

2015 Beetle

There's a new Beetle in town.

There's no sense in pretending otherwise; the Beetle is made for fun-loving drivers. Every available feature, like the sporty rear spoiler, the ambient interior lighting and the 400-watt Fender® Premium Audio System, tells you the 2015 Beetle takes "fun" very seriously. Even the optional 210 horsepower, 2.0 TSI turbocharged engine is engineered to get maximum joy out of every kilometre. Why settle for anything less?

[†]Earlier production year models feature Candy White. ^{**}This feature exterior colour is available at extra cost.

Key Features

Available Fender® Premium Audio System*

A 400-watt masterpiece created specifically for Volkswagen by one of the most legendary names in music.

Available ambient lighting feature*

With three distinctive lighting colours to choose from, all you have to do is step inside and set the mood.

Available RNS 315 touch screen navigation system*

When a car's this much fun to drive, you may not mind getting lost. But with touch screen navigation you'll always find your way.

Available Blind Spot Detection*

Blind Spot Detection uses radar sensors to detect when an object enters the blind spot on either the driver or passenger side of the vehicle.

Available panoramic power sunroof*

The panoramic, power-sliding sunroof gives a whole new meaning to the term "open road."

Available rear spoiler*

Nothing says performance quite like a rear spoiler. On the back of the 2015 Beetle, it's practically screaming it.

*Feature is available on higher trims only and/or as an option. See the Specifications page for details.
