# HANDBOOK OF URBAN MOBILITY

>> smart fortwo coupé & cabriolet,  
smart fortwo BRABUS

**01 Introduction**  
Urban microcosm

- 06 urban DNA
- 07 smart fortwo DNA

**02 Comfort**  
Rush hour relaxation

- 09 A smarter way to park
- 12 If you need it, it'll carry it

**03 Environment**  
Green city driving

- 13 Environmentally conscious – from start to finish

**04 Safety**  
Feel safe, drive safe

- 15 Safety isn't just about size
- 17 Get protected
- 19 Giving danger the slip

**05 Models**  
Individuality in city traffic

- 23 coupé or cabriolet, the sky's the limit
- 25 Purist
- 27 Stylish
- 29 At a glance
- 31 More style, more fun, more exclusive
- 34 High-spirited
- 36 At a glance (BRABUS)
- 37 Mix and match to suit your taste

**06 Options**  
Always well equipped

- 39 Look after your appearance
- 40 Choose your profile
- 41 Feel at home
- 42 It's easy when you're smart
- 43 You'll always have two front row seats.
- 44 smart space
- 45 Economical only in cost

**07 Service & Accessories**  
Get mobile, stay mobile

- 47 smart people to help
- 48 smart parts and service
- 49 Every bit as unique as you are
- 51 Enjoy your own company
- 52 Stay cool. Stay clean
- 53 Keep your travel options open
- 54 Space and more space
- 55 Make an impression
- 56 Everyone deserves a little luxury
- 57 Look as sharp as your smart
- 58 [www.thesmart.ca](http://www.thesmart.ca)

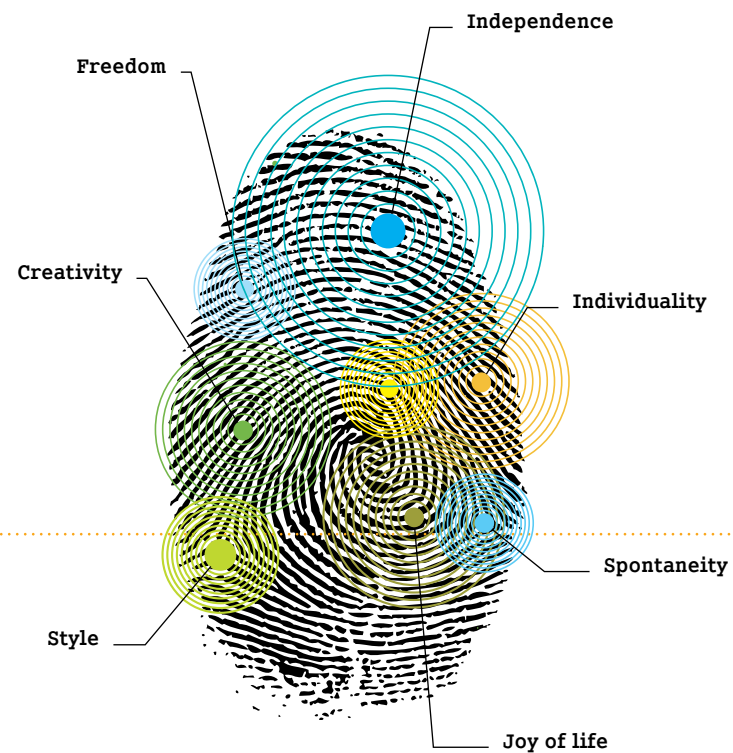

**08 Overview**  
At a glance

- 59 Choose your dream car

# 01 Introduction

Cities provide endless possibilities. Discoveries await around every bend, and the high quality of life, art and culture draw more and more people to cities every day.

By their very nature cities are densely populated, which doesn't leave much room for cars. Heavy traffic also means heavy pressure on the environment. These considerations led to the development of the smart fortwo. We applied our design philosophy of 'thinking big' to innovation, not centimetres. Nimble and compact, it makes getting around a breeze. Plus its fuel efficiency embraces the environment instead of harming it. The smart fortwo - proof that cars can enhance city life, rather than limiting it.

## >> Urban DNA.

A city's streets are its DNA. Every curve, turn or intersection of a city are as individual as the people who live in it. Though each city is unique, there are some traits they share in common. Distances are short but usually drawn out by heavy traffic. It's the same whether you're in Berlin, Shanghai, Rome, Paris, London, or Ottawa.

Ottawa

London

Paris

Rome

Berlin

Shanghai

>> >>

Not only are more and more people moving to cities, but more and more people are driving cars as well. Unfortunately most 21<sup>st</sup> century cars are still built for the needs of the 20<sup>th</sup> century: travelling fast over long distances, not for driving through increasingly crowded cities and streets. Read on to see how the smart fortwo is truly built for the new urban reality of the 21<sup>st</sup> century. A car engineered to answer the inherent challenges of each and every city.

## >> smart fortwo DNA. smart city solutions.

The smart fortwo was bred with urban mobility in its genes. It was designed especially for the needs of modern cities, with practical solutions to bring out the best in urban life and mobility. We call it, 'smart city solutions'.

On the following pages you'll find how smart city solutions can ease the hectic pace of city life.

TURNING CIRCLE 8.75 M

PANORAMIC ROOF (COUPÉ)

