

2016 CC

Das Auto.

Unforgettable elegance.

Elegance requires simplicity and refinement. But it takes more than that to produce the distinguished elegance found in the new CC. With executive luxury woven throughout, and meticulous attention paid to every last detail, it goes without saying that the 2016 CC isn't just elegant. It's unforgettable.

Quality

It might wear an alluring coat of sophistication and elegance, but at the heart of the 2016 CC is the durable quality that only comes from the finest German engineering.

Design

Timeless sophistication and rigorous attention to detail. Put those together and you've got a car that looks as good as it drives. That's no small feat.

Interior

The 2016 CC is luxurious and comfortable, and that probably doesn't surprise you. But what will surprise you is that features like ambient lighting and available leather seating make it just as easy on your eyes, as it is on your back.

Quality never goes out of style.

You'll find quality engineering everywhere you look, from the chassis to the cup holders and everything in between. In fact, it's so well put together, you'll feel the quality just by looking at it.

It's not rocket science. But it's pretty close.

A car for the modern day, night or afternoon. With an array of technological amenities like a 6.33" infotainment system and intuitive App-Connect, the 2016 CC is everything a modern-day car should be, and a little more.

App-Connect (Android Auto™, Apple CarPlay™, MirrorLink™)*

Connect to the things that matter most. The intuitive interface and voice command actions let you easily search online for songs, directions or even your favourite restaurant. So you'll keep your eyes on the road, and not on your screen.

Discover Media*

The new Discover Media infotainment system combines next-generation navigation with in-car media entertainment and App-Connect functionality, all controlled from its easy-to-use 6.33" touchscreen colour display.

Available Dynaudio® premium sound system

If taking the sound of a home audio system with you is literally music to your ears, this is your opportunity to bring high-fidelity sound with you anywhere.

* Do not drive distracted.

Take command of commanding performance.

The greatest performances are the ones you can feel, and the 2016 CC is no exception. With sport suspension that hugs the road at every turn and performance-oriented engine options that deliver chills at every push of the pedal, you don't just experience performance in the CC; you become a part of it.

2.0 TSI® engine

Power at every turn. The 2.0 TSI® turbocharged engine with automatic transmission makes performance both standard and practical with 200 HP and an estimated fuel consumption rating of 7.7 L/100 km (highway).*

Sport suspension

A suspension kit that gives your car a lower profile while delivering higher stability, control and performance around corners. That's what we call the whole package.

| Fuel Consumption* | Engine | City L/100 km | Highway L/100km |
|-------------------|--------|---------------|-----------------|
|-------------------|--------|---------------|-----------------|

| | | | |
|-----------|----------|------|-----|
| Automatic | 2.0 TSI® | 10.7 | 7.7 |
|-----------|----------|------|-----|

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption will vary.

Available R-Line Package

Look the look and drive the drive. This sporty design package will have you feeling ready to take on any adventure, any time.

Frameless door design

With no frame wrapping around the window, these doors add a modern streamlined aesthetic.

Bi-Xenon headlights with Adaptive Front-light System

They're brighter. They last longer. They consume less energy. And they're smarter. In fact, the Bi-Xenon lights have an Adaptive Front-light System that turns up to 13 degrees around corners before you do. Smart indeed.

Best in high-class.

Simple and sleek lines accompanied by stylish features like the Bi-Xenon headlights and available R-Line Package make sure that when it comes to class, the 2016 CC is in a class all its own.

Details people rejoice.

The executive luxury of the 2016 CC is what you get when you embrace the minutiae. An ideal collection of features has been intelligently placed for comfort and convenience, while our German engineering ensures no detail has been overlooked.

Available Nappa leather seating surfaces

There's nothing like relaxing in a soft leather chair after a long day at the office. And now you don't have to wait until you get home to do it.

Interior ambient lighting

Energy-efficient LED lights make it easy to brighten your day (or night).

Leather-wrapped multifunction steering wheel

Never take your hands off the wheel again. And not just because it's wrapped in leather. The music, navigation and settings are all close at hand.

In-dash analog clock

A feel of elegant luxury reminiscent of a simpler time, when time was simple.

