

City Golf + City Jetta

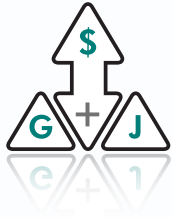

City Golf

\$14,900* to start

cost of living in the city

The City. Perfect for the city.

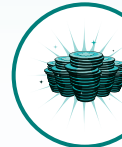

The city just got more affordable. And like you, we don't exactly mind saving a little money here and there. Like printing this brochure on newsprint for example. Meet two shining examples of VW design: the **City Golf** and **City Jetta**. Both built with the metropolis in mind. They're nimble enough to turn on a dime, and frugal enough to pick it up when they're through.

*MSRP is \$14,900 for a '07 City Golf base model with 5-speed manual transmission. The '07 City Jetta with Luxury Package (sunroof and 15" alloy wheels) shown is \$18,300. MSRP is \$16,700 for a base model with 5-speed manual transmission. Freight of \$695, PDI, insurance, options, license, administration/registration fees and applicable taxes extra.

City Jetta

\$16,700* to start

City Savings Tip # 1: We chose to print this City brochure on newsprint, thus saving a whopping \$178,987. Even our brochure is more economical. A penny saved by us is a penny earned by you.

Cost-efficient, fuel-efficient, city-efficient. It looks like our German engineers know a little about urban life as well. Both of these cars come with lightweight 2.0L 4-cylinder engines that will get you there with time to spare. And thanks to our fuel economy - with change to spare. You'll get an inspired 9.8L/100km on the street and 7.0L/100km on the highway.* Plus, due to the simplicity of their design, these cars offer low emissions to boot. Sure we could have added a bunch of extra bells and whistles and charged you more, but sometimes simpler is just plain better.

Did we mention the fuel economy? Sure we did, but it bears repeating. In fact, we're so pleased with the efforts of our German engineers, we could have added an extra ten pages all about it. But that could get expensive. You'd be hard pressed to beat these two cars when it comes to trips to the gas station. And when you take into consideration the amount of passenger and cargo space that goes along with it, well, score one more for German-engineering.

2.0L 4-cylinder engine

A more complicated engine would require up to 8 inset pictures. Now that could get expensive.

City Savings Tip # 2: Thrift shops are urban meccas of affordable style. They also double as free entertainment. Hey, nice felt fedora.

*Est. City/highway with manual transmission. 2005 Government of Canada EnerGuide estimate only. Your fuel consumption may vary based on usage and accessories. Use for comparison purposes only.

Seats five in style, plus luggage, plus the duffle bag of money you saved.

Yes, The **City Golf** and **City Jetta** are affordable. And no, we didn't sacrifice design. The first thing you'll notice when you enter either of these two cars is how we managed to fit so much space in such a small car. And that wasn't a mistake. It was the innovation and attention to detail that has made the Volkswagen name synonymous with quality design. From the roomy interiors to the trademark blue instrument clusters, every centimetre of these cars is a testament to pure, simple VW design.

"Tropical", the name of our City Golf upholstery, inspired by...yep, the tropics, just inspires you to roll down your windows a little more often.

The City Jetta upholstery, "Beans" is a classic VW design that, we're sure you'll agree, looks very nice, and sounds somewhat silly.

City Savings Tip # 3: One benefit of living frugally is the joy that comes from being able to help others. Your city has a lot of organizations that could use your help. Being a good Samaritan is good karma. And sweet relief from the taxman.

Tornado Red

The only tornado they really ever see in Deutschland. Blowing down the Autobahn with everybody inside waving as they pass all those über pricey German autos.

Mystic Blue

Blue is the colour of the sky and the sea, and is often associated with tranquility and stability. In your case, the financial kind.

Arnica Yellow

Yellow is linked with joy and happiness. It stimulates mental activity, and generates muscle energy. Especially in the accelerator quadriceps.

Black

A black suit or dress can make you look thinner. We're not sure if a black City Golf can do the same. But we do know it won't make your wallet look any thinner.

Reflex Silver

Silver is the traditional colour of racecars sponsored by German automakers. Just a cool fact. Don't let it go to your head. Or that lead foot of yours.

Candy White

Candy White. As in, you're looking at one rock solid, road-sticking piece of German engineering eye candy. Sweet.

