

Full Line

2012

Das Auto.

Das Auto.

Of course, "Das Auto" has a literal translation. It means "the car". But, for us, the meaning runs a bit deeper. It means that we want to build cars that you love. We want to build cars that you love to drive and love to look at. We definitely want to build smart, efficient cars that you feel good about driving. In the end, we don't want you to think of your Volkswagen as "the car". We want you to think of it as "The Car".

When you look at the 2012 models, you should see what we're talking about. The Beetle, the Passat and the Jetta GLI are completely redesigned and reengineered this year. And the Tiguan, the Eos and the Golf GTI each have a new look. As usual, of course, we've pored over the details of every vehicle in the lineup to ensure that you're as proud to drive it out of your driveway as we are to drive it out of the factory.

Think Blue.

BlueMotion™ Technologies isn't just a single technology, it's a range of innovations designed to help the environment and to help you get more out of your driving experience. We're deeply committed to improving every aspect of our vehicles. From improved transmissions and better aerodynamics to weight-reduction technologies that lead to drastically reduced fuel consumption and CO₂ emissions. Here are a few innovative technologies that make the 2012 Volkswagen lineup more efficient:

TDI Clean Diesel – It's the poster child for our BlueMotion initiative. Running on the new, industry-standard ultra-low sulphur diesel fuel, the whisper-quiet Volkswagen TDI Clean Diesel engines offer outstanding fuel economy, incredibly low emissions and a level of driving enjoyment you really have to feel to believe.

DSG – The Direct Shift Gearbox gives you the convenience of an automatic with the performance and efficiency of a manual. It's managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption.

TSI – We devised Turbocharged Stratified Injection to get more power out of smaller engines. By combining our FSI® direct fuel injection with a turbocharger, we can make our cars more powerful while keeping fuel consumption and CO₂ emissions low.

Safety standards come standard.

Every Volkswagen comes standard with many features that work in harmony to both help you avoid an accident and help protect you if an accident is unavoidable. And we are constantly updating it, because when it comes to safety, there is no finish line.

Standard airbags* – Every 2012 Volkswagen comes standard with front and side airbags for front seat passengers, as well as Side Curtain Protection*** airbags which can deploy in severe side impacts to help reduce head injuries for front and rear seat occupants.

Electronic Stability Control (ESC) – ESC helps the driver maintain their intended course by generating corrective forces. ESC is most effective when the driver is taking evasive action during sudden manoeuvres, like when avoiding an accident. This feature is standard on all Volkswagen models.

LATCH (Lower Anchors and Top-tether for Children) – Standard in all Volkswagen models, it allows for LATCH-compatible child seats to connect to built-in anchors easily and securely.

Anti-intrusion side door beams – High-strength steel reinforcements in each door which are designed to absorb impact energy to provide additional protection in side impacts.

Intelligent Crash Response System (ICRS) – Once a certain severity of crash has been detected, all doors are unlocked, the battery terminal is disconnected from the alternator cable, the fuel supply is shut off, warning hazards are switched on, and high-consumption electrical components are shut off, all automatically.

*Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seat, using restraint systems appropriate for their size and age.

**2012 Eos and 2012 Routan equipped with combined side-curtain and side-thorax supplemental airbag system.

Dramatization. All bags will not normally be deployed.

Jetta

We went back to the drawing board. And the price tag.

With the 2012 Jetta, innovation comes at a price. Good thing that it's a positively affordable one. Looking at its fluid lines and well-thought-out interior (the best-in-class rear leg room* took some serious thinking), you might not believe the price tag. Take a Jetta for a test drive, and you really won't believe it.

*Based on a comparison of other 2011 and 2012 models available at the time of publication, in the compact sedan class.

Key Features

Features

Available RNS 315 navigation system

This rarely-seen-in-this-class feature will get you wherever you're going and back home again, without a single "I think it's a left?"

17" alloy wheels*

Cast your eyes on the 17" alloy wheels. Careful, though – you might not be able to look away.

Media Device Interface (MDI) with iPod® connectivity*

Take all of your tunes with you. Just plug in the MDI with iPod® adapter to easily access all of your music via the in-dash touch screen.

Best-in-class rear cargo space** with available pass-through

15.5 cubic feet (0.44 m³) of trunk space gets even bigger when you fold down the 60/40 split rear seats or use the convenient rear-center armrest pass-through.

KESSY keyless access with start and stop button*

Unbelievably convenient – start your car without ever having to take your key out of your purse or your pocket.

Premium 8 touch-screen radio*

So much fun right at your fingertips – literally. This touch-screen unit, with 6-disc CD changer, SIRIUS® Satellite Radio and 6 powerful speakers, gives you all the music you could possibly want, in one sleek, powerful package.

More Features

Available Fender® premium audio system

The best seat in the house is inside your Jetta with the available 400-watt Fender® premium audio system. It's time to take the show on the road.

Bluetooth® mobile phone connectivity with voice activation*

Say hello to hands-free freedom. Bluetooth® with voice command gives you seamless phonebook access, music streaming and, of course, voice calling.

More rear leg room

There's more than three feet (96.7 cm) in total. It's not only the most in its class, it's more than many larger sedans as well.**

*Feature is available on higher trimlines only.

**Based on a comparison of other 2011 and 2012 models available at the time of publication, in the compact sedan class.

Think Blue. It's how we put more thought into what and how you drive.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
Jetta Manual	2.0L	9.1	6.0
Jetta Automatic	2.0L	9.3	6.7
Jetta Manual	2.5L	9.9	6.2
Jetta Automatic	2.5L	9.1	6.5
Jetta Manual	2.0 TDI	6.7	4.6
Jetta Automatic DSG	2.0 TDI	6.7	4.7

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption may vary.

