Kizashi

Way of Life!

The Power of Control

As soon as you get behind the wheel, you will feel it: a unique sense of power rests in your hands. Manoeuvring the Kizashi feels effortless. Every bend in the road appears as an opportunity to expand your growing sense of exhilaration and freedom. For 2012, all Kizashi models feature Suzuki class exclusive Intelligent All Wheel Drive (iAWD) System as standard equipment.

“Highest Ranked Vehicle Appeal Among Midsize Cars”

in a J.D. Power and Associates study.^{††}

3 GREAT MODELS: ALL WITH STANDARD INTELLIGENT ALL WHEEL DRIVE (iAWD)

“S” Model – Loaded with comfort and convenience features

“SX” Model – Luxury “loaded” – this model ups the ante with standard leather seats, power sunroof and a Rockford Fosgate Premium stereo system

“Sport” Model – this “top of the line” Kizashi adds sport suspension tuning, unique alloy wheels and a rear spoiler. The Sport looks fast – even while standing still!

Stir Your Emotions

You will know it the first time you catch a glimpse of its aggressive alloy wheels and eye-catching, chrome-accented exhaust tips. Kizashi was born to be driven. Experience the Power of Control for yourself...and just try to wipe the smile off your face!

Kizashi S iAWD: Fully Equipped

There is nothing basic about the Kizashi S – in fact this model comes equipped with luxuries unheard of in its class, all at an affordable price.

A Stimulant for New Expectations

From every angle, the Kizashi points toward a dynamic way of life. You see it in the Kizashi aerodynamic body whose strong, clean lines give a sense of power and solidity. You feel it in the precise attention to detail that befits a luxury sedan. Superbly crafted with luxurious touches and precisely designed with leading-edge technologies, the 2012 Kizashi Sport will heighten your driving senses. Take a look and the inspiration to drive will overtake you.

KIZASHI SPORT iAWD:

For the very essence of a mid-size sport sedan, look no further than the Sport grade of the 2012 Kizashi. This “Top of the Line” Kizashi delivers extra exhilaration thanks to its unique sport suspension and lower ride height. It looks as good as it drives with a special trim kit, including a rear spoiler, chrome-plated door garnishes and other exclusive sport-styling details.

The rear centre armrest includes cup holders and a trunk pass-through opening in the rear seat, allowing you to stow long items without folding down the rear seat.

Rear seat passengers will appreciate the comfort of a ventilation system all their own.

EXPERIENCE TOTAL FOCUS

Climb inside and let the luxurious surroundings envelop you. As your eyes take in the precision of the instruments and controls, the pointed design will maximize your focus. Every control is placed intuitively, exactly where you would expect it to be. Every colour and texture is subdued and refined, the symmetrical design of the instrument panel adds to the sense of quality and sportiness. Beautifully crafted details like the satin finish on the shift lever and the toggle switches on the leather-wrapped steering wheel provide further inspiration. Taken together, it is simplicity with a higher purpose: to allow you to focus on the road ahead and the simple pleasure of driving.

Perfectly position yourself using the easily accessible 10-way power seat adjustment with 3-position memory control.

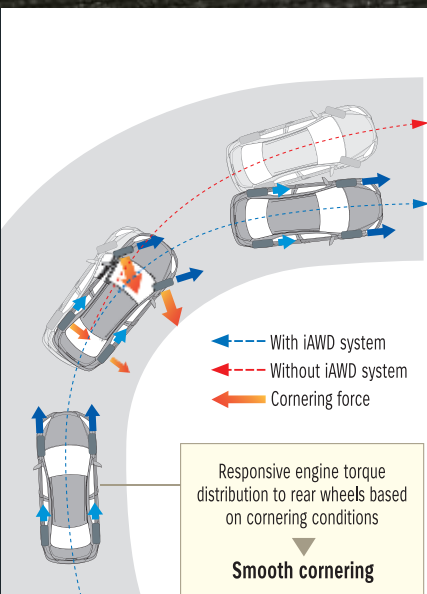

Take the chill off with the Kizashi standard Heated Front Seats, including three temperature settings.

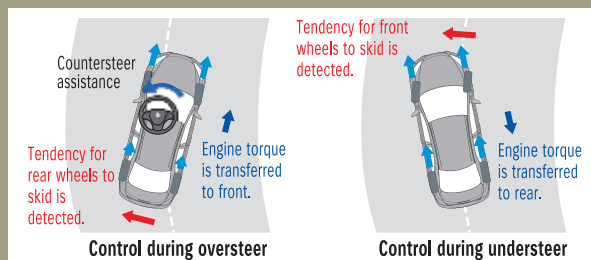

Power Resides in Control

From the moment you steer your Kizashi onto the road, a unique sense of power rests in your hands. It's the power of control; an experience of synchronicity born from new technologies, advanced engineering and a commitment to achieving perfection. Manoeuvring feels seamless, acceleration and deceleration effortless. Every bend in the road appears as an opportunity to expand your soaring sense of freedom.

iAWD System: Standard on all 2012 Kizashi models, the Suzuki “Innovative Intelligent All Wheel Drive” System (iAWD) provides dynamic performance and impressive fuel economy. iAWD constantly monitors the road surface and driver variables such as speed and steering wheel angle. Based upon this monitored information, the system utilizes a technology called “Feedforward Control” to transfer engine torque from the front to the rear wheels, all before it detects the front wheels losing grip. What does this mean for you, the driver? Simply put, you can pull away, accelerate and corner smoothly all the while experiencing confidence-inspiring control even on rough, snowy, wet or otherwise challenging road conditions. Plus, when driving conditions don’t demand all wheel drive, you can switch the iAWD system to two-wheel drive mode.

Synergetic Vehicle Dynamics Control System: Standard on all 2012 Kizashi models, the “Synergetic Vehicle Dynamics Control” System utilizes sensors to monitor every aspect of the vehicle’s operation. If the System senses that the front or rear wheels are starting to skid, it stabilizes your Kizashi by controlling the power-steering system and Intelligent All Wheel Drive System in ways that optimize the level of steering assistance and the proportion of engine torque going to the front and rear wheels. This means the Kizashi stays smooth and stable even on slippery roads.

Know Peace of Mind

The 2012 Kizashi gives you a precise sense of handling and braking control as well as visibility and awareness of the conditions around you. The Kizashi surrounds you with extensive protection in the form of 8 airbags and the security of a rigid body structure complete with impact absorbing materials.

[†]To avoid injury from an inflating airbag always place children twelve years old and under in the rear seat. Always move both driver and passenger seats as far back from airbags as practical; never transport a child in a rear-facing seat in the front seat. Always use the seat belts and buckle up properly.

Fuel economy estimates are determined by using Transport Canada approved testing methods.

^{††}The Suzuki Kizashi received the highest numerical score among Midsize Cars in the proprietary J.D. Power and Associates 2011 Automotive Performance, Execution and Layout Study[®]. Study based on responses from 73,790 new-vehicle owners, measuring 234 models and measures opinions after 90 days of ownership. Proprietary study results are based on experiences and perceptions of owners surveyed in February-May 2011. Your experiences may vary. Visit jdpower.com.