Climatronic® dual-zone electronic climate control

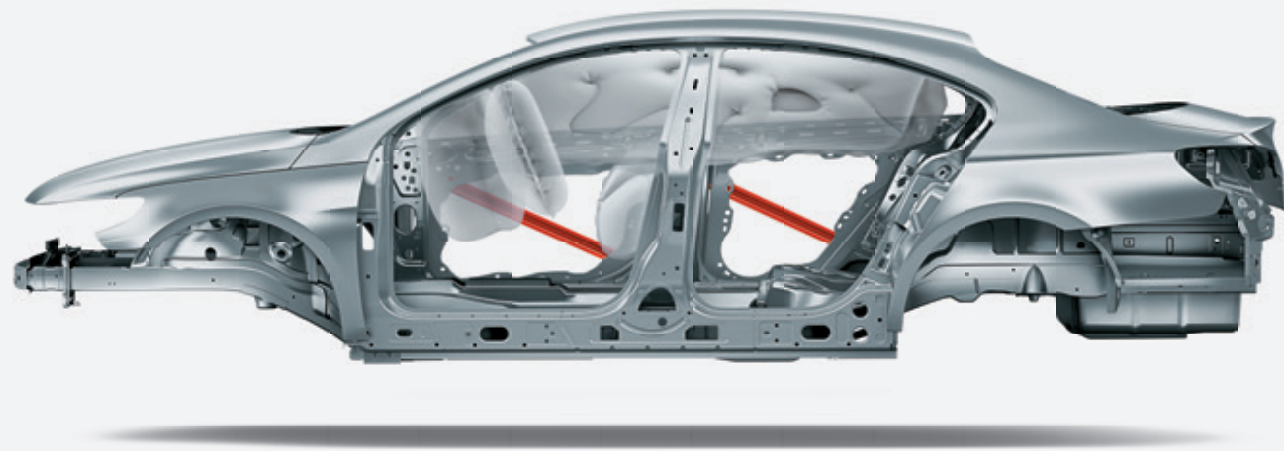

We've separated the driver and front passenger seats into two temperature zones. Each is adjustable in increments of 0.5 degrees, and you could enjoy more than a 10-degree difference between the two. Because comfortable passengers mean a comfortable driver.

KESSEY keyless access with push-start button

Start your car without ever taking your key out of your pocket. Perfect for cold days or pretending you have super powers.

Leave safe. Return sound.

We've all heard "get home safe" before, but now with the 2016 CC you can leave home safe. With advanced features like Electronic Stability Control and standard rearview camera, we've given you even more reasons to feel good about getting into a CC.

Dramatization.*

Safety cage

You can't see it, but if a collision becomes unavoidable you'll know it's there. Hidden pillars form a rigid safety cell around the cabin, helping to reduce risk of injury or death.

Intelligent Crash Response System (ICRS)**

Looking out for you when you need it most, this automatic safety system disables the fuel pump, turns on the hazard lights and unlocks all doors in the event of a collision.

Standard rearview camera*

See what lies on the road behind. With a camera installed behind the Volkswagen emblem on the back of the car, you'll be able to see what's behind you when you're reversing.

Available Side Assist*

The 2016 CC covers all angles. An available Side Assist monitoring system warns the driver of a potentially hazardous situation to the left, right and up to 50 m behind the vehicle. We've got your back. And your side.

Driver and passenger airbags

With front, torso and side curtain airbags for the front seats, and side curtain airbags for the back seats, no matter where you're sitting we've got you covered from multiple angles.

Electronic Stability Control (ESC)

Our technology helps keep your vehicle stable, so you can come to grips with low-grip conditions.

* Not all airbags will deploy, and if multiple airbags do deploy, they will be in various stages of inflating/deflating.
** ICRS will only engage if an airbag is deployed or a safety belt tensioner fires.

*Driver assistance feature. Drivers must continue to perform manual checks before proceeding and pay full attention to the road.

Standard Wheels

17" Kent alloy wheel

Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built or available at extra cost. Although we endeavour to ensure that the information is accurate, as errors may occur from time to time, customers should contact their local Volkswagen dealer for details. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. The navigation system depends upon signals from the GPS network and is designed to provide you with suggested routes only. Discrepancies may occur between the mapping and the actual location due to changes in street names, construction or other road system changes which are beyond the control of Volkswagen Canada. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Fuel consumption ratings are estimates based on Natural Resources Canada's (NRCAN) fuel consumption criteria and testing methods for 2016 model year vehicles and are provided for comparison purposes only. Please note that comparisons to seemingly similar vehicles pre-2015 model year will show discrepancies due to the difference in NRCAN approved calculation methods for 2014 model year and older vehicles. Please refer to NRCAN's Fuel Consumption Guide 2016 for estimated fuel consumption figures. Actual fuel consumption will vary based on driving conditions, driver habits and the vehicle's condition, weight carried and additional equipment.