TDI Clean Diesel – Simply put, it's the new way of driving diesel. We're very proud of our diesel technology, which reduces emissions to extremely low levels and gives you outstanding fuel economy as well as exhilarating torque. TDI isn't just diesel, it's Clean Diesel.

DSG – A definite shift for the better. DSG stands for Direct Shift Gearbox. In essence, it gives you the convenience of an automatic with the performance and efficiency of a manual. Here's how it works. DSG is managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption. In fact, thanks to DSG, each shift takes less than 4/100ths of a second. And if you're the manual type, a quick flip of the Tiptronic® function lets you shift into something a little sportier.

Jetta GLI

Just add racing stripes.

The new 2012 Jetta GLI is here. But it refuses to sit still. Propelled by a 2.0 TSI turbocharged 200-horsepower engine, this vehicle insists on getting around. The 2012 Jetta GLI boasts serious performance, inspired handling and one aggressive-looking grille. Couple that with a sophisticated, race car-inspired interior and only the finest premium features, and you've got one accessible package that would stop any enthusiast in their tracks. Twenty-eight years after the original, the legacy proudly continues.

Key Features

Features

Unique Jetta GLI front grille

The distinctively sporty honeycomb grille allows for added air intake and helps cool the powerful engine.

2.0 TSI engine with 200 hp

The responsive 2.0 TSI turbocharged engine delivers a full 207 lb-ft of torque at just 1,700 rpm. The perfect mix of power and driveability.

RNS 315 touch-screen navigation system

When a car's this much fun to drive, you may not mind getting lost. But with touch-screen navigation you'll always find your way.

Available Fender®-branded audio system

Recreate that live concert-going experience every time you drive your Jetta GLI. Made exclusively for Volkswagen, this 400-watt, 8-speaker system with subwoofer packs the power and precision you'd expect from one of the world's best-known names in music.

Sport seats

Designed for authenticity and comfort, sport seats put you behind the wheel of your own personal race car.

Multifunction GLI sport steering wheel

Grab a hold of this red-stitched, race car-inspired steering wheel with available DSG paddle shifters and take full control of your driving experience.

More Features

Intelligent Crash Response System (ICRS)

In a collision, ICRS performs multiple safety functions, such as unlocking all doors, turning off power to the fuel pump and turning on the hazard lights.

KESY keyless access with start and stop button

Unbelievably convenient – start your car without ever having to take your key out of your pocket.

Jetta GLI-tuned sport suspension and XDS

When it comes to handling, Jetta GLI-tuned suspension maximizes traction, reduces understeer and improves overall response around corners.

Technology Package
– Fender® premium audio system – 400-watt digital sound package (8 speakers plus subwoofer)
– RNS 315 navigation system with touch screen

Think Blue. It's how we put more thought into what and how you drive.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
Jetta GLI Manual	2.0 TSI	9.8	6.2
Jetta GLI Automatic DSG	2.0 TSI	8.8	6.1

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption may vary.

DSG – A definite shift for the better. DSG stands for Direct Shift Gearbox. In essence, it gives you the convenience of an automatic with the performance and efficiency of a manual. Here's how it works. DSG is managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption. In fact, thanks to DSG, each shift takes less than 4/100ths of a second. And if you're the manual type, a quick flip of the Tiptronic® function lets you shift into something a little sportier.

TSI – TSI brings together the power of FSI® direct fuel injection with the extra oomph of a turbocharger. The end result? An ultra-efficient engine that provides maximum torque from 1,700 to 5,000 rpm, gives you outstanding performance through a wide range of speeds, power when you really need it, ultra-low fuel consumption and, ultimately, lower CO₂ emissions.

Golf

Form meets function. Fun ensues.

Available in nimble 3-door and handy 5-door models, the 2012 Golf is designed to drive you happy. But that's only if German-engineered responsive performance is something you enjoy. Or if available sport leather seats and sport suspension sound appealing. Both practical and pleasurable, the 2012 Golf doesn't just get you there, it also takes you away.

Key Features

Features

Premium 8 touch-screen radio*

So much fun right at your fingertips – literally. This touch-screen unit, with 6-disc CD changer, gives you all the music you could possibly want, in one sleek, powerful package.

17" alloy wheels*

Cast your eyes on the 17" alloy wheels with all-season tires. Careful, though – you might not be able to look away.

Media Device Interface (MDI) with iPod® connectivity*

Take all of your tunes with you. Just plug in the MDI with iPod® adapter to easily access all of your music via the in-dash touch screen.

60/40 split-folding rear seats with centre armrest and pass-through

The functional 60/40 folding seats and the rear-centre armrest with pass-through allow you to fit even larger items in an already large hatchback.

Heatable front seats and washer nozzles

Enjoy the comfort of a heated seat on a chilly day. Not to mention the comfort of knowing you can clean your windshield no matter what it's like outside.

Climatronic® dual-zone electronic climate control*

Create a climate that's perfectly tailored to your needs, whether you're the driver or the passenger. Now that's what we call taming the elements.

Here's how it works. DSG is managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption. In fact, thanks to DSG, each shift takes less than 4/100ths of a second. And if you're the manual type, a quick flip of the Tiptronic® function lets you shift into something a little sportier.

TDI Clean Diesel – Simply put, it's the new way of driving diesel. We're very proud of our diesel technology, which reduces emissions to extremely low levels and gives you outstanding fuel economy as well as exhilarating torque. TDI isn't just diesel, it's Clean Diesel.

