Way of Life!

The Power of Control

As soon as you get behind the wheel, you will feel it: a unique sense of power rests in your hands. Manoeuvring the Kizashi feels seamless, every bend in the road appears as an opportunity to expand your growing sense of exhilaration and freedom. This is the power of control – this is Kizashi!

“Best in class”

Kizashi beat out a who's who of established nameplates to take this title as its strong value story, exceptional road manners, superior drivability, secure handling and quiet ride outclassed the entire field.

“A standing ovation for Suzuki”

3 GREAT MODELS TO CHOOSE FROM:

- S Model – Loaded with standard features
- SX Model – Luxury loaded – including next generation Intelligent All Wheel Drive (iAWD)
- Sport Package – A luxury loaded 6-speed manual transmission Sport trim

Stir Your Emotions

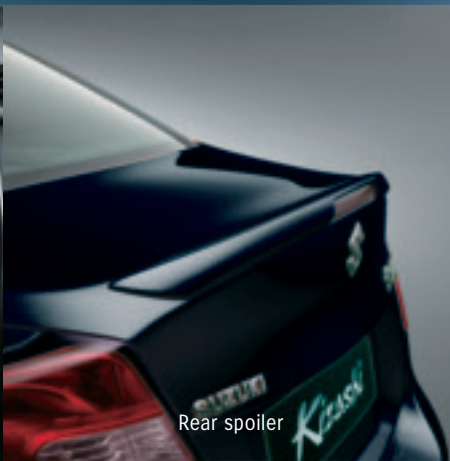

You will know it the first time you catch a glimpse of its aggressive 18 inch alloy wheels and eye catching, chrome-accented exhaust. Kizashi was born to be driven.

Experience the Power of Control for yourself and just try to wipe the smile off your face!

Three-spoke, leather-wrapped sport steering wheel

Rear spoiler

Chrome-plated door garnishes

2011 KIZASHI SPORT

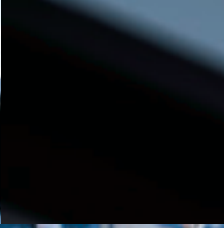

Sport grade: an extra dose of exhilaration

For an even sportier drive, look to the sport grade of the Kizashi. This special grade delivers extra exhilaration thanks to sport suspension with a lower ride. And it looks as good as it feels thanks to the rear spoiler, chrome-plated door garnishes and other exclusive sport-styling details.

A Stimulant for New Expectations

Now is the time for a true luxury sport sedan. From every angle, the Kizashi points toward a more dynamic way of life. You see it in an aerodynamic body whose strong, clean lines give a sense of power and solidity. You feel it through attention to detail that befits a luxury car. You experience it in body, mind and soul. Superbly crafted with luxurious touches. Precisely designed with leading-edge technology, the Kizashi heightens all expectations. Take one look and the inspiration to drive will overtake your senses.

Meticulously Crafted to Excel

In the Kizashi, sportiness is only half the story. In equal measure, the Kizashi is luxurious and beautifully crafted to expand your view of what a sedan should be. In every control you touch, on every beautiful surface upon which you gaze. In the pristine quiet of a sensuous cabin, you experience craftsmanship that inspires a greater passion for driving.

2011 KIZASHI S AT A GLANCE

- SmartPass keyless entry and push-button start
- 10-way power driver's seat with 3 position memory
- Heated front seats
- Dual zone automatic climate control
- Fully loaded with standard features

Experience Total Focus

Climb in, let the luxurious surroundings envelop you. As your eyes take in the sporty instruments and controls, the minimalist design will maximize your focus. Every control is placed intuitively, exactly where you would expect it to be. Every colour and texture you see is subdued and refined, the symmetrical design of the instrument panel adds to the sense of quality and sportiness. Beautifully crafted details like the satin finish on the shift lever and the stitching of the leather-wrapped steering wheel provide further inspiration. All together, it is simplicity with a higher purpose: to allow you to focus on the road and the pleasure of driving.