SPACE CONCEPT

TWIN-SECTION TAILGATE

GENEROUS LUGGAGE COMPARTMENT

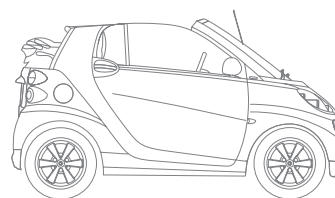

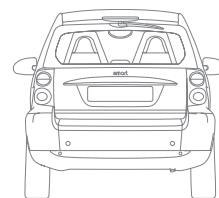

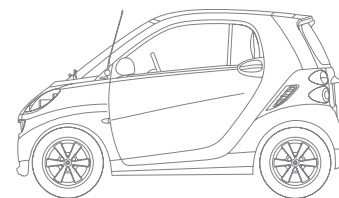

TRIDION SAFETY CELL

BODYPANELS

MANUAL SHIFT MODE

HILL START ASSIST

LOW RUNNING COSTS

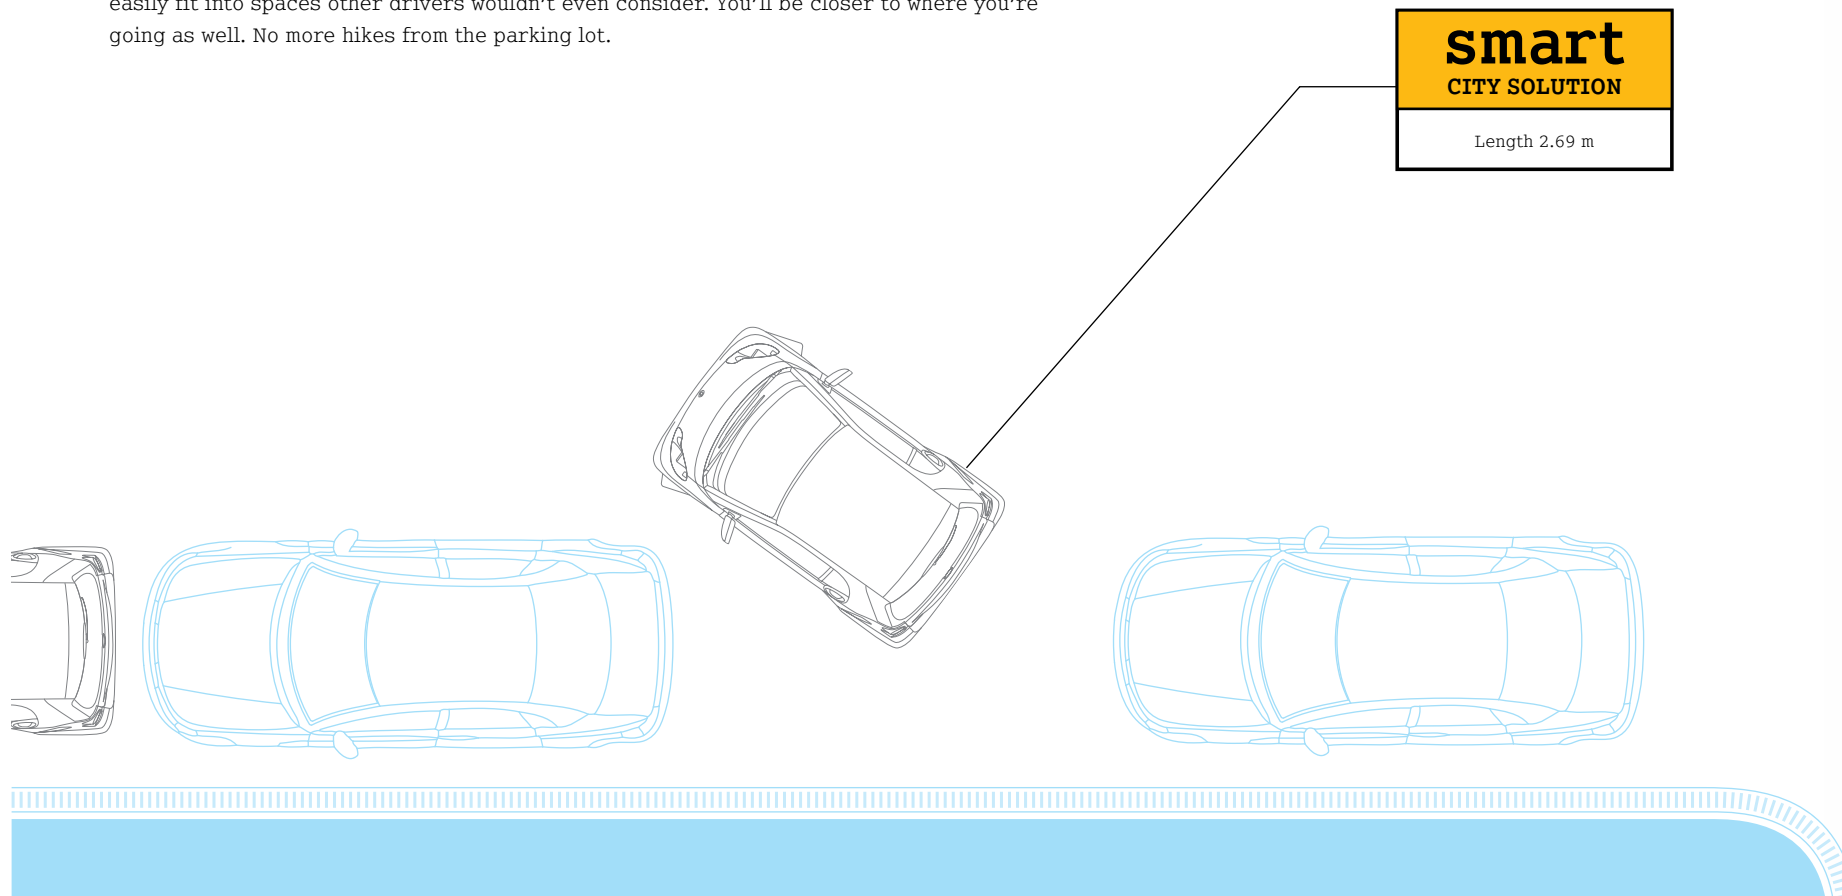

# 02 Comfort

Comfort is having things in reach. In fact, it's a word that can be used to describe city life, where possibilities are endless and convenient. But city life also has its share of inconveniences, notably traffic and parking scarcity. While the smart fortwo can't prevent traffic jams, it does provide an abundance of comfort and the manoeuvrability to park just about anywhere.

## >> A smarter way to park.

There's almost always room for 2.69 metres.

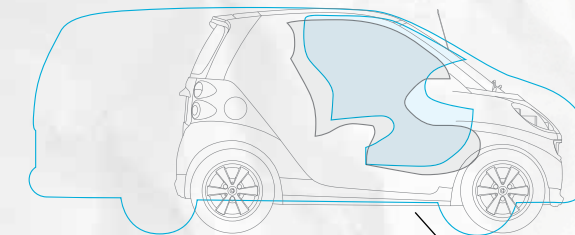

Time is precious. Don't waste it looking for a parking space. At just 2.69 metres, you can easily fit into spaces other drivers wouldn't even consider. You'll be closer to where you're going as well. No more hikes from the parking lot.

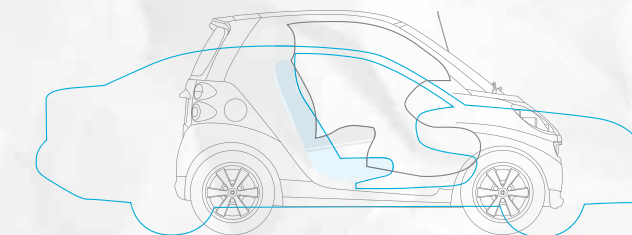

## >> Never judge a book by its cover.

The innovative smart space concept.

You'll be surprised the second you open its door. The smart interior is deceptively spacious and provides excellent all-around visibility.

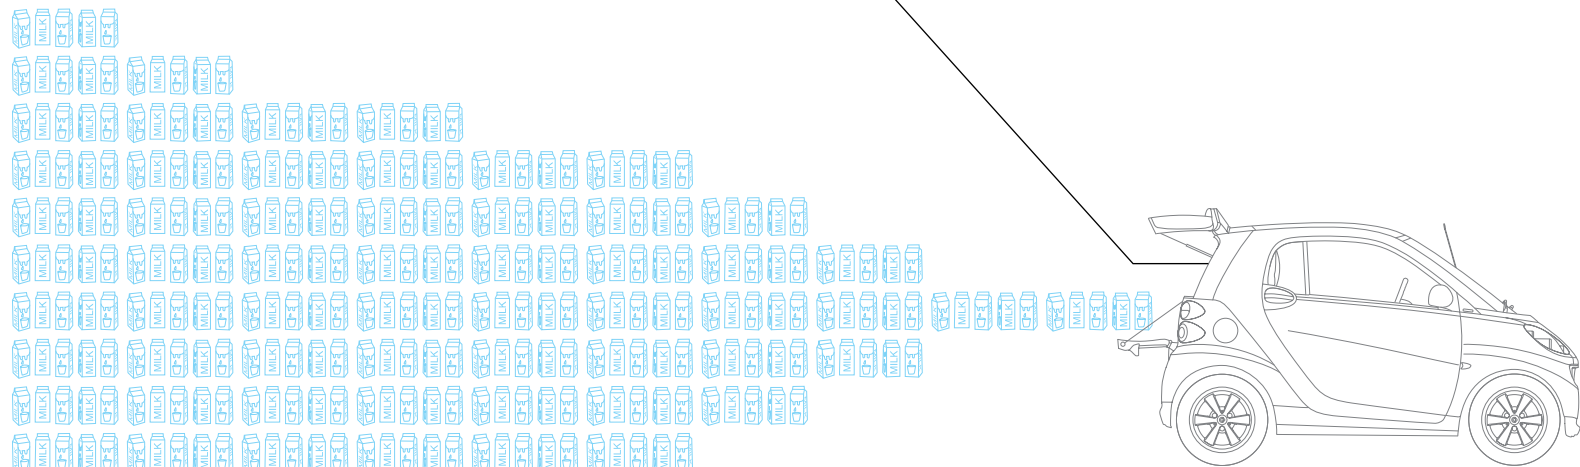

**Spaciously smart.** Thanks to its cab-forward windscreen and upright seating position, the smart fortwo provides the same feeling of spaciousness as a minivan. Meaning that even taller passengers can enjoy the same level of comfort.

**Keeping "on top of things".** The raised seating design provides excellent all-around visibility that's ideal in heavy traffic. It's just another element of the smart fortwo's design that will have other drivers looking up to you.

**smart**  
CITY SOLUTION

Generous luggage compartment

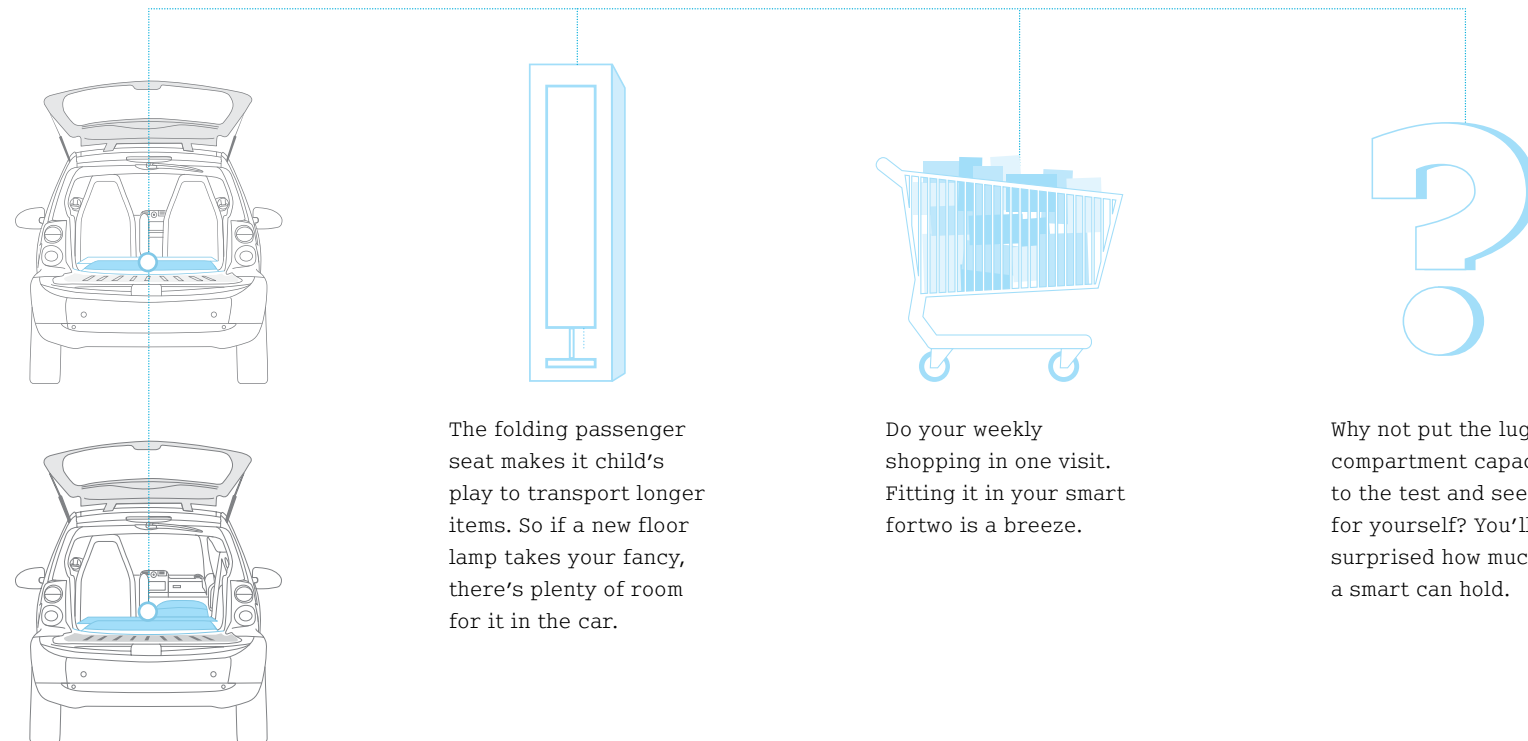

340 <sup>1</sup>

Whether you're shopping for groceries or heading to the golf course, the smart fortwo offers plenty of trunk space – 220 litres of volume up to the edge of the luggage compartment and 340 litres all the way up to the roof. That's enough room to transport 340 cartons of milk. If you ever decided you'd want to.

