Das Auto

Do you speak Volkswagen? Spoken by millions of drivers the world over, Volkswagen is synonymous with superbly German-engineered vehicles that continually up the ante when it comes to high performance, exceptional quality, and thinking blue (that's Volkswagen for green). It goes without saying that this year's lineup of 2011 Volkswagen models – from nimble compacts to powerful SUVs – is no exception to the rule.

Here are a few more adjectives from the Volkswagen vocabulary: aerodynamic, intuitive, nimble, fuel-conscious, eco-friendly. Sounds innovative? Well it is. Wrap it all up with a sleek and curvy exterior and you'll quickly understand that when you're in a Volkswagen, you're not just driving any car – you're driving Das Auto.

Design and
Craftsmanship

Really big on small details.

Introducing a new family favourite – the handsome new 2011 Routan. It's a wonderkind of spacious, flexible and well-thought-out features both inside and out. Not to mention a wonder of aerodynamics as evidenced by its sleek, sporty, head-turning exterior. Families on the fly will really appreciate the multifunctional seating, especially the standard sliding second-row captain's chairs. Because when it comes to comfort, everyone deserves first class.

But comfort is just the beginning. You'll be amazed by how much you can load into a Routan. With so many different available seating configurations and cargo options, the Routan is more than ready – from family adventures to the peewee hockey team. Plus, with plenty of handy storage compartments throughout all three rows and in-floor storage in the second row, the Routan has taken space to a whole new dimension.

Highline shown.

Technology and Performance

The fun in multifunctional.

Get the show on the road. With an available rear entertainment system featuring second-row and available third-row 9" video screens with wireless headphones and remote control, the only thing your backseat passengers will be fighting over is what to watch next.

And for your listening pleasure, there's also an available limited 1-year subscription* to SIRIUS® Satellite Radio. Now that's sports, interviews, entertainment and commercial-free music to everyone's ears.

While you and your passengers are tuned in to all the latest in on-road entertainment, you can rest assured you'll get everyone there safe and on time with an available satellite navigation system featuring touch-screen controls. Additionally, there's a 30GB hard drive to store all your movies, photos and maps. With an available UConnect® hands-free phone system you can talk safely to your mouth's content. If this all sounds surprisingly high-tech for a family vehicle, well, that's probably because it is.

* Subscription required after one year.

Technology and
Performance

Performance for the whole family.

Resident chauffeur, Mom or Dad's taxi, the person with the 7-seater – when you're wearing this many hats, you need a whole lot of get-up-and-go. Well, the 2011 Routan boasts a powerful 3.6L, 283-horsepower, V6 engine that'll give you a whole lot more than that. With a 6-speed automatic transmission with manual shift mode, Euro-tuned suspension, anti-lock brakes and more – the Routan is ready for whatever curves, bumps and surprises that may lie on the road ahead.

Think Blue.

Think Blue

Think Blue.

Making small changes in our everyday lives to help protect the environment is the foundation of Think Blue. Everyone can help in his or her own way to become a more efficient and eco-friendly driver. It may come as a surprise, but fuel consumption can be drastically reduced just by changing a few driving habits. But that doesn't mean you have to sacrifice pleasure or comfort. With the help of our innovative technologies and low-emission products, you can become a more environmentally-friendly, fuel-friendly, and wallet-friendly driver. And that's good for everyone.

Safety

Safety standards come standard.

Every Volkswagen comes standard with lots of features that work in harmony to both help you avoid an accident and help protect you if an accident is unavoidable. And we are constantly updating it, because when it comes to safety, there is no finish line.

Anti-lock Braking System (ABS) with Brake Assist – ABS helps drivers maintain steering control of a vehicle during hard emergency braking by reducing wheel lock-up. Brake Assist will reduce stopping distances by automatically applying full brake pressure in emergency situations.

Electronic Stability Control (ESC) – ESC helps the driver maintain their intended course by generating corrective forces. ESC is most effective when the driver is taking evasive action during sudden manoeuvres, like when avoiding an accident. This feature is standard on all Volkswagen models.

Tire Pressure Monitoring System (TPMS) – Constantly monitors differences in tire pressure and alerts the driver if a single tire is low, or is quickly deflating due to a puncture.

Integrated safety – In the event of a serious collision, dual front airbags, side airbags, driver-side knee airbag and/or Side Curtain Protection® will instantly deploy* to help protect all occupants in all three rows. Front safety belts are equipped with pre-tensioners that activate before airbag deployment to help reduce slack in the belts and improve airbag effectiveness.

* Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children in the second or third row of seating, using restraint systems appropriate for their size and age. Driver should always exercise care and control and drive according to weather and road conditions. Obey all traffic laws.

1. Comfortline shown with optional 17" alloy wheels. 2. Trunk liner and organizer blocks. 3. MDI - Media Device Interface with iPod® connectivity. 4. Splash guards.

Accessories

More Volkswagen for your Volkswagen.

How do you make a car as unique as the new Routan even more unique? Personalize it to fit your unique lifestyle. What's more, accessorize your 2011 Routan before it leaves the dealer's lot and you can include your accessories in your financing package. Plus, when you buy accessories at time of purchase, you receive an extra 3-year limited warranty coverage on these accessories covering parts and labour. Now that's what we call added value.

Side window air deflectors – Just like awnings. Crack open a first- or second-row window for a breath of fresh air. Come rain or snow, we've got you covered.

Splash guards – It's messy under there. Rainwater, gravel, sand and salt – whatever your front wheels splash up, your underbody is protected. Just think of them as underbodyguards.

Running boards – These running boards have a sturdy skid-resistant stepping surface. Make stepping in or stepping out a lot easier.

