09

The best of both worlds.

The Suzuki SX4 Hatchback seamlessly blends the functionality and versatility of a SUV with the economy and sporty performance of a hatchback. This is in part thanks to its available Intelligent All Wheel Drive (iAWD) system – innovative technology that allows drivers to select AWD or FWD with the flip of a switch. The SX4 Hatchback is also the most fuel efficient AWD in Canada.^Δ Then, top everything off with a number of standard features including a roof rack, air conditioning and remote keyless entry that complement today's active lifestyle. The result is a uniquely designed crossover that offers drivers the perfect mix of driving pleasure and practicality.

2009 SX4 HATCHBACK AT A GLANCE

- Most fuel efficient AWD in Canada^Δ
- European tuned sport suspension
- Loaded with standard features
- Unique design combines sporty performance with SUV versatility

Driven to be a leader.

Enjoy what life has to offer from behind the wheel of Canada's most fuel efficient AWD vehicle.[▲]

The SX4 builds on its sporty yet functional strengths by way of the JX. Features like leather wrapped steering wheel, cruise control, alloy wheels and heated mirrors, not only make driving enjoyable, but desirable.

A perfect balance of power and economy is achieved through a 2.0 litre 4 cylinder engine that delivers a spirited 143hp. The performance ranges from full low-end torque to smooth high-end response, creating sporty athleticism that will thrill the senses and turn up the fun.

The SX4 Hatchback is available with iAWD – a 3-mode, switchable system that delivers all-wheel traction for low grip surfaces like gravel, sand and snow, a lock setting when maximum traction is needed, and front-wheel-drive for improved fuel economy during everyday driving.

Ready for whatever.

Intelligent use of available space delivers the cabin-wide convenience and functionality of a full-size SUV, yet the refined interior makes for a comfortable environment. If there ever was a win/win situation, this is it.

Positioning the rear seats slightly higher than the front seats provides rear-seat occupants with an equally liberating field of vision. In addition to this, cabin entry and exit is made easy due to wide-opening rear doors.

60/40 split rear seats enable you to tumble the rear seats forward to increase the cargo space for easy transportation of long items, while still seating up to two occupants.

Available on the JLX model is Suzuki's SmartPass™ keyless entry and start system.

Standard power windows, mirrors and locks can be individually controlled from the driver's-side master control console.

You may be on your way to the convenience store, but the in-dash AM/FM/CD/MP3/WMA does a good job of making you think you're sitting front row centre at a concert.

Two cup holders on the front console, one in the rear, and four bottle holders (one in each door) cater to the needs of each and every occupant.

Standard air conditioning with available automatic climate control helps keep your temperature cool, while its illuminated dials in the ergonomic instrument panel look cool.

Confidence-inspiring safety.

The Suzuki SX4 rewards your expectations with active safety systems, which help reduce accidents, and passive safety systems, which protect occupants should an accident occur.

An independent MacPherson strut front suspension is teamed with a highly rigid torsion beam setup in the rear, providing responsive, linear handling, and stable cornering performance throughout a wide range of driving conditions. It also works in creating the "feel" that's so highly valued by drivers who want the feel of a responsive car.

For even more safety while driving, JLX model's full-time AWD system makes use of Electronic Stability Program* (ESP®) and traction control system (TCS).

Available 4 wheel disc brakes add to the standard anti-lock brakes (ABS) with brake assist and electronic brake-force distribution (EBD) functions, providing yet another level of safety.

3 rear detachable head restraints help reduce collision-impact injuries to backseat passengers.

The front seats have 3-point ELR seat belts with pre-tensioners and height adjusters. The two outer rear seats have 3-point ELR seat belts, including an ISO-FIX childseat anchorage.

Safety is taken to another level by making dual front, seat mounted, and side curtain airbags a standard feature.

Note: The SRS airbags are shown inflated for descriptive purposes.

SUZUKI SECURE ADVANTAGE PROTECTION: We are proud to deliver each 2009 Suzuki with Suzuki Secure Advantage Protection warranty coverage at no additional cost. The Suzuki Secure Advantage Protection plan features a 5-year/100,000 kilometre Powertrain Warranty, a 3-year/60,000 kilometre New Vehicle Limited Warranty and a 5-year unlimited mileage Anti-Perforation warranty. All warranties are zero deductible and fully transferable at no cost. **ROADSIDE ASSISTANCE:** For added peace of mind, SUZUKI SECURE ADVANTAGE PROTECTION includes numerous roadside assistance benefits. Wherever you may be in Canada or the continental United States, should you require roadside service for towing due to collision or mechanical problems, battery boost, if you have run out of fuel, or locked your keys in your car, have a flat tire or require winching or extrication to get you back on the road, Suzuki Secure Advantage Roadside Assistance has you covered. At no additional cost to you. Just call our toll-free number and a bilingual Suzuki Secure Advantage Roadside Assistance counsellor will help you on your way, 24 hours/day, 365 days/year. This plan also features Trip Interruption benefits so if you are more than 100 kilometres from home and your vehicle is undrivable for any reason, you can make alternate arrangements and request reimbursement for expenses incurred within 3 days and up to \$300. Suzuki Secure Advantage Roadside Assistance covers your 2009 Suzuki for 5 years with no mileage limitations. **SUZUKI PROTECTION PLAN:** Should you plan to drive your new Suzuki farther or longer than the coverage provided by the Suzuki New Vehicle Limited Warranty, the Suzuki Protection Plan will be of special interest to you. Suzuki Protection Plan provides you with the ability to enhance and extend coverage already provided by the new vehicle limited warranty. Suzuki Protection Plan offers you affordable, cost-effective peace of mind in the event of unexpected mechanical failure or other roadside emergencies for up to 7 years or 140,000 kilometres. Suzuki Protection Plan offers a vast choice of coverage levels, terms and deductibles allowing you to select the specific plan best suited to your ownership requirements. Ask your Suzuki dealer for a complete explanation of the benefits, coverages, limitations and exclusions of Suzuki Protection Plan, to better assist you in choosing the coverage that best suits your needs.

To avoid injury from an inflating airbag always place children twelve years old and under in the rear seat. Always move both driver and passenger seats as far back from airbags as practical; never transport a child in a rear-facing seat in the front seat. Always use the seat belts and buckle up properly.

Fuel economy estimates are determined by using Transport Canada approved testing methods.
