

Tiguan

2012

Das Auto.

Responsibly wild.

You can have your road and drive it too, with the best-of-both-worlds 2012 Tiguan. Sleek yet bold, sizable but also compact – its versatility shines with rear seats that not only recline and fold down but also slide forward or back for more rear cargo room or rear passenger leg room. Standard safety features like front passenger front and side airbags along with front and rear Side Curtain Protection® are there for your peace of mind. The Tiguan's available 4MOTION® all-wheel-drive off-road capability, on the other hand, is there for whatever comes to mind.

No-nonsense. Okay, maybe a little.

We took building the 2012 Tiguan very seriously. You can see that in its fluid yet rigid structure, the result of energy-absorbing deformation zones and various protective systems. But just because we took it seriously doesn't mean you can't take it for a wild spin. Why else would we load it up with a 2.0 TSI turbocharged direct-injection 200-horsepower engine? It's the same engine that adds adrenaline to the Golf GTI. When you combine that kind of performance with the dynamic handling and reduced vibration provided by the Tiguan's compact architecture, you're in for some serious amusement.

Key Features

Features

Available Technology Package with RNS 510 navigation, rear Park Distance Control and Dynaudio® sound system

The path to your destination, or your parking spot, will be just as clear as the music piping out of the speakers with the available Technology Package in your 2012 Tiguan.

Available Bi-Xenon headlights with AFS and LED Daytime Running Lights

In every way, our lights go farther. Not only brighter than regular bulbs, the Bi-Xenon lights with Adaptive Front-light System turn up to 13 degrees around corners before you do. On top of that, the LED Daytime Running Lights last significantly longer than traditional headlights.

Available 19" alloy wheels on Highline Sport Package

Cast your eyes on these 19" alloy wheels. Careful, though – you might not be able to look away.

Panoramic power sunroof*

The panoramic, power-sliding sunroof gives a whole new meaning to the term "open road".

2.0 TSI engine with impressive 200 horsepower and 207 lb-ft of torque

This award-winning turbocharged engine has 200 horsepower and 207 lb-ft of torque. In plain English, it's fast. And powerful.

60/40 split-folding and sliding rear seats for maximum versatility

Need some space? Maximize your rear cargo room or rear passenger leg room with rear seats that fold, recline, and slide back and forth.

More Features

Fold-flat front passenger seat for transport of long items

If you're looking to take something long for a haul, the Tiguan's front passenger seat folds down to accommodate items up to 2.5 metres long.

6-speed manual or automatic transmission with Tiptronic®

Whether you opt for manual or decide to go for automatic transmission with Tiptronic®, the Tiguan's driving dynamics will not disappoint.

Available 4MOTION® all-wheel drive system

With 4MOTION®, the 2012 Tiguan can navigate almost any terrain with ease by instantly reacting to changes in wheel slippage and adjusting power to each individual wheel accordingly.

 Sport Package
 – 19" Savannah alloy wheels with anti-theft locks and all-season tires
 – Bi-Xenon headlights with LED technology and Adaptive Front-light System (AFS)
 – Flared wheel arches
 – Sport suspension

Think Blue. It's how we put more thought into what and how you drive.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
Tiguan Manual	2.0 TSI	12.0	7.7
Tiguan Automatic	2.0 TSI	9.7	7.6
Tiguan Automatic	2.0 TSI 4MOTION®	9.8	7.4

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption may vary.

TSI – TSI brings together the power of FSI® direct fuel injection with the extra oomph of a turbocharger. The end result? An ultra-efficient engine that provides maximum torque from 1,700 to 5,000 rpm, gives you outstanding performance through a wide range of speeds, power when you really need it, ultra-low fuel consumption and, ultimately, lower CO₂ emissions.

Comfort high, fuel consumption low. Air conditioning and other auxiliaries add comfort, but rapidly consume fuel. So when the weather is nice, open your windows for some fresh air and let the heat escape. In the winter, turn off your seat heaters once warm and your defrosters once clear. Just a few ways that we can all Think Blue.

Think Blue.