<sup>1</sup>Up to roof.

**>> If you need it, it'll carry it.**  
It's amazing what will fit in a smart luggage compartment.

The folding passenger seat makes it child's play to transport longer items. So if a new floor lamp takes your fancy, there's plenty of room for it in the car.

Do your weekly shopping in one visit. Fitting it in your smart fortwo is a breeze.

Why not put the luggage compartment capacity to the test and see for yourself? You'll be surprised how much a smart can hold.

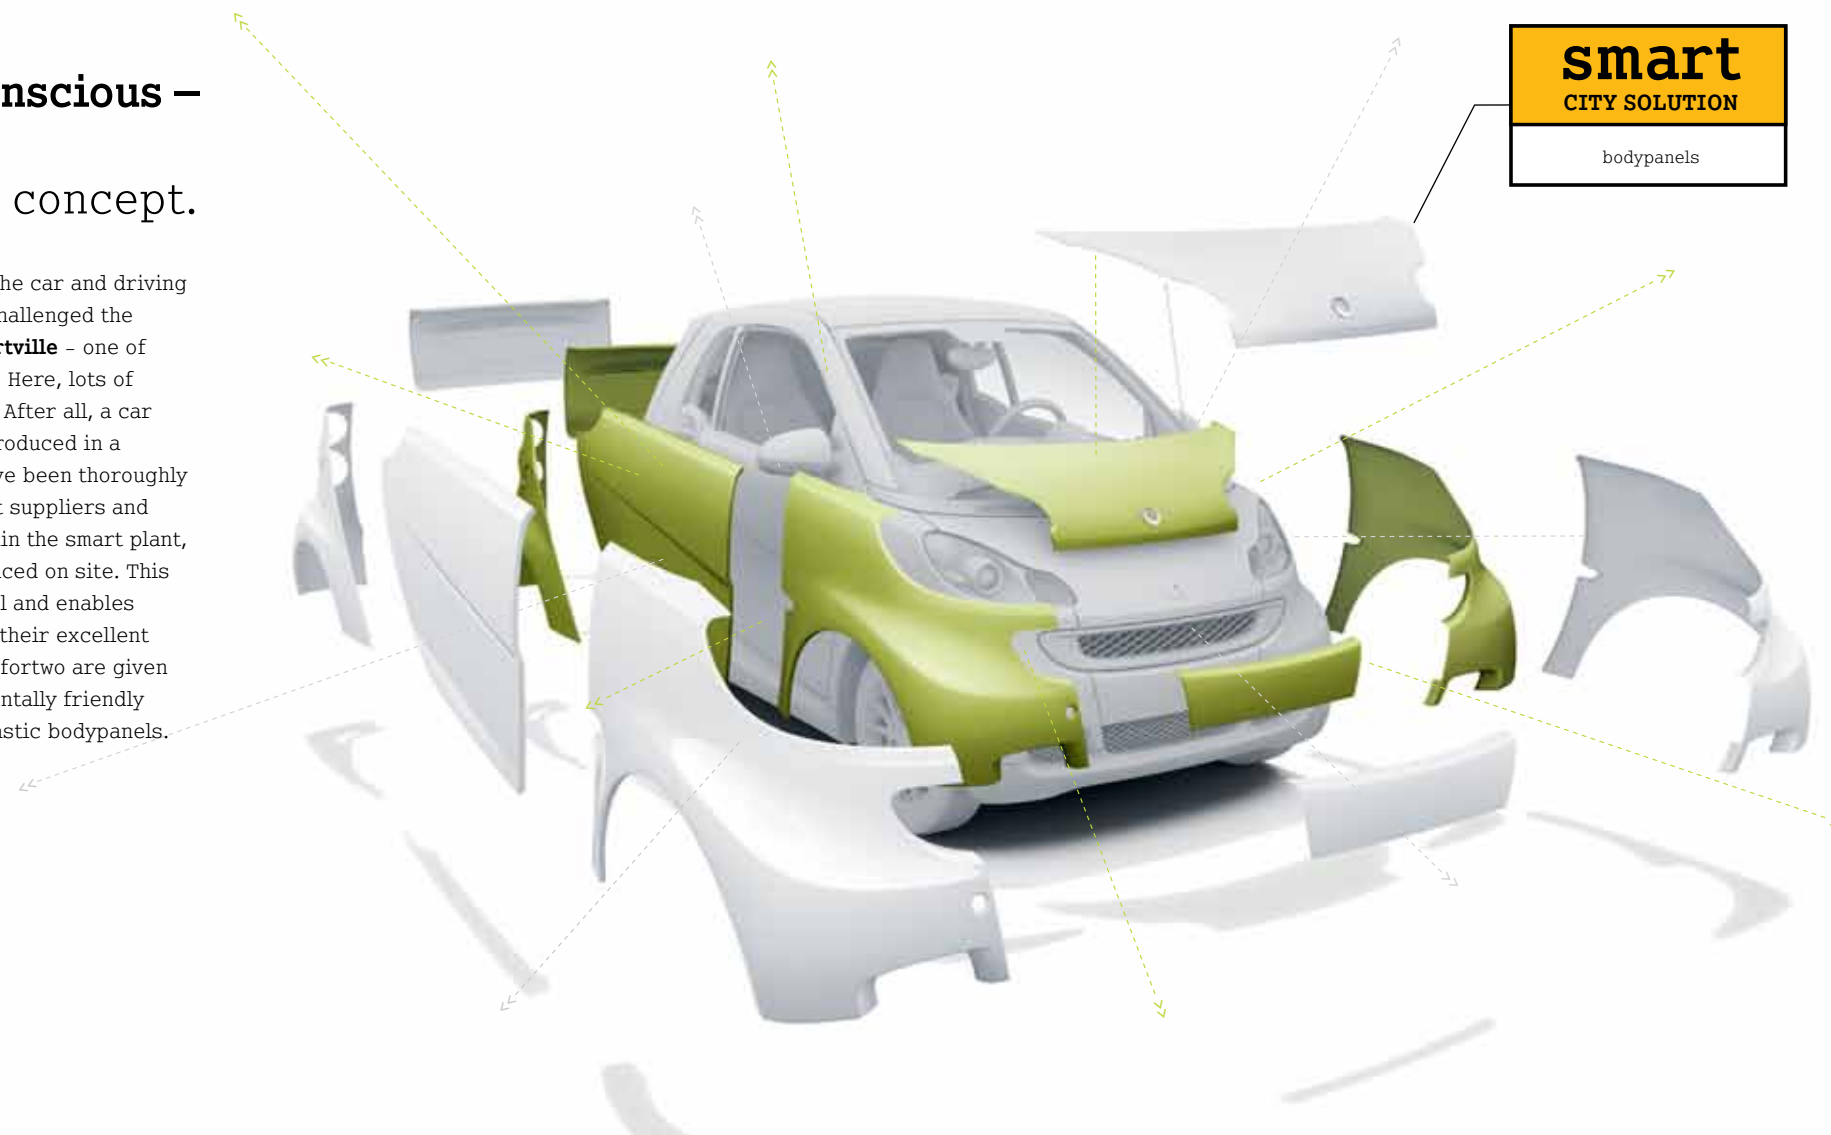

# 03 Environment

City and environment – a relationship that’s currently undergoing a fundamental change. Today, ecological aspects are becoming increasingly significant in our society. Architects and urban planners are constantly looking for new, environmentally compatible solutions – with the ambitious goal of eventually living in cities that are greener, healthier and as climate-neutral as possible. City centre environmental zones, emission ceilings and similar initiatives are already helping to get closer to this goal. The aim of making urban mobility as environmentally compatible as possible was central to the overall development of the smart fortwo from the outset. From the production of individual components to the recycling of the whole vehicle, smart keeps finding new ways to minimize its environmental impact.

## >> Environmentally conscious – from start to finish.

The ecological smart concept.

Not only have we challenged the concept of the car and driving from an ecological perspective, we’ve also challenged the way that cars are produced. The result: **smartville** – one of the most modern car factories on the planet. Here, lots of things are new and nothing is left to chance. After all, a car designed to be eco-conscious can only be produced in a factory where the environmental aspects have been thoroughly thought out. For starters, the key component suppliers and system partners are integrated directly within the smart plant, meaning that many components can be produced on site. This saves on transport costs, packaging material and enables just-in-sequence production. And thanks to their excellent recyclability, some components of the smart fortwo are given multiple lives. A model example of environmentally friendly materials: the rust-free, 100% recyclable plastic bodypanels.

### 01 Lightweight.

smart’s plastic bodypanels are central to its environmentally compatible concept, because their design helps to keep the car’s overall weight low, which in turn keeps fuel consumption and costs at a minimum.