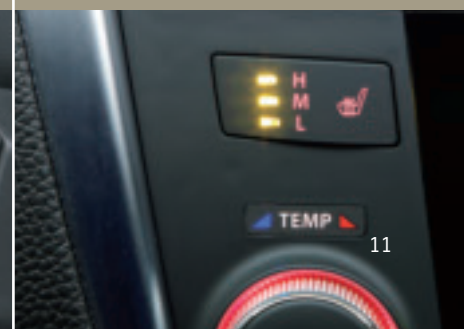

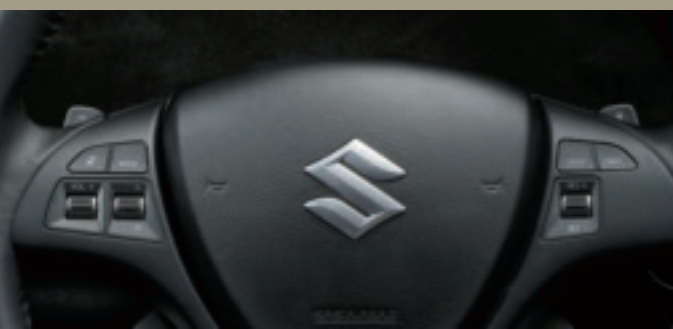

CONTROLS

Sporty instrumentation is centred on two backlit, cylinder shaped displays with nearby push button start, available paddle shifters on the steering wheel and dual climate controls on the console.

Enjoy your drive with the sports-car-style shift paddles available on the SX model.

Position yourself perfectly using the easily accessible seat adjustments and 3 position memory control.

Easy-to-see controls include the heat settings for the front seats.

One Word Comes to Mind: Luxury

The Kizashi's peaceful cabin is the result of a design that suppresses outside noise from all directions. You'll appreciate the stillness and harmony all the more once you turn on the available 425 watt Rockford Fosgate premium audio system. But what about luxuries such as dual zone automatic climate control, 10-way power driver's seat with 3 position memory and heated front seats? Optional you may ask? No, standard.

SX model shown.

The rear centre armrest includes cup holders and a trunk-through opening in the rear seat which allows you to stow long items of luggage without folding down the rear seatback.

A LUXURY INTERIOR

With outside noise suppressed, you will be free to enjoy your premium audio system in a comfortably heated or air conditioned environment.

SX model shown

Parking assist: Available with the SX and Sport models, to help you park, ultrasound sensors monitor the space behind the Kizashi and sound a beeper to warn you of any nearby obstruction. The length of the intervals between beeps indicates the distance to the obstruction.

(This system is not intended to free you from paying attention to safety when parking. Please ensure safety whenever you park the Kizashi.)

Heated front seats are standard on all models. Leather seats are available on the SX and Sport models.

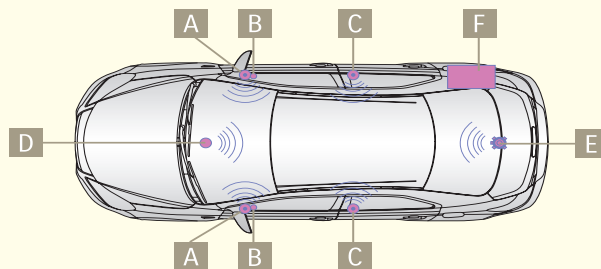

Moulded front and rear door side pockets keep all the essentials close at hand.

The high end Rockford Fosgate® audio system, available on the SX and Sport models, delivers 425 watts of listening enjoyment through 9 speakers.

Speaker layout

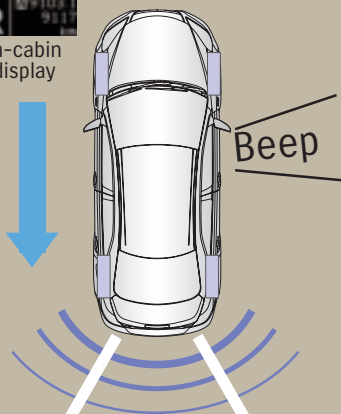

- A Front midbass speakers: 50W × 2
- B Front tweeters: 25W × 2
- C Rear coaxial speakers (two speakers per unit): 50W × 2
- D Front centre speaker: 25W × 1
- E Subwoofer: 150W × 1
- F Power amplifier

To maximize the performance of the subwoofer, the partition panel is reinforced such that its rigidity suppresses unwanted vibration.

