

2015 Tiguan Special Edition

Raise your expectations.
Not your budget.

In the 2015 Tiguan Special Edition, power and control come standard. A 200 horsepower, 2.0 TSI engine helps you own the road, while 4MOTION® all-wheel drive technology helps keep you on it. And should you lose track of which road you're on, its available RNS 510 navigation system is always there to guide you back. The height of German engineering in the body of an SUV.