### 02 Practical.

Fender benders are common, particularly when driving in the city. In most cases, the flexible smart bodypanels emerge unscathed – but if worse comes to worst, they can be quickly replaced. It’s one of the main reasons car insurers give the smart fortwo an excellent insurance rating.

### 03 Variable.

The city allows you to reinvent yourself. The smart fortwo is no different. You can change the bodypanels of the smart to any colour you wish, quickly and inexpensively with a bodypanel fresh-up. You’ll have a “new” smart in less than two hours.

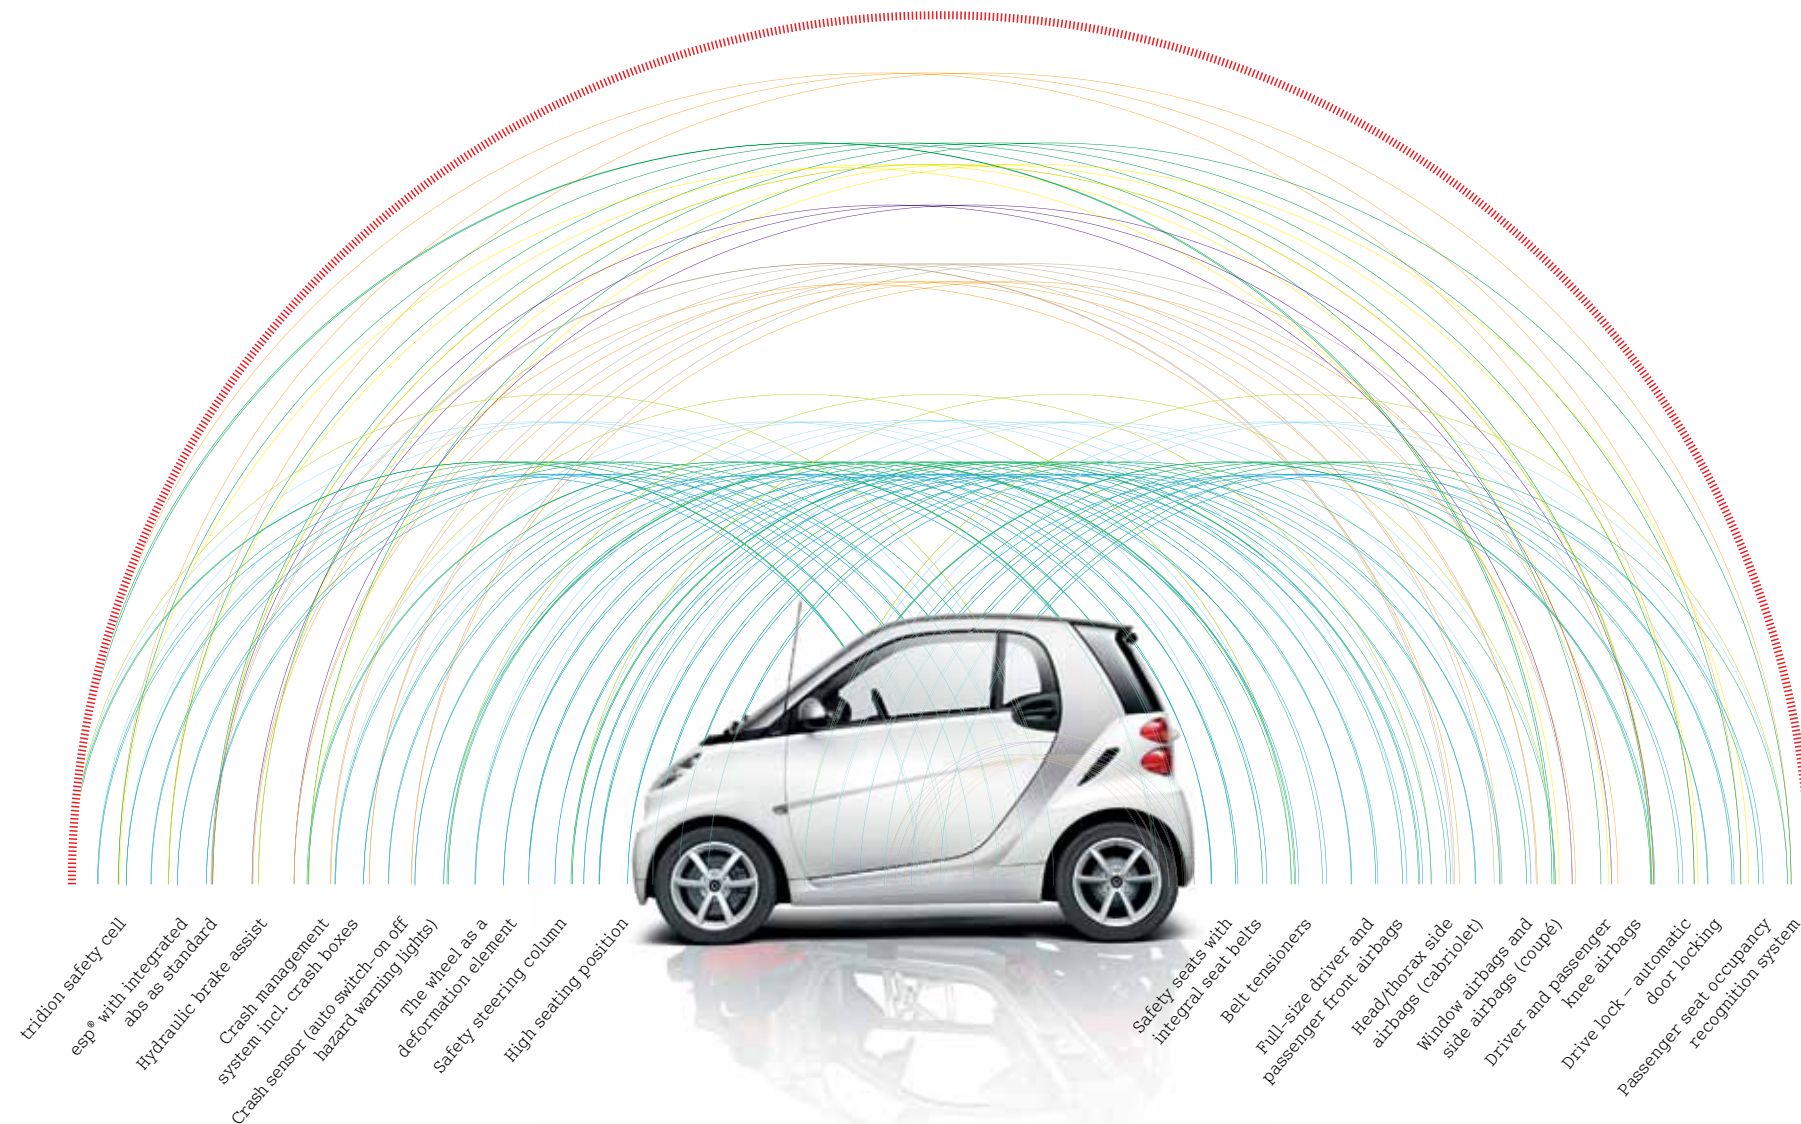

# 04 Safety

Safety is a basic human need. You can't relax, let alone enjoy yourself without it. In the city particularly, the need for safety is increased. And although most urban accidents are fender benders, we'd rather avoid them altogether. That's why the smart is equipped with active safety systems to prevent accidents from occurring. Should an accident be unavoidable, passive safety elements protect the driver and passenger from harm. Would you expect anything less from a Mercedes-Benz engineer?

## >> Safety isn't just about size. The innovative smart safety concept.

Building a car that's compact and comfortable is a challenge in itself. Making sure it also offers a level of safety comparable with full-size vehicles calls for radical innovation. That's why the smart consists of numerous individual safety elements that act together for maximum effectiveness.

As part of Daimler AG, smart benefits from the extensive safety and engineering experience of Mercedes-Benz.

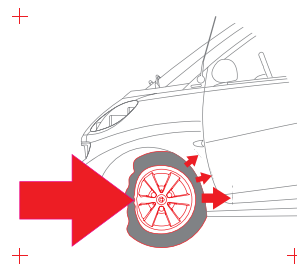

## >> Get protected. All-round passive safety.

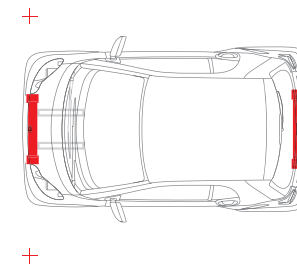

Some things you just can't predict. That's why the smart fortwo has a technically sophisticated safety concept with numerous intelligent safety features to protect you in emergency situations. At the heart of the smart's passive safety concept is the tridion safety cell, which offers maximum stability in an ultra-compact design and provides protection by keeping deformation of the passenger compartment to an absolute minimum.

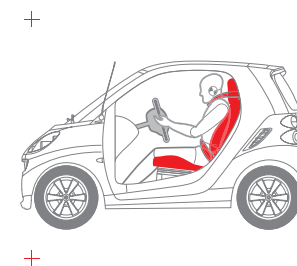

Sturdy, rigid and tough. The tridion safety cell is additionally reinforced with high-strength steel at strategically important points. The impact energy is distributed evenly over the longitudinal and transverse members so it is effectively reduced.

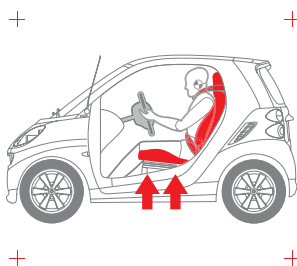

**The wheel as a deformation element:** in a head-on collision, the front wheel is supported by the side member, absorbing a substantial proportion of the impact energy. The short wheelbase means that the other vehicle involved in a side-on crash will almost always hit the wheel and the suspension components behind it. A simple, yet extremely effective principle.

