

2016 Golf R

Unforgettable rush.

Your fast-paced life calls for a fast-paced car, so we designed every 2016 Golf R to deliver the kind of excitement you long for. A standard 2.0 TSI® engine puts 292 HP at your beck and call. Combine that with the grip and handling of our 4MOTION® All-Wheel Drive, and you're only scratching the surface on what makes the Golf R a master class in performance. And it's not just a sporty drive – you also get a sporty look with its "R" design front grille, bumper, and side skirts. If the ride is as important as the destination, you're looking at the right hot hatch.

Exteriors & Interiors

Titan Black Vienna leather with black headliner

Pure White	✓
Tornado Red	✓
Lapiz Blue Metallic	✓
Reflex Silver Metallic	✓
Deep Black Pearl	✓
Oryx White Pearl*	✓

*This feature exterior colour is available at extra cost.

Key Features

App-Connect†

Think smart, with App-Connect, using either Android Auto™ from Google®, CarPlay™ from Apple®, or MirrorLink™. Its intuitive interface and powerful voice command actions let you easily search online for songs, directions or even your favourite restaurant, so you'll keep your eyes on the road, and not on your screen.

Leather top sport seats with "R" accents

Premium leather seats hug you as tight as the car hugs corners. And with unique "R" accents, there's no mistaking this very special edition.

Bi-Xenon headlights with Adaptive Front-light System (AFS) and LED Daytime Running Lights (DRL)

In every way, our lights go further. Not only brighter than regular bulbs, the Bi-Xenon lights with AFS turn up to 13 degrees around corners before you do. On top of that, the LED DRL last significantly longer than traditional headlights while consuming less energy.

Dynamic Chassis Control (DCC)

Handle any driving situation with the driving mode you want. Whether it's race, normal, or comfort, the suspension and steering responsiveness of the Golf R is yours to decide.

Available Adaptive Cruise Control*††

Adaptive Cruise Control is genius. It uses sensors to detect the distance to the vehicle ahead, and then automatically adjusts your speed to help keep you at a safe distance without ever needing to adjust the gas or brake pedals – even in stop-and-go traffic.

2.0 TSI®, 292 HP engine

The Golf R doesn't just drive, it performs. 292 HP awaits you.

†Feature is available as an option. See the Features page for details. ††Do not drive distracted. †††Driver assistance feature. Drivers must continue to perform manual checks before proceeding.

Engines:

- 2.0 TSI® 292 HP, 6-speed manual transmission with 4MOTION®

Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built or available at extra cost. Although we endeavour to ensure that the information is accurate, as errors may occur from time to time, customers should contact their local Volkswagen dealer for details. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with summer performance tires. Appropriate all-season or winter weather tires are required for driving during cold, snowy or icy weather conditions. Please remember that the use of winter tires may be mandatory in your province or territory. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. The navigation system depends upon signals from the GPS network and is designed to provide you with suggested routes only. Changes in street names, construction zones, traffic flow, points of interest or other road system changes are beyond the control of Volkswagen Canada. Discrepancies may occur between the mapping and the actual location. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route.
