

open your mind.

>> The new-look smart fortwo.

pure, passion, and BRABUS coupé and cabriolet.

**>> As unmistakable as ever
and now even more expressive.**

With thousands of ideas compressed into 2.69 metres and millions of fans all over the world, the smart fortwo has redefined urban mobility. Today it is a familiar sight on the roads of cities around the world. Now the great smart fortwo concept has been made even better with a dynamic new design giving it an even more expressive look – from every perspective.

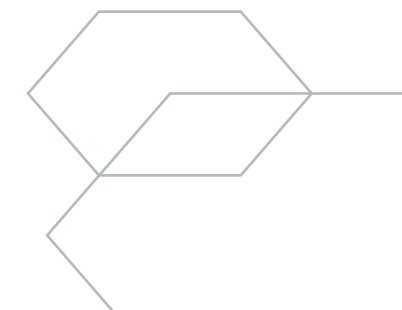

>> Think big, drive small.

The new-look smart fortwo is sportier than ever. Its extra-wide air inlets and special honeycomb structure lend striking contours to the new smart face. The smart logo now takes a place of pride in the new radiator grille - silver on passion/BRABUS, black on pure. Bodypanels in the new colour, anthracite matte, take the spotlight with the confidence of a car that was made for the city.

>> A whole new character.

A car like no other. The enhanced dynamic styling gives the smart a more powerful road stance. This self-assured look is further enhanced by its striking new side skirts, silver rear trim strip, and new rear heat shield with a honeycomb structure. All of which leaves other drivers wanting more.

>> Urban elegance at its best.

The new look smart fortwo passion is now more stylish than ever. Just the thing for taking the city by storm. Featuring silver accents on the radiator grille, exterior mirrors, and rear trim strip to ramp up the style. What's more, the new standard 12-spoke alloy wheels*, LED daytime running lights, and 6 sets of optional alloy wheels never fail to catch the eye. Experience a new passion for expressive design that sets new standards!

*European wheels shown.

>> The interior: looks big, feels huge.

Surprisingly spacious. Disarmingly inviting. The new, optional interior material package in crystal grey transforms the entire interior into a feel-good zone. The seats and door trim boast a high-quality colour and material composition in a mix of crystal grey leather and fabric. The kneepad comes in leather-effect crystal grey and the instrument panel in leather-effect black. A highlight that takes this class over the top is the contrasting double stitching on all elements.*

The precise, light-coloured stitching forms a subtle contrast to the seat covers.

* Only available on passion.

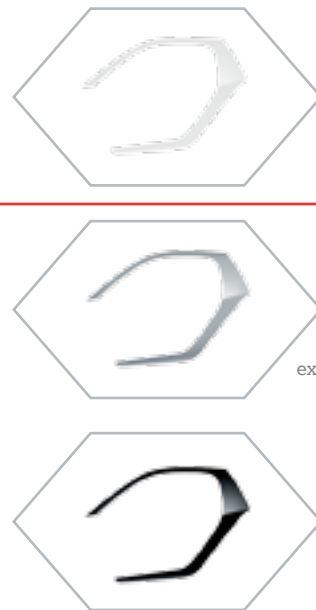

>> A car designed for connoisseurs. Just like you.

With a wide range of colours to choose from, you can make your smart fortwo every bit as individual as you are. The bodypanels are available in seven different colours. The typical smart bicolour look is created by the contrasting paintwork of the tridion safety cell. Here, you have a choice of three colours. A total of nine soft top colours are available for the smart fortwo cabriolet – three for the passion cabriolet and a further six from the smart BRABUS tailor made program available on the BRABUS cabriolet. With the smart fortwo, you really are what you drive.

The bodypanels: in crystal white, deep black, or rally red –anthracite matte (new), grey metallic, silver metallic, or light blue metallic are also available as options.¹

¹Available on passion coupé and cabriolet or as part of pure style package.

The tridion safety cell: available in white, silver, or black. With matching exterior mirror caps.

Soft top colours from smart: tritop soft top available in black or red, or optionally in blue (denim-look).

Soft top colours from the BRABUS tailor made program: for those who are looking for that extra something, the tritop fabric soft top is now also available in grey, green, blue, java, beige, or brown.²

²Only available on BRABUS cabriolet.

>> A sporty look for sporty customers.

See and be seen – with the elegant LED (high)lights that come standard on the passion. Plus BRABUS “Monoblock VII” alloy wheels are now available in a wide range of colours with gleaming black, matte grey, and silver. Regardless of which of the three colours you opt for, the “Monoblock VII” alloy wheels will raise your sporty profile another notch.

>1, >2, >3 BRABUS “Monoblock VII” alloy wheel in gleaming black, matte grey, or silver: 15", Front 155/60 R 15 and Rear 175/55 R 15.

>4 3-spoke alloy wheel: 15" wide tires with Front 175/55 R 15 and Rear 195/50 R 15.

>5 LED daytime driving lights: a sporty and elegant (high)light. Standard on passion, optional on pure.

BRABUS

>> For those who want even more.

The smart fortwo BRABUS is perfect for people who want even more from their cars. The combination of enhanced driving dynamics and unique vehicle customization gives rise to a new, exclusive kind of sportiness. A sportiness that can now be tailored precisely to your personal taste.

BRABUS

>> Only the colour is innocent.

smart's top model – the smart fortwo BRABUS – is now also available with a white tridion safety cell and bodypanels in crystal white. Exclusivity in its purest form. The vehicle's independent character is conveyed not only by its front and rear design, but also by a new light concept that highlights the striking design of the LED daytime running lights (a standard feature).

BRABUS

> 1 BRABUS sports exhaust system: the chrome-plated and sporty chamfered tailpipes look great and sound even better.

> 2 BRABUS "Monoblock VII" alloy wheel in silver: (15" Front, 17" Rear) with Front 175/50 R 15 and Rear 215/35 R 17 all season tires.

>> Raising your profile.

The new BRABUS rear diffuser in matte grey turns the twin tailpipes of the BRABUS sports exhaust system into a dynamic eye-catcher. The BRABUS does more than just raise your profile though. Its amazing performance will also raise your heart rate.

*European model shown.

>> The perfect match?
