Way of Life!

2010 EQUATOR AT A GLANCE

- Class leading power
- Standard 4 wheel drive
- Durable spray-on bed liner
- 2767 kg (6100 lb) towing capacity

Works hard. Plays harder.

Get the best of both worlds with the 2010 Suzuki Equator – a dependable off-road performer that is designed to fit in with your active lifestyle. With the class leading power of its 4.0 litre V6 at your disposal, you'll be able to get your toys even closer to where you love to play. Plus it's built to withstand the punishment it'll surely endure while it helps you push your own personal limits. All this from a pickup that is as accommodating as it is tough, making it the obvious choice for today's adventure seeker.

A force to be reckoned with. The power and performance you need to conquer anything.

Class leading power is generated via the 4.0 litre DOHC V6. It's a 261 hp workhorse that delivers 281 lb-ft of torque @ 4000 RPM, allowing you to tow 2767 kg (6100 lb). The 5-speed automatic transmission is geared to make molehills out of mountains.

A gentle giant. Comfort and convenience in all the right places make for a truly unique pickup.

Note: Image shown with optional Bed Divider accessory.

Protect your flatbed – and the stuff you load into it – with the durable spray-on bed liner.

Cloth sport bucket seats and a 60/40 split-rear bench seat offer hard-earned comfort after a long day.

The power never ends – standard power windows, door locks, heated exterior mirrors and 2 accessory outlets.

Built around you. Protection for what really matters.

Dual front airbags, front seat-mounted side airbags and side-curtain airbags all come standard.

Stop on a dime sized rock with help from the Anti-lock Braking System (ABS) with Electronic Brake Distribution (EBD).