Golf GTI

All systems go.

Take a good look. A real good look. Chances are if you catch a glimpse of the 2012 Golf GTI on the road, you won't be seeing its low-profile front grille and tailgate for long. Powered by the legendary 2.0 TSI 200-horsepower turbocharged engine and equipped with the Electronic Transverse Differential Lock (XDS for short) to maximize traction and minimize boredom, it's never in one place for long. Excluding the head of the pack, of course. You can always find it there.

Key Features

Features

Bi-Xenon headlights with Adaptive Front-light System (AFS) and LED Daytime Running Lights

In every way, our lights go farther. Not only brighter than regular bulbs, the Bi-Xenon lights with AFS turn up to 13 degrees around corners before you do. On top of that, the LED Daytime Running Lights last significantly longer than traditional headlights.

2.0 TSI 200-horsepower engine

This award-winning turbocharged engine has 200 horsepower and 207 lb-ft of torque. In plain English, it's fast. And powerful.

Multifunction GTI sport steering wheel with available DSG paddle shifters

With the Golf GTI's leather-wrapped multifunction sport steering wheel, you'll never want to let it go.

Climatronic® dual-zone electronic climate control

Create a climate that's perfectly tailored to your needs, whether you're the driver or the passenger. Now that's what we call taming the elements.

Media Device Interface (MDI) with iPod® connectivity

Take all of your tunes with you. Just plug in the MDI with iPod® adapter to easily access all of your music via the in-dash touch screen.

Available 18" alloy wheels

Cast your eyes on the 18" alloy wheels with all-season tires. Careful, though – you might not be able to look away.

More Features

Available RNS 510 navigation with 30 GB hard drive and voice activation

When a car's this much fun to drive, you may not mind getting lost. But with touch-screen navigation you'll always find your way.

Available power sunroof

Take the sun along for a spin with the simple twist of a dial.

Available KESSY keyless access with start and stop button

Unbelievably convenient – start your car without ever having to take your key out of your pocket.

Think Blue. It's how we put more thought into what and how you drive.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
6-Speed Manual	2.0 TSI	9.9	6.7
6-Speed Automatic DSG	2.0 TSI	8.7	6.3

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption may vary.

DSG – A definite shift for the better. DSG stands for Direct Shift Gearbox. In essence, it gives you the convenience of an automatic with the performance and efficiency of a manual. Here's how it works. DSG is managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption. In fact, thanks to DSG, each shift takes less than 4/100ths of a second. And if you're the manual type, a quick flip of the Tiptronic® function lets you shift into something a little sportier.

TSI – TSI brings together the power of direct fuel injection with the extra oomph of a turbocharger. The end result? An ultra-efficient engine that provides maximum torque from 1,700 to 5,000 rpm, gives you outstanding performance through a wide range of speeds, power when you need it, ultra-low fuel consumption and, ultimately, lower CO₂ emissions.

Beetle

Performance has a whole new shape.

Meet the shape of things to come. And a real nice-looking shape, at that. Sporty sleekness abounds in the completely redesigned 2012 Beetle, inside and out. Thanks to a longer front end, wider wheelbase, and an available integrated rear spoiler, the Beetle looks just as aggressive as it handles. The interior follows step with a distinctive dash setup and a multitude of customizable details. But enough with the introductions. If you really want to get to know each other, the road is your oyster.

Key Features

Features

KESSEY keyless access with start and stop button*

Get into your Beetle and get on the road without having to dig around for your key.

Available 2.0 TSI turbocharged engine with 200 horsepower and 2.5L engine with 170 horsepower

With two aggressive engines to select from, choosing the appropriate one is just a matter of preference.

Rear spoiler*

Spoil yourself even more with an integrated rear spoiler that enhances the look of the 2012 Beetle.

Available panoramic power sunroof

The panoramic, power-sliding sunroof gives a whole new meaning to the term "open road".

Fender® premium audio system*

A 400-watt masterpiece created specifically for Volkswagen by one of the most legendary names in music.

Ambient lighting feature*

With three distinctive lighting colours to choose from, all you have to do is step inside and set the mood.

More Features

Available dual exhaust

When it comes to tailpipes, two is definitely better than one. Better horsepower, better acoustics, and, most importantly, better looking.

RNS 315 touch-screen navigation system*

When a car's this much fun to drive, you may not mind getting lost. But with touch-screen navigation you'll always find your way.

