

>> The new 2016 smart  
**fortwo**

The urban original.

The revolution for city traffic has reinvented itself once again: experience a car that has been developed for urban mobility like no other. It makes getting around the city every day easier and more pleasant.

## >> Highlights.

**The new smart fortwo:** The completely redesigned smart fortwo has grown in every respect, but it's still the ultra compact car that's perfect for the city. From more cargo space to an improved turning radius, we've packed a lot into a little.

**FOR tighter turns:** With its 2.69 m length the new 2016 smart fortwo has the best-in-class turning radius of just 6.95 m – making it easy to get in and out of traffic and a breeze to park.

**FOR fitting more fun:** It might look small on the outside but it's surprisingly spacious on the inside. With a 350 L cargo volume you have more than enough space to take whatever you need for fun in the city.

**FOR safer streets:** The 2016 smart fortwo is packed with new safety features. With its reinforced tridion safety cell, standard Crosswind Assist, 8 airbags and optional Forward Collision Warning, the new smart fortwo protects you from every angle.

**FOR a colourful city:** With 30 new and exciting colour combinations you can really stand out from the pack. Personalize your smart fortwo with ten optional bodypanel colours and three tridion safety cell and radiator grille colours.

**pure**  
Starting from \$17,300 CAD

**passion**  
Starting from \$18,800 CAD

**prime**  
Starting from \$20,900 CAD