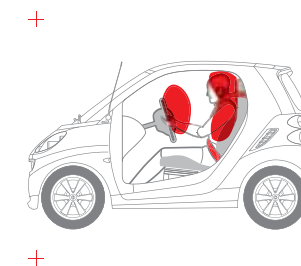

**Crash boxes:** steel deformation elements at the front and rear absorb the energy from minor collisions at low speeds, and ensure that the tridion safety cell itself remains undamaged. A damaged crash box is simple to replace.

**Safety seats with integral seat belts and belt tensioners:** the steel sheet structure with integrated headrests gives the seats a high level of mechanical stability. In a frontal impact, the belt tensioner reduces any slack in just a few milliseconds. The belt-force limiter then reduces the force again in a controlled manner in order to minimize pressure on the chest area.

**High seat position:** this not only gives you a better view of what's happening on the road, but helps keep you safe in a crash by generally keeping you above the direct danger zone.

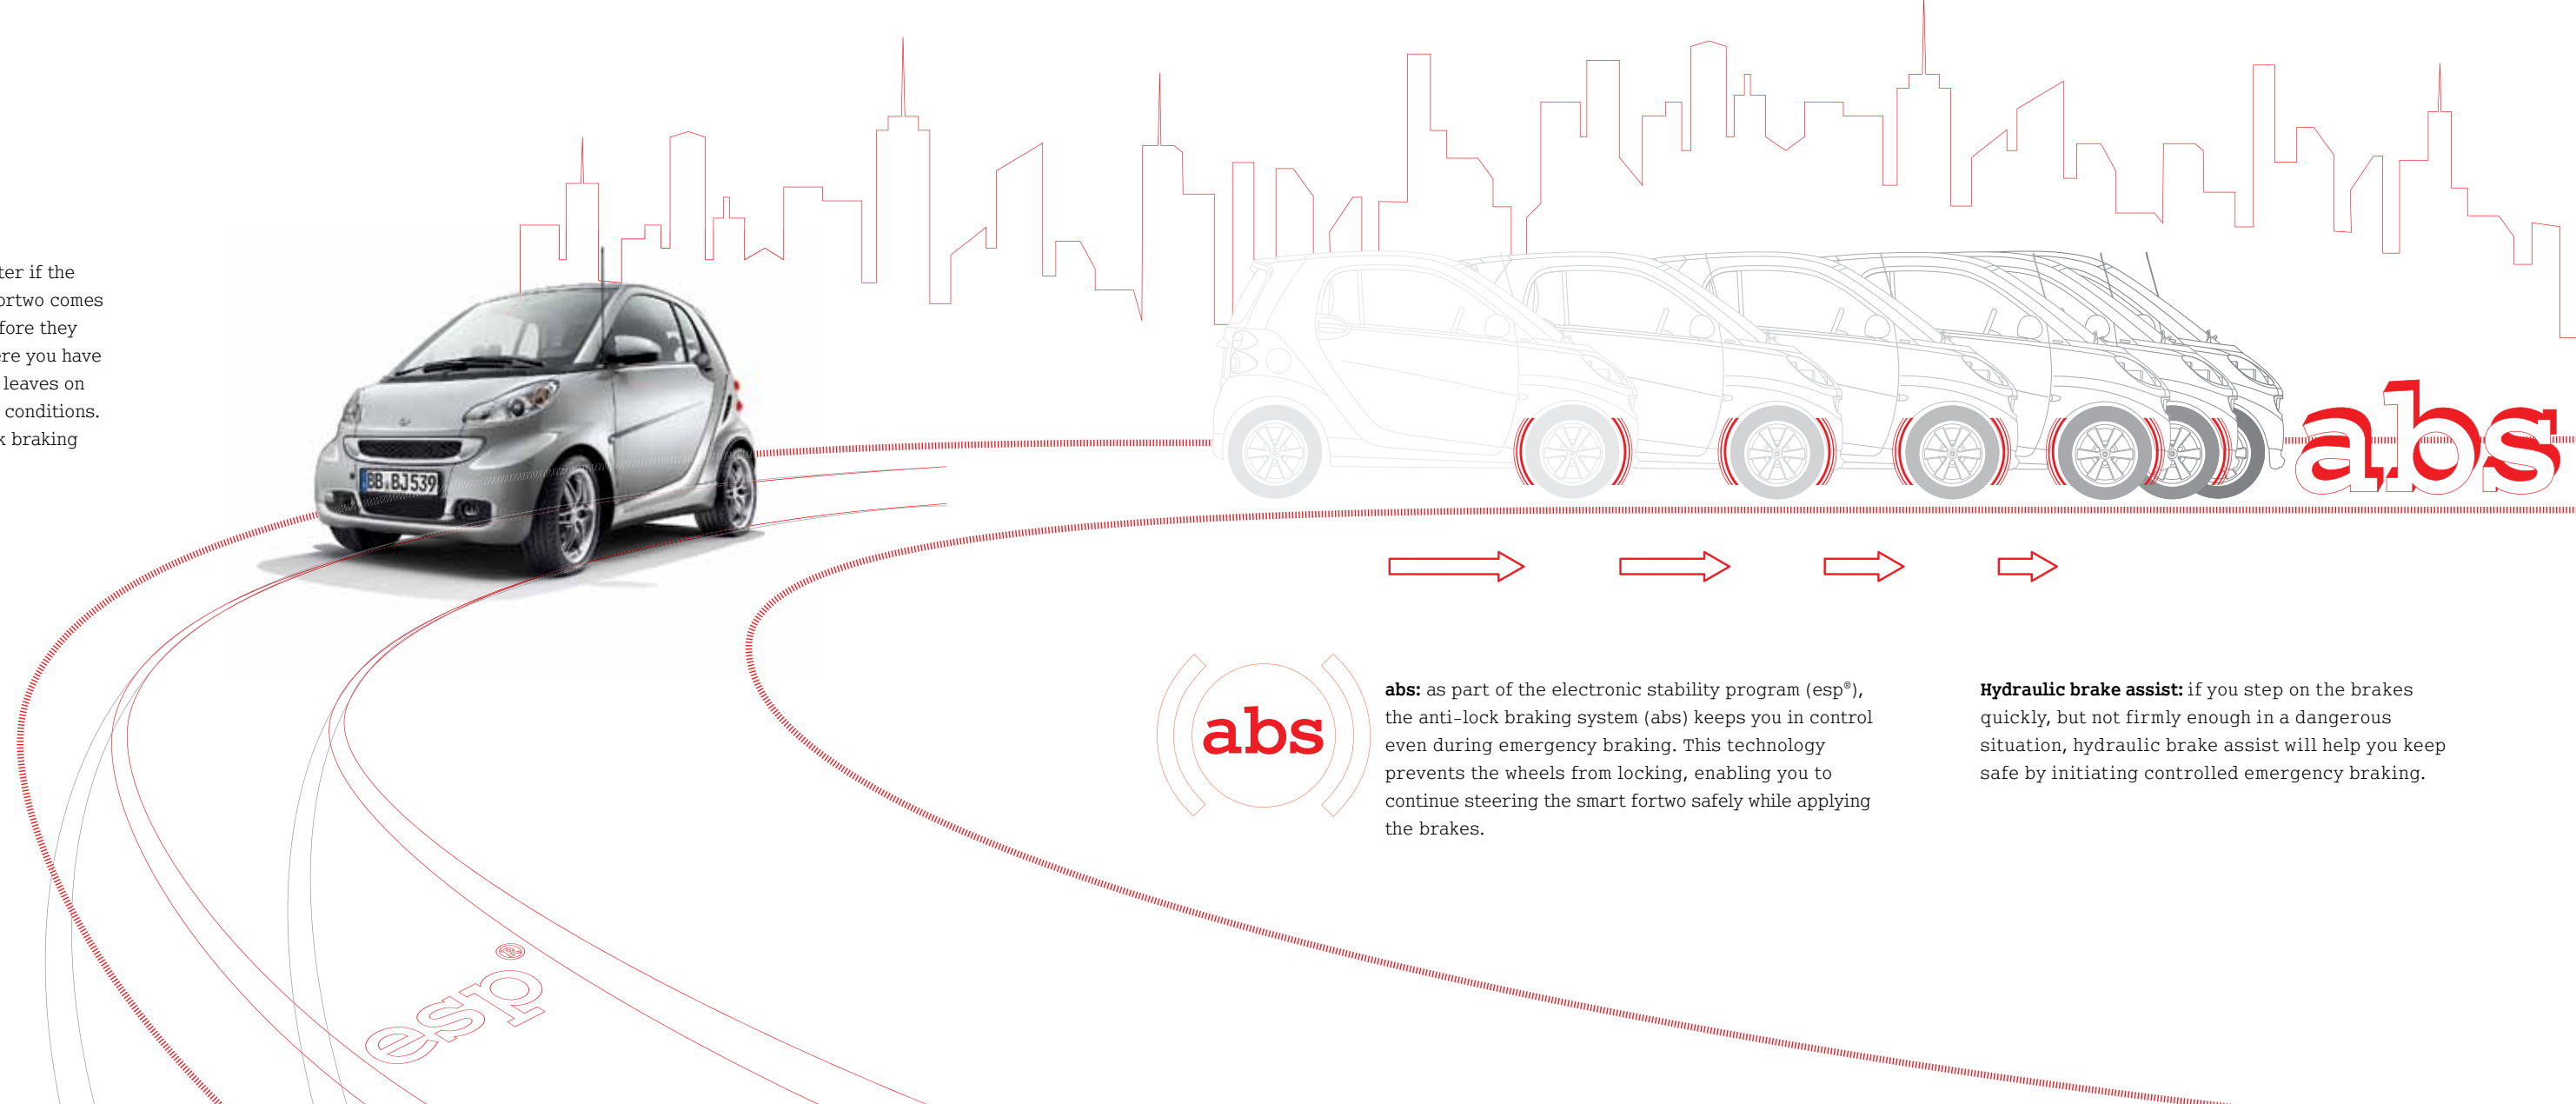

**Eight standard airbags (coupé):** in the event of an impact, full-size driver and passenger front airbags, knee airbags, side and window airbags offer maximum protection for the driver and passenger. The cabriolet models come standard with six airbags by offering combined head/thorax side airbags. In the event of a side-on impact, the robust steel door structure, head/thorax side airbags (cabriolet) or window and side airbags (coupé) offer additional protection for the head and chest.