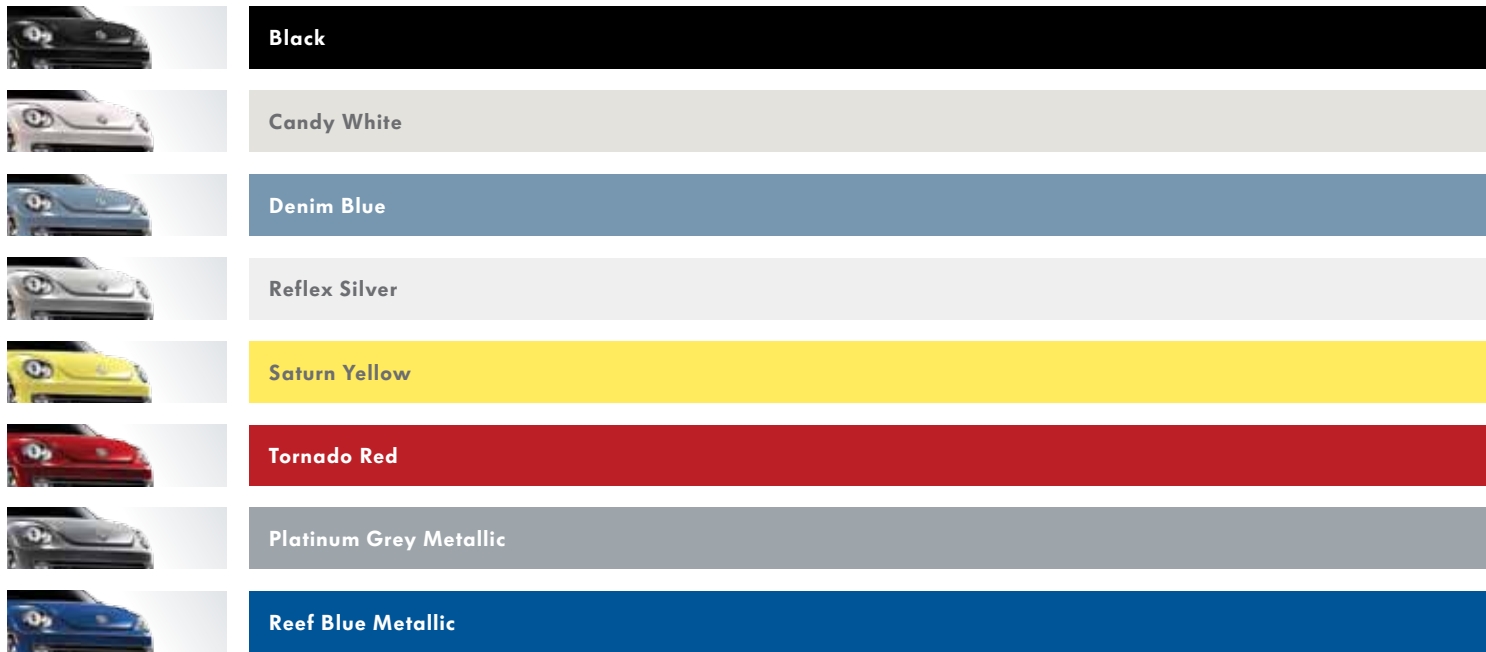

Sport suspension*

A lowered centre of gravity means better dynamics and a more agile drive.

*Feature is available on higher trimlines only.

Eos

Topless chic.

Meet the 2012 Eos: the only hardtop convertible in its category with a sunroof. Constructed with German ingenuity and designed for the open road, the 2012 Eos is the perfect combination of power and sophistication. With beautifully structured contours and available innovative features like KESSY keyless access with start and stop button, you've got a car that really makes a statement.

Key Features

Features

6-speed automatic DSG with Tiptronic®

Shifts gears seamlessly in 4/100ths of a second. Or quite literally in the blink of an eye.

Media Device Interface (MDI) with iPod® adaptor

Plug in your iPod® and cruise the open road with all your favourite tunes.

KESSY keyless access with start and stop button*

Unbelievably convenient – start your car without ever having to take the key out of your pocket.

Leather sport seats*

To keep you comfortable and in control while driving, side-bolstered leather seats support the contours of your body.

Coupe-Sunroof-Convertible (CSC) automatic folding hardtop

Go from coupe to convertible in 25 seconds flat.

17" alloy wheels

Cast your eyes on these 17" alloy wheels. Careful, though – you might not be able to look away.

More Features

Available RNS 510 navigation system

When a car's this much fun to drive, you may not mind getting lost. But with touch-screen navigation you'll always find your way.

Park Distance Control (PDC)

Park with confidence, knowing that you're a safe distance from all objects and vehicles.

Bluetooth® mobile phone connectivity with voice activation

Say hello to hands-free freedom. Introducing Bluetooth® with voice command.

*Feature is available on higher trims only.

Passat

Premium, meet Affordable.

The all-new 2012 Passat is a rare breed, for sure. Beneath that sleek, sophisticated exterior lies the most spacious Passat yet. And that interior is loaded with class-leading premium features. Designed and engineered in Germany and built in North America, the Passat represents a new generation in classic sedan design. This is a car built to handle the rigours of Canadian driving with the refinement and exhilaration you'd expect from Volkswagen.

Key Features

Features

KESSY keyless access with start and stop button*

Unbelievably convenient – start your car without ever having to take the key out of your pocket.

Three impressive fuel-efficient engines

2.5L 170 horsepower, 3.6 FSI 280 horsepower and 2.0 TDI Clean Diesel

Available Fender® premium audio system

Recreate that live concert-going experience every time you take your Passat for a drive. Developed for Volkswagen and tuned for the Passat, this 400-watt system with 8 speakers and a subwoofer packs the power and precision you'd expect from one of the world's best-known names in music.

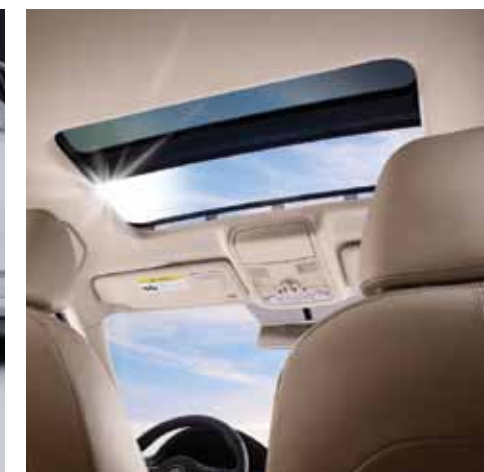

Leather/Dinamica seating surfaces*

The richness of leather combined with premium, sport-inspired insets.