Reflex Silver

Silver is the most popular car colour. But you're not out to join any popularity contest. Make your neighbours ooze with petty jealousy, maybe.

Black

People always ask, "What's the new black?" Word on the street is, it's affordable German engineering. And we hear black's making a big comeback, too.

Platinum Grey

You don't need a platinum ingot, platinum album, or even a platinum card to score some platinum German engineering bling.

Campanella White

Engineers wear white. So do astronauts. And doctors. White makes us feel all safe and secure as we take off in our German-engineered flying machines.

Shadow Blue

Blue is associated with tranquility, calmness, and is considered beneficial to the mind and body. Which kind of makes your blue City Jetta therapy on wheels.

Spice Red

Think hot sauce. Jalapeño peppers. Red is also the colour of passion. Desire. Love. And high voltage signs. Repeat after us, "I am muy caliente!"

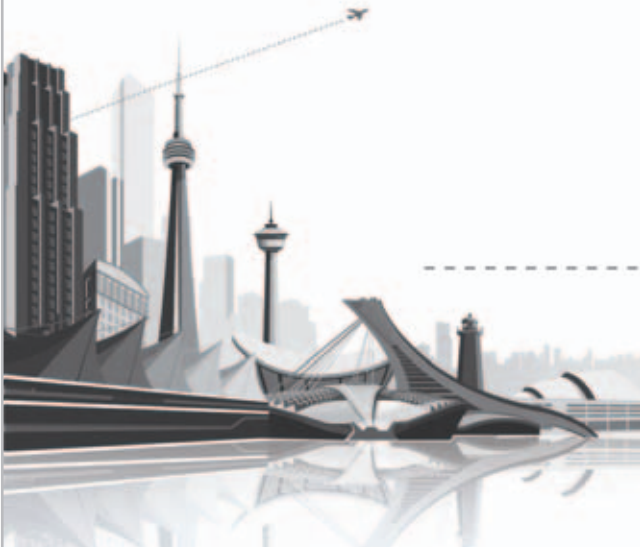

City Savings Tip # 4: Swedish Meatball Rally—Supermarkets are smorgasbords of free finger foods. Especially on weekends. Make a driving game out of it. Pile some friends in the car, and hit the aisles. Spicy shrimp, Vienna sausages and pot stickers await you, grasshopper.

Expect the best from the exterior as well. Just like anything else in the city, these VW models come in a lot of varieties, and everybody is sure to have a favourite. Both look sharp, and each comes with its own selection of VW-specific colours. Between the City Golf and the City Jetta, your options are as diverse as the city itself. In the city, variety is the spice of life.

Safety is a key component in any VW. The City Golf and City Jetta are no exceptions. When it comes to our designs, safety always goes in first.

City Golf

City Jetta

Safe happens.

Ok, you got us. Here we actually spent a little extra money. After all, if there is one aspect of your car worth investing in, it's the passengers. That's why we crash optimized the front end, included anti-intrusion side door beams, added child safety locks, supplied standard anti-lock disc brakes to all four wheels and give you the option of up to 6 airbags*.

*Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.

City Golf

01

02

03

Well, if you want to spend a tiny bit more, we won't stop you. In fact, we'll give you a whole list of extra features available at your VW dealer on both the **City Golf** and the **City Jetta**. From flashier rims to handy roof racks, we won't blame you for adding a little something extra here or there to personalize your VW. After all, you're already getting these VW cars for a song. There's no reason not to sweeten up the melody.

Accessorize.

06

And of course a VW isn't a VW without a great warranty. Here's where we put the proof in the proverbial pudding and stand by our German engineering. The City Golf and City Jetta are both covered with the following warranties.

New Vehicle Limited Warranty.

Our all-encompassing new vehicle limited warranty covers you bumper-to-bumper for up to 4 years or 80,000 km.*

Powertrain Limited Warranty.

Our VW powertrain limited warranty covers you for up to 5 years or 100,000 km.*

Anti-Corrosion.

Our fully-galvanized steel bodies mean we're comfortable giving you a 12-year/unlimited distance Limited Warranty against corrosion perforation. We ain't scared.

City Savings Tip # 5: Car washes are pricey. Hold out 'til the weekend, and chances are there's a school around the corner having one for a great cause and a couple bucks. Gimme a D-E-A-L.

*Whichever occurs first.