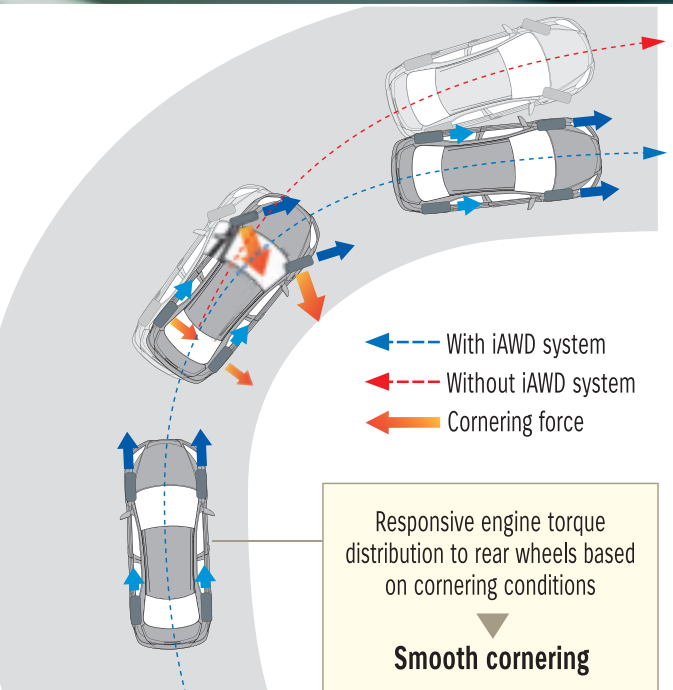

In-cabin display

Power Resides in Control

From the moment you steer Kizashi onto the road, a unique sense of power rests in your hands. It's the power of control; an experience of synchronicity born from new technologies, advanced engineering, and a commitment to achieving perfection. Manoeuvring feels seamless, acceleration and deceleration effortless. Every bend in the road appears as an opportunity to expand your soaring sense of freedom. Every day is an appeal to start your senses.

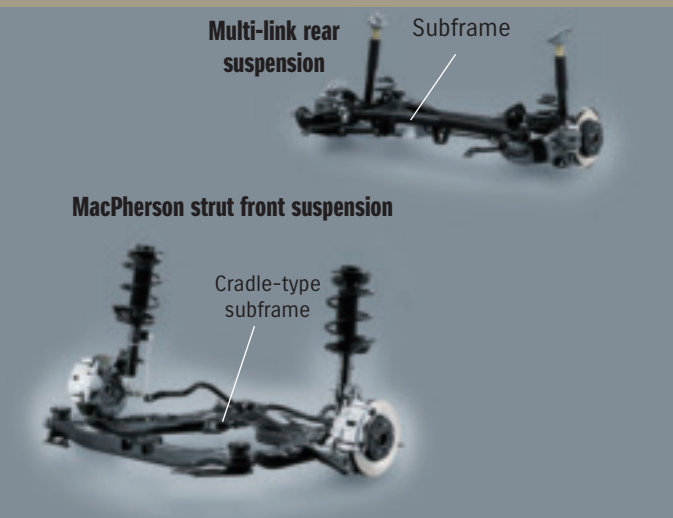

iAWD system: Available on the SX model only, the Kizashi's iAWD system is a light, compact, newly designed form of four-wheel drive that gives great performance without causing excessive fuel consumption, vibration, or noise. It constantly monitors the state of the road surface and driver variables such as the accelerator-pedal position and steering wheel angle. Based on the monitored information, the system uses a technology called feedforward control to transfer engine torque from the front wheels to the rear wheels, before it detects the front wheel losing grip. This means it lets you pull away, accelerate, and corner smoothly and gives you confidence-inspiring control even on rough, snowy, wet, or otherwise challenging roads. When driving conditions don't demand four-wheel drive, you can switch the iAWD system to two-wheel drive.

Suspension: A highly rigid and light suspension system gives great handling. It has subframes with floating structures to ensure that the ride is also smooth and quiet.

Honed on roads around the world: In developing the Kizashi, Suzuki extensively tested and fine-tuned its handling on autobahns and race circuits in Germany and on challenging country roads in the UK. Thanks to Suzuki's focus on real-world excellence, the Kizashi hugs the road and handles in a way that's always faithful to the driver's expectations.