## >> Giving danger the slip. Active safety.

It's good when an accident doesn't do any damage. But it's even better if the accident can be prevented in the first place. That's why the smart fortwo comes with active safety systems, to help prevent dangerous situations before they arise. In city traffic in particular, you may encounter situations where you have to swerve or brake: the door of a parked car suddenly opening, wet leaves on the side of a road or a misjudged bend can result in critical driving conditions. In such cases, esp® helps to stabilize the vehicle, while the anti-lock braking system (abs) optimizes braking and swerving manoeuvres.

**esp®:** when the vehicle is in danger of swerving, the electronic stability program (esp®) throttles the engine torque and brakes individual wheels in order to prevent the car from swerving.

**abs:** as part of the electronic stability program (esp®), the anti-lock braking system (abs) keeps you in control even during emergency braking. This technology prevents the wheels from locking, enabling you to continue steering the smart fortwo safely while applying the brakes.

**Hydraulic brake assist:** if you step on the brakes quickly, but not firmly enough in a dangerous situation, hydraulic brake assist will help you keep safe by initiating controlled emergency braking.

# 05 Models

People are as different as the cities they live in. Some place importance wholly on practicality, while others value additional comfort. The smart fortwo suits all needs and the equipment lines are tailored accordingly – from practical to sporty or discerning.

## >> There's a smart fortwo for everyone. Equipment lines at a glance.

The smart fortwo is available in three equipment lines. From purist to sporty, elegant, high-spirited or luxurious – two models are also available as a coupé or a cabriolet. On the following pages you'll find all the information you'll need to help you decide which model best suits you.

### pure

---

**Purist.** Everything you need and nothing you don't.

### passion

---

**Stylish.** A focus on comfort and elegance.

### BRABUS

---

**High-spirited.** Make a strong, sporty statement.

## >> coupé or cabriolet, the sky's the limit. Choose your roof.

Enjoy the sun through the large panoramic glass roof or open up the cabriolet to let in the sky. Either way, the design of the roof conveys a sense of spaciousness.

**smart**  
CITY SOLUTION  
Panoramic roof

### The smart fortwo coupé.

The coupé's large panoramic roof<sup>1</sup> made of break-resistant polycarbonate glass lets in lots of light regardless of the weather.

The integrated sunblind protects you from too much sun when necessary, and the storage compartment in the tailgate gives you extra space where there normally wouldn't be any. The coupé is also available with a solid black roof<sup>2</sup> made of sturdy plastic.

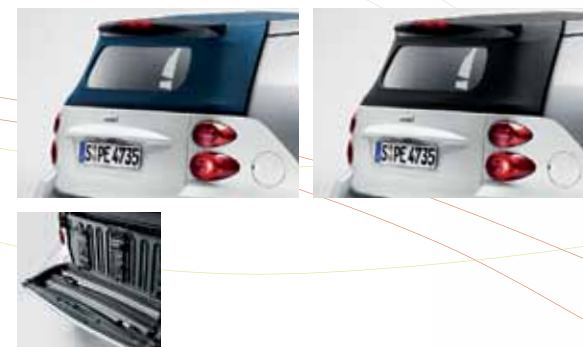

<sup>1</sup>Standard for passion and BRABUS coupé. <sup>2</sup>Standard for pure.

### The smart fortwo cabriolet.

You decide how much summer you want with the fully automatic tritop fabric soft top, available in black, red or denim blue. With the 4-button key, you can open the sturdy soft top from a distance. And for maximum freedom you can even remove the roof bars, which are designed for space-saving storage in the tailgate.

The folding top closes in seconds with the touch of a button – even when driving at high speeds. The rear window is made of scratch-resistant safety glass and can be heated for better rear visibility.

**smart**  
CITY SOLUTION  
Fully automatic  
tritop fabric soft top

# >> Purist. The smart fortwo pure.

A wide range of safety features and numerous clever solutions are standard.  
The trendsetting smart fortwo concept in its purest form.

**tridion safety cell:** in black, as well as door mirrors and radiator grille in black.

**Steel wheels with wheel covers, 15":** with 155/60 R15 all season tires at the front and 175/55 R15 all season tires at the rear.

**smart entry line radio (AM/FM Radio, USB/Aux input, 2 speakers):** with USB and Aux input for your MP3 or CD player, two door loudspeakers and additional drawer below the operating unit.

**Solid roof:** weatherproof and robust, a sturdy black plastic roof with a textured surface.

**2-spoke leather steering wheel with leather gear knob:** in supple leather for a particularly good grip.

**4-button key:** locks and unlocks your smart via remote control.

**Upholstery:** hard-wearing, in functional black, with colour coordinated fabric elements on the instrument panel.

**Electric windows:** with one-touch control on the driver's side.

## >> Stylish. smart fortwo passion.

The smart fortwo passion gives new meaning to driving in style with a focus on comfort and elegance. Thanks to the 3-spoke leather sport steering wheel with shift paddles and air conditioning, the smart fortwo passion will get you to your destination in distinct comfort. The silver tridion safety cell and stylish 12-spoke alloy wheels provide a chic appearance.

**tridion safety cell:** a stylish contrast in elegant silver, alternatively available in classic black or white. The door mirror caps and radiator grille are finished in the matching colour.

**Exterior appearance package:** all aprons and side skirts are finished in the bodypanel colour, giving the vehicle a more graceful look.

**12-spoke 15" alloy wheels:** with 155/60 R15 all season tires at the front and 175/55 R15 all season tires at the rear.

## >> At a glance.

Standard equipment for all lines.

### Functional/electrical

5-speed automatic with manual shift mode and kickdown function

Central locking with radio remote control, immobilizer and panic button; incl. locking filler cap

Instrument cluster with multifunctional display (digital gear display with gear recommendation, fuel gauge with reserve indicator, service interval indicator, trip recorder and clock)

Exterior temperature indicator with frost warning

Indicators with lane changer function

Comfort windscreen wipers with speed-sensitive interval wiping and automatic wipe/wash function

Rear window wiper with interval wiping and automatic wipe/wash function

Heated rear window

One-hand operation of tailgate with electric rear window release (coupé)

Rear window release (coupé) or remote roof release (cabriolet) via 4-button key

12-volt socket with cover

smart entry line radio (AM/FM Radio, USB/Aux input, 2 speakers)

Single-tone horn

Power windows

### Safety

esp® — electronic stability program with hill start assist

Anti-lock braking system (abs) with electronic brake-force distribution

Full-size driver and passenger front airbags

Driver and passenger knee airbags

Side and window airbags (coupé), head/thorax side airbags (cabriolet)

tridion safety cell

Safety seats with integral seat belts

Seat belts with belt tensioners and belt force limiters

Hydraulic dual-circuit brake system with servo assistance

Hydraulic brake assist

Crash elements at front and rear

Crash sensor (auto switch-on of hazard warning lights)

Drive lock — doors automatically lock when the vehicle is in motion

Passenger seat occupancy recognition system

### Exterior

bodypanels in deep black, rally red or crystal white

Fuel cap finished in the bodypanel colour

H7 projection headlights

White side indicators

Service flap

Third brake light

Door mirror caps in tridion colour

### Interior

Passenger seat backrest can be folded flat for through-loading

Storage compartments on passenger side and next to steering wheel

Net pockets in doors and sides of seat backrests

Lockable glove compartment

Dual cup holder

Interior lighting

Vanity mirror in passenger sun visor

Storage compartment in tailgate

Special equipment features for the different lines.

### pure

Solid roof in black

tridion safety cell in black

Door mirror caps and radiator grille in black

Steel wheels with wheel covers (15") with front all season tires: 155/60 R15; rear all season tires: 175/55 R15

2-spoke leather steering wheel and leather gear knob

Upholstery colour: black

Contrast components in pearl black

Fabric elements on instrument panel are colour-coordinated with upholstery

### passion

Panoramic roof (coupé, incl. sun screen)

tridion safety cell in silver or black

Door mirror caps and radiator grille in silver or black

“design 8” 12-spoke alloy wheels (15") with front all season tires: 155/60 R15; rear all season tires: 175/55 R15

Exterior appearance package (front and rear apron and side skirts finished in the bodypanel colour)

passion logo in mirror triangle

Electrically adjustable and heated side mirrors

Electronic power steering (eps)

smart sound-system (2 tweeters, 2 mid-range speakers and subwoofer)

electric tritop fabric soft top (fully automatic) with heated glass rear window and headlining with removable roof bars

3-spoke leather sport steering wheel with shift paddles and leather gear knob

Air conditioning with automatic temperature control (includes dust and pollen filter)

Folding arm rest

Ambient lighting

Dashboard instruments (cockpit clock and rev counter)

Upholstery colours: design black, design red or design beige

Contrast components in the colour: pearl black, pearl red or pearl beige, colour-coordinated with upholstery

Fabric elements on instrument panel, door trim and knee pad, colour-coordinated with upholstery

## >> More style, more fun, more exclusive. smart fortwo BRABUS.

smart BRABUS gmbH is a joint venture between smart and BRABUS, the ultimate in automotive enhancement. The designers and engineers behind the smart fortwo BRABUS placed particular focus on two areas:

- > **Performance:** the sporty suspension components specially developed for smart and a number of aerodynamic elements give your smart fortwo all-round sports driving dynamics. The low CO<sub>2</sub> emissions prove that sporty performance and respect for the environment can go hand in hand.
- > **Design:** the vehicle consists of exclusive design elements crafted from high quality materials such as leather, brushed aluminium and bright stainless steel - making the smart fortwo BRABUS a feast for all senses.