Available Sport Package

Your Passat will look even sleeker when you add premium features like 18" Bristol alloy wheels, sport seats, Carbon interior trim and a rear spoiler.

Power sunroof*

Invite the sun for a drive with the touch of a button.

More Features

Available RNS 510 navigation system

When a car's this much fun to drive, you may not mind getting lost. But with touch-screen navigation you'll always find your way.

Standard Climatronic® dual-zone electronic climate control

Fine-tune the climate to within 1 degree of your set temperature for the entire car. Now that's what we call taming the elements.

17" alloy wheels*

Why not see what your Passat would look like with 17" alloy wheels and all-season tires to match? Careful, though – you might not be able to look away.

*Feature is available on higher trimlines only.

DSG – A definite shift for the better. DSG stands for Direct Shift Gearbox. In essence, it gives you the convenience of an automatic with the performance and efficiency of a manual. Here's how it works. DSG is managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption. In fact, thanks to DSG, each shift takes less than 4/100ths of a second. And if you're the manual type, a quick flip of the Tiptronic® function lets you shift into something a little sportier.

TDI Clean Diesel – Simply put, it's a new way of driving diesel. We're very proud of our diesel technology, which reduces emissions to extremely low levels and gives you outstanding fuel economy as well as exhilarating torque. TDI isn't just diesel, it's Clean Diesel.

CC

It's a Volkswagen. No, seriously.

That's what we tell people when they point to the CC and ask, "what is it?" or "is that a (insert name of expensive luxury car here)?" And we get those questions all the time. Although it's not that surprising – it does have sleek lines on the outside, premium materials on the inside, and it's loaded with the latest technology. It also comes with a fuel-efficient 2.0 TSI 200 hp turbocharged engine, or an available 3.6 FSI 280 hp V6 engine with 4MOTION® all-wheel drive system.

Key Features

Features

Available panorama vent sunroof

The panoramic, power-tilting sunroof gives a whole new meaning to the term "open road".

Available R-Line

If you're wondering why it's so hard to tear your eyes away, it might be the combination of aesthetics and luxury of the R-Line Package.

Premium 8 touch screen radio

So much fun right at your fingertips – literally. This touch-screen unit, with 6-disc CD changer, gives you all the music you could possibly want, in one sleek, powerful package.

2.0 TSI engine with 200 horsepower and 3.6 FSI engine with 280 horsepower

Powerful and efficient, these engines offer something special for every driver.

12-way power adjustable driver seat with power lumbar support and memory function

Like everything else on the CC, we took comfort a step further. More ways to adjust your sport seat means more ways to perfectly tailor it to where you feel most comfortable.

17" alloy wheels

Cast your eyes on the 17" alloy wheels. Careful, though – you might not be able to look away.

More Features

Bi-Xenon headlights with Adaptive Front-light System (AFS)*

Turn heads as well as headlights. Not only brighter than regular bulbs, the Bi-Xenon lights with Adaptive Front-light System turn up to 13 degrees around corners before you do.

Bluetooth® mobile phone connectivity with voice activation

Say hello to hands-free freedom. Bluetooth® with voice command gives you seamless phonebook access, music streaming and, of course, voice calling.

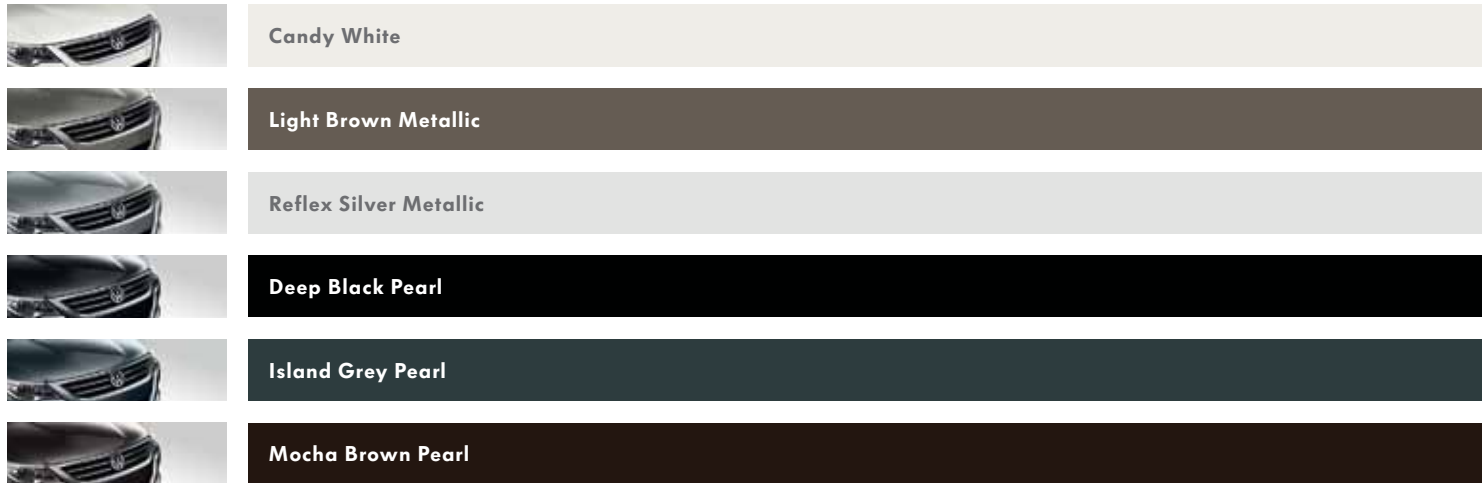

Sport seats

To keep you and your passengers comfortable and squarely in place while driving, side-bolstered sport seats support the contours of every passenger's body.