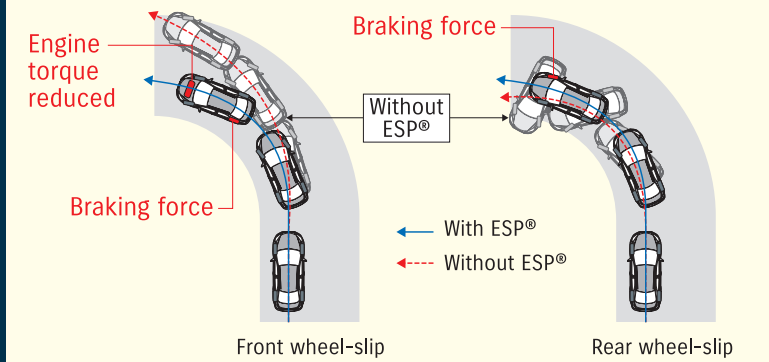

Know Peace of Mind

The Kizashi gives you a precise sense of handling and braking control as well as outstanding visibility and awareness of the conditions around you. The Kizashi surrounds you with extensive protection in the form of airbags and impact-absorbing materials and structures.

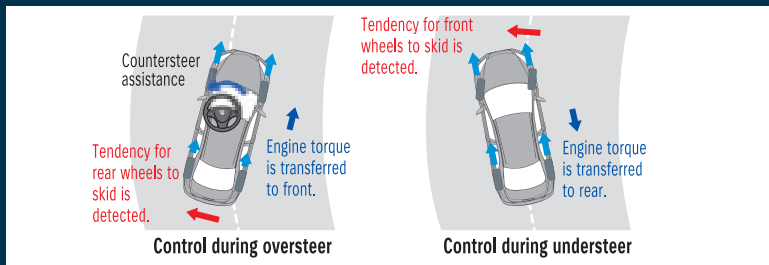

SAFETY AND STABILITY

- Synergetic vehicle dynamics control system
- 8 airbags
- Body structure

ESP[®]:** To make driving safer in various conditions, ESP[®] (Electronic Stability Program) helps to prevent wheelspin and skids. The Kizashi has an ESP[®](Electronic Stability Program) that applies engine braking when necessary to help maximize the driver's control.

**ESP is a registered trademark of Daimler AG. The ESP[®] is designed to help keep the Kizashi under control. However, its effectiveness depends on driving conditions and the state of the road surface. If the tires exceed their grip limit and the wheels start to spin or skid, it may not be fully effective.

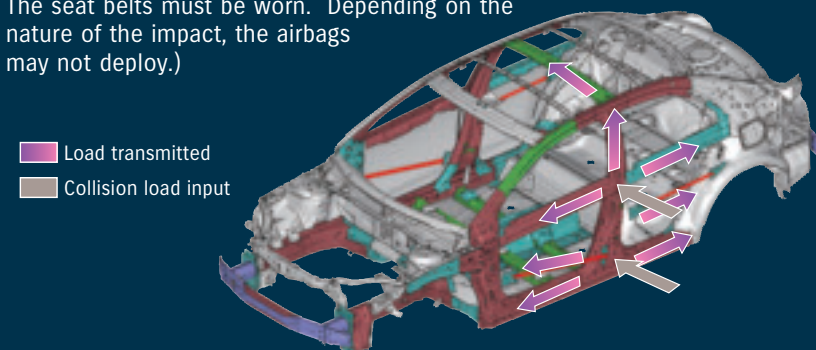

Synergetic vehicle dynamics control system*: A synergetic vehicle dynamics control system uses sensors (for example, a steering-angle sensor and a yaw-rate sensor) to monitor every aspect of the Kizashi's operation. If it senses that the front or rear wheels are starting to skid, it stabilizes the car by controlling the power-steering system and iAWD system in ways that optimize the level of steering assistance and the proportions of engine torque going to the front and rear wheels. This means the Kizashi stays smooth and stable even on slippery roads.

*If the car has only two-wheel drive, the synergetic vehicle dynamics control system controls only the power-steering system. The synergetic vehicle dynamics control is not intended to raise the limits of braking, driving or turning performance but to assist stable driving.

Airbags: Protection in the cabin includes two front airbags, front and rear side airbags and left and right curtain airbags. (The airbags are designed to supplement the seat belts. The seat belts must be worn. Depending on the nature of the impact, the airbags may not deploy.)

Body: The Kizashi's body is light and strong thanks to extensive use of high-tensile steel. It combines structures that absorb and disperse impact energy with a deformation-resisting cabin structure. New advances over earlier bodies include greater underfloor strength for resistance to impact forces from all directions.

Customize. Accessorize.