**Front fog lamps:** give the BRABUS an even sportier look and ensure improved visibility in poor weather conditions.

**tridion safety cell:** available in silver and black, with matching mirror caps and radiator grille.

**BRABUS sports suspension lowering the vehicle by 10 mm:** the low centre of gravity provides for even better roadholding and a dynamic look.

**BRABUS "Monoblock VII" alloy wheels (15" front, 17" rear):** with front all season tires: 175/55 R15; rear all season tires: 215/35 R17.

## >> High-spirited. The smart fortwo BRABUS.

If you're looking for a really dynamic model, then you're looking for the smart fortwo BRABUS.

**BRABUS logo on front and rear:** a badge that's earned and speaks volumes.

**BRABUS sport exhaust system and BRABUS rear apron:** the chrome-plated and sporty chamfered tailpipes and the rear apron are beyond stylish. Be warned of tailgaters.

**Upholstery:** leather, heated safety seats with integral seat belts offer good lateral support. The leather optic dashboard is colour-coordinated with the upholstery.

**smart touchscreen multimedia system:** with a 16.5 cm (6.5") touchscreen display, navigation with perspective map display and voice control, Bluetooth® hands-free function, Aux/USB port, iPod® interface, CD/DVD player, picture viewer and two door loudspeakers.

**3-spoke leather sport steering wheel with shift paddles and leather gear knob:** sporty gear shifting with shift paddles. The leather-covered steering wheel offers a perfect grip for every driving style.

## >> At a glance.

Equipment and features of the BRABUS models, available both as coupé or cabriolet.

**The coupé variant is shown. Different scope of equipment in all lines for cabriolet:** electric tritop fabric soft top (fully automatic) in black with heated glass rear window and headlining, removable roof bars, storage compartment for roof bars in tailgate.

## BRABUS

52 kW (70 hp) in-line 3-cylinder gasoline engine  
BRABUS "Monoblock VII" alloy wheels with front 175/55 R15 and rear 215/35 R17 all season tires  
BRABUS sport suspension, lowered by 10 mm  
BRABUS sport exhaust system with rear apron  
BRABUS logo on front, rear and mirror triangle  
Panoramic roof (coupé, incl. sun screen)  
tridion safety cell in black, alternatively available in silver  
Front fog lamps

Dashboard instruments (cockpit clock and rev counter)  
BRABUS sport pedals in matte brushed aluminum with rubber nubs  
3-spoke leather sport steering wheel with steering wheel gearshift  
Air conditioning with automatic temperature control (incl. dust and pollen filter)  
Power windows  
Luggage compartment cover (retractable incl. net bag)  
smart surround sound system (2 high-performance in-door speakers, 2 additional rear-fill speakers, 2 tweeters in mirror triangles, subwoofer, 8x40 watt amplifier)  
Ambient lighting  
smart touchscreen multimedia system (navigation/radio/CD/DVD/Bluetooth®)  
Electrically adjustable and heated mirrors  
Electronic power steering (eps)

Upholstery: leather  
Interior contrast components in pearl black

## >> Mix and match to suit your taste. Colour overview.

It's obvious at first glance that the smart fortwo is a very unique car. What makes it more unique is that you can choose between 21 different colour combinations for the tridion safety cell and bodypanels (coupé). cabriolet drivers have a choice of 63 possible combinations between three attractive tritop soft top colours. Whatever its final configuration, it has never been easier to customize your own personal smart fortwo!

	<p><b>tridion safety cell in black:</b></p> <ul style="list-style-type: none"> <li>pure: ■</li> <li>passion: ○</li> <li>BRABUS: ■</li> </ul>

# 06 Options

What's important to you as you drive through the city? Enjoying your favourite tunes, calling friends hands-free, or discovering new routes and destinations? Do you prefer an individual, sporty look? Or are comfort and convenience your top priorities?

With optional equipment from smart and smart BRABUS you can tailor your smart perfectly to your needs. Decide how much sportiness, elegance, comfort and functionality is right for you - and order optional equipment straight from the factory.

## >> Look after your appearance. Optional exterior equipment.

**Fully automatic tritop fabric soft top with heated glass rear window (cabriolet):** the folding top can be opened to various positions and is available in black, denim blue and red.

**tridion safety cell in black, silver or white:** the expanded range of colours for the tridion safety cell and bodypanels open up even more possibilities for customization.

**LED lights<sup>1</sup>:** see and be seen, with elegant (high)lights.

**smart bodypanels:** in addition to the standard colours, the bodypanels are also available in silver metallic, grey metallic, light blue metallic and matte light green.

**Exterior appearance package<sup>2</sup>:** aprons and side skirts painted in the bodypanel colour.

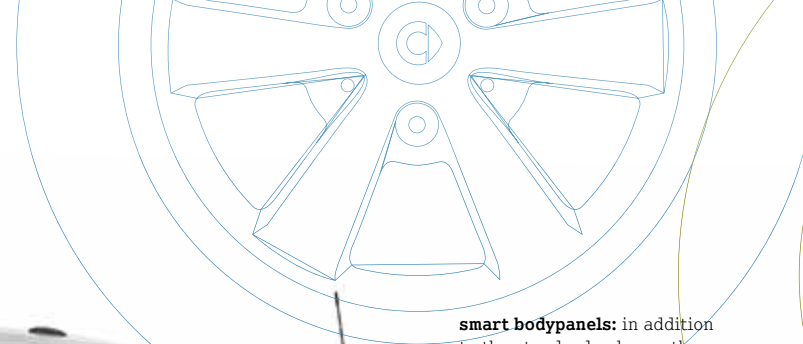

**Front fog lights:** a sporty detail that ensures perfect visibility in bad weather.

## >> Choose your profile. Optional wheels and tires.

**Double 3-spoke alloy wheels:** 15" with wide tires measuring 165/60 R15 at the front and 195/50 R15 at the rear.

**12-spoke alloy wheels<sup>3</sup>:** 15" with all season tires measuring 155/60 R15 at the front and 175/55 R15 at the rear.

**6-spoke alloy wheels:** 15" with wide tires measuring 165/60 R15 at the front and 195/50 R15 at the rear.

<sup>1</sup>Expected availability in 3<sup>rd</sup> quarter of 2011 as a dealer installed option. <sup>2</sup>Standard equipment for passion line. <sup>3</sup>Only available in conjunction with a package.

## >> Feel at home.

Optional equipment for the interior.

**Folding armrest for the driver's seat<sup>2,3</sup>:** for even greater comfort.

**Heated leather seats<sup>1,2</sup>:** the seats with integral seat belts in black leather look elegant and are extremely comfortable.

**Heated seats:** two settings with automatic switch-off function.

**Instrument panel in leather look<sup>2</sup>.**

**Dashboard instruments<sup>3</sup>:** both cockpit clock and rev counter are lit from inside and can be swivelled to the driver's preference.

<sup>1</sup>The seat bottom and the rear of the backrest are in imitation leather. <sup>2</sup>Only available in conjunction with a package. <sup>3</sup>Standard for passion variant.

## >> It's easy when you're smart.

Options - functional and electrical equipment.

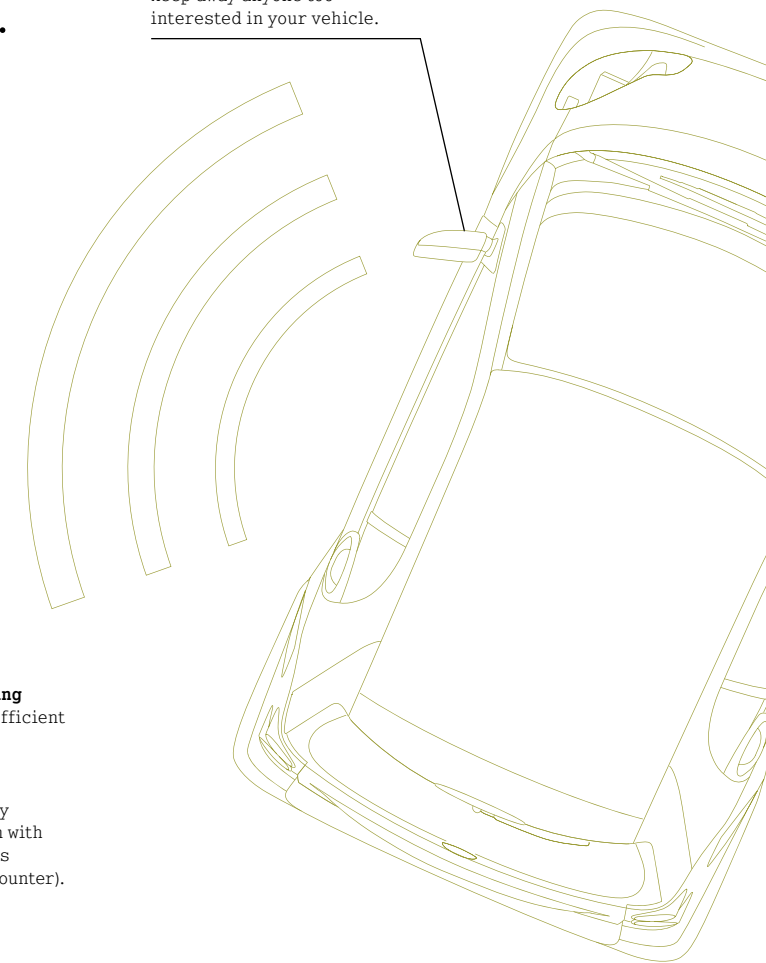

**Cruise control<sup>1</sup>:** easy to operate via controls on the steering wheel.

**Tire pressure monitoring system:** ensuring fuel efficient driving every day.

**Bluetooth<sup>®</sup> module:** only available in conjunction with dashboard instruments (cockpit clock and rev counter).