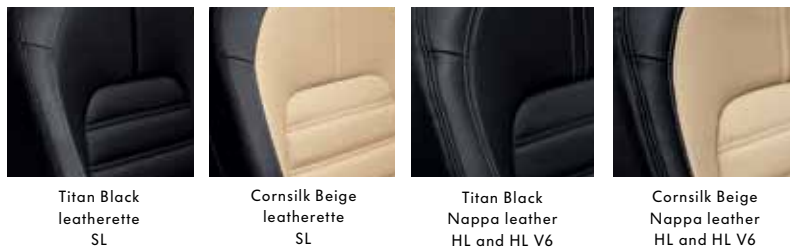

*Feature is available on higher trimlines only.

 2.0 TSI 200 hp, 6-speed automatic DSG with Tiptronic®

Sportline includes:
 12-way power adjustable driver seat with power lumbar support
 17" Spa alloy wheels with anti-theft locks and all-season tires
 Analog clock
 Auto-dimming interior mirror
 Automatic headlights with "coming home" and "leaving home" functions
 Auxiliary input
 Bluetooth® mobile phone connectivity with voice activation
 Chrome exterior trim (front grille, window surrounds and body moldings)
 Cruise control
 Digital compass
 Diversity antenna
 Driver and front passenger front and side airbags and front and rear Side Curtain Protection®
 Electronic parking brake
 Electronic Stability Control (ESC)
 Front fog lights
 Halogen projector lens headlights
 Heatable front seats and washer nozzles
 Leather-wrapped multifunction steering wheel and shift knob
 Manual climate control
 Media Device Interface (MDI) with iPod® connectivity
 Multifunction trip computer and indicator
 Power heatable and adjustable exterior mirrors
 Premium 8 radio – touch screen with 6-disc CD changer and 8 speakers
 Press-start ignition
 Rain sensor with automatic wiper speed control
 SIRIUS® Satellite Radio integrated
 Sport suspension
 Tire Pressure Monitoring System (TPMS)

Optional Equipment:
 Panorama vent sunroof
 Technology Package (requires panorama vent sunroof)*

- Dynaudio® premium audio system – 600-watt digital sound package (10 speakers)
- Rearview camera
- RNS 510 navigation system – touch screen with 30 GB hard drive

Highline

Engines:
 2.0 TSI 200 hp, 6-speed manual transmission
 2.0 TSI 200 hp, 6-speed automatic DSG with Tiptronic®

Highline includes Sportline plus:
 12-way power front seats with power lumbar support
 18" Daytona alloy wheels with anti-theft locks and all-season tires
 Bi-Xenon headlights with Adaptive Front-light System (AFS)
 Brushed aluminum interior trim
 Climatronic® dual-zone electronic climate control
 HomeLink® garage door opener
 Leather seating surfaces
 Memory for driver seat and exterior mirrors
 Paddle shifters (available with automatic transmission)
 Panorama vent sunroof
 Top sport seats

Optional Equipment:
 Technology Package**

- Dynaudio® premium audio system – 600-watt digital sound package (10 speakers)
- Rearview camera
- RNS 510 navigation system – touch screen with 30 GB hard drive

R-Line

- 18" Mallory alloy wheels with anti-theft locks and all-season tires
- Darkened tail lights
- R-Line aluminum door sills
- R-Line exterior badging
- R-Line exterior design package (front bumper and side skirts)
- R-Line sport steering wheel (available paddle shifters)

Highline V6

Engines:
 3.6 FSI 280 hp, 6-speed automatic transmission with Tiptronic® 4MOTION® all-wheel drive

Highline V6 includes Highline plus:
 18" Interlagos alloy wheels with anti-theft locks and all-season tires
 Power rear sunshade

Optional Equipment:
 Technology Package**

- Dynaudio® premium audio system – 600-watt digital sound package (10 speakers)
- Rearview camera
- RNS 510 navigation system – touch screen with 30 GB hard drive

R-Line

- 18" Mallory alloy wheels with anti-theft locks and all-season tires
- Darkened tail lights
- R-Line aluminum door sills
- R-Line exterior badging
- R-Line exterior design package (front bumper and side skirts)
- R-Line sport steering wheel (available paddle shifters)

**Technology Package from July onwards will offer Park Distance Control (PDC) replacing rearview camera.

Think Blue. It's how we put more thought into what and how you drive.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
CC Manual	2.0 TSI	10.1	6.6
CC Automatic DSG	2.0 TSI	9.6	6.6
CC Automatic	3.6 FSI	12.7	8.3

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption may vary.

DSG – A definite shift for the better. DSG stands for Direct Shift Gearbox. In essence, it gives you the convenience of an automatic with the performance and efficiency of a manual. Here's how it works. DSG is managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption. In fact, thanks to DSG, each shift takes less than 4/100ths of a second. And if you're the manual type, a quick flip of the Tiptronic® function lets you shift into something a little sportier.

TSI – TSI brings together the power of direct fuel injection with the extra oomph of a turbocharger. The end result? An ultra-efficient engine that provides maximum torque from 1,700 to 5,000 rpm, gives you outstanding performance through a wide range of speeds, power when you need it, ultra-low fuel consumption and, ultimately, lower CO₂ emissions.

Tiguan

Responsibly wild.

You can have your road and drive it too, with the best-of-both-worlds 2012 Tiguan. Sleek yet bold, sizable but also compact – its versatility shines with rear seats that not only recline and fold down but also slide forward or back for more rear cargo room or rear passenger leg room. Standard safety features like front passenger front and side airbags along with front and rear Side Curtain Protection® are there for your peace of mind. The Tiguan's available 4MOTION® all-wheel-drive off-road capability, on the other hand, is there for whatever comes to mind.