Roof rack cross bars: Enhance the versatility of your Kizashi with Genuine Suzuki Accessory Roof Racks and Modules. Easily installed with lockable clamps, these Cross Bars are required to attach all accessory modules to the roof of your vehicle. Total weight must not exceed 45kg.

Hood protector: Aerodynamically designed Hood Protector is moulded from scratch resistant, high impact, UV resistant acrylic. Air-flow redirection helps deflect bugs away from the windshield. Helps protect the hood surface from minor scratches. Installs easily with no drilling required.

Window visor set: Window Visors help keep out the wind and rain allowing fresh air in. Made of tough, durable acrylic. Set of 4.

Trunk tray: This rubberized vinyl all-weather tray is designed with an edge lip to help keep dirt and other debris away from your Kizashi's trunk. Cleans easily with mild soap and water. Kizashi tray is lightweight and can be installed or removed in seconds.

Chrome body side moulding set: Durable polyurethane Moulding Set helps protect your paint. Mounts quickly and easily with durable double-sided adhesive strips. Set of 4.

Additional accessories are available. We recommend that you install only Suzuki Genuine Accessories on your vehicle to ensure the best quality, fit and finish. Suzuki Genuine Accessories are covered from the sale date by Suzuki's one year/20,000km warranty. Suzuki reserves the right to modify, substitute or discontinue accessories at any time. Please enquire at your local Suzuki Dealer for full details.

SUZUKI SECURE ADVANTAGE PROTECTION: We are proud to deliver each 2011 Suzuki with Suzuki Secure Advantage Protection warranty coverage at no additional cost. The Suzuki Secure Advantage Protection plan features a 5-year/100,000 kilometre Powertrain Warranty, a 3-year/60,000 kilometre New Vehicle Limited Warranty and a 5-year unlimited mileage Anti-Perforation warranty. All warranties are zero deductible and fully transferable at no cost. **ROADSIDE ASSISTANCE:** For added peace of mind, SUZUKI SECURE ADVANTAGE PROTECTION includes numerous roadside assistance benefits. Wherever you may be in Canada or the continental United States, should you require roadside service for towing due to collision or mechanical problems, battery boost, if you have run out of fuel, or locked your keys in your car, have a flat tire or require winching or extrication to get you back on the road, Suzuki Secure Advantage Roadside Assistance has you covered, at no additional cost to you. Just call our toll-free number and a bilingual Suzuki Secure Advantage Roadside Assistance counsellor will help you on your way, 24 hours/day, 365 days/year. This plan also features Trip Interruption benefits so if you are more than 100 kilometres from home and your vehicle is undrivable for any reason, you can make alternate arrangements and request reimbursement for expenses incurred within 3 days and up to \$300. Suzuki Secure Advantage Roadside Assistance covers your 2011 Suzuki for 3 years with no mileage limitations. **SUZUKI PROTECTION PLAN:** Should you plan to drive your new Suzuki farther or longer than the coverage provided by the Suzuki New Vehicle Limited Warranty, the Suzuki Protection Plan will be of special interest to you. Suzuki Protection Plan provides you with the ability to enhance and extend coverage already provided by the new vehicle limited warranty. Suzuki Protection Plan offers you affordable, cost-effective

peace of mind in the event of unexpected mechanical failure or other roadside emergencies for up to 7 years or 140,000 kilometres. Suzuki Protection Plan offers a vast choice of coverage levels, terms and deductibles allowing you to select the specific plan best suited to your ownership requirements. Ask your Suzuki dealer for a complete explanation of the benefits, coverages, limitations and exclusions of Suzuki Protection Plan, to better assist you in choosing the coverage that best suits your needs.

The Suzuki Logo, Suzuki, Kizashi, Grand Vitara, SX4, Swift+ and Equator are registered trademarks of Suzuki Motor Corporation of Japan. DRIVE RESPONSIBLY. BUCKLE UP FOR SAFETY—DON'T DRINK AND DRIVE. Specifications and equipment based on information available at time of printing and subject to change without notice, and may differ in each sales area. Some vehicles shown with optional equipment. Colours shown may vary from actual colours.

For more details on 2011 options, accessories and specifications, contact your local Suzuki dealer. To avoid injury from an inflating airbag always place children twelve years old and under in the rear seat. Always move both driver and passenger seats as far back from airbags as practical; never transport a child in a rear-facing seat in the front seat. Always use the seat belts and buckle up properly.

Fuel economy estimates are determined by using Transport Canada approved testing methods.