Rear bike carrier, upright – It's a bicycle carrier built for two... or four. The upright style carries up to four bicycles locked by the frame.

This is just a short selection of the many Volkswagen Original Accessories available for your 2011 Routan. For more ways to give your ride a personal touch, talk to your Volkswagen dealer or visit vw.ca to view a wider selection.

Highline shown with optional 17" alloy wheels.

2011 Routan

For those extra-long stretches.

Whether you're a big family with a whole lot of stuff, or a small family with a whole lot of big ideas, the powerful yet incredibly versatile 2011 Routan is equipped to handle just about anything you throw at it – or should we say, in it. Elbow room, leg room, head room – the Routan makes space for personal space.

In addition to this (and when we say in addition, we really mean it): 4.0 m³ of cargo room with the second row removed and third row folded in the floor, enough seating configurations for a circus act, two storage bins in the floor, and 13 cupholders to help avoid life's occasional spills.

Comfortline shown with optional 17" alloy wheels.

2011 Routan >
Exterior

Good looks run in the family.

What good is substance without style? Here's just a few (okay, more than a few) of the Routan's precision-engineered aesthetic details that help it live up to its proud Volkswagen heritage: a distinctive grille, an available glass sunroof that both tilts and slides, and eye-catching tail lights. Bring the whole family: the Routan will be waiting with power sliding doors wide open.

2011 Routan >
Interior/Engine

Happier trails to you.

Interior – Bells & whistles usually mean something extra, but with the 2011 Routan they're more than standard. For the driver this means cruise control, power-adjustable heated exterior mirrors, height-adjustable steering column, leather-wrapped steering wheel and gearshift knob, just to name more than a few. And the backseat is a comfort zone unto itself, with manual 3-zone climate control, power windows, second-row storage bins under the floor, standard sliding second-row captain's chairs with available manual second- and third-row sunshades for added comfort, 12V power outlets and more – the only thing missing is a flight attendant.

And because comfort and convenience make great travel companions, here are a few more features for the road. A cargo capacity of 2.4 m³ with all seats in place and available dual power sliding doors and power tailgate. Of course the 2011 Routan doesn't stop there – a convenient tailgate function allows the third-row seats to be turned to face the back for any tailgating event or camping adventure.*

Engine – The 2011 Routan is generously equipped with a powerful 3.6L, 283-horsepower, V6 engine. With 260 lb-ft of torque it's got power to spare, whether you're hauling across the country or hauling a boat.** And thanks to lightweight aluminum block and cylinder heads, a 4-valve-per-cylinder design and a 6-speed automatic transmission with manual shift mode, you can make every journey a fuel-efficient one.

* To be used only when the vehicle is parked; do not engage while driving.

** Available with the optional Towing Preparation Package.

Routan Trendline

Engine
3.6L 283HP, 6-speed Automatic

Trendline includes:

- 16" steel wheels with full wheel cover and all-season tires
- Second-row sliding/fold-flat captain's chairs
- Third-row 60/40 split-folding rear bench seat with tailgating function
- 4-way manual front seats
- Cruise control
- Driver and passenger front head, knee and thorax airbags and side curtain airbags
- Dual sliding doors
- Electronic Stability Control (ESC)
- Engine block heater
- Front and rear floor mats
- Front overhead console with 2 reading lights and conversation mirror
- Leather-wrapped steering wheel and gearshift knob
- Manual 3-zone climate control
- Power heatable and adjustable exterior mirrors
- Power vent windows (third row)
- Power windows (first and second row)
- Privacy glass
- Remote central locking system
- Single in-dash CD player with 6 speakers and auxiliary input
- Tire Pressure Monitoring System (TPMS)

Optional Equipment

RSE I – Rear Seat Entertainment I

- In-dash 6-disc CD/DVD player
- Second-row 9" LCD display
- Wireless headsets
- Remote control

Towing Preparation Package

Routan Comfortline

Engine
3.6L 283HP, 6-speed Automatic

Comfortline includes Trendline plus:

- 16" alloy wheels 'Bloom' with all-season tires
- 8-way power driver seat with power lumbar adjustment
- Alarm system
- Black roof rails
- Chrome front grille
- Dual power sliding doors
- Heatable first-row seating
- Homelink®
- In-dash 6-disc CD/DVD changer with 6 speakers
- Leather-wrapped steering wheel with audio controls
- Leatherette upholstery
- Manual second- and third-row sunshades
- Painted exterior mirror housings and door handles
- SIRIUS® Satellite Radio with limited 1-year complimentary subscription
- Trip computer and indicator

Optional Equipment

RSE I – Rear Seat Entertainment I

- In-dash 6-disc CD/DVD player
- Second-row 9" LCD display
- Wireless headsets
- Remote control

Multimedia Package

- In-dash single CD/DVD player with 20GB hard drive
- 6.5-inch touch-screen display
- Rearview camera

Volkswagen Finance

Once you figure out what car to get, Volkswagen Finance will help you get into it. For some people, the hardest thing to decide on when buying a new car isn't colour. Or figuring out which options they just can't live without. It's financing. That's why the folks at Volkswagen Finance are there to help. Go to vw.ca for more information. The choice is yours.

© 2010 Volkswagen Canada. Printed in Canada. Volkswagen Canada believes the information and specifications in this brochure to be correct at the time of printing. Items, specifications, availability, standard features, options, fabrics, and colours are subject to change without notice. Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. Ask your dealer about availability of options and verify that the vehicle you requested includes the equipment you ordered. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Make sure your vehicle has the proper tires at all times. Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Refer to the EnerGuide 2011 for Natural Resources Canada's estimated fuel consumption figures. Actual fuel consumption may vary based on driving conditions, driver habits and vehicle's additional equipment. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age.