Key Features

Features

Available Technology Package with RNS 510 navigation, rear Park Distance Control and Dynaudio® sound system

The path to your destination, or your parking spot, will be just as clear as the music piping out of the speakers with the available Technology Package in your 2012 Tiguan.

Available Bi-Xenon headlights with AFS and LED Daytime Running Lights

In every way, our lights go farther. Not only brighter than regular bulbs, the Bi-Xenon lights with Adaptive Front-light System turn up to 13 degrees around corners before you do. On top of that, the LED Daytime Running Lights last significantly longer than traditional headlights.

Available 19" alloy wheels on Highline Sport Package

Cast your eyes on these 19" alloy wheels. Careful, though – you might not be able to look away.

Panoramic power sunroof*

The panoramic, power-sliding sunroof gives a whole new meaning to the term "open road".

2.0 TSI engine with impressive 200 horsepower and 207 lb-ft of torque

This award-winning turbocharged engine has 200 horsepower and 207 lb-ft of torque. In plain English, it's fast. And powerful.

60/40 split-folding and sliding rear seats for maximum versatility

Need some space? Maximize your rear cargo room or rear passenger leg room with rear seats that fold, recline, and slide back and forth.

More Features

Fold-flat front passenger seat for transport of long items

If you're looking to take something long for a haul, the Tiguan's front passenger seat folds down to accommodate items up to 2.5 metres long.

6-speed manual or automatic transmission with Tiptronic®

Whether you opt for manual or decide to go for automatic transmission with Tiptronic®, the Tiguan's driving dynamics will not disappoint.

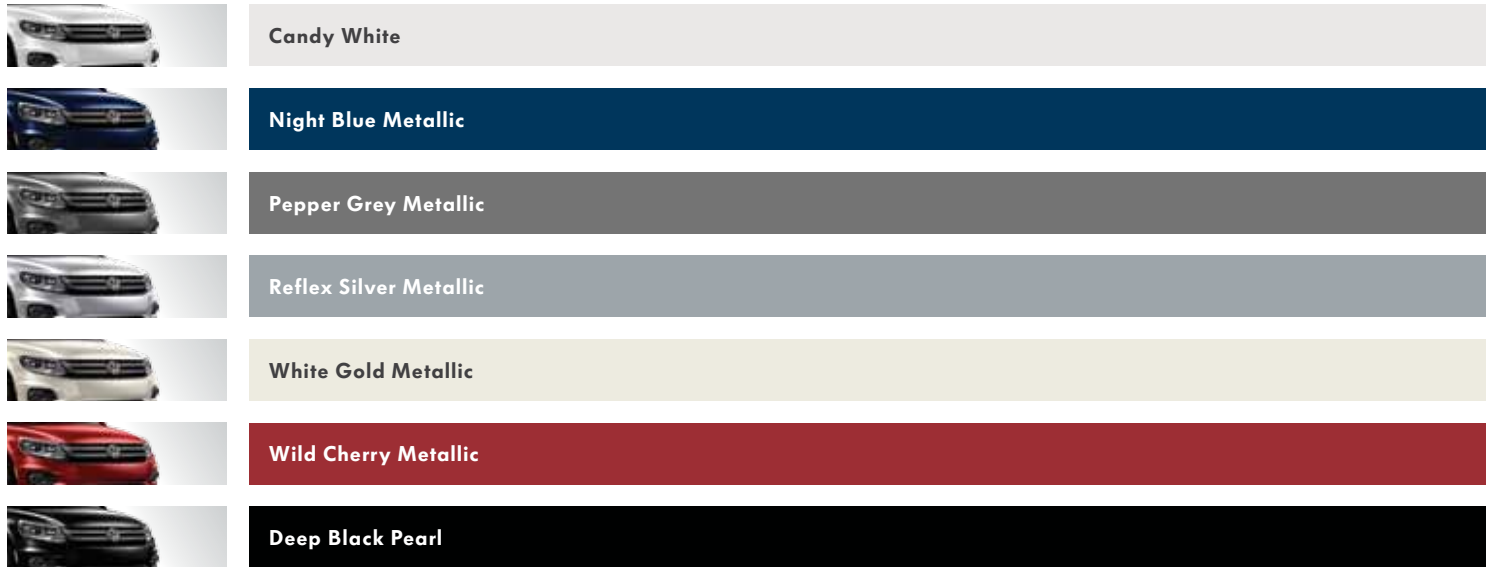

Available 4MOTION® all-wheel drive system

With 4MOTION®, the 2012 Tiguan can navigate almost any terrain with ease by instantly reacting to changes in wheel slippage and adjusting power to each individual wheel accordingly.

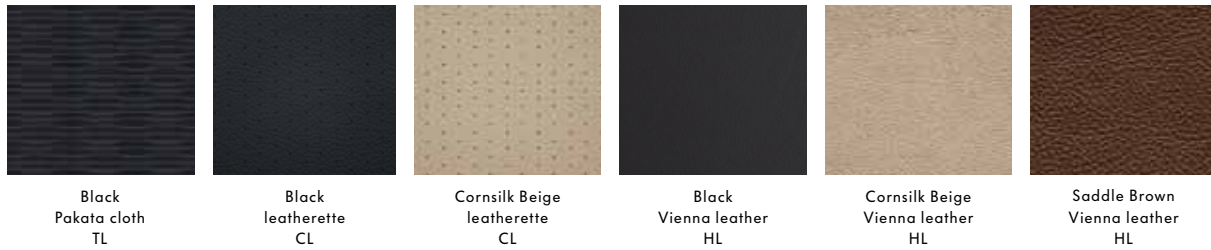

*Feature is available on higher trimlines only.