<sup>1</sup>Only available in conjunction with a package.

**Anti-theft alarm system:** keep away anyone too interested in your vehicle.

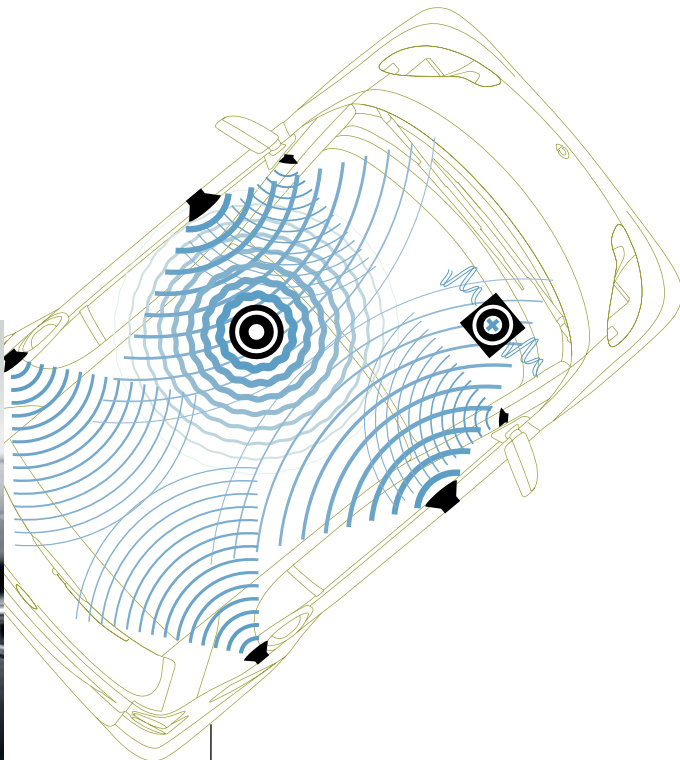

>> You'll always have two front row seats.

Options: sight and sound.

**smart touchscreen multimedia system:** the multimedia system has a 16.5 cm (6.5") touchscreen display, navigation with perspective map display and voice control, Bluetooth® hands-free function for your mobile phone, Aux/USB port for your mobile music player, iPod® interface that allows you to use your iPod® on the touchscreen, CD/DVD player, picture viewer, two door loudspeakers and many other functions.

**smart surround sound system:** compatible with the smart entry line radio. It has 2 high performance in-door speakers, 2 additional rear-fill speakers, 2 tweeters in mirror triangles, subwoofer, and an 8x40 watt amplifier.

>> smart space.

Options - storage and more.

**Luggage compartment cover (retractable, incl. net bag):** protects luggage from sunlight and prying eyes. The net bag on the outside is within easy reach of the driver and passenger.

**Storage box on centre console:** the ideal place for everything that needs to be kept within easy reach.

## >> Economical only in cost. Optional equipment packages.

smart offers various equipment options – but wouldn't it be great if you could get what you want for less? With smart's equipment packages, you can get more value for your money. The equipment packages have been compiled according to theme: more information, more style, more comfort or more sportiness.

### Touring package.

All information at your fingertips. The touring package supplies you with all the information you need on the road and offers quick and simple operation.

**For a relaxing journey:**

- > Cruise control
- > Trip computer
- > 3-spoke leather sports steering wheel and leather gear knob

### Comfort package.

The comfort package contains functional solutions that make every journey safer and more comfortable – whatever the weather or time may be.

**For more comfortable driving:**

- > Air conditioning with automatic temperature control (including dust and pollen filter)
- > Folding arm rest

### Leather package.

The finely stitched heated leather seats add style all year round, but as temperatures drop they also can keep you warm. The leather optic wrapped dashboard adds extra flair.

**For style and warmth:**

- > Heated leather seats
- > Dashboard in leather optic

### pure style package.

A full set of sporty extras.

**For a real show-stopping appearance:**

- > Exterior appearance package (bumpers and side skirts matching bodypanel colour)
- > 12-spoke alloy wheels: 15" with front all season tires: 155/60 R15 and rear all season tires 175/55 R15
- > Fog lamps

# 07 Service and accessories

Cities have almost everything needed for a pleasant life – and your smart dealer has everything you need for your smart fortwo. Whether you want to customize your smart with optional accessories to meet your specific needs, or are looking for financing and warranty services to make life easier, your smart Centre is there to help. And of course, we can also get your smart ready for any occasion or season.

## >> smart people to help. The smart Centres.

To really get to know a car like the smart fortwo, you need to experience it firsthand. The best way to do that is to take it for a test drive. So visit your smart Centre, take a seat and find out all there is to know about the smart fortwo, the equipment and accessories. Of course, we will also be pleased to answer all your questions about financing, leasing and the extensive range of smart services. Your smart Centre has plenty of smart people to help you.

### Leasing and financing.

Personalized driving and personalized financing. We're not just accommodating and flexible in helping you to put together your own personal smart fortwo – we also adopt the same approach when it comes to financing. You can choose the options best suited to meet your needs from a range of attractive leasing and financing solutions offered by Mercedes-Benz Financial Services.

Regardless of the financing option you choose, you'll benefit from the security and reliability of Mercedes-Benz Financial Services. As the dedicated financial services provider of Mercedes-Benz Canada, we can offer you the support of a strong and dependable partner.

Mercedes-Benz Financial Services

## >> smart parts and service. Genuine smart service.

Should a problem arise with your smart fortwo, we'll make sure it's back on the road in a hurry. That's because we offer excellent service: replacement parts developed especially for your smart, experts who know your model inside and out plus personal service wherever you are. In a nutshell: genuine smart service.

### Future-oriented service concept.

Maximum maintenance at minimum costs, thanks in part to long maintenance intervals on a 12-month/15,000 km basis. The smart warranty will make you feel even better about your smart fortwo: four years or 80,000 km, whichever occurs first.

**New car warranty:** 48 months or 80,000 km, whichever occurs first.

**Adjustment period:** 12 months or 20,000 km, whichever occurs first.

**Emission warranty:** 24 months or 40,000 km, whichever occurs first. On certain parts, 96 months or 130,000 km, whichever occurs first.

**Surface corrosion:** 48 months or 80,000 km, whichever occurs first.

**Perforation:** 60 months unlimited km.

### smart Extended Limited Warranty.

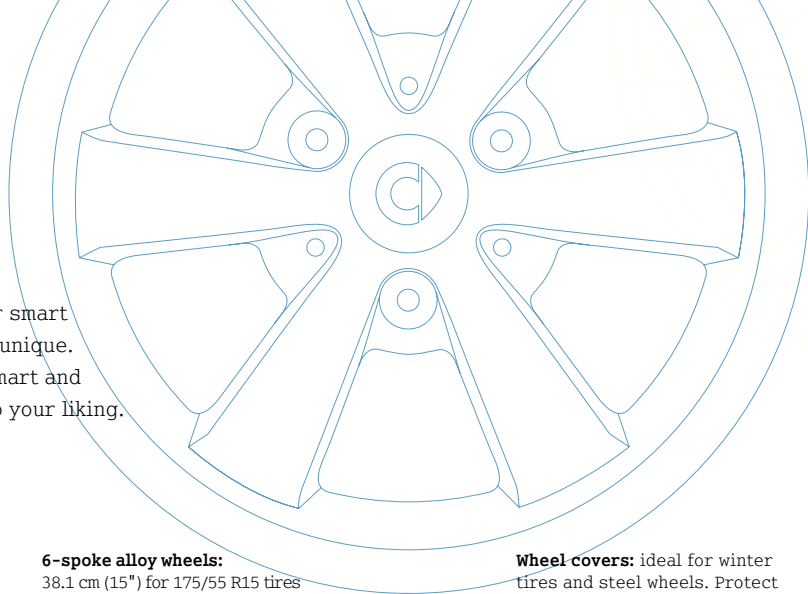

If you plan to drive your vehicle beyond its 4 year/80,000 km new vehicle warranty, then an Extended Limited Warranty may be right for you. Extended coverage is available for up to 6 years or 120,000 km, whichever comes first. Please contact your smart Centre for pricing and details.

The **smartmove Assistance Program** provides 24-hour breakdown assistance within Canada, free of charge for 4 years after the vehicle's initial registration. Services include battery boost, flat tire inflation, winching/extrication and towing.
