

Golf Wagon

2012

Das Auto.

The stretch Golf.

Shouldn't the family chauffeur also get to enjoy the ride? Sure, your Very Important Passengers will enjoy the 2012 Golf Wagon's many comforts. But so too should the driver. Take the available Climatronic® dual-zone electronic climate control, for example. Both you and your front-seat friend can adjust temperature controls to within a degree of your preference. Same goes for the heatable front seats. Then again, your companions might be envious that you get the greatest pleasure of all: getting to drive.

Room to manoeuvre.

It's a big world out there. You're going to need a lot of room to fit it all in. The 2012 Golf Wagon is the perfect vehicle to get you from A to Z – with extra space left over for some numbers and symbols. But if you do really want to see it all, three letters are paramount: T, D, I. The legendary efficiency and performance of the available TDI Clean Diesel engine combined with the drivability of the Golf Wagon are guaranteed to turn road trips into road voyages. Just remember to write.

Key Features

Features

Premium 8 touch-screen radio*

So much fun right at your fingertips – literally. This touch-screen unit, with 6-disc CD changer, gives you all the music you could possibly want, in one sleek, powerful package.

Available TDI Clean Diesel engine

Volkswagen's TDI Clean Diesel engine offers the perfect combination of efficiency and performance. Partner that with the versatility of the Golf Wagon and you're off to the races.

Available heated front seats and washer nozzles

Enjoy the comfort of heated seats on a chilly day, and clean your windshield no matter what it's like outside.

Media Device Interface (MDI) with iPod® connectivity*

Take all of your tunes with you. Just plug in the MDI with iPod® adapter to easily access all of your music via the in-dash touch screen.

60/40 split-folding rear seats with centre armrest and pass-through

Fit even larger items in an already large 1.89 cubic metres of cargo space with easy access either through or on top of the folded rear seats.

Climatronic® dual-zone electronic climate control*

Create a climate that's perfectly tailored to your needs, whether you're the driver or the passenger. Now that's what we call taming the elements.

More Features

Available RNS 315 navigation system

This rarely-seen-in-this-class feature will get you wherever you're going and back home again, without a single "I think it's a left?"

Panoramic power sunroof*

Whether it's wide open or securely shut, the lengthy panoramic, power-sliding sunroof gives every passenger their share of the sun.

Bluetooth® mobile phone connectivity with voice activation*

Say hello to hands-free freedom. Bluetooth® with voice command gives you seamless phonebook access, music streaming and, of course, voice calling.

*Feature is available on higher trimlines only.

Think Blue. It's how we put more thought into what and how you drive.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
5-Speed Manual	2.5L	9.9	6.2
6-Speed Automatic	2.5L	9.1	6.5
6-Speed Manual	2.0 TDI	6.7	4.6
6-Speed DSG Automatic	2.0 TDI	7.0	4.9

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption may vary.

TDI Clean Diesel – Simply put, it's the new way of driving diesel. We're very proud of our diesel technology, which reduces emissions to extremely low levels and gives you outstanding fuel economy as well as exhilarating torque. TDI isn't just diesel, it's Clean Diesel.

DSG – A definite shift for the better. DSG stands for Direct Shift Gearbox. In essence, it gives you the convenience of an automatic with the performance and efficiency of a manual. Here's how it works. DSG is managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption. In fact, thanks to DSG, each shift takes less than 4/100ths of a second. And if you're the manual type, a quick flip of the Tiptronic® function lets you shift into something a little sportier.

A warm engine – a cool way to save. Your engine uses the most fuel when cold. So, if you're always driving short distances, you're not optimizing usage. If possible, try combining shorter trips. You'll consume less fuel and save more money. Just one way that we can all Think Blue.

Think Blue.