Touareg

Riding high.

Sure, size is important when it comes to SUVs, but it's definitely not the only way that the Touareg measures up. In fact, the Touareg is equal parts brawn and brains. On the one hand, it's more than capable of tackling a rugged, 31-degree incline. On the other hand, it comes standard with heatable, electrically adjustable 8-way front seats and a voice-activated Bluetooth® system that can instantly download your songs and address book to a 60 GB hard drive. It has a touch-screen navigation system with 3-D landmarks and an available automatic tailgate that opens and closes at the touch of a button. It even boasts a legion of innovations and weight-reduction technologies that substantially reduce fuel consumption and CO₂ emissions. All of which is to say that the Touareg is a redefinition of everything an SUV can and should be.

Key Features

Features

Available Bi-Xenon headlights with AFS and LED Daytime Running Lights

In every way, our lights go farther. Not only brighter than regular bulbs, the Bi-Xenon lights with Adaptive Front-light System turn up to 13 degrees around corners before you do. On top of that, the LED Daytime Running Lights last significantly longer than traditional headlights.

KESSEY keyless access with start and stop button*

Whether you're in a hurry or simply have your hands full, KESSEY keyless access allows you to unlock the doors without having to reach for your key.

Available panoramic power sunroof

The panoramic, power-sliding sunroof gives a whole new meaning to the term "open road".

Power rear seat backrest release*

Lower your rear seats with the simple push of a button from the rear cargo area.

Available power tailgate with remote open and close function

With its remote open and close function, getting into the Touareg's spacious trunk couldn't be any easier.

Standard RNS 850 navigation with voice control and 3-D map display

Find your way with the touch of a finger or the sound of a command on an 8-inch high-resolution touch screen.

More Features

3,500 kg towing capacity

With a 3,500 kg towing capacity, the 2012 Touareg can haul all your toys, no matter how big they may be.

Heatable rear seats and steering wheel for warm comfort*

Leave the ice age behind. Frozen fingertips and shivering seats are a thing of the past with heated comfort.

Two engine configurations with fuel-efficient 8-speed automatic transmission with Tiptronic®

Take the 3.6 FSI 280-horsepower engine. Or take the more-than-1250-km-per-tank TDI Clean Diesel engine.** Either way, you win with fuel-efficient 8-speed automatic transmission with Tiptronic®.

*Feature is available on higher trimlines only.

**Estimated fuel consumption rating determined using Natural Resources Canada's approved criteria and methods of 6.8 L/100 km (highway) for the 2012 Touareg TDI Clean Diesel equipped with automatic transmission and an 85 L fuel tank capacity. City rating is 11.2 L/100 km. Your fuel consumption may vary.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
Touareg Automatic	3.6 FSI	12.3	8.8
Touareg Automatic	3.0 TDI	11.2	6.8

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption may vary.

FSI – The innovative direct fuel injection system stands out for its power and outstanding fuel efficiency. How does it work? Unlike in conventional gas engines, fuel is injected straight into the combustion chamber. Due to Volkswagen's specially designed combustion chamber geometry, which mixes air and fuel within a few thousandths of a second, there's an extremely quick response from the accelerator pedal. Consequently, FSI engines offer great fuel economy and enhanced driving pleasure.

TDI Clean Diesel – Simply put, it's the new way of driving diesel. We're very proud of our diesel technology, which reduces emissions to extremely low levels and gives you outstanding fuel economy as well as exhilarating torque. TDI isn't just diesel, it's Clean Diesel.

Routan

A new family favourite.

We all know that a family vehicle needs to be functional. The Routan is most definitely functional. The 3.6L, 283-horsepower V6 engine helps. Same goes for the European-tuned suspension, immaculately designed and finished interior, head-turning good looks and entertaining features like second-row and available third-row 9-inch video screens, wireless headphones and remote control. Whether you're behind its wheel or in its sliding second-row captain's chairs, the Routan makes it easy for everyone to enjoy every single trip you take.

Key Features

Features

3-zone climate control

Every passenger can keep their cool – or their heat – with three individually controlled climate zones.

Available Rear Seat Entertainment (RSE)

Available Rear Seat Entertainment, with 9-inch screen, wireless headsets and remote control, will captivate even the most unruly passengers.

17" alloy wheels*

Cast your eyes on the 17" alloy wheels with all-season tires. Careful, though – you might not be able to look away.

Sliding second-row captain's chairs

Your second-row seats move effortlessly when you need more leg room or more storage space.

Keyless entry with start and stop button*

Unbelievably convenient – start your car without ever having to take your key out of your pocket.

3.6L 283-horsepower engine with 6-speed automatic transmission

The Routan's 3.6L engine has 283 horsepower and 260 lb-ft of torque.

More Features

European-tuned suspension

When you're behind the wheel of the Routan, its European-tuned suspension may just cause you to forget you're driving a minivan.

Tailgating function**

As much fun as the journey may be, the Routan is also designed to help you enjoy the destination. The third-row seats conveniently turn to face the back so tailgating, camping or just hanging out is that much more comfortable.

Rearview camera*

A tiny camera on the back of the Routan helps you see things that are hidden behind you. Like, for instance, someone who can't stop staring at your Routan.

*Feature is available on higher trimlines only.

**Seats must face forward while vehicle is in motion.
