

# 2016 Beetle Convertible

Unforgettable icon.

Your car should be as open to new experiences as you are, and the 2016 Beetle Convertible is just that. With a host of innovative features, exhilarating performance attributes, and a convertible top, this is the car that's got you covered – or uncovered, if you prefer – for your next big adventure. With next-generation technology like available App-Connect, you'll also have access to the best apps on your smartphone, like maps, messages, and music. You'll never be lost, out of touch, or out of tunes again. So drop the roof, feel the wind in your hair, and enjoy the thrill of the 170 HP turbocharged engine on the road to wherever your heart desires.

## Key Features

### Ambient lighting feature

With three distinctive lighting colours to choose from, all you have to do is step inside and set the mood.

### Available App-Connect\*†

Think smart, with App-Connect, using either Android Auto™ from Google®, CarPlay™ from Apple®, or MirrorLink™. Its intuitive interface and powerful voice command actions let you easily search online for songs, directions or even your favourite restaurant, so you'll keep your eyes on the road, and not on your screen.

### Standard power-folding convertible roof

Let the sun in. The Beetle Convertible can drop its fully automatic top in just over 10 seconds, at speeds of up to 50 km/h.

### Available Discover Media infotainment system\*†

The new Discover Media infotainment system combines next-generation navigation features with in-car media entertainment and App-Connect functionality, all controlled from an easy-to-use 6.33" touchscreen colour display.

### Standard rearview camera††

Parking has never been easier with the rearview camera. It's literally like having eyes in the back of your head.

### Rear spoiler

Nothing says performance quite like a rear spoiler. On the back of the Beetle Convertible, it's practically screaming it.

\*Feature is available on higher trims only and/or as an option. See the Features page for details.

†Do not drive distracted. ††Driver assistance feature. Drivers must continue to perform manual checks before proceeding.
