with electronic brake pressure distribution
10. In-dash single CD player with ten-speaker sound system
11. Anti-theft vehicle alarm system for doors, hood, trunk lid, radio, and starter
12. Halogen headlamps with chip resistant polycarbonate lenses
13. Height adjustable and telescoping steering column
14. Fold-down package hook
15. Rack and pinion, electro-mechanical, power assisted
16. Crash optimized front end
17. Anti-intrusion side door beams
18. Two front cupholders
19. Front door storage pockets with rubber liners
20. Front seatback storage pockets
21. Front storage compartment located in center console
22. Trunk escape handle
23. 4 tie-down hooks in floor of trunk
24. Rear passenger ventilation for heat and A/C in center console
25. Key opening & closing feature for power windows
26. Power windows with pinch protection, operable from driver's side only
27. Three power outlets (two in center console and one in trunk)
28. Lumbar support, adjustable for front seats
29. Immobilizer theft deterrent system
30. Air-conditioned glove box
31. EDL (Electronic Differential Lock)
32. Folding keys with radio-frequency
33. Footwell lighting front
34. Luggage compartment light
35. Fully galvanized sheet metal
36. Windshield wipers with variable intermittent wipe feature
37. Cruise control
38. Illumination of controls and gauges - blue, with red indicators
39. Speedometer, tachometer, odometer, trip odometer, coolant temperature gauge, fuel gauge, gear indicator (if equipped with optional automatic transmission), outside temperature, warning lights, digital clock.
40. Automatic locking feature (doors lock automatically when vehicle reaches 13 km/h).

<sup>1</sup> Airbags are supplemental restraints only and will not deploy under all accident circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.

01 Meet the 2.5L, 5-cylinder engine made specifically for the new Jetta. It runs with comparable power and smoothness to a traditional V6, yet has the efficiency and reliability of a 4-cylinder engine. Plus it uses chain driven cams instead of belt driven cams, so there's one thing that requires less maintenance for the life of the vehicle.

02 Meet the "super side mirror." Where do we start? Well first of all, it's a mirror, no big surprise there, but add on an integrated side blinker and an extra light mounted underneath to light up the area in front of the door, and you begin to see our point. It's also heated, electronically adjustable, and foldable, so you can squeeze into the narrowest of garage doors. Like the ones over in Europe (or so we hear).

41. Remote central power locking system
42. Remote releases for trunk and fuel filler flap
43. Five adjustable head restraints with crash active front head restraints
44. Safety belts pre-tensioners with load limiters, front seats only
45. Height adjustable front 3-point safety belts
46. LATCH (Lower Anchors and Tether for Children)
47. Driver and front passenger visor vanity mirrors, illuminated with cover
48. Loading edge protection
49. Velour seat fabric
50. Pollen / odor filter

# More power. More features.

This new Jetta has all the stuff you could want in your next stage of new car-dom. More space, more comfort, more power, and more agility. It also features more features. For example, the electromechanical power steering system detects and responds to variables such as speed, road pitch, and steering angle, resulting in a stronger connection with your favorite stretches of road.

## A NOTE ON PERFORMANCE

01 More power starts with a 150 hp, 2.5L engine that churns out 170 lbs. per foot of low-end torque. Couple that with a new stronger, lighter frame, and now you're really moving. Oh, and keep a lookout for our forthcoming engine, the 177 lb-ft of torque packing 1.9L TDI.

02 Independent rear suspension and revised front suspension make this new Jetta hug the road like a long-lost aunt. It's also steadier around curves with significantly reduced bodyroll.

## OPTION PACKAGES

### ▶ LUXURY PACKAGE

1. Tilt-and-slide power glass sunroof with tinted glass
2. 16-inch alloy wheels
3. Anti-theft wheel locks
4. Chrome exterior trim

### ▶ LEATHER LUXURY PACKAGE

(Includes Luxury Package)

1. Leather-trimmed seating surfaces
2. Leather-wrapped multifunction steering wheel and handbrake grip
3. 60/40 split folding rear seat with armrest pass-through

### ▶ PREMIUM LEATHER LUXURY PACKAGE

(Includes Leather Luxury Package)

1. 12-way power adjustable front seats with 4-way power adjustable lumbar support, with driver side memory
2. Leather wrapped multi-function steering wheel
3. Premium sound 6-disc in-dash CD player, MP3 readable
4. HomeLink®
5. Manual rear sunshade
6. Multifunction trip computer with compass
7. Diversity antenna

## OPTIONS

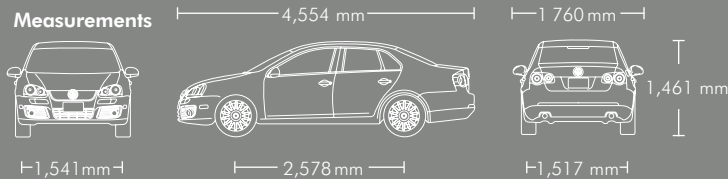

1. 6-speed automatic transmission with Tiptronic®
2. Electronic Stabilization Program
3. Side curtain protection™<sup>1</sup>

## TECH SPECS

**Engines** **HP**  
2.5L 5-cylinder, 170 lb-ft torque 150

**Transmissions**  
5-speed manual  
6-speed automatic with Tiptronic®

**Fuel Consumption**<sup>2</sup> City/Highway  
2.5L Manual 10,8/7,2 (L/100 km)  
2.5L Automatic 10,8/7,2 (L/100 km)  
Fuel tank capacity 55.0L  
Fuel type Unleaded  
(Premium recommended)

### Other Measurements

Interior volume	
— Front Head Room	977 mm
— Rear Head Room	944 mm
— Front Shoulder Room	1,391 mm
— Rear Shoulder Room	1,348 mm
— Front Leg Room	1,046 mm
— Rear Leg Room	900 mm
Passenger Volume	2.5 m <sup>3</sup>
Cargo Volume	0.5 m <sup>3</sup>
Curb weight (manual)	1,450 kg
Curb weight (automatic)	1,470 kg

### Suspension and Handling

Servotronic electric power-assisted steering with variable speed intelligence

Laser-welded frame, which provides superb rigidity, increased driving comfort and acoustics.

Independent McPherson struts, coil springs, telescopic shock absorbers, and stabilizer bar  
Multi-link rear suspension, coil springs, telescopic gas pressurized shock absorbers, and stabilizer bar

ABS (Anti-lock Braking System) power-assisted, vented front discs with solid rear discs

Electronic Stabilization Program

ASR (Anti-Slip Regulation) traction control

15" Patenrider

16" alloy wheels

<sup>1</sup>Airbags are supplemental restraints only and will not deploy under all accident circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. <sup>2</sup>Transport Canada estimates only. Your fuel consumption may vary.

Drivers wanted.®

Okay, now gather the kids and read this out loud. Volkswagen of America, Inc. believes the information and specifications in this brochure to be correct at the time of printing. (Now read this part in an ominous voice.) Specifications, standard features, options, fabrics, and colors are subject to change without notice. Some features may be unavailable when your vehicle is built. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models (see, now you've got their attention). Ask your dealer about the availability of options and verify that the vehicle you ordered includes the equipment you ordered. Tires are supplied and warranted by their manufacturer. EPA fuel mileages are estimates only. Your fuel consumption may vary (by now the kids should be glued to your every word).
